

SOCIETY

Pleasant as the past week has been in social ways, many neglected its arrival and reluctantly saw it pass. It ended, for the season, the meetings of several of the most popular clubs. On Saturday the Woman's club adjourned until the fall when the always interesting question of a club house will be taken up with renewed enthusiasm and energy. At the present time plans for the summer occupy the greatest amount of attention from the greatest number of people, and vary from a trip to the Seattle exposition to a tent pitched by a stream in some attractive mountain spot. To make up for the usual summer exodus to the "stay at homes" a number of visitors will spend the summer in Missoula and many social functions are planned for their benefit.

Successful Dance.

One of the most pleasant affairs of the season was the dance Tuesday night at the Elite hall, given by Pythian Sisters, Clara Temple No. 11. The arrangements were made by the following committee: Mrs. W. D. Kendrick, chairman; Mrs. Ernest Trump, Mrs. Joseph Dean, Mrs. John Anderson, Mrs. George Pringle, Mrs. J. A. Baker, Mrs. Percy Kendall and Mrs. John H. Daily. Refreshments were served in the booth provided for that purpose, the committee in charge being Mrs. E. H. Collier and Mrs. J. A. Baker. Members of the Knights of Pythias assisted the Pythian Sisters as floor managers.

Auxiliary Tea.

The Ladies auxiliary of the Episcopal church Thursday gave a delightful and successful tea and cake sale at the home of Mrs. J. M. Keith, on East Front street. The dining room was decorated with flowers and tea was served throughout the afternoon.

Brilliant Reception.

One of the most elaborate and delightful receptions ever given in Missoula was that by the music department of the Woman's club Monday afternoon at Mrs. E. A. Winstanley's handsome home on Gerald avenue. The spacious drawing room was decorated in red and white. The brilliant color scheme was artistically carried out with innumerable tiny electric lights in red and amethyst blossoms. The reception committee consisted of Mesdames Vic Skinner, Hiram Knowles,

Merrill, Dwight Bayley, E. A. Winstanley, Nat Little, John Shyrook, J. E. Gannon, C. Tillinghast and R. V. McLean of Anaconda. In the dining room a Dutch scheme of decoration was used in a most effective manner. Dutch blue was the color used, and the lights and white tulips mingled together in a most delightful manner. Mrs. Frank Woody and Mrs. P. M. Kelly presided in the dining room, assisted by Misses Helen Lombard, Isabel Lombard, Madeline Lombard and Susie Merriman. During the afternoon a delightful musical program was rendered by Mesdames Winstanley, Lombard, Buttin, Misses Lombard, Hatheway and Herbert Stillway. About 150 guests were present.

For Fred Dauchy.

Miss Fisher's pupils, the Seventh A grade of the Willard school, gave a luncheon Tuesday in honor of Fred Dauchy, who will leave Missoula with his parents as soon as school closes. The refreshments were delicious and the occasion was most thoroughly enjoyed by every one present.

Entertain at Whist.

Mr. and Mrs. J. L. Wallace entertained a few of their friends Tuesday evening at their home on Phillips street. Whist was enjoyed until a late hour, after which refreshments were served. A pleasant feature of the evening's entertainment was the rendering of several piano and vocal solos by Miss Wallace, Miss Manard and Mr. Wallace. The guests present were Mr. and Mrs. J. B. Armstrong, Mr. and Mrs. F. S. Tuttle, Misses Panchot, Manard, Gaffney, Dorothy and Armstrong, and Messrs. Adams, Richards, Hoon, Beeson and Wallace Jr.

Enjoyable Card Party.

Mr. and Mrs. Charles Crawshaw were hosts at an enjoyable card party on Monday evening at their home on North Third street. Whist was enjoyed until a late hour when prizes were awarded and refreshments served. A pretty plate and a tobacco jar, the first prizes were won by Mrs. George Reas and George Richards. About 50 guests were present.

Four Leaf Euchre Club.

The Four Leaf Euchre club was pleasantly entertained Wednesday afternoon by Mrs. Hiram Knowles and Mrs. Charles Blair at the home of the former in South Missoula. The game of five hundred was enjoyed until the middle of the afternoon, when a delightful luncheon was served, after which

cards were resumed until after 5 o'clock. Those present were Mesdames E. L. Bonner, E. W. Spottswood, C. A. Barnes, Warren Wilcox, J. P. Rowe, Pounce George Briggs, Tyler Worden, Charles Bishop, John Evans, J. W. Buford, Stone, Robert Sibley, Tyler Thompson, Charles Blair and Hiram Knowles.

As You Like It Club.

The As You Like It club held the last meeting of the season on Tuesday afternoon at the home of Mrs. Hiram Knowles in South Missoula. An elaborate Dutch program, marking the conclusion of the study of Holland which has occupied the attention of the club this winter, was rendered. Two original songs by Rev. W. H. Bagby were charming features of the afternoon. The meeting was a social affair, each member being privileged to invite a guest. An appetizing luncheon was served late in the afternoon. About 50 guests were present.

Missoula Social Dancing Club.

The dance given on Friday evening by the Missoula Social Dancing club proved to be one of the most pleasant of their always delightful dances given this winter. A splendid floor and excellent music were enjoyable features. Punch was served throughout the evening.

In Mrs. Bishop's Honor.

Mrs. Dan Ross gave an enjoyable "Kensington" Saturday afternoon at her home in South Missoula in honor of Mrs. Charles Bishop of Seattle. Needle work and conversation made the time pass quickly and pleasantly and at 5 o'clock a tempting luncheon was served. About 20 ladies were present.

Elaborate Banquet at Ye Olds Inn.

The staff of the Monthly Kamin, the university paper, enjoyed an elaborate banquet at Ye Olds Inn Thursday evening. Miss Stewart, dean of the Woman's Hall ably filled the chair of toast mistress, and many were the clever responses. The table was artistically decorated with pink carnations and ferns and a delicious menu was served. Those present to enjoy the pleasant event were Misses Stewart, Alice Wright, Eloise Knowles, Montana Buswell, Laura Johnson, Francis Foster, Roberta Sathewalt, Mamie Burke and Messrs. Spear, Gil McLaren, Ralph Smith, Frank Bonner, Charles McCowan, Fred Greenwood, Lamar McClay, Charles Eggleston and Dr. J. W. Underwood.

Wedding Announced.

The wedding announcement of Miss Ethel Sherwood of Washington, D. C., and Charles Marshall, formerly of this city, will come as a pleasant surprise to Mr. Marshall's friends here. Miss Sherwood is a charming southern girl, who counts her friends by the score in her native home. Mr. Marshall is the son of Colonel T. C. Marshall of Missoula and is both well known and popular here. For the past four years he has been a government employe in Washington and it was while in that city that the pretty romance started and culminated.

Complimentary to Mrs. Bishop.

Complimentary to Mrs. Charles Bishop of Seattle, Mesdames John Lucy, J. W. Buford and Misses Josephine and Merrim Hatheway gave a delightful tea at the home of the Misses Hatheway on South Sixth street Friday afternoon. The house was elaborately decorated with flowers for the occasion. The spacious drawing rooms were decorated with tulips in delicate colors. In the dining room apple blossoms and asparagus ferns were used in a most effective manner. The table held an unusually pretty centerpiece of the exquisite blossoms and was lighted with candles shaded with pink. About 50 ladies called during the afternoon.

Delightful Automobile Party.

Mr. and Mrs. J. H. Ellison were host and hostess on Thursday evening at a delightful automobile party. A long ride into the surrounding country proved a rare treat, and as a daily supper at the Ellison home proved a perfect climax. Those present to enjoy the party were Mrs. Ellison's hospitality were Mr. and Mrs. Becom, Mr. and Mrs. Matt McDougal, Misses Kennedy, Anabel Ross, Harriet Armstrong, Messrs. Kitchen, Oaks, and Dr. Coria.

Clever Guessing Contest.

Mrs. Dan Armstrong entertained a few of her friends at her home on Sherwood street on Friday afternoon. A number of guessing contests were features of the day. For guessing the exact number of beans in a jar, Mrs. Frank Harper was given a pretty plate. Mrs. Harry Burke guessed the greatest number of articles wrapped in paper and won a cup and saucer. In a flower guessing contest Mrs. Ed Ribber held the highest score and captured a bouquet of carnations. Late in the afternoon luncheon was served in the dining room which was decorated for the occasion. Those present were Mesdames Haines, Albert Johnson, Frank Hoyell, J. M. Conway, Ed Ribber, Harry Burke, Frank Harper, Alvin and E. W. Spencer.

Mrs. Ainsworth is Hostess.

Mrs. George Ainsworth was hostess on Friday at a "Kensington" at her home on Cooper street. The early hours of the afternoon were devoted to needlework, and at 5 o'clock refreshments were served. The ladies

present to enjoy Mrs. Ainsworth's hospitality were Mesdames E. A. Burton, George Wallace, J. M. Conway, Ernest Harrison, Emil Bach, B. L. Marshall and Miss Laura Wallace.

The Parochial and Missionary society of the Episcopal church met on Friday afternoon at the home of Mrs. Walter Lennie-Smith, the Episcopal society on East Main street. Reports of several committees were read and plans for the future work discussed. Late in the afternoon tea was served.

Surprise Party.

A very pleasant surprise was given to Miss Edith Hering at her home on West Sherwood street, Wednesday, May 26. Those present were the Misses Louise Corrinne and Bernadette LaChambre, Margaret McLaughlin, Mona Burke, Veronica Dougal, Adine Cyr, Leona Le Grand, Mary and Gladys Small, Winifred Jameson, Grace Reesley Cecil Kramer and Edith, Anna and Elsie Harvey. Messrs. Patrick McLaughlin, George Morris, Dale Edwards, Elzasha and Alphonse Le Grandeur and Leo Paul La Chambre. Whist was played until a late hour, the lady's first prize was won by Miss Louise LaChambre, second by Miss Veronica Dougal and the consolation prize was won by Miss Gladys Small, the gentlemen's first prize was won by George Morris, second by Patrick McLaughlin and the consolation went to Arthur Kramis.

A Musical Event.

An event of deep interest to music lovers in Missoula is the musical to be given at the home of Mrs. Tyler B. Thompson on Tuesday evening, June 1, complimentary to Miss Edith Wickham, a sweet singer from Portland, Ore., who has been spending some weeks in Missoula as the guest of Miss Blanch Watts. A most attractive program, consisting of piano duets by Mesdames Wiseman and Bagby, songs by a glee club composed of a number of Missoula's best singers, readings by Mrs. C. L. F. Kellogg, violin selections by Miss Lombard, piano trios by Miss Watts and Mesdames Lombard and Bagby, piano solo by Miss Jean Sloane, and vocal solos by Miss Wickham, will be given. The well known talent of the participants in this event is a sufficient guaranty that it will be a high class in every respect and well worthy of the patronage of even the most exacting.

A WEEK OF INTEREST

The program for the 12th annual commencement exercises of the University of Montana was announced yesterday. The functions of the week will begin with the baccalaureate service on Sunday afternoon, June 6, and will close with a reception by President and Mrs. Dunway in honor of the graduating class on Thursday evening, June 10. The formal commencement exercises will be held Thursday forenoon. The address will be delivered by Bishop John P. Carroll of Helena. The conferring of degrees by the president of the university upon the graduates will take place at these exercises.

AT COFFEE'S.

"Get it at Coffee's." Such is the almost universal advice a stranger gets when asking where to get a prescription filled, where to go for anything in the drug and patent medicine line, where to buy toilet preparations and articles—in fact, the best place to go when one wants anything that can be expected to apply. After taking the advice himself, one finds himself giving it to others, and as this word of mouth advertising has been in progress for upwards of 15 years it is not surprising that the Missoula Drug Co. over whose destinies Mr. Sid J. Coffee presides, is the largest and most favorably known of all Missoula drug stores.

The Missoula Drug Co. is located in the heart of the business district, on the corner of Higgins avenue and Front street, convenient to shoppers in their rounds of a big store and to the traveling public stopping at the principal hotels. Its well-rounded stock of standard preparations, its policy of dispensing none but the purest drugs, its courteous clerks and skilled pharmacists, assure every patron of prompt, reliable service at all times.

To Mr. Sid Coffee is the great success of this establishment due. Mr. Coffee is himself a graduate of pharmacy and of such high standing in the profession that he has been repeatedly honored by Montana state governors by appointment in the State Board of Pharmacy, of which he is now secretary. The Missoula Drug Co. when he assumed control and ownership of it, was like hundreds of other small drug stores one finds throughout the country, but Mr. Coffee's faith in the future of Missoula being unlimited, he directed his energies towards giving the people of Missoula a strictly first-class drug store, and at the same time developed a wholesale trade in the surrounding territory which gave him increased purchasing power to the consequent benefit of his retail customers.

Mr. Coffee has developed and perfected several preparations of his own invention, which enjoy great local popularity; only his loyalty to Missoula has prevented him from emulating the example of Newbro, of Herpiche fame, and embarking in the wholesale manufacturing business in some city closer to the market of greatest consumption. It is, however, an unfeeling rule of the Missoula Drug Co. to give the people what they want, but it is a fact that the distributive merits of Mr. Coffee's preparations are so well appreciated locally that they enjoy a call equal to those of national reputation. It is no wonder they say: "Get it at Coffee's!"

HE WILL CUT HAIR BY ELECTRICITY

CHICAGOAN INVENTS APPARATUS WITH WHICH MAN MAY ESCAPE THE BARBER.

New York, May 29.—The man who cuts his own hair is going to have an existence outside the comic papers. Felix Brown of Chicago, a member of the National Electric Light association, is the father of the new thought in hair removal, and when the organization of scientists meets in convention at Atlantic City the first week in June, the appliance will be tried in public for the first time. The inventor confesses that he is not too sanguine as to the general usage into which the self-cutting hair machine may come, but rather contrived the device for his own amusement and to illustrate the extent to which electricity may be applied.

Already there is the electric massage, and the electric razor, which requires no motion of the hand but simply buzzes all the beard off a gentleman who is inclined to take his ease about shaving. The hair-clipper is attached to a wire the other end of which can be fitted into the socket of any electric lamp, and then operated at a fast or slow speed, according to the wishes of the hair-cutter and the topographical peculiarities of the head to be shorn. A feature is the ability to notch the clipper for a short or long cut. The convention is expected to get even greater entertainment from this exhibition than is anticipated from the reading of the most important papers on the technical future of the force.

This machine will be only one of the thousands of novelties to be shown at Young's Pier, Atlantic City, as evidence of the growth of the electrical industry, and its unlimited possibilities. An interesting program has been outlined to follow the call to order which will be given by the president of the association, W. C. L. Eglth of Philadelphia. Three thousand members from 1,400 cities will be on hand to discuss questions of interest not alone to themselves but to all America, as well.

For one thing, a determined effort at the extinction of the horse as a common carrier will be advocated. It is planned now for the central stations in all cities to employ caravans to sound the merchants and all others using horse power for delivery, and explain the saving in time and money which follows the substitution of the motor conveyance. No particular motor wagon will be exhibited, but the proposition will be advanced as a generalism, and it is expected that when the campaign has become systematized, Mr. Horse will have to be even further on his way than he is at present.

Coming down to a consideration of the domestic problem and, strictly, there will be an exhibit showing the process of baking bread in a new way. A recent test has shown what can be done in this direction. Eighty

Keeps Bowels Open; Free

There is no function of the human body so important as keeping the bowels open. Upon the condition of the bowels, more than upon any other one thing, depends the health and well-being of the entire system. There is scarcely a sickness that has not got constipation and stomach trouble complicated with it. It is at the bottom of most of the serious diseases of life.

Every grown up human being ought to have at least one full and easy evacuation of the bowels every 24 hours. But unfortunately there are thousands who do not get this. No matter what is the nature or cause of their constipation, and no matter how chronic and long-standing it is, they will not find a better cure than the well-known Dr. Caldwell's Syrup Pepsin. So confident are the dispensers of this wonderful laxative that it will cure any case of constipation in young or old, that they will send a free test bottle to anyone who sends name and address to Dr. Caldwell.

The sample will do for any constipated person what it did for Mrs. W. D. Fuller of Easton Rapids, Mich., for Mr. J. F. Edwards of Lebanon, Tenn., and a host of others in all sections of the country. After having used the sample they will do as Mrs. Fuller and Mr. Edwards did, who is to go to the nearest drug store and buy a regular bottle, which costs 50 cents or \$1, according to the size. Dr. Caldwell's Syrup Pepsin is not a tablet or powder, but a liquid laxative tonic, which is what a good constipation remedy should be. Thousands who are dependent for the free test bottle, now have Dr. Caldwell's Syrup Pepsin regularly in the house. It is the most scientific blending of laxative ingredients ever put before the world.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will advise you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 517 Caldwell bldg., Monticello, Ill.

leaves of bread, each weighing one pound, were baked in an oven consuming eight kilowatts. The operation lasted 45 minutes, and the current consumed was six kilowatt hours. The character of the product was uniform and superior to that generally obtained in other ovens. The small amount of space required for the oven and the absence of heat in the room from the operation of baking are expected to do much to popularize this sort of cooking. There'll be plenty of electric bread baked on Young's Pier the first week in June.

A severed head which smokes a cigarette, winks its eye and moves its ears will be another of the novel exhibits. The head proper, that is to say the face and the frame work on which the interior mechanism is carried, is made, the former of paper-mache and the latter of wood. It follows closely the design of the famous Perry head and is an outcome of an incident said to have occurred in Paris during the reign of terror. Two medical students agreed that in case one of them should have the misfortune to fall a victim to the guillotine, the other should be present at the execution. There, with the severed head in his hand, the question as to whether life and sensibility lingered in the head after decapitation was to be decided by three winks of one eye of the severed member. When this grotesque experiment was tried, so the story goes, the eye in the head winked twice, then betrayed no further sign of life.

OF FEMINE INTEREST.

The woman who carries style to the extreme is having her robes ditto made now with long, close-fitting sleeves coming well over the hand. Some of the new Paris gowns, made in this way and with the high empire waistline given by ribbon threaded through heading just below the bust, have really a very smart look. One imagines, however, that the tight-sleeved nightgown—especially if it were somewhat low in the neck—would have a disagreeable way of slipping down over the shoulders every time one moved on one's pillow. The little chemise du nuit, with its puffed, loose elbow or short sleeve, is so altogether pretty and comfortable that few women will care to adopt the more modish style.

Improved Duofold Health Underwear

Twice the comfort and protection of ordinary underwear, but only half the weight.

No irritating woolen against your skin. No unnatural perspiration. No chills. The inside is fine smooth cotton. The outside is choice wool, cotton, silk or alkalin—as you choose.

Duofold keeps you evenly warm, indoors and out, all winter long. Isn't that sense?

Various weights and shades, single garments and complete suits for men, women and children. \$1.00 and upward per garment.

Sizes and fit positively guaranteed. Your money back if not satisfied.

HUMORS IN THE BLOOD

When the blood is pure and healthy the skin will be soft, smooth and free from all eruptions or disease, but when the circulation becomes infected with any unhealthy humor the effect is shown by eruptions, pimples, boils, or some more definitely marked skin disorder, such as Eczema, Acne, Tetter, Psoriasis, Salt Rheum, etc.

Humors get into the blood, usually because of an inactive or sluggish condition of those members whose duty it is to collect and carry off the waste matter and refuse of the system. This unhealthy matter is left to sour and ferment and is absorbed into the blood, and soon the circulation becomes filled with an acrid, irritating humor.

The blood then, instead of performing its natural duty of nourishing the skin, regulating its temperature and preserving its uniform softness, pliability and healthfulness, irritates and diseases the delicate tissues and fibers around the pores and glands and produces some of the various forms of skin eruption or disease.

The cause of all skin affections can be traced to some kind of humor in the blood. Healthy cuticles are only possible where the circulation is pure; and therefore the cure of any skin disease can only come from a thorough cleansing of this vital fluid. Salves, washes, lotions, etc., cannot cure. True such treatment relieves some of the itching and discomfort, helps to reduce inflammation, and aids in keeping the affected parts clean, but it does not reach the blood, where the real cause is located, and at best can be only palliative and soothing.

S. S. S. cures skin diseases of every character and kind because it purifies and cleanses the blood. It goes down into the circulation and removes the humors that are causing the trouble, builds up the weak, acrid blood, and completely cures Eczema, Acne, Tetter, Salt Rheum, pimples, boils, and all other skin diseases and affections. S. S. S. is made entirely of roots and herbs, a safe vegetable remedy.

When S. S. S. has driven the humors from the blood, and cooled and purified the acid-heated circulation, every symptom passes away, the skin is again nourished with rich, healthful blood, and comfort is given to disease-tortured skins.

S. S. S. cures Poison Oak, Poison Ivy, Nettle Rash, and all other troubles due to a humor-laden blood. Book on Skin Diseases and any medical advice free to all who write. S. S. S. is for sale at all drug stores.
