# IT IS SQUARELY UP TO YOU

AN OPPORTUNITY WHICH SHOULD BE TAKEN ADVANTAGE OF BY EVERYBODY.

Like any and all other inventions the Burlington telegraphing typewriter has to be financed. Money is required to make the machines and supply the world that is waiting for them. All the experimental work has been done. The machines have been made in small quantities to prove their practicability. They have been possessed by the best known electrical experts both in the employ of telegraph companies and the United States. The patents have been secured. There is a clear way ahead, and all that is needed is more capital.

Here is the opportunity of a lifetime—a chance to invest a small amount of money and buy shares that will soon command a great price.

Here it is squarely up to you to further investigate every claim made and see for yourself what the Burlington system of telegraphing will do for the world.

Are you going to do it? Or are you going to let the opportunity pass by and then wake up at a later date and wish you had invested when you had a chance?

Your opportunity to purchase this fully paid stock at the present price of \$6.00 per share on easy terms is very limited, as we have been recently advised that this stock will positively be advanced to its par value (\$10.00 per share) on or before August 15. Remember we guarantee you a raise of \$4.00 per share in less than 30 days, that's why we say—it's squarely up to you.

Don't fail to see a free demonstration of these wonderful machines at the Missoula hotel every day while they are here, from 11 a. m. to 2 p. m., from 3 to 6 p. m., and from 7 to 9 evenings. If you can't come and see us fill out the request coupon below and let us send you a full description of our proposition. It will pay you to mail it today.

# DOCUMENTS CONTAIN SENSATIONAL FACTS

Cresscent City, Ill., July 15.—Contents of the private packet, left by the late banker J. B. Saylor, opened today are said to be of a startling nature. According to W. R. Nightingale, who was present when the secret papers were read by the brothers of the decedent the contents of which they refused to divulge, have a direct bearing on the killing of Mr. Saylor by Dr. W. L. Miller last Sunday as a result of the alleged attachment of Mrs. Saylor and Dr. Miller.

"We can't give what we found to the public, at least not now," said Mr. Nightingale. "I will say, however, that it is evident that it will prove of value in the prosecution of Dr. Miller, who is charged with the murder and of Mrs. Saylor charged with being an accessory."

As soon as the contents of the packet were learned by Thomas and Wray Saylor, brothers of the late banker, and Mr. Nightingale, State's Attorney, Patterson and Wateka, was notified by telephone.

### THE SHREWD BUYER.

Is Economical in Obtaining the Most For His Money.

One dollar saved is a dollar earned; \$150 saved in the purchase of a piano is just that much money earned by you. For reasons heretofore explained the greatest and fairest piano sale ever conducted is now going on at 215 West Cedar street. Beautiful brand new upright pianos are being sold at \$108, \$130, \$228 and upwards, and on terms of \$7.50 and \$10 monthly payments. Great opportunities seldom come, and if you are interested in a piano you should not delay in looking over this stock. The New Scale Kimball and Hallett & Davis pianos are strictly first class. Their popularity is unparalleled and the demand for them is overwhelming. You can easily save \$7.50 or \$10 per month and never miss it and you cannot spend the same amount of money in any other way that will bring as much happiness and permanent benefit to your family, especially if you buy right. You cannot realize what bargains we are offering, unless you come in and examine them.

# MARKET MOVEMENTS OF THE DAY

New York, July 15.—United States Steel practically made the stock market today. A large proportion of the total dealings was in that one stock and such activity and strength as was shown in other stocks was almost wholly in sympathy with the movements in steel.

There was explicit information from wholly trustworthy sources of the healthy improvement and progress in the iron and steel trade. While this news gave material aid to the conductors of the campaign in the steel stock the price movement was a triumph of a definite and resourceful market management. All accredited organs of the steel trade spoke without reserve of the more cheerful tone that pervades the whole trade and the details of conditions were convincing on this point. Some falling off in the rate of booking of new orders was held of no account in view of the length of time for which orders on hand will keep the mills busy.

Manufacturers are refraining from accepting orders further ahead at present prices and increased prices are demanded for early delivery on old orders. The advance in the price of bars, plates and shapes by one of the independent steel companies is believed to presage advances by the principal producers. The departure of J. P. Morgan from England yesterday was used with great effect by the bulls notwithstanding the protestations of Mr. Morgan's assistants that his return at this time was in accordance with previous plans. On the purely professional side, admiration was aroused by the skill with which the stock was handled in the neighborhood of 70, which apparently was a critical point in the upward movement. When the stock forged upwards to above that figure it later extended its rise to today it later covered shorts who had thus encouraged were made to serve the purpose of the bulls in helping advance prices.

The expiration of the period for exchange of Southern Pacific preferred into common stock renewed the rumor of two shares of Union Pacific for one of the common stock and accounted for the fresh spirit in the stock. The metal stocks were affected in sympathy with the steel stocks. The reaction in the wheat market and the promise of more favorable weather for the harvest were helpful to stocks.

Bonds were irregular. Total sales, (par value), \$3,634,000. Bonds were unchanged on call.

### Grain and Provisions.

Chicago, July 15.—Wheat for July delivery performed a lofty tumbling act on the board of trade today, first advancing 2c above the high record mark for the season established on the preceding session and then dropping nearly 7 cents. The best mark reached today was \$1.29. The setting of the new high mark for July wheat was accomplished on initial transactions, opening quotations ranging from \$1.27 1/2 to \$1.29. A number of belated shorts were anxious bidders at the start and this caused the fresh advance. Distant deliveries, however, were not disposed to follow the lead of July and opened weak. The heaviness of the later months was due to more favorable weather conditions in the west. As trading progressed the bullish sentiment was augmented by a severe slump in the price of cash wheat in western markets, particularly at St. Louis, where a break of 7 to 8c was recorded. July closed at \$1.23. September closed at \$1.10 1/2.

There was free selling of oats throughout the entire session which caused considerable weakness in all deliveries. The close was weak with prices 1/2c to 3/4cse lower.

Hogs—Receipts estimated at 12,000; market 10c higher; light, \$7.50@8.15; mixed, \$5.85@7.25; heavy, \$7.00@7.85; rough, \$7.00@7.85; pigs, to choice, heavy, \$7.50@8.30; good, \$6.50@7.40; bulk of sales, \$7.80@8.10.

Sheep—Receipts estimated at 15,000; market steady 10c lower; native, \$2.75@4.70; western, \$2.65; yearlings, \$4.00@5.00; lambs, native, \$4.75@5.50; western, \$4.75@5.60.
