

The Bitter Root Valley

A Pacific Slope Land
Famed for Its Perfect Fruit
and Its Great Profits

The Valley of Opportunity

A single acre of land in this valley has been known to produce a net profit of over \$1,800 in one year; \$500 annual net profit from an acre of land is a common event.

Crops never fail, fruit pests are unheard of and fatal diseases among stock, hogs and poultry are unknown.

Water for irrigating purposes in accessible and inexhaustible quantities.

The beautiful mountain scenery, an abundance of pure water, healthful mountain air, unrivaled climate, good means of transportation, convenience to markets, good schools, close proximity to state university, and the lowest cost of living all combine to make this locality the most ideal place for a home in the great northwest.

Write for free illustrated booklet.

THE NEW ORCHESTRA ENTERTAINS

HAMILTON'S LATEST MUSICAL ORGANIZATION GIVES A FINE CONCERT.

Hamilton, July 27.—The Hamilton Theater orchestra, which was recently organized, gave its first concert in the lobby of the Ravalli hotel this evening. All of Hamilton turned out to hear the new organization and listened to a program of the highest class. The orchestra acquitted itself with credit to the players and the director. There are eight players, all of whom have done considerable orchestra work, and the organization promises to furnish Hamiltonians with the very best of music. A. Watson, who is leader of the orchestra, played with the Boston Symphony orchestra for three years, and is a finished musician in every sense of the word. That he is a capable leader and well fitted to build up and maintain a first-class musical organization was demonstrated by his work with the organization tonight. The program tonight included classical and popular music and was a treat to those who were fortunate enough to hear the concert. F. O. Dopper, formerly a grand opera singer of merit, sang "Drink to Me Only With Thine Eyes" and made a distinctive hit with his selection. Good concerts by the orchestra are promised frequently.

TESTS ON CHOLERA PROVING SUCCESSFUL

Hamilton, July 27.—Assistant State Veterinarian R. A. Dennis, who for the past six weeks has been trying to discover the cause of hog cholera, said in a Missoulian reporter: "This is the first time that any disease has been found among Bitter Root hogs, and in our tests we have been very successful. We made a test at the Chaffin ranch and out of the 218 hogs we only lost two." Speaking of the cattle, Dr. Dennis said: "The general health and the grade of stock is as good as I have ever seen and the horses of the valley cannot be beaten in the northwest."

WILL RUSH WORK ON CANNING PLANT

Hamilton, July 27.—Among the new industries that Hamilton is going to have this year the canning factory is the most welcome. In an interview with Mr. Shannon, manager of the Bitter Root stock farm, he said: "The machinery is expected in a week or 10 days, and as soon as it arrives we will start work on the buildings required for the factory. At present we have not decided on the location, but it will be built near the flour mill or on the farm, and our plans are to have it running in time to handle this year's crop."

HAMILTON BREVITIES

Hamilton, July 27.—Philip Gilbert of St. Paul is registered at the Ravalli. George E. Weisel of Henderson is calling on friends in the valley. E. B. Briant of Stevensville spent Tuesday in Hamilton. Charles A. Davis of Denver is looking over land in the valley. L. E. Anderson of St. Paul is a guest at the Ravalli. S. F. Shannon of Helena spent Tuesday in Hamilton. P. P. Phillips of Missoula is registered at the Ravalli. George C. Nichols of Seattle is spending a few days in the valley. R. G. Pitt of Ruttle is making a business trip in the valley. W. H. Richardson of Chicago is looking over land in the valley. L. O. Hudson of Fort Benton is registered at the Hamilton. R. H. Sheldon of Helena is a guest at the Hamilton. Frank B. Woody of Missoula is spending a few days in the valley. Lewis Smith of Hartsville, Cal., is looking over the land in the valley. J. C. Brennan of Missoula spent Tuesday in Hamilton.

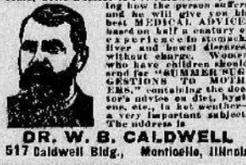

FAST GAME SCHEDULED.

Hamilton, July 27.—A game for the acre is promised for Thursday evening when the Hamilton hotel baseball aggregation and the nine representing the Ravalli hotel will meet in mortal combat on the Hamilton baseball field. The two teams have been in practice especially for the coming contest, and there promises to be some excitement when the two lines line up on the diamond. Great interest in the contest is being manifested.

Act Quickly
and you'll save yourself a lot of suffering and trouble. If you have a sudden chill—or taken cold—if you have colic, cramp or diarrhoea, don't wait a minute. Take at once a teaspoonful of Perry Davis' Painkiller in half a glass of hot water or milk. You'll be safe and on the right road to quick recovery. Then you'll escape serious illness. But you ought to have this tried and proven remedy on hand for immediate use. Being prepared is half the battle when there's pain to subdue. New size bottles 25c, also in 50 cent sizes.

SUMMER-DIARRHEA CURE FREE

There are few troubles about which the sufferer is given more bad advice than summer diarrhoea, or "running off of the bowels." Your friends will probably tell you to take Jamaica ginger, a mixture of laudanum or some other astringent remedy. These are the very things you should not take. Summer diarrhoea is caused by catching cold in the stomach or bowels or because of some unclean food or water that you took. These were germs, and the germs got into the bowels and irritated them. The thing to do is to take a reliable antiseptic laxative like **DR. CALDWELL'S SYRUP PEPIN**, which will promptly remove the germs and tone and strengthen the stomach and bowels and thus give them a new start. Young and old can use it with perfect safety. Thousands of American families keep it constantly in the house for just such digestive troubles as summer complaint, indigestion, biliousness, constipation, sick headache, and especially for the digestive ailments of babies and children. No baby will refuse **DR. CALDWELL'S SYRUP PEPIN** as it is very pleasant to take, and, unlike salts and purgative waters, tablets and pills, it acts naturally and does not gripe. A bottle can be bought at any drug store for 50 cents or \$1.00, and one bottle is sufficient to keep a large family in good health for a long time.

A LAW IS DESIGNED TO CHECK DISASTER

San Antonio, Texas, July 27.—An ordinance now in course of introduction in this city will very likely lessen the number of gasoline conflagrations and blow-ups in the garages, which heretofore have furnished almost the only cause of action on the part of the fire department. Chauffeurs have been in the habit of filling the gasoline tanks with lamps running full blast, and in many cases even great negligence has been displayed. While the owners and operators of machines with gasoline motors have had very little to say against the ordinance, those owning steamers raise strenuous objections to the ordinance being passed. The gasoline motor can be started without something having to be lighted, but that is not the case with the steam automobile. In the case of the latter the burners have to be lighted before the machine can be moved. Since the ordinance forbids expressly the lighting of anything within the garage the steam autos would have to be pushed out of the building by some other force, which, very likely, would be the muscular energy of the operator. As a result of this the ordinance is meeting with considerable opposition in its present form.

MYSTERY ABOUT THEFT.

San Antonio, Texas, July 27.—Much mystery surrounds the theft and ultimate fate of a fine Jersey cow belonging to G. A. Davis of this city. The animal was missed at milking time in the morning, and thinking it had strayed into the neighborhood, Mr. Davis went to look for it. To his surprise, he soon came across the carcass of a cow, which had evidently been killed only a short time previous. The animal had been butchered in a very expert manner and its skin had been removed. The police think that the murderer stole the cow to be able to sell the skin and are now on the lookout for its marketing. So far no clew has been discovered.

THE MINERS INDORSE SOCIALISTIC CAUSE

Denver, July 27.—The Western Federation of Miners in convention today voiced their sympathy for the cause of socialism. First it came with the adoption of a resolution instructing the executive board to publish socialist literature in all the languages spoken by members of the federation for general distribution. The second instance was the appointment of a committee to draft resolutions embodying the views of the federation in regard to the case of Fred Warren, editor of a socialist paper, who was recently sentenced to six months in jail and to pay a fine of \$1,500 because of certain objectionable matter published in his paper. The only other business today was the report of Executive Member Fred Clough of Nevada. The convention will probably adjourn Thursday.

WANTS AN AERO RACE.

Seattle, July 27.—President J. E. Chibbert of the Alaska-Yukon-Pacific exposition today sent dispatches to Louis Blériot, Hubert Latham, the Wright brothers and T. C. Curtiss offering a prize of \$5,000 and gold medals for a competitive aeroplane race, beginning on the world's fair stadium, and extending over Lake Washington, which is 22 miles long, and one end of which touches the world's fair grounds.

MASONS WILL MEET.

Hamilton, July 27.—Thursday evening the Hamilton Masons will hold a special meeting and banquet in honor of State Deputy Grand Master John T. Carroll of Ruttle.

Over Thirty-Five Years.

In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for 35 years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by all druggists.

HOUSE WILL CONSIDER RESOLUTION THURSDAY

Washington, July 27.—After a session of 48 minutes the house today adjourned until Thursday, at which time it is expected the much-talked-of resolution authorizing the tariff conference to reduce the rates on leather and leather goods below those of the Payne bill will be acted upon. Laughter was created by Mr. Clark, the minority leader, remarking that he was being "devoted to death" for information as to when the democratic conferees were to be called in. "If you can tell me, I'll tell you," was the only consolation he got from Mr. Payne.

Mr. Tawney of Minnesota aroused the house to a high pitch of excitement when he denounced Dr. Charles Richard Van Hise, president of the University of Wisconsin, for having, as Mr. Tawney said, made false charges against him regarding his attitude on the conservation of natural resources.

GIANT HAILSTONES BORE THROUGH ROOF

Helena, July 27.—A special to the Record from Wickes says: Wickes and vicinity were last night visited by one of the most severe storms and cloudbursts in the history of Jefferson county. Hailstones measuring fully 1 1/2 inches in diameter fell unintermittently for half an hour and caused great damage. Practically all the rubberized roofs in this vicinity, which includes Corbin and Jefferson City, were destroyed and in some instances holes were torn through other roofs. Chickens and pigeons were killed outright. A cloudburst in the mountains above Corbin caused the shutting down of the Borlana, the largest mine in the district. The waters rushed down the valley into Corbin, flooding all cellars and doing more or less damage to the country roads. The hail storm was followed by a heavy rainfall of three hours duration.

HERON NEWS NOTES

Special to The Daily Missoulian.
Heron, Mont., July 27.—Miss Minnie McHugh was a visitor at the home of Mrs. and Mr. Ed. Knott.
Mrs. Harry Jackson and two children visited friends in Heron this week.

Mrs. Robert Dodge and baby are spending a few days at the home of Mrs. Fred Allen.
Mr. and Mrs. Fred Raynor of Nxon were visitors at the Dingley home Saturday and Sunday.

LARGEST PECAN ORCHARD.

San Antonio, Texas, July 27.—Zavala county will in the near future be able to boast of having the largest pecan nut orchard in existence. A tract of 1,000 acres, part of the well-known "T" ranch, has been acquired by Edgar B. Marchant of Clinton, Okla., and Garnett O. Fields of Alene, Okla., and will be planted with pecans as soon as the season permits. The land bought is proven pecan land and a large forest of wild pecans has stood on it since the first settlements were made in that part of the southwest. One of the trees is over six feet in circumference. The owners intend to plant 40 trees to the acre or 40,000 in all, and it is expected that in 10 years the crop will be worth on an average of \$500 per acre.

Ward's Cove

Bitter Root Valley
THE BEST IRRIGATED LAND IN
WESTERN MONTANA.

The available water supply is inexhaustible and capable of irrigating 15,000 acres of the best orchard and farm land in western Montana, where crop failures are unknown.
