

DO YOU KNOW

That the Bitter Root valley is the largest of the famous fruit-growing districts of the northwest?
 That the Bitter Root is larger than the combined areas of the Hood river, Wenatchee and Yakima valleys?
 That the McIntosh Red apple attains its highest state of perfection in the Bitter Root?
 That the largest private irrigation scheme ever undertaken is being carried out in the Bitter Root?
 That there are more than 500,000 acres of orchard lands in the Bitter Root?
 That there are hundreds of new settlers coming to the valley this summer?
 That the university settlement in the Bitter Root is bringing to the valley some of the most celebrated college professors in the country, who will make their summer homes here?
 That there are at least three other settlement plans to be carried out this summer, which will bring men of wealth, refinement and influence to the Bitter Root?
 That there is no other district so attractive as to scenery and climate as the Bitter Root?

The Bitter Root Valley

A Pacific Slope Land

Famed for Its Perfect Fruit
and Its Great Profits

The Valley of Opportunity

A single acre of land in this valley has been known to produce a net profit of over \$1,800 in one year; \$500 annual net profit from an acre of land is a common event.

Crops never fail, fruit pests are unheard of and fatal diseases among stock, hogs and poultry are unknown.

Water for irrigating purposes in accessible and inexhaustible quantities.

The beautiful mountain scenery, an abundance of pure water, healthful mountain air, unrivaled climate, good means of transportation, convenience to markets, good schools, close proximity to state university, and the lowest cost of living all combine to make this locality the most ideal place for a home in the great northwest.

POLICE JUDGE, ACCOMPANIED BY HIS BRIDE, RETURNS FROM WEDDING TRIP.

Police Judge Harry M. Small, accompanied by his bride to whom he was married in Stratford, Ont., on May 14, have arrived in the city from their wedding trip and are receiving the congratulations of their friends. It was early last month that Mr. Small departed, ostensibly on a visit to his old stamping grounds in Ontario, but for the real purpose, as it afterwards appeared, of contracting the marriage. Very few of the many friends of the police judge knew of his matrimonial plans, and the event was very much of a surprise.

After their wedding, Mr. and Mrs. Small made a tour of several eastern cities and had, as the judge puts it, the time of their lives. It was a most enjoyable trip, as the judge was able to make a short visit with many of his old-time chums, whom he had not seen for 20 years. However, he was glad to get back to Missoula. Yesterday, his first day in court, made up for lost time, as he had a large grist to grind.

MANY NEW GUARDS APPOINTED TO WORK IN DISTRICT NO. 1—OTHER CHANGES.

The following changes in the personnel of district No. 1 of the forest service during the last week have been announced:

Appointed—Carrie D. Blakely, clerk, Absaroka national forest; George E. Chinn, guard, Beaverhead forest; John A. Phillips, guard, and Robert Simmons, forest assistant, Beaverhead forest; Harry W. Shelley and Ray E. Ward, guards, Blackfoot forest; Samuel T. Rossiter, Harvey H. Renshaw, Bert Wentworth and Arnold Pesh, guards, and Frank Hartman, assistant ranger, Clearwater forest; Richard P. Shields, Roy Sutton, Ray J. Trueman and Edward Trueman, guards, Flathead forest; B. Frank Helzeman and Edgar T. White, guards, Kootenai forest; Harold Holt, K. S. Wheeler and William Christie, guards, and William W. Morris, forest assistant, Kootenai forest; Peter A. Cummins, guard, Lolo forest; Chapin Jones, forest assistant, Madison forest; Harry M. Merrifield, assistant ranger, Pend Oreille forest.

Appointment revoked—Lawrence J. Howard, assistant ranger, Helena forest.

Temporary appointment terminated—Carrie M. Hoyt, Absaroka forest.

Separated—George W. Adams, guard, Deer Lodge forest.

Resigned—Eugene E. Pink, assistant ranger, Clearwater forest; E. C. Russell, supervisor, Beartooth forest; George Seelos, assistant ranger, Beaverhead forest.

Appointed—Chester H. Wilcox, forest assistant, Pend Oreille forest.

LOGGING CAMP CREW MOVES ITS QUARTERS

Hamilton, June 29.—The entire force of men working at the Anaconda Copper Mining company's camp No. 2, which is situated on Lick creek, was transferred yesterday to Burkhous creek, where a camp made up of large tents has been erected. Both donkey engines and the steam loader and also the Shay engine were taken. Practically everything was taken from camp No. 2. The reason for this deserting camp No. 2 was that all the timber within a mile and a half of camp has been cut and it was necessary for the men to walk too far to work. About two miles above camp No. 2 on Lick creek, William Wade, with a force of men, is at work building new camps, which will be the next scene of operations on Lick creek.

The timber on Burkhous creek will last about three months yet, then the logging operations of the Anaconda company on that creek will be at an end.

HAMILTON BREVITIES

Hamilton, June 29.—Bruce Wells, editor of the Stevensville Register, is a business visitor in Hamilton today.

Mr. Meyers of Missoula is spending a few days in Hamilton.

Henry Greenwood of Missoula is attending to business affairs in Hamilton.

C. B. McCarthy of Stevensville is registered at the Hamilton.

D. Hudson of Missoula is a guest at the Hamilton.

J. B. Sanford of Helena is attending to business matters in Hamilton.

V. P. Strange is a business visitor in Hamilton from Stevensville.

J. L. Oliver, a big fruit grower from Colorado, is visiting in Hamilton.

Miss Winifred Romney arrived in Hamilton last evening from Salt Lake, where she has been visiting with relatives. While away Miss Romney also spent some time in San Francisco. She will remain in Hamilton, a guest of her brother, Miles Romney, for several weeks.

James O'Leary of Butte is registered at the Ravalli.

H. Veblen of Minneapolis, E. Dulenty of Butte and R. A. Kingsbury of Benton, Mo., are among those who have recently arrived in Hamilton and are looking over the Bitter Root land with the intention of acquiring property here.

DARBY MANIFESTING A GROWING SPIRIT

Hamilton, June 29.—The little town of Darby has given a great deal during the past year and is still growing. Edward Borrell is erecting a handsome two-story residence on Main street, which will be finished in the near future. The building being erected by John Maddall will be completed in the course of a month. This new structure, which is located on Main street, will be used for a drug store. A good many cottages have sprung up lately also. When University Heights, owned by the Bitter Root Valley Irrigation company, are settled up with people, Darby is bound to be a good town, for it is situated only a few miles from this new orchard country.

NEW DEVELOPMENTS IN CASE

SUIT INVOLVING ORINOCO CORPORATION AND VENEZUELAN GOVERNMENT.

Caracas, Venezuela, June 29.—The case of the Orinoco corporation and the Venezuelan government which, according to the arbitration protocol of last February, it is to be settled directly between the parties concerned, has entered upon sensational developments.

After a newspaper campaign of weeks on the part of claimants to block proceedings, Pedro Ustariis, in opposition to the corporation, has brought suit for criminal libel against Edouard Dudge, the representative of the corporation here, charging him with having purposely retained certain documents signed by George Turnbull, until Turnbull had left the country, and then giving them publicity. Turnbull left Caracas on June 14. These papers are said to have been exceedingly damaging to Messrs. Saucoga and Ustariis, showing that their alleged titles to lands in Venezuela are not valid. Saucoga and Ustariis reserve the right in their complaint to bring suit against John Brewer, the American consular agent here, and any other persons implicated with Mr. Dudge.

The Venezuelan cabinet three days ago approved the draft of a new concession giving the Orinoco corporation the right to work large tracts of land containing valuable mineral resources, including the Imatancea from mine.

SIZZLING SUMMER.

Piercing heat than has broiled this island in any June for many a year is today paralyzing every movement throughout the length and breadth of Gotham. While scores of New Yorkers are being felled by the merciless beating of the sun and the choking gasp of a heavy humidity, the whole town is almost on the verge of a panic over this unseasonable visitation of midsummer hot waves. Appalled by the early start of the death-dealing weather in the tenement districts, the health officials and dozens of private philanthropic organizations are today taking emergency measures to guard the lives of the younger and weaker inmates of the slum. For the nobles particularly every effort is being made to teach and help busy mothers to take precautions against the stifling heat. If early indications count for anything this metropolis is promised one of the hottest summers its perspiring people have ever experienced.

OFFICIALS EXAMINE FISHERIES TREATY

Toronto, Ont., June 29.—For the purpose of going over the regulations contained in the fisheries treaty, which has been signed by the president of the United States and the prime minister of Canada, Professor David Starr Jordan, president of Leland Stanford university, and Professor E. E. Peirce of Ottawa, are conferring here.

"The regulations have been made international rather than local," said Professor Jordan last evening, "and will be promulgated by the two governments by the first of next December to take effect in January, 1910, and possibly not until 1911."

SUSPECTS BOUND OVER.

Cleveland, Ohio, June 29.—George and Joseph Nuzzo, the local Black Hand suspects, waived examination today and were bound over to the federal grand jury. Pippino Galgao of Meadville, Pa., demanded a hearing. He said he had been initiated to join the Society of the Barabara by Sam Lima of Marlon, Ohio, who, according to the postal officials, is at the head of the Black Hand enterprise. Galgao was also bound over to the grand jury.

AUTOIST IS KILLED.

Elizabeth, N. J., June 29.—Edward Collette of this city was killed near here today, when a tire on his automobile burst and the machine crashed into a telephone pole. Stanley Reed, also of this city, suffered a fractured skull; John Leiter of New York received compound fractures in both arms, and Mrs. Tucker of Newark received bruises and shock.

Perfumed soaps seldom contain either good perfume or good soap.

If you want perfume, buy perfume—the best you can afford.

As for soap, there's nothing better than Ivory.

No "free" alkali in it; no coloring matter; no adulterant of any kind.

Ivory Soap 99 4/100 Per Cent. Pure.
