

BISON RESERVE FENCE PROGRESSES

ASSISTANT ENGINEER KRAMER TAKES MORE MEN TO AID IN ITS CONSTRUCTION.

E. W. Kramer, assistant engineer in District 2 of the forest service, accompanied by eight men, left yesterday for Ravalli, where the camp of the crew which will build the fence around the bison reserve has been placed. Work on the fence has been in progress now for the past two weeks, under the direction of Mr. Kramer. Of late there has been a force of only 10 men employed, and these have been engaged in digging post holes, about a mile having been dug and crossing the posts. Since only one mile out of the total circumference of 22 has been excavated for the poles, it will be some time before the stockade is completed. But with the additional men taken to Ravalli yesterday, Mr. Kramer expects to make faster progress.

HOW TO CURE STOMACH TROUBLE

By a Simple Home Recipe. We want every reader of this paper who suffers from indigestion, hatching, sour stomach, dyspepsia and a dozen other kindred ailments to know how to cure themselves with a simple mixture of three ingredients that you can have your druggist mix for you or you can easily mix them at home. The ingredients are as follows: Proseone compound, one ounce; compound tincture of cinchona, one ounce, and sherry wine, half a pint. Shake together in a bottle and take a teaspoonful in a wineglassful of water half an hour before meals. No sufferer from stomach trouble should put off having his druggist mix this up for him. Proseone compound is a product of the laboratories of the Cooper Pharmaceutical Co., Chicago. It can be found in the prescription department of any first-class drug store, as well as the other ingredients.

NOTES OF WALLACE

Wallace, July 13.—A strike of 14 inches of solid galena ore has been made in the Alameda property. The drift has shown some galena for 50 feet. Alameda stock stood at 50 cents two years ago, but is quoted at 6 cents now. The ore in the drift on the Carney copper property near Mullan is widening out with depth and the full face of the drift is now in solid chalcocite ore of a shipping grade.

FREE For "Summer Complaint"

The common ailment of these hot days is "Summer Complaint," or diarrhea. It is very annoying and weakening and upsets the stomach. The cause of the trouble usually lies in food and water, which in the summer time are often laden with germs, but with many it is due to eating too much fruit or to eating over-ripe fruit. Whatever the cause it is not good to take an astringent remedy that binds up the bowels and stops the flow too suddenly, but take a reliable, natural laxative like DR. CALDWELL'S SYRUP PEPSIN. Its antiseptic properties remove the germs which have been causing the irritation. Children like it especially because of its gentle action and pleasant taste. Salts and purgative waters, tablets or pills, act so violently as to weaken you, still more, and do but temporary good. DR. CALDWELL'S SYRUP PEPSIN is the best remedy you can obtain for constipation, indigestion, summer complaint or summer colic, biliousness, sick headache, etc. All druggists sell it and it costs only 50 cents or \$1.00 a large bottle. It is for all members of the family and should be your household remedy for these purposes.

PIANO BUYERS' GREAT OPPORTUNITY

TWENTY PIANOS TO BE SOLD AT FACTORY PRICES — ONE-THIRD CAN BE SAVED.

An elegant piano in the home is the source of perpetual pleasure; nothing will educate and refine one's nature more than music. The lady or gentleman who can entertain nicely on a piano is considered cultured, and is never a wallflower in society. Right now the commonest laborer can afford to purchase a beautiful piano, or an organ, for the education and refinement of the family. Any thorough business man realizes that the principal items in the cost of manufactured articles to the user, or consumer, is the enormous expense of putting the goods on the market is about equal to the factory cost of the article. Now, if you can reduce the heavy expense you will cut the retail price in two. For example: An average year's business in a town of this size is about 20 pianos and a few organs. Well, it costs about \$300 per month or \$3,600 per year to do the business, freight, rent, salaries, heat, light, etc. Now, if we can do one year's business in 10 days' time, we can cut off the heavy expense of running a store for a year, which means to the customer about \$150 less than the usual retail price of a piano in any retail store elsewhere, and we have decided to put these conclusions into practice. We propose to do one year's business in 10 days or less, thereby saving the purchaser from \$150 to \$150 on every instrument sold. We will open a sale here on July 15, and will continue for 10 days. We will offer 20 instruments at the wholesale cost, and will crowd one year's business into ten days, thereby saving the purchaser of each piano about \$150. This will be the opportunity of a lifetime to purchase a strictly high grade piano at factory prices and on easy terms. Hallet & Davis, Kimball, Chickering, Fischer, Conway, pianos are high grade and strictly first-class in every particular and fully guaranteed. We offer in this sale a beautiful, hand new, upright piano, thoroughly warranted, for \$188. We offer a very attractive mission design in mahogany case, sells everywhere for \$250, at \$188. We offer a large size cabinet grand, fancy walnut finish, regular retailing price at \$400, for \$228. All other instruments at correspondingly low prices. Now is your chance if you are looking for a bargain in a piano or organ. Terms of Sale—We have in this stock a few large size and elaborate, expensive instruments, of such makes as the Kimball, Hallet & Davis, etc. On the most expensive pianos will be \$25 down and \$10 per month; on the cheaper ones, \$15 to \$25 down and \$7 to \$10 per month. In fact, terms can be made to suit purchaser. Sale begins Thursday, July 15, at 115 West Cedar street, and continues 10 days. If you are in need of a piano you certainly cannot afford to miss this opportunity. People who want a first-class piano at a great saving will do well to make early calls, while good selections can be had. Don't forget the place, 215 West Cedar street, opposite the court house. CARMA. FOUND UNCONSCIOUS IN A HOTEL ROOM

Chicago, July 13.—Clarence Ruggles, 40 years of age, and believed from papers in his pockets to be a school-teacher of Denver, Colo., was found unconscious and in a serious condition in bed at the Chicago hotel today, supposedly from the effects of strychnine. Ruggles has been living at the hotel for more than a week. The police are of the opinion that the man attempted to commit suicide and are making an investigation.

Teacher at Denver.

Denver, July 13.—Clarence Ruggles, who attempted to commit suicide in Chicago today, was a teacher in the G. W. Clayton school of this city. Mr. Ruggles came to Denver from California about a year ago, and would have resumed his school work here next September. He is married. At the office of the superintendent of schools it was stated that Mr. Ruggles' standing as a teacher was high, and no reason could be assigned for his attempted suicide.

MARKET MOVEMENTS OF THE DAY

New York, July 13.—The narrow limits of the current stock market were marked distinctly again today with an effect so discouraging to the professional element that they seemed tempted to abandon their operations. The stagnant condition of the later market was the consequence. The net result, broadly speaking, was to undo the movement of Monday. Much interest was attached to the movement in United States Steel, and it was deemed a good omen when it sold at the opening at 70. No appreciable amount of stock was marketed at 70, the first 4,000 shares sold simultaneously, being quoted together at 69 1/2 to 70. After the opening a single 100 shares sold at 70, immediately below that figure there was a very active market for a time, with buying and selling quite equally balanced, but the selling became more urgent and the price ran off. The event proved that very heavy selling orders were contingent on the stock marking 70, and not necessarily for execution at that price. The market, when the signal should be given by a quotation of 70 for steel. The subsidiary is absorbing funds from the banks and the \$9,000,000 installment of government deposits called by the treasury for repayment on Thursday of this week is expected to be made by the interior banks by means of drafts on their New York correspondents. There is a noticeable subsidence of the confident talk regarding the rapid absorption of new bond issues. The Wisconsin & Lake Erie stocks today came into the range of the anxieties caused by reorganizations to be faced. Wabash preferred seemed to benefit by this prospect. The talk of a combination of Illinois Central into the Union Pacific system gave rise to rumors of an incursion into the Southern railroad region of other northwest systems by traffic alliances and connections. Bonds were irregular. Total sales, par value, \$3,838,000. United States 2s declined 1/4 cent on call.

Grain and Provisions. Chicago, July 13.—Trading in the wheat pit was dull and a heavy tone prevailed the greater part of the day, but at the final hour considerable activity developed on buying by shorts, which resulted in prices advancing from 1/8 to 1/4 from the low point of the session. During the day July sold between \$1.18 1/2 and \$1.20. The market closed almost at the top, with July at the best mark.

No rain was reported in the west or southwest, with the exception of a few little showers in northern Missouri, and the official forecast was for continued clear weather tonight and tomorrow. Firmness of cash wheat at Kansas City and St. Louis, due to small arrivals, helped to create some bullish sentiment late in the day. Corn was weak the first half of the day, the close, however, being firm, with prices unchanged to 1/4 higher. The oats market was weak all day. Prices closed 1/2 to 3/4 under yesterday's final figures. Provisions developed moderate firmness and closed unchanged to 1/16 higher.

Chicago Livestock. Chicago, July 13.—Cattle—Receipts, estimated at 2,000; market, steady; hedges \$4.20@4.40; Texas steers, \$4.50@4.6; western steers, \$4.75@4.85; stockers

The Health of Your Horse. Will be best promoted—best preserved—if you are ready to give the proper remedy at the proper time. The proper remedy for all strains, sprains, or colic, is Perry Davis' Painkiller. The proper time to use it is when the trouble first shows itself. Be prompt and you'll not only save the horse suffering, but you'll spare yourself trouble and expense—maybe save a long time waiting. You ought to have a bottle ready. The new size bottle costs 35 cents; one larger, 50 cents. Be sure your druggist gives you Perry Davis'.

DIES FROM TETANUS. Bellingham, Wash., July 13.—Martin Nelson, 13 years old, died today of tetanus contracted through a wound from a toy pistol on the Fourth of July.

SHOTS NECESSARY TO STOP FLEEING MAN

People standing near the corner of Higgins avenue and Front street last night thought they were going to see some real wild west shooting, but it turned out that what they heard was merely shots being fired in the ground to bring a fugitive Greek to a halt, the shooting being done by Sheriff Graham. The man gave up and was taken to the county jail, where he gave his name as Peter Bacus. When searched at the jail his pockets yielded very nearly \$100. It is said that Bacus had been having trouble all day with a fellow-countryman, George Dechells, and last night the trouble came to a head when Bacus struck the other man, Sheriff Graham, who was on the other side of Front street, started in pursuit of the fleeing man, and fired the shots to stop him.

WHEN YOUR BACK ACHES

It is a Warning that the Kidneys are Sick and Need Help.

DOAN'S KIDNEY PILLS

remedy for sick kidneys is Doan's Kidney Pills. If there is weakness, congestion, inflammation or soreness, Doan's Kidney Pills quickly relieve it. They gently stimulate, tone and strengthen sick kidneys, drive away backache, rheumatic pain and dizziness, clear up and regulate the urine, and restore a perfect filtering of the blood. Best of all, this relief is permanent. MISSOULA PROOF. Mrs. James Knowles, living at 1015 Howell street, Missoula, Mont., says: "My husband used Doan's Kidney Pills, procured from the Missoula Drug Co., and they proved so beneficial that he considers it a pleasure to recommend them to others. For many years he suffered from severe pains in the small of his back and an annoyance from his kidneys. He had but little control over the action of the secretions and was often caused great inconvenience on this account and he was becoming discouraged when Doan's Kidney Pills were recommended to him. They proved to be far superior to any remedy he had ever taken, soon restoring his kidneys to their natural condition and banishing the pains in his back. He thinks very highly of Doan's Kidney Pills and advises their use to anyone suffering from kidney trouble."

DOAN'S KIDNEY PILLS. Sold by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., Proprietors.
