

Two Lots Across the Street from N. P. Depot

60x130 feet, on the south side of the track, directly across from the N. P. depot, at a real bargain price and on two years' time. Think of it. Pay me \$1,000 down and you need not pay another cent for two years. In that time the lots will double in value and likely more, too. There has not been a better bargain offered by me in months. Be quick if you want them.

James M. Rhoades

In future the Missoula hotel dining room will be open from 8 a. m. to 8 p. m. The management has spared no expense to make it one of the neatest and best places in the city.

Notice.
Paul Schneck, upholsterer, has removed to 202 West Main. Phone 245.

Excitement Caused By Runaway
FREE ADVICE AND CAUSTIC COMMENTS FROM CROWD MAKE MUCH TROUBLE.
Those who were fortunate enough to be on Higgins avenue yesterday morning were able to witness a runaway, a fight, the pursuit, and the interference of a policeman all rolled into one act. It was amusing. The excitement started when a team hitched to a woodman's wagon took it into their heads to bolt, which they proceeded to do upon their trail, their owner in pursuit. They had run a short distance, when one of the horses in some manner got so fast-footed over the tongue of the wagon and became entangled in the harness. The animal took the count and remained on the ground, while by this time all of Missoula that was in the business section of town was on the job with advice to Reuben as to how to extricate his fiery steed from the predicament. Reuben was doing his level best, but was not in the mood of humor, and was having a hard time trying to get the fallen horse to his feet. Lots of free advice was offered by the sympathizing multitude, all of which somewhat exaggerated the owner, and he turned from his task long enough to ask, "Whose horse is this, anyway?" This mistake in judgment cost him what little sympathy he had from the crowd, and the glasses flew fast and furious, only ceasing when the man succeeded in freeing the fallen animal. Reuben, somewhat angry because of the free advice and caustic comments of the crowd, proceeded to take it out on the horse by beating the animal on the head with his whip. Now the American public never did and never will enjoy the sight of a horse being beaten, and took exception in this instance, although but one man, a prominent educator of the city, left his place in the midst of the indignant crowd and, going up to the owner of the horse, "swatted" him with a fine straight-arm blow. Now Reuben didn't get a very good glimpse of his assailant, that is, he did not see the latter's face. But he did see the clothes which the assailant was wearing and thought he recognized his man standing on the outskirts of the crowd, so he rushed up to this unassuming individual and clouted him a dandy. The blow was delivered from the rear, and the victim, not knowing just what was doing and not caring to sustain serious injury, proceeded to "beat it," with Reuben at his heels. The obliging crowd gave way and let pursued and pursued, with the latter carrying a close second to his victim. Reuben chased the man for a while, but the festivities suddenly came to an end because of the arrival of the majesty of the law, in the person of a belligerent policeman, who took matters in hand and ended the trouble.

Cruelty to Animals Charged to Benson
County Attorney Mahoney yesterday filed a complaint against Otto Benson, a baker on the south side, charging cruelty to animals. It is alleged that Benson beat a horse pretty badly. John Jarvi, brought in from Lathrop, where he is alleged to have stabbed another man with a knife, was arraigned before Justice of the Peace Lyson yesterday and pleaded guilty, receiving a fine of \$25. The charge was third degree assault, the lesser offense being charged because it was thought that the man could not be convicted in the district court on the evidence that was obtainable.

K. P's on Parade.
Social to The Daily Missoulian. **Whites, June 18**—More than 200 Knights of Pythias took part tonight in a grand parade through the streets of Wallace, in celebration of the closing of the convention here. Seventy-five candidates were initiated. The delegates made a trip to the Hecla and Standard mines this morning and this afternoon the newly elected officers were installed.

Lorimer Takes Oath.
Washington, June 18.—William Lorimer of Illinois took the oath of office and became a United States senator today. Although excited several weeks ago, he retained his seat in the house of representatives until satisfied that he could render better service in the senate. It is expected he will join the "progressive" senators.

Economy Discussed.
Washington, June 18.—Today's cabinet meeting at the White House continued for more than two hours and a half. At its conclusion it was announced that economy of administration was the topic of discussion. The war department budget occupied most of the time of the cabinet.

Requested to Desist.
London, June 18.—Great Britain has asked America not to press her claim for participation in the Hankow-Chinese railroad loan of \$2,500,000 which British, German and French bankers stand ready to take up. This request has been sent to James Bryce, the British ambassador at Washington.

Remember the date of the printers' dance—next Tuesday evening, June 22.

Expert Lumberman Returns

A. J. Norton in Charge of the Logging Operations at Seeley Lake in City.

A. J. Norton, expert lumberman in the forest service, arrived in the city yesterday after 14 months' sojourn at Seeley lake. Mr. Norton has been representing the government at the logging operations on the Big Black-foot Milling company at the lake. He has had charge of the scaling, brush burning, clearing and other work of that character. It was in May, 1907, that the Black-foot company bought 50,000,000 feet of timber on the east side of Seeley lake. The land is situated on the Missoula national forest. Two seasons' logging have been done and it is estimated that 33,000,000 feet have been cut, leaving a remainder of 17,000,000 feet to be cut at the next season. The contract calls for the completion of the operations by May 21, 1910. The operations for the second season have been completed and the next paid cut, but the third season is expected to commence in the early part of August. The scene of the operations has been a busy one, for as many as 200 men have been employed at a time. The last drive of the year was finished a few days ago, and now the only men remaining at the camp are the watchmen and custodians. Mr. Norton will probably visit the camp where he will take in the sights of the Alaska Yukon-Pacific exposition, returning in August to resume his work at Seeley lake.

Forest Service Men Travel

R. H. Rutledge Returns from Idaho and R. Y. Stuart Leaves for the East.

R. H. Rutledge, chief of operations in district No. 4 of the forest service, returned yesterday from a trip through Idaho and the western part of Montana. He has been away since the early part of April, having gone to visit the supervisors and make inspections of the various improvements now under course of construction on the different national forests. The improvements consist of roads, trails and bridges. Late night R. Y. Stuart, assistant chief of operations, left for Bozeman, where he will visit the supervisor of the Gallatin national forest. From there he will go to Livingston, headquarters of the Absarokee national forest; to Red Lodge, on the Bearfoot national forest; Ashland, on the Clearwater forest; Camp Crook, on the Siskiyou national forest, in South Dakota. His object is to start the various supervisors on the work of re-establishing the forest boundaries. He will be away for some time. D. L. Beatty, forest ranger on the Bitter Root valley, stationed at Stevensville, was a visitor in the office of District No. 1 yesterday. He says that he never saw the range in the valley in better shape than it is at the present time.

Two Men Are Jailed For Stealing Fowls

Officer Eckler at 2:30 yesterday morning arrested two men who gave their names as A. Murphy and Frank Hop, the twin being accused of having broken into the chicken coop in the rear of the Central meat market, and stolen several live chickens therefrom. They were alleged to have killed all but one of the fowls and offered them for sale at the Quick Lunch cafe on Higgins avenue. When brought before Justice of the Peace Lyson yesterday for arraignment, they pleaded not guilty and were immediately given a trial and found guilty. They received 30 days in the county jail.

What Others Think

Of Missoula Electric Power Resource

Below is printed an exact copy of a letter received by the Missoula Light and Water company from the Otis Electric company, the largest elevator manufacturing concern in the world.

OTIS ELEVATOR COMPANY.
Salt Lake City, May 2, 1909.

Mr. S. R. Inch, Manager Light Department, Missoula Light & Water Company, Missoula, Montana.

Dear Sir:
Your letter of April 26th was referred to me only my return from an eastern trip, and I thank you for the information given as to the power conditions. From the best data which we have, Missoula has more elevators, both in number and in horse-power capacity, than any city of similar size in the United States. This data is, of course, taken from our own records, and applies to our own installations, but the writer feels sure that it is correct, even when all other manufacturers are considered. We, in this office, are quite proud of the fact that in a town of fifteen thousand there are installed and under contract 12 modern electric elevators.

Yours very truly,
OTIS ELEVATOR COMPANY,
J. FRANK EAM,
Manager Rocky Mountain Department.

The Scenic Highway Thro' the Land of Fortune

Increased Train Service

Effective May 23, 1909, the Northern Pacific Railway augmented its passenger train service by the establishment of new trains, not alone between eastern and western terminals, but locally on main lines and branches in the several states which it serves.

It has thus placed in closer touch than ever the different sections, the various cities and towns, the thriving communities, which for twenty-six years the Northern Pacific has aided and fostered in growth and progress.

This increased efficiency of service means much to the territory tributary to the Northern Pacific Railway.

Additional lines projected or actually under construction will still further increase the scope of Northern Pacific co-operation in the development of the Northwest in the course of the next year or two.

The present through service comprises

Four Daily Electric-lighted Transcontinental Trains

affording through equipment without change between Chicago, St. Paul, Minneapolis, Fargo, Jamestown, Bismarck, Mandan, Glendive, Terry, Miles City, Forsythe, St. Louis, Kansas City, Omaha, Billings, Butte, Helena, Missoula, Spokane, Portland, Tacoma, Seattle and Puget Sound.

Direct connections from and to Duluth and Superior. Ask for new time tables showing the increased service in detail.

N. H. Mason, General Agent, Missoula, Mont.
