MAKE MUCH MONEY BOOKLET ADVERTISES WILL MAKE REPORT A BIG REVELATION BY THRIFT YELLOWSTONE OF MEETING TO THEM

IGORROTES MANAGE TO SAVE
HANDSOME BANK ACCOUNTS
IN SEATTLE.

Seattle, July 3.—"What do the Igor-
rotes do with the money they get?"
is the common query by visitors to
the Igorrote village at the world's
fair at Seattle. The answer is of in-
terest to many who have not yet
visited the fair, as these little head-
hunting brown monsters have been
seen in many of the larger cities since
they were brought over to this coun-
try a few years ago. After this year
they are all to be returned to their
native clime.

The Igorrotes are among the least
civilized tribes from the interior of
the island of Luzon. They buy can-
nons, razor blades, dogs, beads and
Chinese bar iron for big "feast ket-
tles." The Igorrote is not inclined
nor does he indulge in strong drink.
From these dog-eating savages some
Americans might take lessons in
thrift. During the past winter the 50
living in Seattle had to clothe their
nakedness to some extent, and this
depleted their bank accounts, but a
conservative estimate places the aver-
age individual bank account at \$700.
This will be increased, probably, \$300
before the fair is over. This will
come from the sale of spears, rings
and the like.

During the winter nearly all of
them purchased a number of trunks
and suit cases to carry some of their
American purchases back to their
country.

The Igorrotes have acquired the pie-
cake and ice cream habit, but they
still enjoy dog.

A funny joke in the way of work-
ing the anti-cigarette bill passed by
the Washington legislature, has
caused some little speculation among
the users of the tiny paper pipes and
a general disappearance of the dainty
yellow coloring is observed on the
tongues of many of the many devotees
of the fascinating art.

Aimed originally at the prevention
of cigarette selling, the bill was so
worded that their use is considered a
misdemeanor by the law. In some of
the smaller towns of the state enter-
prising officials have been adding to
their local reputation and glory by
issuing to cover certain pill-smokers
whose general appearance might at
least suggest suspicion.

Aside from these apprehensions, the
sanity and usefulness of the measure
is not regarded with any uneasiness
by users of the ordinary brands,
whether made in Turkey, Egypt, Bos-
ton or other civilized villages. In the
cities of importance in Washington,
such as Seattle, Tacoma and Spokane,
the fragrant, or some time villainous
tobacco, being the property of the
advised and unadvised cigarette, is met
with or smelled on every hand. The
"makins" are in all smokers' pockets,
and the tailor-made article is burned
when wealth is abundant.

It is not necessary for cigarette
smokers to lean back over the gap
separating the present from childhood
days, and seek the seclusion of the
back barn wall to enjoy the comforts
of the "Good God Nick." The joke per-
colated through the added blocks of
the Washington legislature is consid-
ered as intended, and in Seattle a
man may take his tobacco in any
form he prefers, and if he or his
friend do not request incarceration is
not considered in the criminal class
or a social outcast.

CONFESSES MURDER OF AN AGED UNCLE

New London, Conn., July 3.—Ac-
cording to the local police, Gideon M.
Guist today confessed that he killed
his uncle, C. M. Guist, aged 73, a
wealthy retired farmer, on the nephew's
farm, five miles southeast of
Burton, last Monday by shooting
him in the back of the head follow-
ing a dispute over crops. The re-
sult was the death of the uncle in a
wagon three quarters of a mile and
threw it under a culvert, where it was
found Tuesday by a 10-year-old son
of the alleged confessed slayer. Guist
is in jail charged with murder.

BELIEVE THEY HAVE KING OF SMUGGLERS

El Paso, Texas, July 3.—In the ar-
rest at La Paz, a frontier town in Sonora,
on the Arizona border, of Francisco
Durano, the Mexican officials believe
they have captured the director of a
gigantic smuggling scheme. A num-
ber of papers have been taken which
indicate that the band carried on ex-
tensive operations, including the
smuggling of Chinese into the United
States. The American officials have
been asked to cooperate.

POSTMASTER KILLED BY DARING ROBBERS

Durango, Mex., July 3.—Daniel Cer-
rillo, postmaster at Santa Maria, del
Oro, who disappeared when his office
was robbed of \$4,000 several months
ago, was not the robber, as was sup-
posed. The discovery of the body by
the police today confirmed the sus-
picion that the postmaster had been
murdered and his body hidden to fa-
cilitate the escape of the robbers and
throw suspicion on the ill-fated man.

NORTHERN PACIFIC ISSUES AT-
TRACTION PAMPHLET—N.
P. NEWS OF THE DAY.

The passenger department of the
Northern Pacific railway has issued
many handsome publications this sea-
son, but perhaps a little bit the finest
of the series is its new "Land of
Geyers" booklet describing Yellow-
stone national park. It contains 32
pages of charming pictures and inter-
esting text telling about the wonders
and beauties of the park. It is, in-
deed, is the book which can be per-
used without being possessed of a de-
sire to see for himself the country's
greatest outing spot, and partake of
the hospitality of that magnificent
chain of hotels, which provide enter-
tainment for visitors to the "Wonder-
land of the World."

The cover of the booklet is a work
of art, being executed in three colors
and portraying "Old Faithful Geyser"
doing its full duty for education of
spectators, while across the bottom is
a panel design showing one of the six-
horse coaches of the Park Transporta-
tion company pulling over a boulevard
toward the great lava entrance arch,
which stands at Gardiner—the official
entrance, reached only via the North-
ern Pacific railway.

Copies of the book may be obtained
free upon application to the general
passenger agent at St. Paul, and it be-
lieves every man, whether he be able
to make the trip or not, to receive this
book and at least read up about that
phenomenal spot where hot springs
and bubbling geysers from below,
and forest of air and smiling faces above,
combine to entrance and captivate.

Yesterday another stretch of four
miles of the Northern Pacific's ad-
vanced track was added to the road
now in operation and traffic was
formally started over the line at about
4 o'clock yesterday afternoon. The
work here on this section of the road
has been held back this long by the
delayed construction of a bridge across
the Hot Lake river, near Nimrod. The
new bridge, which is of steel, will re-
place the old wooden structure which
was used until yesterday and is of
the same modern type as all of the
road's new bridges in this part of the
country. The completion of this track
leaves but 16 miles more to be com-
pleted and with the turning over of the
Donner line next week the whole line
will be in operation with the exception
of a 12-mile stretch near Bearmouth.

If the rumor which was circulated
generally about the Northern Pacific
offices and particularly about the of-
fice of the trainmaster, proves to be
correct all of the local employees of
the road will have a liberal supply of
fresh trout tomorrow night for As-
sistant Trainmaster Brown reports
that he is going on a fishing trip. Mr.
Brown has a great reputation as a
fisherman and there is no doubt in the
minds of the office force that he will
bring back with a good basket full.
Mr. Brown, himself, speaking
modestly, said that he was going to
get 120. So he will probably come
back with all that he can carry.

SOLDIERS OF FORTUNE HAVE LITTLE CHANCE

Spokane, July 3.—Soldiers of fortune
and speculators will get short shift if
they register for any of the Indian
lands in Western Montana. Northern
Idaho and Eastern Washington, where
750,000 acres will be thrown open on
August 5. Those who register should
try to get the land, when they have
neither the money with which to make
the first payment nor the inclination
to cultivate the land, and others who
seek land only to sell their relinquish-
ment or hold it as an investment with-
out making permanent homes are
barred. They can and may register,
but in doing so they must perjure
themselves. If any cases are brought
to the attention of the government and
prosecuted, the charge of perjury, the
offenders will face the courts. The
government desires titles of the
land, which actually need homes and will
farm the lands. James W. Wilson, su-
perintendent in charge of the opening,
has sent an appeal to the registry
points in Spokane, Cheate d'Alene, Mon-
tana, and Kalksell and Missoula, Idah-
o, and Kalksell and Missoula, Mont.,
urging residents to see that justice is
done to those who are seeking the
land for actual settlement and that all
others are excluded out.

RELIEF TO BE GIVEN.

Cobalt, Ontario, July 3.—Prompt
measures have been taken for the re-
lief of the 1,000 people who were made
homeless by the fire that swept the
southern part of the town yesterday.
One hundred tents and 300 blankets
furnished by the provincial govern-
ment are on route in charge of a re-
lief corps. Seventy-five buildings
were destroyed, and the loss is esti-
mated at from \$250,000 to \$400,000.

ON WAY TO ISLANDS.

Ogden, Utah, July 3.—The Twelfth
infantry, consisting of something over
200 enlisted men and 45 commissioned
officers, under command of Colonel
W. H. C. Bowen and Lieutenant A.
R. Ames, passed through Ogden this
morning en route to San Francisco
and the Philippines in a special mili-
tary train of two sections.

Terribly Scalded

is something you hear or read about
every day of our lives. Burns and
scalds, either slight or serious, are
bound to happen in your family; be
prepared by having a bottle of Bal-
lard's Snow Liniment handy. It re-
lieves the pain instantly and quickly
heals the burn. Sold by George Frei-
sheimer.

LOCAL DELEGATES TO EPWORTH
LEAGUE CONVENTION BACK
FROM LEWISTOWN.

King, Garlington, and Misses
Rella Likes and Marjorie Mason, dele-
gates to the fourteenth annual con-
vention of the Epworth League, held
at Lewistown, June 24-27, will pre-
sent their reports at the regular
meeting of the society at 7 o'clock
this evening.

The delegates express themselves as
having had a most enjoyable trip
and are enthusiastic over the recep-
tion given them at Lewistown.

Miss Rella Likes, who has attended
to the 11 state conventions, says that
this year's convention was the best
that has ever been held in the
state.

The Missoula Epworth League,
which is the largest in the state, hav-
ing a membership of over 200 young
people, is proud to have the delegates
made at the convention, their society
making a better showing both num-
erically and financially than any
society in the state.

Rev. Edward Laird Mills, district
superintendent of the Methodist Epis-
copal church, will be one of the
speakers at the meeting tonight and
there will be special music by a girls'
chorus.

LEADER WITHDRAWS

Wilmington, Del., July 3.—The
most important political development
of the year in Delaware became
known this week, when it was
learned that T. Coleman Du Pont,
president of the Du Pont Powder com-
pany, had withdrawn from the active
duties of chairman of the republican
state committee. Mayor Horace Wil-
son of Wilmington has been appointed
vice chairman of the state committee
"with full power."

While it is given out that the reason
for Du Pont's withdrawal from the
management of the committee's
affairs is because of his illness, it is
stated this step is but the forerun-
ner of his complete retirement from
participation in politics.

It has been understood for some
time that the officials of the Du Pont
Powder company do not endorse T.
Coleman Du Pont's political ambi-
tions. It is rumored furthermore, that
pressure is being brought to bear upon
him to have him abandon politics.
The primary reason for this is due to
the fact, as previously announced,
that the institution by the govern-
ment of the present suit against the
Du Pont Powder company, for alleged
violation of the Sherman anti-trust
law, is attributed to his political ac-
tivity. In this connection, it is said,
the political aspirations of Senator Du
Pont, a cousin of the state chairman,
have likewise played a part.

The situation, therefore, is of the
utmost importance as having a direct
bearing on the affairs of the powder
company with its capitalization of
\$20,000,000.

T. Coleman Du Pont has been ill for
six months; he has not during that
time attended to any of his duties as
head of the powder company. Al-
though he sent a letter to each mem-
ber of the state committee May 15,
which, in effect, asked them to ap-
prove of his plan to appoint a vice
chairman, the matter was kept quiet
until today. After receiving the sanc-
tion of the different committees, Du
Pont, May 25, appointed Mayor
Wilson to the new position, to take
effect at once.

It was also learned today that last
Tuesday Governor Pennington and Al-
den R. Benson, of Dover, treasurer of
the republican state committee and
manager of the committee headquar-
ters here, took luncheon with T. Cole-
man Du Pont. It is said the appoint-
ment of the vice chairman was the
most recent topic discussed.

When Mayor Wilson was asked to-
night about his new position he de-
clared that although he was given
full power to act he would not as-
sume the initiative in the direction
of the state committee's affairs with-
out having the endorsement of Chair-
man Du Pont.

It will be seen, therefore, that while
Du Pont has seemingly withdrawn he
is still the directing head of the re-
publican organization in Delaware, a
fact that may result in further de-
velopments from the standpoint of the
objecting powder company.

It was declared tonight that the
political status of T. Coleman Du Pont
will have a serious effect on the aspira-
tions of Senator Du Pont to succeed
himself in the 1911 session of the leg-
islature. It was due to the efforts of
the state chairman that his cousin
was elected to the senate at a special
session of the general assembly in
June, 1906.

ST. PAUL BUSINESS MEN FIND
MANY SURPRISING THINGS
IN TOUR OF WEST.

St. Paul, Minn., July 3.—New branch
houses in the west, new traveling road
making western territory and a tremen-
dously accentuated interest in
Montana and all the territory east of
the Cascades—these are the first net
results of the unusual trade excursion
from which leading jobbers, manufac-
turers, distributors and bankers have
just returned to St. Paul. Two weeks
on the road, making town after town,
almost without stop, and yet tired as
they are, the business men unanimously
agree that the trip has been one of
the most instructive and one of the
pleasanteest they have ever made. And
it was the longest, both in point of
mileage and time on the road.

Montana gave the visitors a right
royal welcome, not only in her prin-
cipal cities but in every town and ham-
let through which the special train
passed. The Montana press has been
especially cordial, and the newspaper
clippings, of which more than a peek
have already come back to St. Paul,
are being read with the keenest appre-
ciation by very many business men
whose duties did not permit them to
make the trip.

It was the finest trip we ever made,
we saw the finest country imaginable,
the people who welcomed us are the
finest on earth," is the way a St. Paul
banker who made the swing around
the circuit sums up the trip. Montana
was paid an especial compliment, in
that the business men changed their
itinerary en route and devoted prac-
tically the whole of their trip to the
farther western points, omitting the
schedule as it covered Minnesota and
parts of the Dakotas entirely. This
omission will be made up by a second
trip later in the summer, during which
the remaining points on the original
itinerary will be visited.

The trip promises to be of immediate
practical importance to the western
territory. Several large St. Paul houses
represented in the party were so for-
tunately impressed with the enormous
growth of the country during recent
years, the present volume of business
and the present opportunities that they
have already begun making their plans
for the establishment of western
branch houses, which will within a de-
cade become large concerns. Several of
the larger St. Paul concerns are al-
ready represented in some of the far-
western cities, and upon the coast by
branch establishments and warehouses.
Another important development will be
the immediate strengthening of the
force of traveling men in western ter-
ritory, on the part of a number of
houses, especially with reference to the
new Montana towns and territory
which has been opened up to settle-
ment within the past few years.

It is probable that this summer's
Montana journey will be repeated again
next season, with the possible addition
of a large part of Washington, espe-
cially along the transcontinental rail-
ways for which St. Paul is the west-
ern gateway.

FIFTEEN MILLION IS FIRST REFUND

Spokane, July 3.—Fifteen million
dollars is the amount of a first refund-
ing mortgage to the Farmers' Loan &
Trust company of New York, filed at
Wallace, Idaho, by the Washington
Water Power company of Spokane.
The money is to be used in the construc-
tion of an additional power plant at
Little Falls, for improvements and ex-
tensions of the present system of
power lines and to cover the present
indebtedness. The company recently
decided upon a bond issue of \$16,000,-
000, of which amount more than \$3,-
000,000 a year is being expended to im-
prove its electric railway and power
lines in eastern Washington and north-
ern Idaho. Much of the energy now
generated in the Spokane river is used
to move cars and light the mines in
the various camps in the Coeur d'Alene
district, the power being carried over
lines more than 120 miles distant. The
mortgage is the second largest yet
filed in northern Idaho, the other being
for \$10,000,000, by the Chicago, Mil-
waukee & Paper Mill Railway com-
pany.

IS UNCONSTITUTIONAL.

Mustkee, Okla., July 3.—Judge R.
E. Campbell in the federal court here
today, held the Oklahoma statute pro-
hibiting the shipping of oil and gas
out of the state is in violation of the
federal constitution and of the inter-
state commerce act. This is regarded
as a final victory for the foreign pipe
line companies, who were restrained
by the state officials from selling the
natural products in other states.

WOULD BE GOVERNOR.

Nashville, Tenn., July 3.—Attorney
General Jefferson D. McBurn, who
successfully prosecuted the Cooper
for the murder of Senator Edward W.
Carrack, announced his candidacy for
governor today.

ABBOTT NOMINATED

Washington, July 3.—President Taft
today nominated Fred H. Abbott of
Nebraska to be assistant commissioner
of Indian affairs.

Put in Jail

very accurately describes anyone's
feelings who is confined to the house
with an attack of rheumatism, hum-
blature. It was due to the efforts of
the state chairman that his cousin
was elected to the senate at a special
session of the general assembly in
June, 1906.

Store Closed Monday

TOMORROW WE CELEBRATE THE
FOURTH DAY OF JULY. WE HOPE YOU
WILL DO THE SAME.

SCHLOSSBERG'S

What Others Think Of Missoula Electric Power Resource

Below is printed an exact copy of a letter received by
the Missoula Light and Water company from the Otis Elec-
tric company, the largest elevator manufacturing concern
in the world.

OTIS ELEVATOR COMPANY.

Salt Lake City, May 3, 1909.

Mr. S. R. Inch, Manager Light Department,
Missoula Light & Water Company,
Missoula, Montana.

Dear Sir:

Your letter of April 26th was referred to me only my return from an
eastern trip, and I thank you for the information given as to the power
conditions.

From the best data which we have, Missoula has more elevators, both
in number and in horse-power capacity, than any city of similar size in
the United States. This data is, of course, taken from our own records,
and applies to our own installations, but the writer feels sure that it is
correct, even when all other manufacturers are considered. We, in this
office, are quite proud of the fact that in a town of fifteen thousand there
are installed and under contract 12 modern electric elevators.

Yours very truly,

OTIS ELEVATOR COMPANY,
J. FRANK BLAM,
Manager Rocky Mountain Department.

MISSOULA LIGHT & WATER CO.

Kryptok Invisible Bifocals

Are made to fit the nose and far vision requirements of any individual.
They are by far the most elegant in appearance, the most serviceable,
and the only PERFECT bifocal lenses.

Kryptoks are light, SOLID lenses, with perfectly even unbroken
surfaces. They are absolutely indestructible, except by breakage, and
present no hard lines obstructive to sight and destructive to nerves.
Have your old ones replaced now.

Optical Specialist. NEWTON H. SCHWEIKER, 318 Higgins Avenue.

EQUITABLE LIFE

Strongest in the World

Why not buy an up-to-date policy and have it backed by
the strongest company?

Insure now.

GEORGE F. BROOKS

Agent for Missoula County

BROOKS'

Everything that men wear. We haven't been in business long enough
to have lots of odds and ends and shop worn goods, and don't intend to
accumulate them.

But, what's left of our Summer Suits, Underwear, Shirts, etc., we have
marked at prices that are bound to move them.

Look in the window as you pass by.

W. B. Brooks.

T. E. Turner.
