

# Enormous Damage Sale of Wash Goods

More Than Two Thousand Yards of the Finest Wash Fabrics Suitable for Ladies' and Children's Summer Dresses, Waists and Skirts, Damaged by Last Tuesday Morning's Heavy Thunder Shower Exactly 2,175 Yards on Sale at About 1/4 of Their Actual Cost to Us

A waste pipe leading from the roof down through the building became disconnected and allowed the water to flood the wash goods section, despite the night watchman's efforts to prevent it. Hundreds of yards, however, were only just dampened, while in other instances the outer wrappings and edges have merely been moistened. To you there is an immense saving, for there's scarcely a yard but what may be sent to your laundryman and returned to you fresh, crisp and immaculate as the day it issued from the factory. There are complete assortments of the season's new wash fabric, Flaxon; white waistings, plain and jacquarded effects; batiste and dimities galore, with a saving to you worth your immediate consideration; besides some of our best pillow cases, sheets and spreads suffered damage enough to hinder their sale as far as clean, new merchandise is concerned. Everything good as new after being laundered. Just note these savings:
