

QUITTING BUSINESS FOREVER

GOODS ALMOST GIVEN AWAY MOST STUPENDOUS VALUES EVER GIVEN MISSOULA'S SHOPPERS

The story is brief. The Martin Co. is going to quit business. Sharp, short and decisive the selling will be and every day the bargains are becoming more numerous. Short lots are being almost thrown away. If you have not bought, get in quick. Ask your neighbors---they are coming for more bargains.

It's a Matter of History Now

How the Martin Company gained the enviable reputation as one of the most reliable stores in the state. This was acquired by their handling nothing but the very best merchandise money could buy; then their store systems---one could always come here with the assurance of their wants being properly attended to.

It's Not a Hard Luck Story

Any financial or mercantile authority anywhere from the Atlantic to the Pacific will tell you that the Martin Company is as sound as a bell. However, the die is cast, and on goes

The Greatest Sale in the History of Modern Merchandising. Out The Martin Co. goes; In The Sales Conductors

You know, perhaps, as well as the writer, what it means when these Eastern Sales Conductors take hold in closing out at all costs. It's the money they want and money they must have.

MONDAY AND ALL WEEK

As long as the goods hold out they will be practically given away. Such values you have never seen--the chance to buy spick-span goods at cost---most stupendous event in Missoula's history. Don't let it slip past you. Go after some of the bargains.

We Are Very Sorry, Indeed

To see a stock of such large proportions ruthlessly slaughtered by the force of circumstances. It has been very well said that

Circumstances Often Alter Cases

And this is one of the cases. One man in millions might pass through this life without being struck by lightning, but then he might be just the one to be struck by lightning. This is an instance which happens once in a long while. And while we wish to emphasize these facts, as we want to be clearly and distinctly understood that

The Martin Company Is Going to Quit, Is Willing to Quit, and Will Quit the Business

It's our bounden duty to say The Martin Company is quitting at all costs, no matter what the stocks may fetch. If other storekeepers rave and tear their hair, what do the salesmen care?

Hundreds packed the store yesterday. They carried away bundles and bundles and bundles all crammed to the utmost with merchandise, bought for next to nothing.

REMEMBER THE PLACE

The Martin Co.

REMEMBER IT'S THE

MARKET MOVEMENTS OF THE DAY

New York, July 10.—Today's stock market was analogous to the remainder of the week. The dullness was the reflection of the disappointment of hopes of a good demand for stocks. The demand today continued to be slight, and while selling pressure was not urgent the dribbling of offerings was sufficient to carry prices downward. Interest is attached to the reported objection by President Taft to the double taxation involved in the amendment to the corporation tax provision, including "holding companies." The financial chronicle estimated the rate of increase in June gross earnings of railroads over June of last year at 16.45 per cent on returns from one third of the total mileage of the country. The same authority points out however, that in June, last year, the decrease in gross earnings for a similar mileage and in comparison with the previous year reached a percentage of 2.89. The discrepancies between the bank statement of average and of actual condition, which have come to be expected, throw increasing light on the condition as the more reliable statement. It was there that the known movements for money for the week found reflection in the cash gain, while the repayment of loans to the banks naturally following the passing of the July settlements, were also reported in the actual condition in con-

|--|--|
| QUARANTINE TO BE RAISED. | |
| Holona, July 10.—The state board of health today passed a resolution abolishing the quarantine now existing in the state after January 1, 1910. The resolution states that as vaccination has been proved to be an absolute preventive against smallpox, and as the quarantines have put the different counties of the state to great expense, the board can see no reason why the quarantines should be kept in force for any greater length of time. | |

IN THE THEATERS

At the Family.
The diamond thief is one of the hardest of criminals to detect and fasten the crime upon, they exist and ply their trade in the best of society. They dispose of their treasures in pawn shops and "fences." They resort to all means and subterfuges. Ofttimes we find the "diamond thief" clad in rags but more often he wears the invariance and evening dress. This class of criminals ply their trade in a peculiar way, the shrewdest of detectives are balked, entire police forces are shocked, the public stands in awe at their audacity. Yet for years, the "diamond thief" constantly occupies the front pages of our leading journals, escapes the law and defies detectives.

At the Family theater commencing Monday night, is shown an elaborate production of the latest New York sensation entitled "The Diamond Thief." The plot shows the stealing of the diamonds. The best of sketches are placed upon their tracks and after following and tracing the criminal across the continent by a successful ruse, they bring the thief back to the scenes of his crimes, and expose him before his victims in a most sensational manner.

New specialties and costumes and scenery are introduced by the Van Dyke company and "The Diamond Thief" promises to be one of the best sensations and most realistic productions that this excellent stock company has produced.

At the Grand.
The Grand theater will present to

the theater-goers of Missoula an exceptionally good program Monday evening. The bill consists of three numbers, all of independent strain and each in its own way entertaining to a degree of perfection.

"Billy Edwards & Company" present a society sketch entitled "The Picture Man." The act will be well staged and Billy Edwards is possessed with more than usual ability as a cartoonist. This will be a special feature of the cast.

Herbert Bert Lennson will impersonate famous actors. At this work he is very clever. He will imitate such people as James A. Herne in the part he has long taken in the well known play "Shore Acres." Junie McCree as he appeared in "The Man from Denver;" Billy Van in his universally known title of "The Minstrel Man," and others of note.

Miss Edith Haney has won praise as "The Pocket Edition Soubrette" and has long been called "a dainty morsel of vaudeville delicacy." That her act is a delightful one is assured.

Miss Maxwell will sing an illustrated ballad and the usual run of motion pictures will fill a prominent position on the program.

At the Bijou.
The Bijou theater promises a very interesting and amusing collection of motion pictures for Monday evening. The illustrated song will be rendered by Ed Levasseur.

New Dining Room.
In future the Missoula hotel dining room will be open from 6 a. m. to 9 p. m. The management has spared no expense to make it one of the neatest and best places in the city.
