BITTER ROOT SESSIONS END BOOSTERS BUSY WITH MASS MEETING

HOLD MEETING AND DECIDE TO ORGANIZE A HAMILTON CHAMBER OF COMMERCE.

NATIONAL EDUCATIONAL ASSOCIATION CONCLUDES ITS CONVENTION.

MUCH ENTHUSIASM SHOWN

FAYILL DELIVERS TALK

Business Men of Hamilton Decide to Install an Organization Modeled After That of Missoula—Steps Taken to Have Exhibits at the Missoula and Spokane Apple Shows.

President of Chicago Municipal Voters League Contends that the Schools Must Look After the Health of Children, as Well as Their Education in Line of Books.

Hamilton, July 9.—There was a rousing meeting of the Hamilton Business Men's association tonight, at which important matters were taken up and acted upon to the entire satisfaction of the boosters of the Bitter Root. As one result of the meeting Hamilton is to have a chamber of commerce, modeled after the Missoula organization, with a salaried secretary and an energetic executive board. There was much enthusiasm over this suggestion and the committee which has the organization in hand started tonight upon its work, with splendid prospects of complete success. The meeting also decided to maintain an advertising department at Missoula during the period of registration for the Plattehead opening, where attention will be called to the attractions and advantages of the Bitter Root valley and of Hamilton in particular. The question of exhibiting at the Missoula and Spokane apple shows this year was taken up, with enthusiasm, and there are already five starters in the field to prepare the exhibits.

Enthusiasm. There was a good attendance at the meeting when Chairman Sharron called the session to order. George Dick was secretary and the meeting got down to business in short order. Two committees were named to take charge of the matter of representation in Missoula during the registration period. The first of these, which will look after the finances of the matter, is: Frank M. Morris, J. E. Torrence and W. B. Fisher. The committee on publication and advertising, which will have charge of the pamphlet to be distributed at Missoula, is: B. Conkey, Kenneth Ramsey and George W. Deegan. These newspapers will take up at once the preparation of the pamphlet, which must be ready when registration begins.

There was cordial endorsement of the proposition to arrange for a proper exhibit of Bitter Root fruit at the Missoula and Spokane apple shows, and the following committee was named to arrange for the display: D. T. Woodruff, W. H. Kirby, W. B. Fisher, Harry Groover, W. B. Harlan and Mrs. Mary Holloway, the latter representing the upper and lower valley.

Chapter of Commerce. There was enthusiastic support to the proposition to change the association into a chamber of commerce, modeled after the Missoula organization, with a salaried secretary. To carry out the provisions of this proposition a committee of three was named to form a chamber of commerce, secure the necessary support from business men and to call a meeting when ready. Its committee is: J. O. Read, W. O. Fish and J. E. Torrence. A good start was made tonight by the committee, and prompt organization is assured. It was decided to invite the members of the Montana State Bankers' association during their session in Missoula in August to come up and spend a day in the valley and see what there is here. This invitation will be duly forwarded so that the bankers may make their plans to permit the trip up the valley.

ENGAGED TO MARRY PORTUGUESE PRINCE

London, July 9.—The Austrian embassy here today announced the engagement of Prince Miguel of Braganza, eldest son of Duke Michael, to the pretender to the Portuguese throne, to Miss Anita Stewart, daughter of James Henry Smith of New York. Prince Miguel was born September 2, 1878 and is the son of Duke Michael, the pretender to the Portuguese throne, by his wife Princess Elizabeth of Thurnund and Taxis, whom he married in 1897. Miss Anita Stewart is the daughter of James Henry Smith who formerly was the wife of William Blineland Stewart. Mr. Smith died while the family were traveling in Japan two years ago, leaving an estate estimated at about \$30,000,000. Miss Stewart has known the prince for several years. It is probable that the marriage will take place in London, but this has not been settled. Prince Miguel is the grandson of King Miguel of Portugal, and an officer in the Austrian army.

Denver, July 9.—With a final round of department meetings, round-table gatherings, directors' conferences, topped off with a monster mass meeting in the Auditorium, the National Education association came to a close tonight. Dr. Henry D. Fayill, M. D., of Chicago, president of the Chicago Municipal Voters league, was the principal speaker tonight. His subject was, "Should the Public Schools Be the Bulwark of Public Health," and was of intense interest because of the attention given school hygiene and manual training during the convention. "Physical health is the basis of mental and moral integrity. The question of public health is the most vital question connected with the social and moral progress. This involves, however, an intelligent broadening of school activities to the point of correlating through the school the social activities of its contingent community. The relation of the school to the child during the formative period of its life is the period during which the child is receiving its growth, mental and physical, puts beyond question the obligation to establish this idea." This was the argument made by Dr. Fayill in his contention that the school is the guardian of the health of the child.

Frank Chapman Sharp, professor of philosophy of the University of Wisconsin, gave an illustration from a Wisconsin school of an experiment in moral education, which was beyond question successful. Study at home was discussed by Miss Mary A. Cunningham of the grade teachers' association of St. Paul before the afternoon session of the round-table conference. In this she urged the women present to make all possible use of home study for the child as well as for themselves. She outlined a course of study which might be tried as an experiment. The session closed with the election of officers.

The question of a meeting place for next year occasioned some further discussion during the afternoon but it was the general opinion among those in authority that the executive committee will not decide finally upon a city until the next meeting in October.

DENIES MOTION FOR A TRANSFER

New York, July 9.—In the supreme court, Justice Gaynor today denied the motion recently made before him for the removal of the Thaw insanity hearing from West Chester county to New York county. Justice Gaynor referred to New York county's plea that for the convenience of expert witnesses, of whom it was desired to ask a lengthy question would be served by the removal of the case to New York and said: "This has now been confined in the state lunatic asylum for a year, and the experienced and practical physicians in charge there ought to suffice for the experts on the state on the question whether this man, who has already been adjudged a lunatic by Justice Morschauer, after a full hearing has since recovered and may safely be set at large."

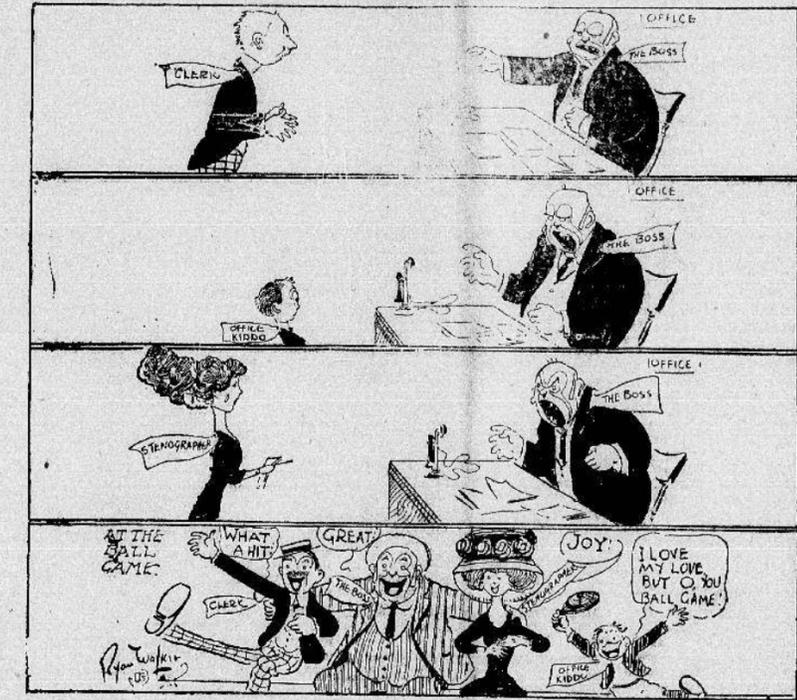

MANY NEW CASES.

St. Petersburg, July 9.—During the past 24 hours 158 new chotera cases and 13 deaths were reported. Mme. Kryzhanovskai, the wife of a prominent official, died today from the disease.

WOMAN IS RELEASED BY FEDERAL JUDGE

Seattle, July 9.—Mrs. Vera De Noie, who came here recently from Hong Kong and who is charged with being an alien unlawfully in the United States, was released on \$1,000 bail today by United States District Judge Hanford. Mrs. De Noie, who has been a prisoner in the immigrant detention station says that she was born in Eldora, Iowa, of American parents; that she is the wife of William H. Bray of Red Bank, N. J., and that her relatives are prominent in Iowa and New Jersey.

CIRCUMSTANCES ALTER CASES

SITUATION SERIOUS AT THE BIG DAM

FLOOD WATERS ARE NOW A FOOT OVER SWALE OF PATH-FINDER DAM.

Cheyenne, Wyo., July 9.—Reports received here tonight indicate that conditions at the Pathfinder dam at Alcova, said to be the largest in the world, are most serious. Water is now a foot over the swale and is held only by a temporary dyke built on a gravel foundation. The government geological survey has a force of men scattered along the river for more than 100 miles above the dam taking measurements of the river's flow to give indications of any sudden rise in the stream that might carry away the dyke and cause a flood. Preparations have been made to dynamite the dyke if the waters carry away the temporary dyke. Arrangements have also been made to warn the people living in the valley below in case of danger.

PROVIDES MANY DUTIES.

Washington, July 9.—The Philippine tariff bill passed by the senate provides for duties on nearly 400 articles imported by those islands. The rates range from 10 per cent on crude materials for the manufacture of necessities to 50 per cent on luxuries. It is estimated that ad valorem duties on articles of the proposed law will be about 23 per cent.

A NEW SCHEDULE.

Helena, July 9.—The state board of railroad commissioners today announced that it would tomorrow issue a new coal schedule affecting all Montana points. Material reductions will be announced from all coal centers to practically every point in the state.

A FINE IS IMPOSED UPON SUFFRAGETTE

London, July 9.—Sir Albert de Bittan, chief magistrate of the Metropolitan police court today decided against the suffragettes on the point raised by Miss Pankhurst regarding their right to present a petition to the premier, and the court sentenced Miss Pankhurst to pay a fine of \$5 or go to prison for a month on the charge of resisting the police. Mrs. Haverfield, daughter of Lord Abinger, was given the same sentence as Miss Pankhurst. Both the women notified the court of their intention to appeal from the judgment and they were released on promising to abstain from sending further deputations to the house of commons during the present session. The cases of all other suffragettes who were arrested with Miss Pankhurst were adjourned pending the outcome of Miss Pankhurst's appeal.

FARMER IS KILLED

Helena, July 9.—A special to the Record from Lewistown says that Ward Phillips, a well-known farmer, was accidentally killed today. He was constructing a root house when the roof fell in, burying him. He was dead when rescuers reached the body.

ARGENTINE LEGATION IS FURIOUSLY ATTACKED

La Paz, Bolivia, July 9.—At 9 o'clock tonight a furious mob attacked the Argentine legation. Troops have been called out and fears are entertained for the safety of the Argentine minister. The trouble is the outcome of the decision rendered by President Alcoriza of Argentina in the boundary dispute between Peru and Bolivia.

ONE GAY LOTHARIO IS CAUGHT

THE "PROFESSIONAL FIANCEE" IS CAPTURED BY THE FRISCO POLICE.

San Francisco, July 9.—John Madison, wanted for bigamy in nearly every large city in the United States and many of the smaller ones is in the hands of the police of this city. The authorities here have already established his marriages to 10 women and his engagements and possible marriage to 14 others. Each of the 24 women duped by Madison is said by the police to have lost more or less money through his friendship.

A PROFESSIONAL.

St. Louis, July 9.—John Madison became known here to the police as the "professional fiancee" after it was discovered in the fall of 1908 he had married three women here and had deserted each of them after obtaining possession of their jewels and money. Mrs. Elizabeth Jackson of Iowa, Kus, was the first to put the police on Madison's trail. She arrived here last January, looking for Madison, whom she said she had known as C. C. Johnson. She told the authorities here that Madison had obtained \$1,055 from her.

After a short and fervent courtship Madison had induced Mrs. Katherine Baughman of St. Louis to marry him and sign over property valued at \$1,000. He turned this into cash and deserted her. Mrs. Baughman left St. Louis soon after saying she was going to Los Angeles. A St. Louis woman known as Mrs. Alice Richardson, told the police Madison had obtained \$2,000 from her on a pretense of marriage. He got \$450 and a diamond ring from Miss Minnie Allen by marrying her, then deserted her. Madison posed as a wealthy stock raiser. He was assisted by a partner, who found women he thought would be susceptible to Madison's wiles. He would remark he had a friend who was looking for a wife. He told wonderful stories of his friend's 12 roomed mansion filled with Chinese servants in Los Angeles. If he was encouraged the confederate would arrange correspondence between Madison and the woman. Madison would then seek a personal interview. In nearly every case he induced the woman to become his wife. Madison had false ceremonies performed.

LAW UNCONSTITUTIONAL.

Tacoma, Wash., July 9.—Judge Clifford of the superior court today decided the new anti-cigarette law to be unconstitutional on the ground that it is in conflict with the provisions of the interstate commerce law. The court holds that while the state may regulate the sale of any article of commerce by the exercise of its police powers, it must not attempt to nullify a federal statute.

TARIFF IS SHIFTED TO CONFERENCE COMMITTEE

AFTER A LENGTHY AND HEATED DEBATE THE HOUSE DISPOSES OF MATTER.

Washington, July 9.—The tariff question has been shifted from both houses of congress to a conference committee. After one hour and a half of debate the house today by a vote of 158 to 161 made a rule whereby the 87 amendments of the senate were disagreed to and the conference requested by the senate granted. Eighteen republicans voted against the rule and one democrat for it. When the house met at noon interest was at fever heat. The leaders on both sides had notified their respective forces to be on hand, in anticipation that the tariff bill would come over from the senate. The summonses were responded to almost without exception.

The debate at times waxed warm, and disclosed the fact that there were some republicans, in addition to the so-called "insurgents" who were yet to be pacified before they would give their votes on the final passage of the bill. The democrats held up the majority party to scorn for having, as they charged, violated its anti-election pledge. A feature of the discussion was an appeal by Chairman Payne to his colleagues to send the conferees to the senate unimpeded by instructions. He promised to rigidly exact an explanation of every amendment made by the senate in order that the house conferees might report back a bill which would meet the approval of the majority and of the country at large. His appeal was granted.

A \$25 adjournment was taken until Monday noon, when the joint resolution providing for the submission to the several states of the income tax amendment to the constitution will be considered.

FOUND NOT GUILTY OF STEALING SHEEP

Miles City, July 9.—J. W. Sweetzer, president of the First National bank of Forsyth, was given a hearing today on the charge of grand larceny in stealing 304 head of sheep and taking 3,000 pounds of wool, the property of H. M. Howard. The defendant was discharged, the evidence showing that Sweetzer had turned over 800 head of sheep to Howard, all that were brand of sufficiently plain, and made restitution of the balance as soon as Howard proved his claim.

SENTENCED TO DEATH.

St. Petersburg, July 9.—M. Sziestunoff, a reporter of the Bourse Gazette and other St. Petersburg papers, was today sentenced to death by a military court on the charge of robbing a teamster. Prior to this robbery he was sentenced to eight years' penal servitude for attempting another robbery.

FATAL QUARREL.

Spokane, July 9.—Henry Saltstraw, a farmer, living near Colbert, is dead with a bullet wound through his head and Edward Scholl, a neighboring rancher is in jail charged with murder as the result of a quarrel between the two men last night.

OUTLINES PLAN EXPECT FIGHT OF COMING TRIP ON TARIFF CHANGES

ITINERARY OF WESTERN TOUR BRIEFLY STATED BY PRESIDENT TAFT.

HOUSE AND SENATE CONFEREES LOSE NO TIME IN PLANNING THEIR WORK.

WILL NOT GO TO ALASKA

Ill Health of Mrs. Taft Causes Executive to Abandon This Portion of His Trip as Originally Planned—Proposes to Start on Journey Just After His Next Birthday.

ALDRICH CONSULTS TAFT

It is Reported That President Objects to Amendment Accepted to the Corporation Tax Measure, and It May Become Necessary to Entirely Redraft This Provision.

Washington, July 9.—President Taft today while en route to Washington gave an outline of the tentative plans for his trip through the west and south this fall. The president has abandoned all idea of visiting Alaska this year, largely owing to the fact that Mrs. Taft will not be able to go with him. Upon his arrival here today the president received word from Beverly that Mrs. Taft was rapidly improving in health. She went for a day to the northern shore of Massachusetts is assisting her in her recuperation. The president feels, however, that it would be too much of a strain upon his wife to ask her to go on the long, western trip this fall which will occupy about two months.

As soon as the tariff bill has received the sanction of the president, Mr. Taft will leave Washington for Beverly. He will remain there until September 15, his grand birthday—when he hopes, if Mrs. Taft continues to improve, to begin his western journey. The president will head directly from Beverly to Seattle, stopping for brief visits en route at Denver, Salt Lake and Spokane. After visiting the Alaska-Yukon-Pacific exposition, the president will swing down to the southwest, stopping for a time at Portland, where he will be the guest of Senator Jonathan Bourne, and proceeding thence to San Francisco, where he will spend several days. Leaving San Francisco, the president will go direct to Los Angeles, where he will stop for several days with his sister.

From Los Angeles Mr. Taft will go to San Diego and then into Arizona and New Mexico. If the weather is pleasant and the arrangements permit the president hopes to visit the Yosemite valley before going to Los Angeles.

To Visit Diaz. Coming out of New Mexico, the president will stop for a time at El Paso, where he expects to see President Diaz of Mexico. President Diaz and President Taft have never met. The Mexican president wrote recently to the White House suggesting a conference at El Paso, and President Taft replied today that he would be delighted to meet the Mexican executive about October 15, the meeting depending, of course, upon the president's ability to make the western trip.

After the stop at El Paso, the president will visit San Antonio where he will inspect Fort San Houston. Mr. Taft, while secretary of war, was deeply impressed with this post and was instrumental in building it up to its present importance. After visiting Austin and Dallas, Texas, the president expects to spend several days on the ranch owned by his brother, C. P. Taft, at Corpus Christi, near Brownsville.

Coming east the president will stop at Houston and go to New Orleans to attend the meeting of the deep waterways congress, the date of which will be fixed to suit his convenience.

Will Go "Home."

After attending the convention, Mr. Taft wants to stop for a time in the Bayou Teche country of Louisiana, the land of Evangeline and Arcadia. From there the president will proceed to Jackson, Miss., thence to Montgomery, Birmingham and Macon. From Macon the president will go "home" to Augusta, to have a game or two of golf on the links where he spent much time last winter. Leaving Augusta, the president goes to Savannah and there begins his homeward flight to the White House, stopping at Wilmington, N. C., and Richmond, Va.

HOUSE INSURGENTS PREPARE FOR WAR

Washington, July 9.—The republican "insurgents" met before the house convened today and decided on a plan of action. They decided to try to vote the previous question on the special rule if the house leaders proposed to cut off amendment and debate on the rules. They decided, if given an opportunity, to seek the amendment of the rule so as to prove that the house agrees to the senate reductions in the rates of the house bill and insist that all house rates remain than those in the senate bill.

Washington, July 9.—No time was lost today by the conferees of the house and senate in getting together to map out the program for the many sessions that must be held to put the finishing touches upon tariff legislation. Many of the 87 amendments are likely to be contested with bitterness, but Senator Aldrich of the senate finance committee and Chairman Payne of the house ways and means committee agree that it may be possible to reach an agreement within 10 days.

The two leaders, however, are not sanguine of their ability to get the conferees reports adopted speedily after they have been presented to the house and senate, and an effort is being made to have President Taft take part in the threatened controversy.

According to current report, Mr. Payne sought to have the republican conferees named in order of their seniority, as was done in the senate. The speaker chose the conferees himself, ignoring Representative Hill of Connecticut and Representative Needham of Louisiana.

Friends of Chairman Payne are authority for the statement that he did not consent to Speaker Cannon's selections until after he had entered a vigorous protest. After his conference with the speaker he is said to have told a number of his friends that he believed the conferees had been chosen with a view to putting the tariff bill through as speedily as possible along senate lines. By this was meant that the house conferees were expected to acquiesce in the principal increases in rates that had been made by the senate.

Senator Aldrich (this afternoon had an extended conference with President Taft, who had just returned from New England. The president questioned Mr. Aldrich concerning many of the amendments to the tariff bill made by the senate, but it is said that he did not criticize any of the proceedings in that body except the acceptance of an amendment to the corporation tax provision, making it applicable to holding companies. The inference gained by Mr. Taft's callers today is that he would not sanction the adoption of an amendment taxing the net earnings of corporations unless the utmost caution is taken to prevent double taxation.

After the conference with the president Mr. Aldrich said that it might be necessary to entirely redraft the corporation tax provision in conference.

PAY CHECK SYSTEM ASSAILED BY JURY

San Francisco, July 9.—After six hours of deliberation the corner's jury investigating the death of Caroline Brasch, the girl bookkeeper of Gray Bros., who was shot and killed in their office last week, returned a verdict tonight charging James E. Cunningham, the self-confessed murderer, with the crime, and recommending that laws be framed and adopted that will do away with the "lime check" system, of paying laborers used by Gray Bros. The request was attended by men of all professions, legislators, lawyers, doctors and ministers, seeking a chance to denounce the "pay check" system. Resentment at Gray Bros. over delay in receiving money due him prompted Cunningham to commit the crime.

CONDITION SATISFACTORY

Vienna, July 9.—E. H. Harriman, accompanied by Professor Adolph Struenpel, arrived here today to see Dr. Dickson.

Dr. Dickson examined Mr. Harriman and also held a consultation with Professor Struenpel. Both physicians say that the railroad man's condition is satisfactory.

Mr. Harriman will remain in Vienna for two days, when he will go to Salzburg to take the baths.

VESSEL IS SAFE.

San Francisco, July 9.—The steam schooner P. J. Adler, bound from Seattle to Bethel, Alaska, recently reported to have been struggling in a heavy storm, and for whose safety fears were entertained, arrived safely at her destination on July 7, according to a dispatch received today by the Merchants' exchange.
