Piles and Piles of Furniture and Carpets Have Been Driven Into Usefulness by Our Furniture Removal Sale

Who of us has not been more or less interested in the working of the piledriver that has been doing its level best to provide us with a new bridge across the river, also who has not, through actual experience or by hearsay, become familiar with our great Furniture Removal Sale?

Here, a determination—the necessity, in fact, of reducing our stock to easily handled proportions corresponds to the machine. Low prices, from 10 per cent to 60 per cent less than regular, correspond to the driver, and our matchless stock of furniture, carpets, rugs and draperies to the driven. Instead of a succession of blows, or price cuts, we've done the thing with one stroke, and

Prices Have Reached Bed Rock

Whether you have an entire home to furnish new or anew or have need for only a single piece, you cannot afford to miss the opportunities this sale presents—you can't pick a thing without saving from 10 to 60 per cent of its regular price.

WHEN in the course of human events it becomes necessary for a man to buy a suit of clothes, the question of value is of most vital importance. All men are created equal, so far as buying clothes in this store is concerned. The man who wants to pay \$15 is equal here to the man who pays \$50; one gets as good a proportion of value for his money as the other.

The corner stone, the foundation principle of this store is value-giving; better value than anywhere else; to maintain the highest principles of business; to offer the best clothes made; to be more accommodating and helpful to our customers; and, above all, to see that they get full values for their money. The values are self-evident; so thorough in every point, small or great, that you can't make a mistake; and if a mistake is made here it's at our expense; All we want is a chance to correct it.

PREMIER Clothes \$25 to \$45

For the man who would declare his independence of the merchant tailor, we recommend PREMIER Clothes, made especially for us by the highest skilled tailors in the country and all hand made, which makes them hold their shape and wear and present till the last the appearance of gentlemen's clothes. They're exclusive in style and in fabric and every garment carries with it an individuality not found in any other make of ready-to-wear clothing. Suits in fancy weaves and patterns, in the most stylish colorings, also in fine blues and blacks. \$25 to \$45.

H., S. & M. Suits \$22.50 to \$35

Full value for every penny you spend, whether buying clothes or anything else, is all any man asks for; he has a right to expect it and he does get it in the Hart, Schaffner & Marx clothes we sell—there is more value for the money in them than in any other clothes sold at the same prices that we know. Their all-wool fabrics assure long service; they are smart in style, and there is nothing slighted in their make-up—finings, trimmings and tailoring, all of the highest order; we make a specialty of these clothes for this reason: they pay you as much as they pay us. H., S. & M. suits—fancies, blacks and blues. \$22.50 to \$35.

WOOLWORTH Suits \$15 to \$22.50

Guaranteed values, 100 per cent pure wool; with all the good colors, fabrics and models to choose from. We've been a long time perfecting this line but the success we have achieved in doing it pays well for the trouble, so quickly have men recognized the true merit of these clothes, which represent the very highest quality, best styles and most perfect tailoring possible in popular-priced clothing. \$15 to \$22.50.

Young Gentlemen's Clothes

This is one of our most successful departments. College men, high school men and young men in business are an extremely critical trade to satisfy; they know pretty definitely what they want, and they want just that; they go where they are sure to get it. These clothes, some of them are of extreme models, others are different, though dignified; lots of dash and ginger in cut, patterns and colors. \$15 to \$35.

Rain and Other Coats

A raincoat or a light overcoat is a mighty convenient garment to have handy at all times. We keep our stock complete all the time and one will find plenty of raincoats, auto coats and top coats to select from. Our "Chubardine" Raincoat-Drawers are excellent for summer use, a light-weight, all-around garment, both rain and dust proof, \$12; other styles of rain coats and top coats, \$12.50 to \$30.

BEAUTIFUL DRESS PATTERNS---HANDSOME BARGAINS AT HALF PRICE

The above heading tells the story; there is nothing much to add, except to say that, while the assortment of these patterns to select from embraces all our spring novelties, and there is a wide variety of styles, the number is by no means equal to what the demand will be for them. They are all individual pattern lengths, in volles, batistes, panamas and silk and wool novelties, in plain weaves, stripe, dot, check and figured patterns, in the latest colorings; no two alike and hardly any two at the same price.
