MISSOULA, MONTANA, WEDNESDAY MORNING, JULY 14, 1909.

PRICE FIVE CENTS

MANY BRIEFS ON TARIFF MATTERS

CONFEREES ARE BESIEGED BY LOBBYISTS WHO WOULD CHANGE THE BILL.

MANY POINTS SETTLED

Some Four Hundred Amendments to the Measure Are Finally Acted Upon by the Joint Conference Members From the House and Senate—Sub-Conferences Have Lots of Work to Do.

Washington, July 13.—By passing over the cotton and woolen schedules without taking up any of the amended paragraphs, and skipping the disputed points connected with the rates on lumber in the wool schedule, the tariff conferees were able today to dispose of about 40 amendments. Many important subjects such as the drawback feature of the alcohol paragraph, the rates on oil cloth, and the various items under the head of lithographs were submitted to sub-conferences. When the night session was begun the conferees had reached sundries, nearly the last on the schedule. So many matters had been put over the future session, however, that it is difficult to tell just how much progress has been made.

The moment a member of a conference emerges from a session he is surrounded and besieged by lobbyists. Some of the conferees have adopted the plan of refusing to accept these arguments, basing their decision upon the fact that the bill has been considered in both branches of congress and that it is now the duty of the conference committee to harmonize the differences without outside influence of any kind. Few of the conferees predict that a report can be made before a week from Saturday, but some go as far as to forecast August 1, or later for the adjournment of the extra session.

An unexpected burst of speed was exhibited by the tariff conferees tonight, and the first consideration of the bill was completed. When tomorrow's session begins the struggle over the important differences between the house and the senate will open. Thus far all of the questions involving raw materials, which have been the subjects of heated disputes, have been put over after brief discussions held for the purpose of determining the temper of the representatives of the two branches of congress.

The bill again will be taken up in the numerical order of the amendments, which means that the chemical schedule will be the first.

MAY HAVE TO CALL TEDDY TO THE CHAIR

Yosemite, Cal., July 13.—Bishop William M. Bell of Los Angeles, in an address before the Yosemite Valley Chautauqua last night, declared that if William Howard Taft fails to make a good tariff and disappoints the people, after making them promises, it may be necessary to recall to the White House our dearly beloved Theodore. Bishop Bell said further that the times demanded a strong, fearless man for president and also a clear, fearless president. He declared that the clergy had been too indifferent to politics in the past. "Woe," he said, "was centered in a few individual hands and the time was coming for a division, even if a revolution is necessary."

SUPPORT IS PLEDGED TO WOMAN SUFFRAGE

Seattle, July 13.—When the Pacific Coast Unitarian conference last Saturday affirmed its approval of the Methodist plank, it changed two words in plank No. 1, to commit the Unitarian church to suffrage. The Unitarian plank reads: "For equal rights and complete justice for all men and women in all stations of life." The words "and women" are not in the Methodist plank.

Rev. J. D. Thomas, the Seattle Unitarian pastor, said today:

"We are pledged to the cause of equal rights for men and women. I myself am an ardent suffragist and I cannot see how any Unitarian can be anything else."

CAPITAL CITY IS QUICKLY CAPTURED

CONSTITUTIONAL FORCES PRACTICALLY CAPTURE TEHERAN, IN PERSIA.

ORDER IS MAINTAINED

Attention of Royalists Is Attracted in One Direction While Invading Forces Makes an Easy Entrance to City From Another Direction—The Cossacks Were the Only Defenders.

Teheran, Persia, July 13.—Recent events in Asia are being repeated in Persia. The constitutionalists forces are now in possession of the greater part of Teheran, which they entered this morning without encountering any organized resistance. While Sardarabad and Sipahdar, the leaders in the movement, concentrated the attention of the royalists by demonstrations to the west, a strong body of nationalists and Bakhtiaris made their way unnoticed around to the north, from which point the capture of the capital was not difficult. The royalists are badly situated to make further resistance, and the Cossacks under command of Russian officers are now outside the city entirely cut off from their comrades.

The strictest discipline is being maintained by the nationalists. The nationalist leader in a note to the Russian and British legations guarantees safety of life and property to foreigners, adding that nothing is demanded from the shah but a real constitution. Sardarabad already has summoned the members of the Majlis to witness the opening of parliament. The invaders lost only one man while making their entry into the city. The loss to the royalists is unknown, but cannot be heavy as the Cossacks were the only defenders to offer resistance. They are keeping up a desultory fire tonight and occasionally are making use of their artillery. There is much ill feeling against the Russians and the nationalists are endeavoring to prevent any incident that might justify a Russian force entering the city.

Attack Is Made.

London, July 13.—A dispatch from Teheran says that the nationalists attacked the Cossacks in the barracks and Artillery square for two hours this evening without succeeding in capturing the positions. The combat was fiercely waged, the Cossacks using shrapnel. A body of the shah's troops, the dispatch says, is coming from Shalabad by forced marches to the assistance of the royalists.

There is little sympathy in England for the shah, who, according to reports from Persia, stands a good chance of losing his throne. Great Britain, in conjunction with Russia, consistently urged him to re-establish the constitution, the failure to do which has placed him in his present uncomfortable position.

Great Britain's further action will be confined to strictly safeguarding British interests. It is believed that Russia will act similarly.

MAY TRANSFER TO JAPAN.

Tokyo, July 13.—It is believed here that the new convention between Japan and Korea extends beyond the financial arrangement necessary for the establishment of the center bank and it is expected that Korea will thereby transfer her judiciary autonomy to Japan.

AN AUTOPSY PROVES A CASE OF MURDER

Special to The Daily Missoulian.
Butte, July 13.—Albert H. Jones, known as "Rusty" Jones, Andrew Thomas Howard and Henry Johnson, all colored, were today formally held by the coroner's jury for the murder of John Jones, who died in the Johnson cabin under mysterious circumstances on the night of July 2 and whose body was thrown into a deserted mine shaft. The testimony has always been contradictory during the four days' inquest has been in progress and many of the members of the drug colony testified. All doubt was removed from the minds of the jurors today when the doctors who performed the autopsy testified that the body was in a normal healthy condition and that death was due to a hemorrhage of the lungs due to external injuries, the prevailing belief being that the man was given an overdose of morphine and then beaten to death.

A FEW MORE WITNESSES.

Chicago, July 13.—Ella Gingles' fate may be in the hands of the jury by Friday night, according to Assistant State's Attorney Short. Upon resuming the presentation of rebuttal testimony today Mr. Short said he had but half a dozen more witnesses to examine.

THE MAN AND THE TIGER

To vent his spleen, it would seem, Ringleman shot at the tiger supreme. But his bullets missed fire, Only raised tiger's ire, And soon he was not to be seen.

THOUSANDS ATTEND CUSHMAN'S FUNERAL OF IMPORTANT AMENDMENT

BODY LIES IN STATE AT ARMORY AND IS INTERRED IN TACOMA CEMETERY.

Tacoma, July 13.—Thousands of people paid their last tribute of respect and friendship to the late Congressman Francis W. Cushman today. The body lay in state at the armory from 10 a. m. to 1 p. m. A large number of floral tributes were heaped upon the casket. The funeral address was made by Rev. Alfred W. Martin. The former United States Senator John L. Wilson followed in a brief eulogy.

Following the public services, a private service was held at the armory and then the body was escorted to the Tacoma cemetery by Masonic bodies and a detachment of troops of the national guard. Masonic services were held at the cemetery. The honorary pall bearers included former United States senators, governors, federal and state judges and representatives of civic and municipal organizations.

DESIRES TO SELECT SUCCESSOR

PRINCE VON BUELOW WILL RECOMMEND APPOINTMENT OF HOLLWEG.

Berlin, July 13.—Prince von Buelow, the retiring imperial chancellor, will formally propose in his audience with the emperor tomorrow that he be succeeded by Dr. von Bethmann-Hollweg, secretary of the interior and vice chancellor. There is reason to believe his majesty will accept this proposal and that the appointment will be gazetted at once.

Dr. von Bethmann-Hollweg is a college friend of the emperor; they were fraternity brothers in the Borussia corps at Bonn, and during the entire reign of William Dr. von Bethmann-Hollweg often has advised his majesty. It is claimed, however, that he has shown a disinclination to accept high office. He is a man of reserved and thoughtful habits, and sometimes has been called the "philosopher statesman."

Dr. von Bethmann-Hollweg is of Jewish origin. In his youth he studied law and was appointed assistant judge. Before he was 30 years old he was made district governor of Ober-Barnim, and after that his advancement was rapid.

PLANS AGREED UPON.

Helena, July 13.—The members of the state board of examiners, the advisory committee and representatives of the New York and Helena firms appointed as architects, spent today in going over the plans for the new wings authorized by the recent legislature and which are to cost \$500,000. The plans were tacitly agreed upon. There will be a final meeting Friday, after which actual building operations will begin.

BRYAN WOULD HAVE POPULAR ELECTION OF SENATORS VOTED UPON BY STATES.

Lincoln, Neb., July 13.—William J. Bryan today addressed a letter to President Taft asking him to allow the people to vote on popular election of senators. Mr. Bryan says: "To President Taft. Now that the states are going to vote on the ratification of the amendment specifically authorizing an income tax, why not give them a chance to vote on an amendment providing for the election of United States senators by popular vote."

"In your speech of acceptance you said you were personally inclined to aid you were personally inclined to aid your cause a change in the constitution. Would this not be an opportune time to present this subject to congress? Two constitutional amendments, one authorizing an income tax, and the other providing for the popular election of senators would make your administration memorable, and I pledge you whatever assistance I can render in securing the ratification of these amendments. With great respect, I am, yours truly, 'W. J. BRYAN'."

ORDERED TO TRIAL.

Constantinople, July 13.—An imperial decree today orders the trial by court-martial of Djavad Bey, ex-vice of Adana; Mustafa Pasha, the military commander at Adana; and Yussuff Bey, governor of Job Elbricket the viceroy of Adana, on the charge that they were implicated in the Armenian massacres of last April.

FEDERATION MEMBER DIRECTING STRIKE

Ely, Nev., July 13.—Thomas Corra of the Western Federation of Miners has taken charge of the strike of 400 miners employed at the Veteran mine of the Cumberland Ely company.

At a meeting of the miners at Rippon last night it was decided to stand fast and continue the fight indefinitely.

Deputies Arnold and Smith, arrested in connection with the shooting of the two Austrian strikers, were released today, pending the filing of a complaint.

PERUVIANS DEPARTING.

La Paz, July 13.—The ministers here of Peru and Argentina are expecting final instructions from their governments as to what course they shall pursue owing to the continued hostile demonstrations against their legations in this city. The Peruvians residing in Bolivia are beginning to leave the country.

ADOPTS TREATY.

Paris, July 13.—The chamber of deputies today adopted almost unanimously the amended Franco-Canadian treaty with the concurrence of the senate.

HOSTELRY AT UTAH HOT SPRINGS IS ROBBED BY THREE MASKED HIGHWAYMEN.

Ogden, July 13.—Three masked men held up the hotel at the Utah hot springs, 10 miles north of Ogden, at 10:30 o'clock last night, and, after shooting Richard Barnett, the manager of the resort, through the right arm, pried open the safe, used jointly by the hotel and the United States postoffice at that point, and got away with between \$400 and \$500. About \$300 of this amount was in stamps and money belonging to the government.

Six men standing in the lobby of the hotel were ordered to throw up their hands. Although Barnett had fired at him, a 45-caliber ball passing through his right arm, between the elbow and the shoulder, inflicting a painful, though not serious, wound. Sheriff Wilson has gone to the scene of the crime.

FIREMAN IS KILLED IN WRECK

ORIENTAL LIMITED ON GREAT NORTHERN ROAD LEAVES THE RAILS NEAR RONDO.

Great Falls, July 13.—A special to The Tribune from Kalspell says: "Great Northern Limited No. 2, eastbound passenger train, on the Great Northern was wrecked late yesterday afternoon a mile west of Rondo, J. Hyde, fireman, was instantly killed, being cut in two by the engine. Engineer Suttersohn was scalded about the face and had his head bruised, but it is not believed that he is fatally injured. One passenger had his back slightly hurt."

The cause of the accident is not yet known, but the cars were thrown in every direction. The engine is lying on its side on one side of the track, and most of the wrecked cars on the other. The mail car is lying across the track, with one end in the Kootenai river. The baggage car is lying on its side and half submerged in water; the dynamo car is off its trucks and crosswise of the track, and the smoker is also partially under water. Five other cars are off the track, but not materially damaged.

Immediately after the wreck the cars caught fire, but it was extinguished by the train crew and passengers. The track is considerably torn up and all traffic will be delayed for 10 hours or more.

MAKES FINE FLIGHT.

Calais, July 13.—Herbert Latham, the French aeroplanist, who is waiting here for favorable weather conditions to attempt to reach England in his monoplane, made a splendid 15-minute trial flight this morning. In coming down, however, the propeller was slightly damaged by contact with the earth. There was a slight wind at the time of Latham's flight.

FIGHT OCCURS ON EXALTED RULER

CONTEST OVER HEAD OF THE ELKS PROVES TO BE A BITTER AND LONG ONE.

J. U. SAMMIS IS CHOSEN

Iowa and Ohio Delegations Lead in Spirited Battle to Elect Respective Candidates, but Former Wins by Close Margin, Result Being in Doubt Until Votes Are Counted.

Los Angeles, July 13.—The grand lodge of Elks today elected the following officers: Exalted ruler, James U. Sammis, Le Mars, Iowa. Leading knight, Warren G. Sayre, Wabash, Ind. Lecturing knight, J. D. Jones, Scranton, Pa. Secretary, Fred C. Robinson, Dubuque, Iowa. Treasurer, Edwin R. Leach, New York. Trustee, Perry A. Chay, Denver. Tyler, Charles L. Dicker, Bemidji, Minn. Inner guard, A. M. Taylor, St. Augustine, Fla.

The balloting for grand exalted ruler knight resulted in no election, four candidates being voted for and no one receiving a majority. J. L. Preston of Wyoming received 352 votes.

Another ballot will be taken tomorrow. The count was completed at 9 o'clock, and after the official notification of the result had been made to Grand Exalted Ruler Holland at his headquarters at the Alexandria hotel, the results were given to the press.

The vote for grand exalted ruler was extremely close, Sammis receiving 552 votes and Herrmann, 529.

Big Fight.

The big fight of the session of the grand lodge was over the election of a grand exalted ruler. The result of this contest was in doubt until the count of the votes was completed. During the last hours the struggle for votes, led by the Iowa delegation for Sammis, and the Ohio delegation for Herrmann, grew into a bitter one, and into this final struggle many prominent Elks, including J. L. Holland, the present grand exalted ruler, was drawn.

In a statement regarding the publication of a letter he had written to Sammis, Mr. Holland complained that unfairness had been shown in not giving out the entire contents of the letter, but only such portions as made it appear that he had endorsed the candidacy of Sammis.

The only other contest was over the office of grand lecturing knight. Harry Walter of Philadelphia and J. D. Jones of Scranton, Pa., were nominated. Jones developed considerable strength during the last hours.

The only business transacted by the grand lodge today, outside of the election of officers, was the selection of Detroit as the place for holding the reunion in 1910. St. Louis, Boston and Portland, Ore., were nominated as rivals of Detroit, but no strength for any one of these developed and when St. Louis withdrew from the contest, Detroit was named by acclamation.

Many Visitors.

Thousands of visitors to the reunion who came to the city for the session of the grand lodge, went to Santa Monica, Ocean Park and Venice, nearby beach resorts, where a program of entertainment was provided.

In the annual report of Grand Exalted Ruler Holland, the matter of establishing an orphanage for the children of deceased Elks is submitted to the grand lodge without recommendation. The location of the present national Elks' home at Bedford, Va., was criticized by the grand exalted ruler, who suggested that a fund of \$25,000 be raised by the Elks in the next 10 years by an annual assessment of 5 cents a member and that a new home be built in some other city.

The report shows that the last year has been one of unprecedented prosperity for the order. Forty-two new lodges have been established and the total number of members exceeds 300,000.

The report condemns the use of membership in the Elks' order for political purposes and urges the expulsion of any member of abusing his privileges.

ONLY STATE SCHOOLS.

Helena, July 13.—The attorney general's office today rendered an opinion to the effect that the law passed by the legislature in 1907, which prohibits the establishment or maintenance of a school within 2,000 feet of educational institutions applies not to county or district schools, but exclusively to state educational institutions, which have a technical and limited meaning in Montana statutes.

ORDERS GIVEN TO BEGIN WORK

TELEGRAM TO MR. INCH ORDERS STREET CAR LINE CONSTRUCTION TO BEGIN.

POLES WILL BE PLACED

Rails for Missoula's Electric Railway Have Been Ordered From Colorado and Will Be in the City by the Time the First Line of Poles Is Gotten Into Position for Wires.

Butte, July 13, 1909.
Mr. S. R. Inch, Missoula, Mont., Have ordered rails from Colorado, shipment next week. Proceed with the erection of poles. Senator has ordered trolley wire. A. H. WETHEY.

This telegram, received yesterday by Superintendent Inch of the electric railway, contains the first positive and definite order from the headquarters of W. A. Clark for the beginning of actual operations on the construction work of the electric car line. Its significance is important as it means that the work of building the line, as far as it has been projected, will be undertaken without delay.

Acting upon the orders contained in the telegram, Mr. Inch at once began the assembling of a gang of men for the work ahead of him. This work will, it is expected, occupy all of today and tomorrow morning the poles will be stuck up. Work will start at the corner of South Fifth and Ash streets and will proceed from there to the city limits.

Enough poles are here in the material yards to keep the gang busy for some time and more will be here soon. The steel for the line will come from the Colorado Fuel & Iron company; the copper wire will be made at Mr. Clark's works in the east. The material will come right along so that there will be no delay in the construction and the rolling stock will be here as soon as the track is ready.

When the work of building the line from Fifth and Ash streets in finished, the construction of other parts of the line will be taken up. The first section of line to be built will extend from the point of beginning to the site for the car barns and shops in section 23. At this point the Northern Pacific will build at once a spur for unloading material and in every way possible the construction work will be facilitated.

ASSESSMENT SHOWS SUBSTANTIAL GAIN

Special to The Daily Missoulian.

Butte, July 13.—County Assessor Sullivan completed the 1909 assessment roll of Silver Bow county this afternoon and, according to the figures taken from the last year's assessment book, the assessment this year is approximately \$2,532,720 more than in 1908. The actual assessment as now completed is \$33,651,845, but about \$2,000,000 will be added to this figure when the state board sends in the figures for the railways. Last year the total assessment was \$34,526,255, but this was reduced by the board of equalization to \$31,112,125. The board struck from the list the stock assessment of W. A. Clark and F. Augustus Heinze, and Assessor Sullivan has not added them to this year's list.

REMAINS ARE FOUND IN LARGE PASTURE

Miles City, July 13.—The body of Richard Samples, a Marsh rancher, was found Monday morning in a pasture 20 miles from town by H. B. Lowe, who has a sheep camp about a mile away. Samples left town in company with Jack Houston and another man Sunday. He had been drinking and the wagon upset near where the corpse was found. His companions left him, as they were seen a couple of miles away while Samples was still wrestling with his overturned load. He evidently committed suicide from despondency, as a bullet hole was found over his left eye, together with much powder burn.

RETURN TO WORK.

Honolulu, July 13.—All of the Japanese laborers at the Waimanalo plantation, who struck yesterday and who made a demonstration against County Sheriff Jarrett, when he arrested five of their leaders, returned to work today.
