MARKET MOVEMENTS OF THE DAY

New York, July 27.—The stock market today was characterized by its narrowness and professionalism and its movements had little significance as indicating financial conditions. The small impression made on the price of United States Steel by the broad limitations of the past few days that no dividend increase was to be counted upon made the shorts unwilling to wait for action of the directors. There was a significant growth of the impression, proved true by the event, that a compromise decision would be reported by the directors, putting the dividend on a 3 per cent basis. Trade advices continued highly satisfactory from the steel industry and those in-
dustrials were strong as a group. Republic Steel led the movement, helped by the news of large resumption of mill activity and by the return to Wall street of a dominant interest in the control of the company with very careful production of unprecedented property at hand. From the copper trade came another discouraging set-
back in a renewed fall in prices in London and New York and reports of concessions to secure orders by the selling agency of the leading interest in this country. Union Pacific stretched its record price another 3-8 cent without attaining the coveted 200 mark. The action of the stock aug-
mented that of United States Steel previous to its rise to 70, the light pressure apparent in the close neighborhood of 200 making it plain that little effort would be required to make that price for the stock. The caution of the advance showed that its man-
agers feared the effects of an actual quotation of 200 in suggesting a culmination and possibly bringing out liquidation orders. The fold outward movement continues. The London market conveyed an intimation of a state of growing indignation for new issues, while in New York the bond market has fallen to a low degree of activity along with stocks.

Bonds were steady. Total sales, (par value), \$4,284,900.
United States bonds were unchanged on call.

Grain and Provisions.

Chicago, July 27.—Wheat again developed decided weakness today following a sharp bulge at the start, and at the close prices were considerably nearer the dollar mark than on any previous session since the slump began. A feature of the trading was the selling of a line estimated between 3,000,000 and 4,000,000 of the September delivery by the erstwhile leader of the bull movement. Much of this it was claimed was for "short" accounts. The demand was based largely on unsettled weather. For July the bottom was reached at \$1.04 1/2 and for September at \$1.02 1/2. The market closed weak with spot quotations at \$1.04 1/2 and September at \$1.04 1/2. Corn was weak nearly all day. The market closed with prices 1/2 to 3/4 cent lower than yesterday's final quotations. Oats developed weakness during the last half of the session. The market closed weak, 1/2 cent higher to 3/4 cent lower. Provisions closed unchanged at 27 1/2 lower.

Metal Market.

New York, July 27.—The London tin market was unchanged with spot quoted at \$122.10 and futures at \$124. The local market was dull and lower at \$29@29.25. Copper was lower in the London market with spot at \$58 1/2 and futures at \$59 1/2. The local market was weak and a shade lower with Lake at \$13.7 1/2@14.50; electrolytic, \$13.87 1/2@14.50 and casting at \$12.75@13.87 1/2. Lead was lower at \$12 7/8 to 60 in London, locally it was quiet at \$4.90@4.85.

Wool Market.

St. Louis, July 27.—Wool, steady. Medium grades, combing and clothing, 22@28c; light fine, 20@25c; heavy fine, 18@20c; tub-washed, 24@26c.

WILL EQUIP ARMY WITH AEROPLANES

Paris, July 27.—"As soon as it is perfected the French army will be provided with a swarm of these wasps," said General Brun, the new French minister of war today, in commenting on Heeriot's feat of crossing the English channel in an aeroplane. General Brun said he regarded the aeroplane and the submarine as the war instruments of the future. "The aeroplane," he said, "is less vulnerable, more rapid and cheaper than the dirigible."

Boy's Life Saved.

"My little boy, four years old, had a severe attack of dysentery. We had two physicians; both of them gave him up. We then gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy, which cured him, and believe that saved his life."—William H. Strating, Cashier, H.H. Ala. There is no doubt but this remedy saves the lives of many children each year. Give it with castor oil according to the plain printed directions and a cure is certain. For sale by all druggists.

The outcome of the conference will be a decision to construct dry-docks capable of accommodating the largest battleships."
