ON MONDAY.

When the senate adjourned yesterday it was with the expectation that by Monday all of the differences of opinion in the tariff matter will have been adjusted and that, on that day, the report of the conference committee will be ready for consideration. There remained, yesterday afternoon, but a few points to be adjusted, and most of these were in connection with the proposal to add to the list of free raw materials. The president and members of the conference committee are reaching a mutual understanding in this matter, and the attitude of the so-called house insurgents is not as threatening as it has been represented in some quarters. There is ample evidence in recent developments that some of the extreme views which were aired during the debate were largely for the effect which they would have upon the folks at home; that the insurgents, so-called, have had any serious idea of permanent opposition does not appear to be the case. If Monday brings the conference report, there will be a grateful country, and, no doubt, there will be many thankful lawmakers. It has been a hard month for lovers of comfort to remain in Washington.

FAIR PLAY.

The plea is made by the men whose saloon licenses were revoked this week that they have had no fair play. If they have not, they should have. But it is reasonable to assume, if we had no evidence to that effect, that such positive action was taken by the mayor and the council would not be the result of hasty or ill-considered motives. We have, however, the assurance of Mayor Logan that the case was thoroughly investigated and that the revocation of the licenses followed a careful inquiry into the matter. We do not believe Mayor Logan would act without knowing what he was doing. It is true that the council has recently backed up on several of its orders. Sidewalks have been ordered only to have the action reconsidered at a later meeting, and similar reversals have been taken during the past two months which render ridiculous the proceedings of the aldermen. But in the case of the revoked licenses there was not an alderman who voted against the action taken. If this stand had been added to injury by placing brackets at the end of the remarks "great applause."

MR. MACON OBJECTS TO "GREAT APPLAUSE"

Washington, July 23.—An uproar was caused in the house today when Mr. Macon (Ark.) reverting to his colloquy last Monday with Mr. Rucker, (Cal.) charged that the Colorado member had inserted in the congressional record certain references to him which had not been uttered. Not only had this been done, he said, but insult had been added to injury by placing brackets at the end of the remarks "great applause."

ATTEMPT TO ROB A PULLMAN EMPLOYEE

Salt Lake, July 23.—A daring attempt to rob E. B. Sweet, a Pullman employe was made today in the hallway of the Commercial club building. Sweet was going up the stairway to the Pullman offices with a bag containing \$1,500, and was confronted by two men who demanded the money. Upon Sweet's refusal to deliver, he was struck a heavy blow, but the approach of some other men scared the robbers away and they disappeared up the street.

MORE SHIPS OF WAR.

Newcastle-on-Tyne, July 23.—Inquiries received by the Armstrong shipbuilding firm indicate that the government will give out almost immediately orders for four additional super-Dreadnoughts, which it is expected will be armed with 135 guns.

DEATH SENTENCE FOR JAPAN WANTS NEW INDIAN TRADE TREATY

STUDENT WHO COMMITTED MURDER IN LONDON WILL SUFFER DEATH.

London, July 23.—Madarik Dholgri, the Indian student who on the night of July 1, at the conclusion of a public gathering at the Imperial institute, shot and killed Lieutenant Sir Hutt Wyllie and Dr. Cawas Lalacra was today found guilty and sentenced to death at the conclusion of a trial of less than an hour's duration. During the recital of the occurrences at the Imperial institute on the night of the tragedy the prisoner sat in the dock listening unconcernedly and only once broke his silence by saying: "Whatever I did was an act of patriotism."

As the lord chief justice concluded in pronouncing sentence, the prisoner drew himself up in military style and saluted. He said: "I thank you my lord. I am proud to have the honor of laying down my humble life for my country. Your sentence of death is perfectly legal. You are all powerful and can do what you like; but remember we will have the power some time. That is all I have to say."

A. F. Hoesly, printer of the Indian sociology paper, who was arrested on the charge of publishing a seditious newspaper, the avowed object of which was to "support the Indian nationalist movement for the liberation of India from oppressive alien rule by the use of physical force," pleaded guilty today and was sentenced to four months imprisonment.

MONTANA RAILROAD OFFICES MOVED EAST

Helena, July 23.—After August 15 the Montana railroad will be operated from Chicago instead of Helena, it was officially announced here today by auditor Welsh. The Montana railroad extends from Lombard to Lewistown, a distance of 157 miles, about two-thirds of which is utilized as the main line of the Chicago, Milwaukee & Puget Sound under an agreement. The force here consisting of about 15 office men will be transferred to Chicago, with the exception of Auditor Welsh, who becomes traveling auditor for the transcontinental system.

CARDINAL DEFENDS POSITION.

Bordeaux, France, July 23.—Cardinal Andrieux, who was yesterday fined by the correctional court for inciting disobedience to the separation law, today issued a long letter in which he says he does not recognize the court and reiterates that it is the duty of the faithful to disobey the laws that conflict with those of the church and condemn the "neutral schools." The letter concludes as follows: "I promised upon my investiture to defend the rights and liberties of the church to the point of bloodshed."

FALL INTO DRY DOCK RESULTS IN DEATH

Helena, July 23.—News was received today in Helena of the death of Chauncey C. Stubbs, a former Helena citizen, at the Puget Sound navy yard, July 16. Mr. Stubbs, who is an aged man, met his death by falling a distance of 40 feet into the dry dock while sightseeing at the yards. Mr. Stubbs is survived by two sons, C. G. and C. M. Stubbs of Seattle; Mrs. Jessie E. Wells of Stevensville, Mont., and a grandson, H. D. Boucher, of Seattle.

ADMIT SANTA FE SECURITIES.

New York, July 23.—What will probably prove the last security admitted to its unlisted department was announced today by the stock exchange. The distinction goes to Atchafalaya, Spokane & Santa Fe railway subscription receipts for convertible 4 per cent, fall paid and installment paid.

GAMBLING IN BUTTE; WHERE IS M'GOWAN?

Butte, July 23.—George Gleason was arrested by detectives in the London district early this morning and held for the Helena authorities upon a charge of having stolen \$150 from Attorney Spaulding of that city. Gleason states that Spaulding, to recoup his losses at a poker game in Helena, gave him a check for \$150 to get cashed, with which to enable Spaulding to continue the play, but instead of returning the cash to Spaulding, he came to Butte and lost the money in a poker game in this city.

DIES FROM INJURIES.

Los Angeles, July 23.—Dr. J. L. Johnson, formerly of St. Louis and Colorado Springs, who fell into the shaft of the Duplex Extension mine near Searchlight, Nev., yesterday, died today.

PRESENT ONE DOES NOT EXPIRE FOR TWO YEARS—INTERESTS NOT SUFFERING.

Washington, July 23.—That Japan is becoming restive under conditions imposed in her treaty with the United States was recently made evident when she proposed to this country that negotiations for a new treaty be begun at once, notwithstanding the fact that the present one does not expire for two years. Our trade interests in Japan, however are not suffering and for this and other reasons this government does not see its way clear to discuss the situation at present. Under the most favored nation clause of our treaty Japan extends to the United States all the conventional rates, which it has granted Great Britain, Germany and France. On the other hand, none of the reduced rates included in section three of the Dingley act which are granted by the United States to certain foreign countries are extended to Japan. The conventional rates represent in many cases reductions of 25 per cent from the general rates.

NORTHWESTERN MAY HEAD TOWARD COAST

Butte, July 23.—A special to the Miner from Miles City states that engineers for the Northern Pacific and Chicago & Northwestern railways are showing much activity at that point in connection with the examination of land tracts on record with the United States land office there. In conjunction with this examination a party of Northwestern surveyors are working out through the Pine Hills over the old Chicago & Northwestern route, which was gone over by the Chicago, Milwaukee & Puget Sound railway, and first adopted as that company's route to Miles City.

Stomach Ache and Diarrhoea

Eating green vegetables and unripe fruit, sudden changes in weather, excessive heat, gulping down iced drinks, etc., cause stomach ache, cramps and dysentery. This causes a great deal of discomfort and suffering, and sometimes death. In any case of this kind you will find Duffy's Pure Malt Whiskey a sure and quick remedy. A teaspoonful in a half glass of milk every hour will bring instant relief.

Mrs. Freeman Vigorous at 114. In an interview with Mrs. Campbell, who lives at Red Bank, Pa., and who is the daughter of Mrs. Freeman (114 years of age), she stated: "My mother has been using Duffy's Pure Malt Whiskey and is anxious to have me tell you that she felt its strengthening effects at once. We know that it has done her a great deal of good. She is 114 years of age and needs something to sustain her strength. She thinks it is a great stimulant, and no old person should be without it. I, myself, know what she says about your medicine is the truth." It kills the disease germs and keeps the system in a normal, healthy condition. It keeps the old young, the young strong; it is invaluable as a tonic for overworked men, delicate women, and sickly children. Duffy's Pure Malt Whiskey is an absolutely pure distillation of malted grain; great care being used to have every kernel thoroughly malted, thus producing a liquid food requiring no digestion, in the form of a pharmaceutical whiskey, which is one of the most effective tonic stimulants and invigorators known to science; its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach.

If weak and run down, take a teaspoonful four times a day in half a glass of milk or water.

Duffy's Pure Malt Whiskey is sold everywhere by druggists, grocers and dealers or shipped on order. Our consulting physician will send to every reader of The Missoulian advice and interesting illustrated medical booklet free of charge. The Duffy Malt Whiskey Co., Rochester, N. Y.
