COUPLE IS THROWN INTO DITCH

BUGGY UPSETS AND YOUNG MAN AND HIS GIRL ARE GIVEN A DUCKING.

Returning from Hamilton late Sunday night, after dinner at the Ravalli and a delightful run down the valley, a party of Missoula automobilists had quite an experience on the Buckhouse grade. They were speeding along through the darkness with all lights set and burning brightly, when they heard a cry from the blackness at one side.

"Hold! Hold!" came the cry, and the first thought of the auto people was that they were being made the objects of a road agent's attack. A side-ray from the lamps, however, revealed to them the fact that their services were much needed, and that the cry was a call of distress.

In a deep ditch at the side of the road, where the water was six feet in depth, they found a Missoula young man and his girl companion. The two were crawling with difficulty out of the irritating water and their buggy lay upside down in the wet. On the bank, still hunched to the vehicle and lying quietly, the horse reposed with

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; this cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. P. J. CHENEY & CO., Sold by Druggists, 75c. Toledo, O. Take Hall's Family Pills for constipation.

his feet in the air, as helpless as a turtle on his back.

The automobile party offered first aid to the injured and with the aid of the power of their machine and under the brilliant illumination of their gas lamps, the wreck was soon straightened out and the young couple were placed in the road again, right side up but a bit wet and bedraggled. The accident had been the result of an attempt to turn out and give roadway to the automobiles, whose lights had been seen far down the road by the occupants of the buggy. In the inky darkness the turn was too generously made and the whole outfit went over the bank, landing in the embarrassing position in which it was found by the huddlers.

ECZEMA LODGES IN THE SKIN.

Not a Blood Disease—Cured by Oil of Wintergreen Compound.

For many years eczema was supposed to be a blood disease and was erroneously treated as such, but now the best authorities agree that eczema is only a skin disease and must be cured through the skin. The eminent skin specialist, Dr. D. D. Dennis, first discovered the eczema germ and his discovery was quickly taken up in both Germany and France.

To kill the eczema germ and at the same time heal the skin, Dr. Dennis compounded oil of wintergreen, thymol, glycerine, etc. The remedy is a liquid, not a mere salve, hence it sinks right into the pores of the skin. Washing with this oil of wintergreen compound seems to take the itch away at once; soon the scales drop away and the disease disappears. The prescription has now been used so long as to have proven its absolute merit and we do not hesitate to express our confidence in D. D. D. Prescription. George Froelshelmer, G. F. Peterson.

KILLED BY EXPLOSION.

San Diego, Cal., July 19.—Standing over an unexploded charge of dynamite to see why it had failed to go off, J. W. Carter, aged 59, one of the wealthiest residents of El Cajon valley, was blown 50 feet into the air today, receiving injuries from which he died an hour later.

MISSOULA BUSINESS MEN SAW IT

They Went to See It and They Were Not Disappointed

Two prominent business men of Missoula were among those who went to Kennedy creek Sunday to see our property. That they were more than pleased goes without saying. We showed them to their entire satisfaction. We proved to them that we have the largest surface showing of coal ever uncovered in the entire northwest—yes, that is what we mean, the entire northwest. We showed them the coal brought up by our big Keystone drill from depth. We showed them over the large amount of ground that the company owns by perfect title. We proved to them that all we had said about the property is true and that "not half has ever been told." These men's names will be furnished you on request and you can talk with them yourself. Of course each is now the owner of a block of Kennedy Coal & Coke stock. They could see where we were going to make a big bunch of money for our stockholders and that in buying treasury stock of the Kennedy Creek Coal & Coke Company at 20c per share they were helping us to develop the property and thus help them to still bigger profits on their stock.

We want to show you just as we showed them. We will take you for a fine all-day auto ride absolutely free, and all we ask you to do is to look. Then buy stock or not, just as you see fit, but go and see for yourself that the real opportunities are not all gone. The auto leaves our office at 7:30 each morning. All that is necessary in order to take the trip is to come in and make your seat reservations—absolutely free. As there may be more who desire to go than we can accommodate, you will oblige us by coming in as early as possible.
