GOOD CIGARS

Within certain limits, there is a chance for a difference of opinion as to whether cigars are good or not. No one brand is sure to suit everybody, but there are certain brands which come pretty near it and this is the kind we endeavor to keep. In our opinion at least, we have the best assortment of cigars in the city and shall be glad at any time to have the opinion of smokers who are not already familiar with our line. One thing is certain, that we always pay enough to get good brands and are quite sure that we get what we pay for.

Missoulian Want Ads Bring Quick Results

CAUGHT ON THE RUN ABOUT TOWN

Amongst the commencement week visitors in the city is Rev. E. Penn Lyman of Great Falls, whose scholarly baccalaureate sermon at University hall Sunday afternoon appropriately opened the week's exercises. Mr. Lyman is characteristically a Great Falls man; on that account, particularly, words from him in praise of Missoula are appreciated, for it is not often that a Great Falls man sees anything worth commending in another city. It is not that these people of northern Montana are unreasonably prejudiced, but they live in the midst of such civic beauty that any other town looks to them deficient in the essentials of what constitutes a good city. Mr. Lyman, however, said yesterday to a Missoulian man: "If I could not live in Great Falls, I would want to live in Missoula. Your city is beautiful, and it is the busiest place I have seen in a long time. I have been surprised at the amount of substantial building that has been done since I left here at the time of the dedication of the Congregational church. I am much in love with Missoula, and, as I say, if I didn't live in Great Falls, I would be eager to live in Missoula."

Postmaster Ross is rejoicing over the fact that his office crew has been permanently increased by the department. On the 15th of this month one additional clerk will be allowed, and on July 1 there will be two others added. This is on account of the increasing business of the office and is a fine measure of the growth of the business of the city. Mr. Ross said yesterday: "There have been no selections made for the new appointments; the authorization has only just been received. I am very glad that the increase in force has been allowed, as our business has been getting so heavy that it has been burdensome to handle it with the crew that we have had. The three new clerks will make it possible for us to dispatch our business much more promptly. In our limited quarters there are always slight delays resulting from lack of necessary room, but we are doing the best we can, and three helpers will make it possible for us to do better than we have been doing."

Herman Whitelaw is amongst his friends again, having returned from his long eastern journey, which took him to the Atlantic coast and down south below Washington. He saw many people and many places, but he says he is glad to get back home, and he thinks this is as good a place to be as anywhere. He has been cordially welcomed here and can certainly have no doubt that his friends here are glad to see him back.

There will be the jolliest time that ever was at the barn dance which the building committee of the Woman's club is to give Friday night in the big, new barn which Alderman Kohn has just completed on Clay street, and which he has donated for the occasion to the club. The most elaborate preparations have been made for the affair, although it will be somewhat informal. The dance will be the regular, old-time barn dance, the music will be of the sort that makes your feet beat time, whether you will or no, and the prescribed costumes for the occasion are those which characterized the country dances of our younger days, calico dresses for the women and plain attire for the men. The decorations will be appropriate to the occasion, and there will be every effort made to have the dance a merry one. Speaking of the plans, members of the building committee said yesterday to a Missoulian man: "We are just going to have a good time and try to have our guests enjoy themselves; while we are doing this, we hope to be adding to the fund of our building. We want just all the money we can get for this during the season; we are anxious to have the building under way as soon as we can, and we expect our friends to help us in this way. It will be a pleasant way, I am sure."

R. J. Kitching has been showing his friends an interesting relic which is in his possession temporarily. It is a copy of the "Vulst County Gazette," published in Kingston, N. Y., January 4, 1866. This copy is interesting on account of the important news which it contains, and it is unique because of some of its local and advertising features. The principal news is connected with the announcement of the death of George Washington; this is published to the exclusion of nearly everything else, and the comment indicates the deep impression which the sad event had upon the people of the country. The local news is very brief; all of it concerns people long since forgotten, if, indeed, they were ever known out-

PACK TRAIN STARTS TO LOLO

Forty-horse outfit goes today to carry supplies to Harriman surveyors.

A pack train of 40 horses will start from Missoula this morning for Lolo Springs to pack supplies from that place to the Harriman surveying crews now engaged in running location lines between Lewiston, Idaho, and Lolo pass for the proposed extension of the O. R. & N. from Lewiston to Missoula.

For several days past an experienced pack train man by the name of Bennett has been scouring the country around Missoula securing animals for an outfit. This work was completed yesterday and during the afternoon Bennett arrived in Missoula with his 40 animals. They were stabled last night at Cannon & McLeod's stables and early this morning the train will start for Lolo Springs. It is the intention of the train to stop at Lolo station and carry a load of supplies from there to the Springs.

So far as can be learned it is the intention of Construction Engineer Chase of the O. R. & N., who is in charge of the survey work, to keep the pack train regularly employed transporting supplies from Lolo Springs to the surveying crews that are now working from Lewiston, Idaho, in the direction of Missoula, and the other force that has been operating from Lolo towards the west. Intentions point to the fact that the train has been engaged for work of long duration and this is looked upon as proof that the Harriman people propose to locate permanent lines from Lewiston to Missoula.

The Northern Pacific is active in the same district and has had a pack train handling supplies from the springs to its survey crews for some time. Competition between the two lines for a right of way appears to be increasing and the latest move on the part of the Harriman road leads to the belief that the O. R. & N. is determined to wage battle to the bitter end with the opposing company.

YOUNG LAD'S FUNERAL IS LARGE ONE

REMAINS OF HOWARD GOLDER FOLLOWED TO THE GRAVE BY MANY FRIENDS.

Many friends of the family were at the Methodist Episcopal church yesterday to attend the funeral services over the remains of Howard Golder, the young high school student who died of typhoid fever in Idaho last week. A sermon that was touching and consolatory to the bereaved parents and family was delivered by Rev. J. W. Tait, pastor of the church. Many members of the local lodge of the Modern Woodmen of America were present, besides members from the building trades' council, of which the father is a member. There were also many high school students at the service.

Many beautiful floral offerings were made. There was a set piece from the high school at St. Anthony's, Idaho, from which the young man had just graduated, as also from the Modern Woodmen of America and the ladies. The flowers completely covered the casket and a special carriage was required to carry them to the grave. The procession to the grave in Missoula cemetery was a large one.

YOUNG WOMAN DIES AFTER LONG ILLNESS

Mrs. Mabel Vert, a young woman, aged 24 years, died at 6 o'clock yesterday morning at the home of her mother, Mrs. Olive Thompson, the cause of death being tuberculosis of the glands of the neck. Mrs. Vert was the daughter of Mr. and Mrs. W. A. Thompson and leaves to mourn her loss her husband and two children, besides the mother and brother. The remains will be taken to Victor this afternoon on the Bitter Root train, where interment will be made.

THE PALACE MARKET IS ROBBED

NERVOUS THIEF FORCES ENTRANCE INTO THE PLACE AND TAKES LOOSE CHANGE.

When E. J. Watts, proprietor of the Palace meat market, opened his shop yesterday morning, he discovered that some person or persons had forced an entrance into the place and stole what loose change there was in the cash register, making a safe escape.

Entrance to the shop was effected by forcing a screen from a rear window, then raising the window. The thief had crawled on his hands and knees to the front part of the shop, that a light was left burning, when the shop was closed for the day. His progress was shown by a trail through the saw-ust. The safe was tried but not opened, the only things taken being the money which had been left in the register for change-making purposes.

This is one of a number of bold burglaries which have occurred recently in the city. The matter was reported to the police.

GEORGE D. MCCLAIN BURIED AT CARLTON

The remains of George D. McClain, who died last week in Grangeville, Idaho, were taken to Carlton yesterday morning, where, immediately after their arrival, services were held at the Methodist Episcopal church. An eloquent sermon by Rev. Mr. Roberts and music by a quartet made the services impressive. The deceased was a resident of the Bitter Root valley and was well known, and many friends turned out to pay respect to his memory. Burial was in the Carlton cemetery.

MRS. SCRIBER'S FUNERAL.

The funeral of Mrs. Johanna Scriber, the pioneer woman who died Monday, will be held this afternoon at 3 o'clock at the German Lutheran church. Rev. Gustave Metz officiating. Burial will be in the Higgins cemetery.

RICKETTS TO RECEIVE AN HONORARY DEGREE

A private dispatch received here yesterday afternoon announced the good news that the state board of education had decided that the state university should this year confer upon Dr. Ricketts the honorary degree of doctor in laws. This action was taken in recognition of the services of Dr. Ricketts in the investigation of the wood tick and its relation to the spotted fever of some of Montana's mountain districts. It was at the Missoula meeting of the State Medical association in Missoula last month that a resolution was adopted requesting the state board of education to take action along this line and the announcement yesterday that the degree will be conferred by the university was good news to the medical friends of Dr. Ricketts in this city as well as to his personal admirers.

SPENCER'S

BIRTH OF PRINTING CELEBRATED

ANNIVERSARY OF INTRODUCTION OF THE ART IN NORTHWEST TERRITORY OBSERVED.

Detroit, Mich., June 8.—The centenary of the introduction of the printing art into the old Northwest Territory was celebrated today in the Detroit Museum of Art. One hundred years ago Father Gabriel Richard, one of the pioneer French priests of the northwest, established in this city the first printing press that was brought into this section of the country.

Editors and public men from many parts of the state with hundreds of citizens of Detroit attended the centenary exercises.

Melville E. Stone, general manager of the Associated Press, made the principal address.

Father Richard's primitive press, on which was run off not only the first newspaper published in the Northwest territory, the Michigan Essay, or Imperial Observer, but also the first school books and religious publications, was brought overland from Baltimore.

A DAUGHTER ARRIVED.
William Furnish set up cigars yesterday by the box. The cause of his liberality was found in the arrival at his home early yesterday morning of a bonny baby daughter. The young lady is in the eight-month class and is favorably impressed with Missoula as a permanent home. The entire Furnish family is rejoicing over the event and the proud father thoroughly appreciated the congratulations which were showered upon him. In these congratulations The Missoulian cordially joins.
