

A Telegram To Sell

We have a telegram to sell two choice lots on Brooks street, one block from the new county high school, on city water main, at \$300 less than the market value. If you want a nice building site or home location you can't duplicate this bargain.

A Home Buy

A new cement block home, five fine rooms, thoroughly modern, on a fine corner, 50x130, cement walks, close in, on South Second street; price only \$3,250. A great bargain. The house will rent quickly for \$30 per month.

Hammond Block

WIFE DOESN'T LIKE ABODE OF FAMILY

Evidently the family vine and fig tree didn't grow in pleasant places for Mildred Seefeld, for in her complaint against her husband, Cleveland Seefeld, from whom she asks divorce, reference is made to a "place and mode of living unreasonably and grossly unfit." Non-support is another ground for the suit, which was filed yesterday in the district court. The plaintiff and defendant were married in Anaconda on July 17, 1907.

THE WEATHER

The people from Butte and Anaconda came to this city yesterday to get warm, and they got what they wanted, for Old Sol was on the job and furnished enough heat to suit the most cold-blooded. The observations:

Maximum	89
Minimum	50
At 6 a. m.	
Thermometer	51
Barometer	26.59
At 6 p. m.	
Thermometer	87
Barometer	26.63
Wind from the southwest.	

Notice.

The board of county commissioners of Missoula county will meet in extra session Monday, August 2, at 10 a. m., and transact such business as may come before them.

F. W. KUPHAL, County Clerk.

Fifteen

to-order-made unclaimed two-piece serge suits, selling at bare cost, at

Thueson's

WESTERN HOTEL BUILDING

\$100 EACH---45 LOTS

EASY TERMS.

These lots are one mile nearer the city than Daly addition lots. Nearly new four-room house, good barn and chicken house (all the improvements are good); 150 bearing apple, cherry, pear and plum trees, large patch strawberries and raspberries, two acres in potatoes now, fine shade trees.

This bunch of fine lots (they must all be sold together), will be sold at once at a sacrifice price, which is only \$100 a lot. Just think a moment! Other lots a mile further from the center of the city, with no improvements and no water right are selling at 50 per cent higher prices.

We make you easy terms, too. This property WE KNOW is a genuine bargain. Don't wait. Come at once if you want your money's worth.

REGISTRATION CROWD BRINGS MONEY

OFFICIAL TOTAL SHOWS THAT MORE THAN \$10,000 HAS BEEN SPENT IN FEES.

Taking the official count up to 4:30 yesterday afternoon, as reported by the various notaries public to the United States land office, for the basis of calculation, the sum of \$10,529.75 has been paid in notaries' fees in Missoula since July 15. The total registration, by the official figures is 43,759. Every one of the registrants has paid 25 cents to some notary and the total counts up into money. Assuming that this amount has been divided 50 ways—about the right number of individual notaries—and the split of each man will average \$218.79. Some of the notaries have, of course, done a better business than others, but \$218.79 is probably a fairly good average of the earnings of all. What the registrants have spent in the hotels, cafes, saloons and other stores of Missoula cannot, of course, be estimated exactly, but the figure is placed in the neighborhood of \$50,000.

Postoffice Figures.

According to Postmaster D. H. Ross, the official figures on registrations totals have, as a rule, been lower than the actual count, as made by the cancelling machine in the Missoula office. The report of the notaries, says Mr. Ross, has not agreed with the automatic count of the machine and the discrepancy has, as a general rule, been such as to show that the notaries have not reported all of their registrations. He sustains this contention by citing the following figures, which give the daily count of both machine and notaries for the week that ended yesterday:

Land office	Postoffice
Monday	4,096
Tuesday	3,988
Wednesday	2,524
Thursday	3,018
Friday	3,136
Saturday	2,550
Totals	18,986

Balance in favor of postoffice—1,224. Yesterday's count at the postoffice, 5,749, didn't give all of Judge Witten's mail, at that, for there was still another collection to be made later in the afternoon. "About a thousand more of the brown envelopes will be in the office by midnight," said Mr. Ross and so it is probable that yesterday's registration, was, after all, as heavy as it appeared on the surface. The afternoon delivery brought in 15,600 more letters.

No Date Given.

It is a wonderful little machine that cancels the stamps on all letters mailed in Missoula and it is also a very busy device, especially now, when the rush of registration is bringing its thousands of envelopes every day. Two hundred and fifty pieces of mail a minute is the capacity of the electrical stamp. When registration mail is being handled, the date is taken from the stamp. This has been done at the request of Judge Witten, so that there shall be absolutely no way of telling one of the Flathead envelopes from another.

Judge Witten probably gets more mail than anybody in the United States just at present, with registrations for three reservations pouring in daily. Yesterday's registration mail weighed, pouch and lock, just 41 pounds. This leaves about 37 pounds net.

Saturday's Record.

Even with the hundreds of visitors from the twin cities, Butte and Anaconda, yesterday's registration was not what it should have been for the home stretch period, only 3,630 people taking out applications for Flathead reservation lands. And of this total approximately 350 should have reported on Friday. The Consolidated notaries reported 710, of which about half was for yesterday. Some of the notaries, according to rumor, were going to remain open for business until midnight, but were persuaded to close at the regular hour, 6 o'clock. Yesterday's registration brings the grand total of registration for the past 15 days up to 43,759, an average of 2,917 per day, with four more days yet to come. This average will have to be raised if the estimated grand total of 50,000 is to be realized. The total registration for each day follows:

The Grand Total.	
July 15	3,461
July 16	2,636
July 17	2,284
July 18	3,405
July 19	3,159
July 21	2,718
July 22	2,658
July 23	2,415
July 24	2,927
July 25	4,096
July 26	2,524
July 27	3,018
July 28	2,550
July 29	2,268
July 31	2,630
Total	43,759

Yesterday's Score.

Yesterday's registrations, as reported by the various notarial offices, is shown in detail:	
O. B. S. Orr	200
E. L. Freeman	194
J. L. Wallace	85
Edward Hoverson	85
A. K. Anderson	200
W. H. Smead's office	288
Eugene Wessinger	250
Oscar Crutchfield	200
W. P. Ketchum	27
William T. Graybeard	27
Charles N. Malden	123
Welling Napton	151
Amalgamated notaries	450
D. D. Hull	84
Consolidated notaries (two days)	710
William Dyson	166
John H. Tolan	201
Theodore Lentz	42
Total	3,630

BANKERS WILL MEET PROVISION IS MADE TO ENFORCE LAW IN MISSOULA

GARDEN CITY WILL BE HOST TO STATE CONVENTION DURING COMING WEEK.

For two days this week, beginning August 1, Missoula will be host to the bankers of Montana, on the occasion of the annual convention of the state bankers' association. An interesting program has been prepared for the meeting and a feature of the entertainment arranged by the local bankers for the visitors will be a trip to Hamilton and an inspection of the Bitter Root valley. The members of the Montana Bankers' association—the official name of the organization—will leave for the valley metropolis on a special train at 2:30 on the afternoon of August 4, and after dinner at the Ravalli hotel, will return in the evening.

The entertainment of the second day will include automobile trips through Missoula and to nearby points of interest. On this day, Thursday, the banks of the city will close at noon. The convention's program is announced as follows:

First Day.

Opening prayer, Rev. James W. Tait of the Methodist Episcopal church. Address of welcome by the mayor of the city, Andrew Logan. Address of welcome on behalf of the local bankers, by J. H. T. Ryman, cashier Western Montana National bank. Response by Hon. J. E. Edwards, president Bank of Commerce, Forsyth, Mont. Address by the president, W. W. McCrackin, president Ravalli County bank, Hamilton. Address by Eugene T. Wilson, national bank examiner, "The Bank Examiner and His Relation to Banks Under His Supervision." Address by E. T. Coman, president Exchange National bank, Spokane. "The Basis of Credit—with Special Reference to the Northwest."

Second Day.

Opening prayer by Rev. Dwight S. Bayley of the Congregational church. Address by George P. Orde, cashier First National bank, Minneapolis. "A Banker's Moral Reputation as an Asset of His Bank." Report of committees on resolutions and auditing. Address by C. F. Morris, cashier Security State bank of Havre, making an adverse argument on the subject of "Postal Savings." Address by A. L. Stone, cashier State Bank of Dillon, Montana, "The Resources of Our State." Address by Dr. Dunaway, president University of Montana, at Missoula—"Education for Business." Election of officers. The sessions of the convention will be held in the Odd Fellows' hall.

KILLED BY DERRICK.

Special to The Daily Missoulian. Glendive, July 31.—John T. Joyce, an employe of the Wren & Greenough contracting firm, acting as foreman of a gang near here, was instantly killed today by a falling derrick. Some cars were being loaded when the guy ropes broke and the heavy beams fell upon the foreman. A coroner's jury held no one to blame for the accident.

STAMP SALES HEAVY.

The rush of registration has done much for the local postoffice in the way of increasing stamp sales. Since July 15 the daily stamp sales have averaged \$200.

Washington, July 31.—Provision is made for administration of the new tariff law, by the adoption by the senate today of numerous amendments to the urgent deficiency appropriation bill, which was passed. In addition to the salaries for judges and other officials and employes of the new United States court of customs appeals, the senate appropriated \$100,000 to pay the expenses of the advisory board, which will assist the president in carrying out the duties imposed upon him by the maximum and minimum provision and \$100,000 to defray the expense of a bureau which will enforce the collection of the new corporation tax.

Amendments were adopted appropriating \$5,000 each for automobiles or other vehicles to be used by the vice president and speaker of the house. After a long discussion the senate voted to reduce the salaries of the judges of the new customs court to the amount received by judges of the United States circuit courts. Salaries of the government attorneys who will try customs cases also were reduced.

ARE YOU LAZY?

Here is Something That Will Do You Good.

A writer for an eastern journal of health says: "Few people who are called lazy are enjoying normal health. The man or woman in good health walks with elastic, springing step; looks the world square in the face through clear and steady eyes; works with ambition, energy and a desire to 'do things'; awakens in the morning refreshed after his night's sleep and feels within himself a reserve vitality coursing through his veins and urging him to wholesome, vigorous action. "If you awaken with a tired-out feeling and prepare for the coming day with listless, listless movements, do not condemn yourself too severely for feeling lazy, dull or stupid. The chances are you are not altogether to blame for your physical and mental condition. It may be brought about by a stomach out of order and impaired digestion. "Here is a simple prescription that has afforded relief to many sufferers: Compound Tincture of Cinchona, one ounce; Prosepe Compound, one ounce; Sherry Wine, one-half pint. Mix and take a teaspoonful before meals and at bedtime in a wineglassful of water. The cinchona and sherry wine act as a tonic, while the prosepe helps digest the food and puts the stomach in first class condition."

LAST PAGEANT.

Cowes, Eng. July 31.—The last of the great naval pageants, which for the past few months have played such a prominent part in the campaign waged around the question of Great Britain's sea power, took place this afternoon in the Solent, where 78 miles of warships were reviewed by King Edward and Queen Alexandra.

Put in Jail.

very accurately describes anyone's feelings who is confined to the house with an attack of rheumatism, lumbago, stiff joints or muscles. Ballard's Snow Liniment will cure the trouble, relieve the pain and make you as supple as a two-year-old. Sold by George Kreishelmer.

Corner Higgins Ave. and Pine St.

NO HEADWAY MADE.

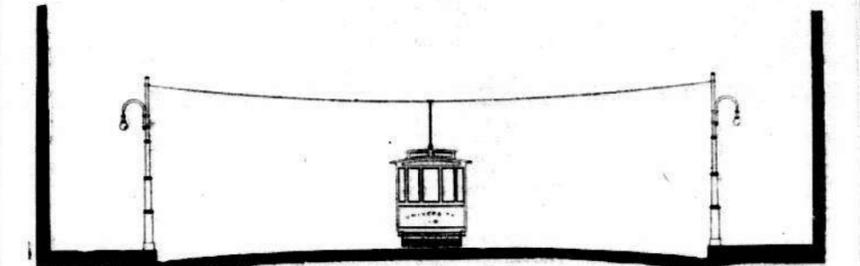

San Francisco, July 31.—The effort to secure a second jury to try Patrick Cathoun, president of the United Railroads, on a charge of offering a bribe, has made no headway at the end of the second week. More than 800 citizens have been summoned into court and not one has qualified for the jury panel.

Labor Meeting.

There will be a meeting of the joint committees of the different labor organizations held at the Cooks and Waiters' hall Sunday, August 1, at 4 p. m., for the purpose of arranging for Labor day celebration.

C. E. DODGE, Secretary.

HIGGINS AVENUE WILL BLAZE IF THIS PLAN IS INDORSED

SKETCH SHOWING POLES AND TRACK.

A plan has been proposed by which Higgins avenue, the main business thoroughfare, may be made the showiest and best lighted city street in the northwest. If the prosperous western cities have discovered the great advantage which lies in such a street, they find it pays. The Missoula street railway is to be built down Higgins avenue and is now considering the style of trolley poles which it will use between the Northern Pacific station and the bridge. The accompanying sketch shows one of the styles that has been suggested. If poles are used like the ones shown in the cut, there will be an arc lamp on each, suspended above the sidewalks at whatever height may be decided upon. This would give 50 of

these are light between the railway station and the bridge and the same plan of lighting would be continued across the latter to the south end. This plan would give Missoula the handsomest business thoroughfare in the northwest and would be worth many times its cost. If the property owners on Higgins avenue are willing to take up the proposition the railway company will install the poles and the lamps; the cost of maintaining the lights would be 6 cents for every front foot each month. That is not expensive proposition, certainly.

The matter has not been taken up thoroughly; the business men who have seen this sketch and have heard the proposition have given it their in-

dorsement. The chamber of commerce has given its approval of the plan and it is believed that it can be carried through. It would be one of the best and biggest boosts that Missoula could have. It would beautify the city as well. The ornamental iron posts would be a good feature and the lights at night would be a splendid thing for the ground and every detail of the plan commends it to those who have inspected it. It is well worth an earnest effort to secure the adoption of the proposition.

MANY "FIRST" PAPERS.

The naturalization roll for the month of July in the district court is heavier than that for the entire year preceding. July's record shows that 153 foreigners applied for their "first papers," as compared with 65 for the year before. This is a record for the local court.

WASH. COLLEGE AND ACADEMY
A HOME SCHOOL on Puget Sound between Seattle and Tacoma. Lower School, Academic, Music and Commercial. Every Advantage for Boys, Young Men and Young Women. Spring Water, Steam Heat, Electric Light. MILITARY TRAINING & DISCIPLINE. Write for Catalogue illustrated catalogue. W. G. BARKER, President. BURTON, VASCO & ISLAND, WASHINGTON

CHEAP LANDS

ON BEAUTIFUL PUGET SOUND WHERE GREEN GRASS GROWS THE WHOLE YEAR 'ROUND

Free deed to family, in case of buyer's death. Free extension for six months, in case of sickness. Plenty of work in nearby saw and shingle mills. Big local market for everything you grow. Rich soil, pure spring water, level land, logged off, burned over, easy to clear. Fine dairy, poultry, berry, vegetable and fruit land. No failures, no irrigation, no chances to take on government land lotteries. Everybody wins. Right at railway station, new electric line surveyed by the tract; near big cities; 150 tracts to select from; 16 and 20-acre tracts, \$10 per acre; \$100 down, \$10 per month. Send for booklet. We are owners, not agents.

IMPROVED IN EVERY FEATURE

Have you seen and examined the New and Improved DE LAVAL Cream Separators? If not, and you own one or more cows, don't further hinder your best interests by delaying longer, but let us give you a free demonstration in your own home at once. You will marvel at the mechanical perfection, the wonderful simplicity and convenience of these new machines. These new machines show improvements in every feature, from the supply can to the base of the machine, and mark the greatest move forward in separator construction since the invention of the first practical separator by Dr. De Laval in 1878. If you have milk cows you cannot afford to be without one. The new De Laval skins closer, has greater capacity, operates easier and is more ideal in every way than De Laval machines have been, even in the past. The improved De Laval is actually ten years in advance of any other separator made today. There are ten new styles, ten new capacities and ten new prices. There is a machine for every dairy, from the smallest to the largest and at a price that will fit every pocket. Don't regret later that you didn't see the De Laval before you bought a machine, but write us today for a handsome new catalogue describing the machines in detail and a free demonstration in your own home. You will be surprised. Don't delay.
