CAUGHT ON THE RUN ABOUT TOWN

Charles F. Dorman was righteously angry last night over the statement in a report of the case EMPHATIC of Grace Howard which PROTEST was published in the Missoula Herald, in which it was stated that he was one of the bondsmen of the woman, Grace Howard is a denizen of the bad lands and she is charged with theft; her bonds are for appearance in the district court and are in the sum of \$1,000. Naturally Mr. Dorman objects to having his name mixed up in such a case as this. "I wish you would say for me," said Mr. Dorman, "that I never knew anything about this case or this woman until my attention was called tonight to the statement that I was one of her bondsmen in the affair. Please contradict this as emphatically as you can. It is absolutely untrue."

Amongst the registration visitors in town are Captain Dorman and Lieutenant Fischer of the Seattle fire department. Captain Ben R. Hume is one of the well-known fire-fighters of the coast and is in command of Chemical company No. 1; he has been long in the service and his life has been filled with thrilling experiences. His companion is young, but has been long enough in the service to win a high position; he is attached to Engine company No. 1. The two have been visiting with Chief May of the local department and Lieutenant Fischer was with him in his buggy when the alarm rang last night for the fire east of town. "That was the first time in a good many years that I have sat and held the reins while somebody else did the work," said the lieutenant when the affair was over. Both visitors expressed themselves pleasantly regarding Missoula and what they had seen here. As the veteran of the pair, Captain Hume said: "You have a fine city and it is going to be a great city but you are neglecting your fire department. You should give Mr. May at once a couple of new engines and about 20 more men; he should have an automobile chemical engine; they are the best things in the service and would be specially good for you here."

Charles H. Hall had a brief but pleasant visit yesterday afternoon when the first section of No. 3 GREETING EN ROUTE came through. He had received a telegram from an old Padouah schoolmate, Harry R. Hank, asking him to meet the train. Mr. Hall was there and in the crowd was able to locate the friend whom he had not seen in many years. For a few minutes the two enjoyed the pleasantest kind of a visit and both were sorry when the train pulled out for the west. With Mr. Hank were his sister and cousin and the party is bound for the fair.

Contractor Kirkby met two of his old schoolmates yesterday in the crowd of registrants. KIRKBY SEES TWO They were from the old home in the east and they hunted up their old friend as soon as they could after getting to town. J. E. Zimmerman of Chicago, speaking for the two, said last night: "We have the fever and we want a homestead on the reservation. We thought we wanted it pretty badly when we left home but since we have seen your country we want it more earnestly than ever. You have such a fine city here and your prospects are all so good that we want to get out here and have some homes of our own."

It took the Flathead opening and the registration to bring A. R. Rhone up from Plains, where he has stayed away from his old home for many years that he was not recognized by all of his former associates in the printing business when he showed up yesterday afternoon. "I have been away a good while," he said, "and I was prepared for a good many changes but my expectations did not begin to equal the real thing. You have grown here wonderfully and your paper is keeping up with the procession. It is great. We are making progress in Sanders county. Paradise has helped a great deal and Plains is growing substantially. The whole county is developing and its resources warrant even a faster growth than we are having."

Where is Harry Stine? Harry W. Thompson has received a letter asking for information that is sadly needed regarding his whereabouts and if there is anybody who knows anything about the man, Mr. Thompson would be glad to receive the information. There were two or three men at the Missoulian office last night who were confident that Mr. Stine had been in town within a day or two but they did not know where he had gone. The information

LOLO-KOOSKIA CONTRACT IS AWARDED

(Continued from Page One.)

The Clearwater country and the eastern side of the Blitter foot mountains have in the past been considered practically impassable and the building of a line through this country will mean a lot of expensive work. The interior country is almost out of the reach of construction except at present, the only method of getting crews and supplies into the wild interior being by pack train. On account of this fact the Northern Pacific plans to build only the eastern end of the road at present and as soon as this is finished it will be possible for the road to ship material into the Clearwater itself with comparative ease. The Clearwater country itself is one of the wildest sections in the country. Ten years ago it was impossible for white men to enter the country without the assistance of Indian guides and even now it is only the old-time hunters and trappers who have any intimate knowledge of the country at all. Portions of the great valleys will make very ideal farming land and the opening of this east country to emigration will add much to the importance of western Montana and Missoula.

The decision of the road to operate from the eastern end also means much to the city. Missoula will be the base of all operations of the construction and the magnitude of the undertaking and the importance of the work will do as much if not more for the city than did the construction of the Puget Sound line. The announcement of the award has caused a renewal of excitement in local railroad circles. Construction will undoubtedly be started at once and the beginning of work will see scenes and excitement. Against the almost forgotten "front" the right-of-way has been surveyed by the road at last and there is nothing to hinder the rapid finishing of the construction work. The Harriman parties are still in the field and although nothing has been heard from them as yet it is not to be supposed that they are there for nothing. Whether or not they will still attempt to beat the Northern Pacific to the coasted route or seek a new line of their own, cannot of course be determined, but there is no doubt that something will develop and that in any case Missoula will be the center of a great construction area in the very near future.

SHEEP ARE POISONED.

EASTERN CITY SENDS SPECIAL TRAIN

REPORT IS RECEIVED THAT ILLINOIS PEOPLE ARE ON ROAD TO REGISTER.

Two thousand, five hundred and sixty-four persons registered in Missoula yesterday for land on the Flathead reservation, giving the notaries a day of steady business during the recently abbreviated office hours. It is thought by those who know that the registration tide will continue steadily from now on, although yesterday word was received that at least one eastern city was starting a special train for Missoula.

Special Train.

A private message received yesterday was to the effect that a trainload of prospective registrants had been started out of Bloomington, Ill., and that it was expected to arrive the last of the week. The passengers intend to register at Missoula, Spokane and Coeur d'Alene City.

The Day's Record.

Spokane, July 21.—Land registration is developing into a routine matter, lacking the excitement of the opening days. At Spokane today 2,000 applications were filed; at Coeur d'Alene, 5,000; at Missoula, 2,500, and at Kalispell something over 1,000. The business men of Spokane are now planning entertainment for the thousands of daily visitors, and will probably organize excursions into the surrounding country.

POPULAR BOOKKEEPER DIES AFTER OPERATION

Oscar J. Uhn died late Tuesday night at St. Patrick's hospital, following an operation for bowel troubles. The young man, who was about 37 years old at the time of his death, was very well known in the city, and a great many will regret the news of his death. Funeral services will be held this afternoon at 4:30 in Marsh's chapel. The body will be shipped to Columbus, Wis., his old home. The dead man leaves a wife and a son of 10 years. He was before his illness employed as a bookkeeper by MacDougal Bros., with whom he has been connected for more than four years. A brother-in-law, Herman Deysonworth, got in on No. 5 last night and will accompany the body east.

LOCAL SOCIETY

Entertain at Luncheon.

Mrs. Den Walter Feld entertained at luncheon yesterday, covers being laid for seven. Sweet peas were used as decorations.

Complimentary Card Party.

Mrs. Evan M. Johnson of Fort Missoula gave a pretty card party yesterday afternoon in honor of the Misses Jenkins and Richmond, who are guests of Mrs. Feld.

Personals.

James Carter of Chicago is the guest of Mrs. Peter Roman.

Frank Woody left yesterday morning for Chicago, for a month's absence.

Mrs. E. C. Van Arman and daughter Katherine of Denver are the guests of Dr. and Mrs. T. A. Fitzgerald.

Grant Higgins left last night for Seattle, where he will be the guest of Mr. and Mrs. Frank Conley for several weeks.

AN EVENING BLAZE.

The fire department made a long, hard run to the Van Buren street bridge last evening, just a little after 8 o'clock, being called out by a belated alarm. A barn and a couple of shacks belonging to a Chinaman named Hi Hong were completely destroyed. The property, which was of a risky sort, was almost gone when the department arrived.

BUYS FINE HOME.

H. Tripp, formerly of Helena and now a resident of Missoula, where he has charge of the cement works of the Miracle-Tripp company, has closed a deal for the Kimmie home on South Sixth street west. This is one of the beautiful residences of the south side and was sold through the E. P. Moffitt real estate agency. It is announced that the consideration was \$5,000.

IRON MASK EXHIBITS.

J. B. Hunter, manager of the Iron Mask mine, located at Carter, Mont., was in the city yesterday. Mr. Hunter had with him some very fine specimens of ore from the Iron Mask and other mines in that vicinity which he left on exhibit in the chamber of commerce rooms.

DELIVERS CAR.

Floyd J. Logan, the local agent for the Ford Automobile company, received a large shipment of cars yesterday from the east. Four touring cars were unloaded and one was delivered first-hand to the Farmers' National bank in Victor, the trip up the valley being made very successfully.

BACK FROM THE FAIR.

William Kennedy of the county treasurer's office is back from Seattle, where he attended the exposition. Mr. Kennedy liked Seattle and the fair and had a general good time, but just the same, is glad to be back in Missoula.

MAGNET TAKES STEEL FROM BRAKIE'S LAMP

C. A. Bellmore, brakeman for Conductor Berry on the Coeur d'Alene branch, returned yesterday from Butte, where he went to have a piece of steel extracted from his left eye. The steel became lodged in Bellmore's eye while he was watching a hot box, and was taken out in Butte by a magnet, after several days of suffering. The operation was performed by Dr. Donovan.
