

STORIES TOLD OF STRANGE CONDUCT

WITNESSES RELATE SOME QUEER ACTIONS ON PART OF MRS. HOWARD GOULD.

MUCH LIQUOR CONSUMED

One Time Personal Valet Swears That on One Occasion He Served His Mistress With Two Quarts of Manhattan Cocktails in as Many Days Besides Other Liquors She Drank.

New York, June 18.—Testimony adduced by the defense in the suit for separation brought by Katherine O'Leary against Howard Gould...

Mrs. Gould's one-time personal valet swears that at one time he served his mistress with two quarts of Manhattan cocktails in as many days...

John H. Kimball, an oil and paint dealer, who said he had known Mrs. Gould for 18 years, testified that he went to a performance of "The Virginian" in August, 1906, with Mr. and Mrs. Elijah Seils and the Goulds...

John Flynn, who said he was employed by Mrs. Gould as a chauffeur, and that he often drove her to meet Farman after the play...

Another time Flynn swore, when he rapped on Mrs. Gould's chamber door at the St. Regis, she called out: "All right, dearie," and then, when she saw who it was, excused herself with "I thought it was Mr. Farman."

Mrs. Elizabeth Harrison, who said she was a floor clerk in the Bellevue-Stratford hotel in Philadelphia, said she had been impelled by her conscience to tell what she saw at the hotel. Finally she wrote a letter to Mr. Gould.

"I said in the letter," she testified. "In obedience to the golden rule, I write to you to help you if you are in trouble, or something like that."

Mrs. Gould occupied apartments on the floor where she was stationed in September, 1908. The witness went on, and one morning about 7:30 o'clock, she said, she saw a man come out of Mrs. Gould's room and take the elevator. She noticed he was the only passenger in the car and that the dial registered "fourteenth floor" when the car stopped.

Mr. Gould, the witness testified, "I thought it was Mr. Farman." "No; but the maid reported that it had not been," the witness answered. Court then adjourned until Monday.

Not Well Groomed. The defense contends that Dustin Farman was staying on the fourteenth floor of the hotel at that time, as they attempted to show by the next witness, Florence Garner, who also was employed as a floor clerk in the hotel. She testified that Mrs. Gould then had rooms on a lower floor. She remembered that one morning Farman came up in the elevator rather early and appeared to her "less well groomed" than usual.

"Did you take any means to find out if Mr. Farman's room had been occupied that night?" asked Delaney. "No; but the maid reported that it had not been," the witness answered. Court then adjourned until Monday.

ASKS DISMISSAL. Oakland, June 18.—District Attorney London of San Francisco made motion before Judge Woolly today to have the charge against John G. Gallagher dismissed from the Oakland courts. A formal order will be signed tomorrow by the judge. The lack of evidence was the reason assigned for the action.

PIERCE NAMED CHAPLAIN. Washington, June 18.—Rev. Ulysses East Pierce, D. D., pastor of All Souls interden church of this city, was today designated by a senate resolution to act as chaplain until otherwise ordered.

Mr. Pierce is pastor of the church which the president attends and succeeds Rev. Edward Everett Hale, deceased.

NO REPORT MADE. London, June 18.—The firing on the British steamer Woodburn by a Russian torpedo boat in Pitkipas bay has not yet been reported to the foreign office as the owners of the vessel are awaiting her return in order to obtain details, when they will ask for an investigation.

SENATE RAISES TARIFF ON PRINT PAPER

SENATE FINALLY VOTES TO IMPOSE DUTY OF \$4 PER TON ON MATERIAL.

MUCH LIQUOR CONSUMED

Efforts to Reach an Agreement Upon a Time for Voting Upon This and Kindred Amendments Fail to Produce Results—Aldrich Seeks to Secure Further Postponement.

Washington, June 18.—The senate today adopted by a vote of 41 to 32 the amendment of the senate committee on finance, to raise a duty of \$4 a ton on print paper in place of the present rate of \$2 a ton. The other amendments to the wood pulp and print paper schedule had not been acted upon when the senate adjourned at 7 o'clock.

There was an effort to reach an agreement upon a time for voting the various income and corporation tax propositions. Mr. Aldrich sought to obtain a general agreement to postpone the further consideration of this question until after the disposal of the tariff schedules, but Senators Bailey and Cummins insisted upon coupling with the agreement an understanding that there should be a direct vote on an income tax amendment and no agreement was reached. The Bailey income tax amendment will be the pending amendment when the senate convenes tomorrow. If a unanimous agreement in attendance with the motion made by Mr. Aldrich today is not then obtained, he probably will move to postpone consideration of the subjects to a certain day.

Democratic Side. Today's discussion was confined largely to the democratic side, the subject of debate being an interview with former Representative John E. Lamb of Indiana, in which he is reported to have criticized some of the democratic senators, among them Senator Daniel of Virginia and Senator Simmons of North Carolina, for not voting on some of the schedules in accordance with the declarations of the Denver platform. Both Mr. Daniel and Mr. Simmons replied to the criticism.

Senator Bailey, after reiterating his independence of special declarations by the party, said that the Denver platform had been the work of one man, Senator Hughes of Colorado defended Mr. Bryan and the platform. Mr. Bailey, in defending his position, undertook to show that by his vote for a duty on lead ore, Mr. Hughes had himself not been entirely controlled by the official utterances of his party.

Much Feeling. Mr. Hughes responded with much feeling, declaring that he was under no outside influence. Senator Hughes opposed the policy of attempting to impose an income tax by the roundabout way of a constitutional amendment. He declared it was now competent for congress to impose an income tax under its present authority and he pointed out that the former limitation law expired by its own limitation nine years ago.

Mr. Lorimer, the newly-elected senator from Illinois, was sworn in. He cast his first vote against free paper.

ST. PAUL VISITORS HERE TODAY

PARTY OF SEVENTY-FIVE BUSINESS MEN WILL SEE MISSOULA DURING DAY.

Helena, June 18.—It was announced here today by traffic officials of the Northern Pacific that the party of 75 business men from St. Paul who are touring the northwest have made a change in their itinerary in the state of Montana. Instead of coming to Helena today, as planned, they went to Anaconda. Tomorrow the trip to Missoula will be made and the party will arrive in Helena Sunday evening at 6 o'clock. They will immediately leave for Lewistown and return to this city Monday evening, where the night will be spent. On Tuesday morning the start will be made for Great Falls over the Great Northern railroad. It is part of the program that while in this city the Minnesota State band, which is accompanying the party, will give a concert at the Broadwater, the famous hot springs resort of Lewis and Clark county.

NO REPORT MADE.

TRAFFIC AGREEMENT MADE WITH O. R. & N.

Portland, June 18.—Announcement was made today by General Freight Agent Miller of the Oregon Railway & Navigation company that arrangements have been completed for an interchange of traffic with the Chicago, Milwaukee & St. Paul railroad at Plummer, Idaho. This station is 15 miles in a southerly direction from Tekoa, Wash., and is the point where the Harriman line and the St. Paul road cross. The announcement serves to settle the mooted question as to how the Chicago, Milwaukee & St. Paul would secure entrance to Portland.

LIQUOR RESPONSIBLE. Salem, Ore., June 18.—Adolf N. Nordstrom, convicted of the murder of John Peterson, foreman of a railroad construction gang last February, expiated his crime on the gallows here today. Nordstrom delivered a short sermon on temperance, saying: "Keep liquor down, people, if you can. I am not the first man to be hanged on account of it. I am sorry for what I have done, and wish God would save my soul. God bless all of you. Goodbye."

"JUST KNEE DEEP IN JUNE"

CALHOUN CASE GOES TO THE JURY TODAY

HENEY FAILS TO FINISH TIME FOR JUDGE TO INSTRUCT THE JURY.

San Francisco, June 18.—The case against Patrick Calhoun, president of the United Railroads, on trial for the alleged bribery of Ferdinand P. Nichols, a member of the so-called Schmitz board of "hoodling" supervisors of San Francisco, will be given to the jury tomorrow. When court convened today it was the confident expectation of all concerned in the case, that Prosecutor Henevy would conclude his closing argument sufficiently early in the afternoon to enable Judge Lawlor to instruct the jury and send them to their deliberations by nightfall. But Mr. Henevy disappointed them. When 4 o'clock, the usual hour of adjournment, arrived he was far from the conclusion of the address he began early yesterday, and it became necessary to extend the session until 6 o'clock.

The courtroom was crowded to its capacity, among the spectators being not only all of the principals in the celebrated case, but many people, both men and women, from the highest social and professional circles of the city. Throughout the long session the audience listened in tense silence to Mr. Henevy's analysis of the case, his bitter invective against the defendant and the so-called "graft ring" and his impassioned demand that Calhoun be sent "to the rest he has earned."

The court will expect argument to be completed at 10:30 o'clock tomorrow morning," said Judge Lawlor when the night session opened, and unless there is an unexpected disagreement between court and counsel, the jury probably will be given the case almost on the hour of noon tomorrow.

A DEAL IS CLOSED FOR SALE OF RANCH

Helena, June 18.—A. H. Barth and James L. Ash of Billings closed a deal here today for the purchase of the so-called Spokane ranch, a 10,000-acre tract east of Helena, at \$125,000. Conrad and Stanford sold the property, which will be turned into an immense sheep ranch with accommodations for 25,000 head. The range will not be depended upon for forage, but the new owners propose the raising of alfalfa for feed. It was on this ranch that Spokane, the famous conqueror of Proctor Knott, was bred and raised, and after which he was named.

DYNAMITE IS USED ON WHALEN'S HOME

Tucson, Ariz., June 18.—Unknown parties early today dynamited the home of Superintendent W. H. Whalen of the Tucson division of the Southern Pacific railroad. Whalen and his wife were sleeping in the cupola of the house and had a narrow escape from death, their dwelling being partially wrecked. The crime is believed to be the work of discharged employees. Friction has developed since Whalen's incumbency, resulting in a number of dismissals in the operating department.

MEDALS PRESENTED TO AVIATORS

ORVILLE AND WILBUR WRIGHT RECEIVE TOKENS FROM CONGRESS AND OHIO.

Dayton, Ohio, June 18.—Wilbur and Orville Wright, the aviators, today received the medals awarded them by act of congress, by the legislature of Ohio, and by their home city of Dayton. Immediately after the ceremony the Wrights hurried to their factory to prepare for their departure tomorrow for Washington, where next week they will resume their flights to satisfy government requirements.

Wilbur Wright, on receiving the medals, made a speech in which he likened an inventor to a poet, saying that neither poet nor inventor would suffer from indifference if their wants were really known. He declared that in his belief if a Shakespeare or a Tennyson could be created by public subscription, public sentiment was such in America that whatever was necessary would be forthcoming instantly.

General James Allen, chief signal officer, representing Secretary Dickinson, presented the national medals. Governor Harmon of Ohio presented the Ohio medals, and Mayor E. E. Burkhardt of Dayton gave the local medals. Behind the Wrights on rising tiers of seats sat 2,500 school children dressed in red, white and blue and arranged to represent an American flag.

The day's program was closed by a parade in which was represented the "Evolution of Locomotion," the crowning feature being an aeroplane.

EXPLOSION WRECKS A BURLINGTON ROUNDHOUSE

SPARKS FROM ENGINE EXPLODE GASOLINE AND CAR LOAD OF DYNAMITE.

Toluca, Mont., June 18.—As the result of an explosion of giant powder and a tank of gasoline, the roundhouse of the Burlington Railway company here was destroyed at an early hour this morning and L. H. Kintz and Alfred Wierschem, trainmen, were badly burned and injured. Kintz especially being in a serious condition. The explosion was caused by sparks from a locomotive dropping into the gas-oil tank, which blew up and set off the car containing the dynamite. According to reports the dynamite had been stored in the place while awaiting shipment to Wyoming, and there was more than 600 pounds of the consignment. The injured men were taken to the hospital in Billings and were attended by the company surgeon. They will recover.

COMPANY IS BANKRUPT. Helena, June 18.—In the federal court today Judge Hunt declared the Montana Kibberly Mining company, in which many Missoulians are interested, to be bankrupt, and referred the case to a referee at Livingston. The company has been involved in more or less litigation between the stockholders, and these were prolific of sensational charges as to management by the different factions.

MANY NEW CASES. St. Petersburg, June 18.—During the 24 hours ending at noon today 34 new cases of cholera and 31 suspects were reported, and there were 10 deaths.

SLIGHTLY INJURED BY RUSSIAN SHELL

Stockholm, June 18.—Cayne, the fireman on board the British steamer Woodburn of New Castle, that was fired upon at Pitkipas bay Wednesday night by a Russian vessel, sustained only slight injuries. He declared that three other members of the crew sustained slight injuries.

Further details of the occurrence show that the Woodburn strayed during the night within the prohibited zone of the navigation in the vicinity of Pitkipas bay. The captain was unfamiliar with the published regulations.

BODY IS FOUND IN STEAMER TRUNK CITY TO HAVE FIRE ALARM SYSTEM

MYSTERY SURROUNDS DISCOVERY OF DEAD WOMAN IN CHINESE RESORT.

A MISSIONARY WORKER

Remains Are Those of a Young White Woman Whom Was Evidently Killed by Being Strangled to Death With a Rope Around Her Neck—Unsigned Note Is Discovered by Police.

New York, June 18.—Elizabeth Sigel, daughter of Paul Sigel of this city, and granddaughter of the illustrious Franz Sigel, the German warrior during the civil war, is the victim of one of the most awful murders in the history of New York. Taken from a trunk in a room of a Chinaman, above a chop-suey restaurant, in the tenement, her body, in a state of decomposition, is in the morgue, while detectives are investigating a tangled story involving the girl and her associations with Chinese. An envelope addressed to the girl, found in the room where the body lay, a locket bearing her initials, her disappearance on June 19, and a note found in the room, signed "Elsie," all indicated that Franz Sigel's granddaughter was murdered.

Mr. Sigel had not identified the body at a late hour tonight, but Mrs. Sigel identified the torn clothing as that worn by her daughter. Sun Leong, proprietor of the restaurant, who conducted the rooming house above, disappeared shortly after the discovery of the murder, adding further to the mystery. The case has many unusual features, notable among which is the fact that a Chinaman has been known to call at the Sigel home, presumably with the sanction of the parents. Elsie was 29 years old and was greatly interested in work among the Chinese. It is understood that she became acquainted with one Chinaman, who may be able to throw some light on the case, several years ago, when he conducted a game rack at an amusement park at Fort George. The Sigel home, in Wadsworth avenue, the Bronx, is not far away from that resort.

Three Chinamen were arrested as material witnesses. They gave the names of Yoo Kim, manager of Sun Leong's restaurant; Gong Wing, salesman for a chop suey supply house, and Chin Sun, a cook, who lived in the rear of the restaurant. The man most wanted, however, is the former occupant of the room where the body was found, evidently an English-speaking celestial. Judging from the letters, this individual is Leong Leo Lim, known among his English friends as William H. Lion.

Shortly after midnight, Mrs. Florence M. Todd, one of the resident workers in the Chinatown and Bowery settlement, who is a friend of the Sigel family, called at the morgue, and, after viewing the body, identified underclothing as that worn by Elsie Sigel.

RECOMMENDED BY CHIEF. Several weeks ago Chief A. L. May of the fire department called the attention of the council to the fact that the department was in a very precarious condition; that the hose was rotten and insufficient; that the fire engines were crippled; that the force was too small, and that the present alarm system was impracticable, and urged upon the aldermen that they take some action whereby the conditions could be improved. The recommendations of the fire chief were referred to the fire and water committee for consideration and last night they reported in favor of the chief's request and recommended that the council advertise at once for bids for the necessary equipment. The council unanimously adopted the report of the committee, and the chief, together with the mayor and the chairman of the fire and water committee, were given authority to sell all of the disabled horses and to buy such new ones as is necessary. The force will also be increased by five new paid men.

Bids for Bridge. The problem as to the repairing of the temporary bridge was also taken up, and the bids, which were advertised for at the last meeting, were opened and considered. Three bids were sent in any they were as follows: The Burrell Bridge & Construction company, for the work with traffic over the bridge closed, \$1270, with an additional cost of \$20 for every pile over 40; for the work with foot traffic open all of the time, \$1,910. Sargent & Weaver, for the work with traffic closed, \$1,550, with an additional cost of \$22.50 each for piles. G. E. Peppard, for the work with traffic closed, \$1,510, and with an additional cost of \$18.00 for each pile furnished.

Bid Accepted. The bills were all referred to the streets and alleys committee, which reported in favor of the Burrell Bridge & Construction company's bid for the work, with foot traffic open. The council at once adopted the report and accepted the bid. The city is, under the conditions, to furnish the material and this will, according to City Engineer Mayo, cost about \$700 more. Mayor Logan then spoke regarding the cost of the repairs and said that the Chicago, Milwaukee & St. Paul would pay \$250 or more toward the bridge and the Missoula Mercantile company and W. C. Murphy had also promised assistance.

Ordinance Offered. The livery stable ordinance was reported back from the streets and alleys committee unfavorably, and they offered another ordinance, as a substitute. This new ordinance restricts the building of livery stables to a district included within the following boundaries: From the point where the middle of Owens street would intersect the Missoula river north along Owens street to West Cedar, from West Cedar east to Woody, from Woody north to the Northern Pacific right-of-way, along the Northern Pacific south to East Cedar street, along East Cedar street east to Washington street, along Washington street south to Front street, along Front street 200 feet, then south to the river again. This district includes all of the livery stables at present in business and all the future stables must be built therein.

To Handle Crows. The streets and alleys committee also reported on the matter of tents to be erected on Higgins avenue during the Flathead registration. The report recommended that permission be granted for sleeping tents only and that the permits granted expire in 60 days. Sanitary rules were also appended to the report by the board of health and the committee recommended.

ARRESTED ON SUSPICION. St. Louis, June 18.—Robert J. Hayes, 27 years old, was arrested in the postoffice here today, suspected as the sender of blackmailing missives to officials of the Wabash railroad. The letters contained threats to dynamite the tracks unless \$5,000 was forthcoming.

SPECIAL DISPATCHES SENSATIONAL

ACCOUNTS OF STRIKE IN HAWAII SENT TO JAPAN ARE HIGHLY COLORED.

Tokio, June 18.—Special dispatches from San Francisco to Japanese newspapers are so worded as to indicate that conditions obtaining in the Hawaiian Islands, growing out of the Japanese sugar plantation hands' strike, are extremely serious. They declare that the Japanese on the mainland as well as those in the islands are greatly incensed over the treatment accorded their countrymen by the Hawaiian planters, and they say that relations are strained almost to the breaking point.

The publication of these inflammatory dispatches is again arousing an anti-American sentiment among the Japanese lower classes. The sensationalist papers are seizing the opportunity and are commenting editorially in a manner calculated to increase this feeling of hostility.

Japanese Consul-General Uyemoto at Honolulu and the officials of the Japanese foreign office are inclined to minimize the seriousness of the Hawaiian situation. They frankly declare the dispatches untrue.
