THIS IS THE HOME OF THE FAMOUS

Alfred Benjamin New York Made Clothes

THEY ARE THE MOST RADICALLY REDUCED

An entire book could be written about the good qualities of the Alfred Benjamin clothing; how they are made in New York city, the nation's fashion center, where every authoritative style is born; how they are made by the best experienced and most reliable tailors of 30 years' standing; but more need not be said for every man and every man's admiring wife knows these facts and more.

We Have Lots of Other Good Clothing

"Sophomore" and "Harvard Cut" clothing are designed along lines that our young men demand, namely, colorings in styles that are accentuated, not gaudy; are fadish, and have new and novel finishings that delight and are so highly becoming to our college friends.

"Pile of style" and other makes we have here—clever creations that you can buy now at the very lowest prices ever made on suits of any merit whatever.

HERE ARE THE PRICES

Within the past month you may have seen clothing sales and clothing sales among our competitors, announcing "immense reductions" and "wonderful savings," but the one true event, an event deserving the name, has but arrived, and you may have no hesitancy in accepting these prices as being bona fide, not exaggerated, but truthfully stated.
