DAVIS FACES TRIAL GLOVER'S CONDITION AT HAMILTON IS IMPROVED

MAN CHARGED WITH ASSAULT IS BOUND OVER—STEVENS-VILLE COUNCIL MEETS.

Stevensville, Mont., Aug. 7.—Elmer Davis was arraigned before Justice Sedgwick here yesterday afternoon on the charge of assault in the third degree upon George Wood and was bound over to the district court. His bonds were fixed at \$200. Davis and Wood had an altercation on the road between Stevensville and Bitter Root some time ago, in which Davis struck Wood over the head with a hog, injuring him so badly that he was under the care of a physician for some time, and also a patient at the hospital in Missoula. The trouble was the outgrowth of an old feud between the two men.

Professor H. H. Swain of the State Normal school at Dillon was in Stevensville Thursday. Mr. Swain noted many changes and improvements here since he last visited the town four years ago. He is spending several days in the valley visiting the school men.

Rate Is Fixed.
A special meeting of the town council was held last evening to fix the tax rate for the ensuing year. The rate was fixed at 14 mills, 8 mills for the general fund and 8 mills for bond interest. The council took up ordinance No. 28 for final passage. This ordinance is one regulating the pool rooms of the town. Under its provisions pool rooms must close at 11 p. m. and remain closed till 6 a. m., except Saturday night, when they may remain open until midnight, but must remain closed from midnight till 6 o'clock Monday morning. The ordinance also prohibits boys under 15 years of age from entering or frequenting the pool rooms. When the measure was taken up for final passage a motion was made by Alderman Pauls that it be rejected, but was lost. A motion was then made that the ordinance be accepted. The council instructed the clerk to notify C. B. McCarthy that his electric light franchise had expired and that his bond was forfeited. Another meeting of the council will be held on Wednesday evening of next week.

MAN INJURED AT WARD'S COVE SPEAKS RATIONALLY—A COMMUNICATION.

The condition of Ben H. Glover, who was seriously injured by a blow from a shovel in the hands of Audrey Bradley last Thursday in Ward's Cove, took a turn for the better yesterday. In the morning the patient, who is still at St. Patrick's hospital, conversed rationally with his wife, speaking coherently for the first time since being struck. It is now thought that he has a fighting chance for recovery. Nothing as to his being hurt was said to him, on account of the severity of his injuries.

A Communication.
The Missoulian has received the following communication:
Editor Daily Missoulian—Referring to the article regarding Mr. Ben H. Glover of Ward's Cove, which appeared in your issue of August 6, you state that "It has long been the belief of many of his neighbors that he was slightly unbalanced mentally."

As his immediate neighbors and associates wish to most emphatically refute the above statement. On the other hand, we always considered him as a very bright and capable man and, furthermore, not one of us has been interviewed by your reporters. The communication is signed by E. D. Kent, Frank M. Eder, William W. Price, Emory E. Stults, A. E. Cavannah, Ivan Hawkins, H. O. Swain, H. E. Jones, Willie Smith, B. A. Cavannah, H. V. Gilmore, J. C. Ayres, Roland Emerson, W. O. Gilmore, George M. Stoll, James Unsworth and James McCrossin.

A Few Reasons.
There is one reason, at least, why there has been no interview with these residents of Ward's Cove. Mr. Kent, whose name heads the communication printed above, was asked for a statement on the day of the affray, but declined to talk. He was asked, "Can you tell us anything about this man Glover?"

He answered, "Well, he was hurt up in Ward's Cove today." The next question was, "How was he hurt?" Mr. Kent said, "We don't care to say anything about the accident." This conversation took place in the local hospital.

At the time the Hamilton representative of The Missoulian went to the scene of the assault it was night and it was impossible for him to look up every resident of the Cove. It is known, however, that an unwillingness to talk was characteristic of the people at the time of the unfortunate happening. Mr. Kent was given an opportunity in yesterday's edition to state the views held by the friends of the man in the hospital.

George W. Ward, in whose employ Bradley is, stated yesterday that he intended to take no side of the trouble as his own, but he merely wished that justice be done.

THE CORONER WINS IN LIVELY CONTEST

Special to The Daily Missoulian

Butte, Aug. 7.—The first clash between the coroner and the city health department, backed by the state health officer, was won by Coroner Davenport here today. The trouble occurred over the Burke infant, only a few days old, who died from natural causes, unattended by a physician, a few days ago. The coroner made an investigation and decided an inquest unnecessary.

The health officer, acting upon instructions from Dr. Tuttle, refused to issue a burial permit until an inquest was held. The coroner stood pat, declaring that it was an injustice to the taxpayers to hold an inquest in such cases, and refused the order.

The matter was taken to the county attorney, who decided the coroner was right in his contention.

WRIT OF MANDAMUS IS NOW DEMANDED

Topeka, Kan., Aug. 7.—An application for a writ of mandamus was filed in the supreme court by Attorney General Fred S. Jackson today to test the constitutionality of the Kansas deposit guaranty law passed by the last legislature. The mandamus suit is brought to compel the enforcement of the law and admit all state and national banks to the guaranty fund. A restraining order also is asked against all national and state banks that have not applied for admission under the guaranty law to prevent them from interfering in its enforcement. The application was granted.

It is expected that this trip will include comprehensively all the large irrigation work now under consideration by the government in Montana. Mr. Ballinger will return to Seattle August 31.

NEW ORGANIZATION HAS FRIENDS

SECRETARY IRWIN OF HAMILTON CHAMBER OF COMMERCE OPTIMISTIC.

Hamilton, Mont., Aug. 7.—The Hamilton Chamber of Commerce is preparing to have a display in the window of W. H. Roberts' store on Main street. Present plans are to show the strangers the products of the valley. Of the work and the way the people are taking the new body, Secretary Irwin has the following to say: "I and the finance committee have made a canvass of the city and every business man is working with us, and I can't see anything but success. The fruitgrowers and farmers are with us and are more than willing to help and give us the different products they raise, and in a very short time most of the farmers that live near Hamilton will be members."

"At present we have raised enough money to start off right, which goes to show what a little work with the good will of the people will do."

In speaking of the proposed building, Mr. Irwin said: "I have received a letter from the officials of the Northern Pacific railroad at Missoula, stating they had written to St. Paul regarding the buying or leasing of the two lots west of the depot."

The next regular meeting will be held on Monday evening.

OVATION TENDERED THE PRINCE

ITO IS RECIPIENT OF HONORS AT HANDS OF THE KOREAN PEOPLE.

Seoul, Thursday, July 1.—The farewell visit of Prince Ito to this country, of which for the last two years he might easily have been called the uncrowned monarch, has been one long ovation. Landing in a warship at Mesamipo, he was met by representatives of the cabinet and others. Along the route to Seoul crowds gathered at wayside stations to see for the last time the man who has held their destinies in his hand, and who they now feel is responsible for what improvement there has been in the affairs of the Korean people. Arriving in Seoul late in the evening, the prince was driven through the broad streets of the capital between crowds of white-clad Koreans, who showed the deepest respect and, in many cases, even of affection for the prince. The entertainments lasted for a week and when Prince Ito left Korea on a warship for Chemulpo the farewell was remarkable, thousands of people lining the hills upon the shores of the bay until the vessel had passed out of sight.

TAKEN TO HOSPITAL.
Stuttgart, Aug. 7.—Count Zeppelin has been taken to a hospital at Constance for treatment for an abscess on his neck.

EMPEROR WILLIAM GREETES THE CZAR

Kiel, Aug. 7.—Emperor Nicholas of Russia, who is returning from Cowes on board the imperial yacht Standart, did not reach Kiel until nearly 10 o'clock, the passage of the Russian fleet through the canal having been delayed by fog. Emperor William boarded the small cruiser Slesinger at Holtzenau locks at 2 o'clock this afternoon and proceeded through the canal to meet the emperor of Russia. He went aboard the Standart near Rendsberg at 6 o'clock and met a hearty reception from the Russian emperor and the royal family.

The journey towards Kiel was immediately resumed, Emperor William remaining aboard the Standart and for the greater part of the time was in private conversation with Emperor Nicholas. The Russian fleet is spending the night in Kiel harbor.

Emperor William remained with Emperor Nicholas on board the Standart until after 10 o'clock, when he took his leave and started for Berlin.

REGARD SITUATION AS MOST SERIOUS

Berlin, Aug. 7.—German government circles regard the situation between Turkey and Greece as being in a most acute stage. Germany has made representations to both Constantinople and Athens urging the necessity of a peaceful solution of the Cretan situation. She has advised both sides to adopt a more moderate attitude in the interest of peace, and has urgently advised against any course which must lead to complications.
