Cremo fills the bill for pastry purposes.

CAUGHT ON THE RUN ABOUT TOWN

C. W. Merrilles, traveling freight agent for the Northern Pacific with headquarters in Helena, brought a bit of news to Missoula yesterday that will be received with considerable appreciation, especially in the Bitter Root. For many moons the "Copper City" has been the principal train between Butte and Hamilton, and for a period of approximately the same length the traveling public has been riding in cars that were not up to date, to say the least. Now, all of this is to be changed. New vestibuled equipment is to be used on the train; there will be new lights and new coaches and new everything, and the Bitter Rooters will ride on cushions into which their forms will sink with that pleasure that accompanies the privilege of sitting on real upholstery.

A. M. Stevens acted as convoy yesterday for David Gross, who was in town from the Bullion mine, near Borax, with samples of as pretty ore as one could wish to see. According to Mr. Gross, extensive improvements are under way, and a force of men is to sink a shaft farther into the hill. "We have a real mine now," said Mr. Gross, "with 400 feet of rich copper ore in sight. I'm going to have some samples analyzed at the university and then we'll know exactly how high the metal runs."

"I want you to tell the people about the way Sheriff Graham and his men helped me get my horses back this morning," said E. M. Ross of 514 South Third street to a Missoulian man last evening. Two stray geldings were taken from Mr. Ross' yard before daylight yesterday and before the sun was up very far Deputies Orton and Farrell had arrested two men, Italian horse traders, and had them in jail. There were two boys with these men, and to the little fellows was given earnest admonition that the animals must be returned. A few hours later the horses were picked up by the poundmaster. They had been turned loose from their hiding place in the brush. "Nothing but the vigilance and rapid work of the sheriff's office saved them for me," said Mr. Ross.

"Tim Lebeau is in Helena. He has bought a barber shop and a big automobile and is cutting a wide swath in the capital, and there are several of his ilk with him." This information was brought back by a Missoula man yesterday and he went on to say that the authorities of Helena seemed to know nothing of the sort of beast Lebeau is for he flaunts himself upon the streets as he never dared to do in Missoula, even in his most daring moments.

At a meeting of the trustees of school district No. 1 last evening two new teachers were added to the corps in charge of the city schools, Misses Margaret Summers and Pearl Echan are the young women chosen by the trustees. The board also opened bids for fuel and awarded the contract to the Carney Coal company of Carneyville, Wyo.

Miss Agnes Newbauer wants her coat back and there is undoubtedly another young woman in Missoula who hopes that she has her wish. At the dance of the railway clerks on Monday night Miss Newbauer and somebody else exchanged and neither garment can be a fit. At least Miss Newbauer cannot wear the one she has. She leaves for Helena this morning at 11:30 and hopes that her coat will be returned to the Montana hotel before train time.

RICH ORE IN SIGHT

A. M. Stevens acted as convoy yesterday for David Gross, who was in town from the Bullion mine, near Borax, with samples of as pretty ore as one could wish to see. According to Mr. Gross, extensive improvements are under way, and a force of men is to sink a shaft farther into the hill. "We have a real mine now," said Mr. Gross, "with 400 feet of rich copper ore in sight. I'm going to have some samples analyzed at the university and then we'll know exactly how high the metal runs."

LEBEAU IN STATE

"Tim Lebeau is in Helena. He has bought a barber shop and a big automobile and is cutting a wide swath in the capital, and there are several of his ilk with him." This information was brought back by a Missoula man yesterday and he went on to say that the authorities of Helena seemed to know nothing of the sort of beast Lebeau is for he flaunts himself upon the streets as he never dared to do in Missoula, even in his most daring moments.

TWO NEW TEACHERS

Misses Margaret Summers and Pearl Echan are the young women chosen by the trustees. The board also opened bids for fuel and awarded the contract to the Carney Coal company of Carneyville, Wyo.

A MIX-UP IN COATS

At the dance of the railway clerks on Monday night Miss Newbauer and somebody else exchanged and neither garment can be a fit. At least Miss Newbauer cannot wear the one she has. She leaves for Helena this morning at 11:30 and hopes that her coat will be returned to the Montana hotel before train time.

IRRIGATION COMMITTEE VISITING KALISPELL

Kalispell, Aug. 24.—Late last night the senate irrigation committee passed through Kalispell en route to the reservation, where an extensive reclamation project will be inspected. L. W. Hill, president of the Great Northern railroad, and F. H. Newell, chief of the reclamation service, accompanied the committee, of which Senator Carter is chairman. The party will employ automobiles, which have been provided for the tour of the reservation, and the special train will return to Kalispell tomorrow evening, when a public reception will be held between 7 and 8 o'clock.

CHICAGO IS GROWING.

Chicago, Aug. 24.—Two and one-half million population for Chicago was the estimate made by the compilers of the city directory. The figures are 2,477,609, based on the 788,000 names.

CONTRACT AWARDED.

Helena, Aug. 24.—The state board of examiners today awarded the contract of Adam Brothers of this city for the excavation for the new capitol wings at \$1,880.

Notice, O. E. S.
The annual picnic of the O. E. S. will be held in Greenough park on August 31. All members and visiting members and their families are cordially invited. Please bring full baskets, as there will be no soliciting.

FLINT PAYS VISIT TO MISSOULA

CALIFORNIA SENATOR DROPS INTO GARDEN CITY ON HIS WAY HOME.

United States Senator Frank P. Flint of California, a member of the senate committee on irrigation, which is now inspecting irrigation and reclamation projects in the west, was a visitor in Missoula for a few hours last night on his way to his home state.

The committee, which now has dwindled down to Senators Flint, Warren, Paynter and Chamberlain, spent yesterday at Polson and vicinity looking over the proposed Flathead irrigation projects. In the afternoon the senators were driven from Polson to St. Ignace mission, where they were the guests of the Catholic fathers over night.

Today the party, minus Senator Flint, who found it necessary to begin his journey homeward, will return to Polson, then take the boat across the beautiful Flathead lake to Kalispell, from which place the journey of inspection will be continued.

Upon his arrival here last night, Senator Flint lost his grips at the depot and for a time thought that they had been stolen by some sneak thief. A search, however, resulted in the discovery of the baggage where it had been placed by an attendant for safe keeping and the belongings were returned to the California statesman.

While waiting for a westbound train, Senator Flint took occasion to walk about the city and see the attractive features of the Garden city of Montana. He slipped into town unannounced and it was only by accident that he met Senator Dixon upon the street and was assisted in his search for his missing grips by Montana's representative in the United States senate. Senator Flint took the west-bound train last evening on his way home.

COMMITTEE REPORT ASSURES BUILDING

Hell Gate lodge No. 383, B. P. O. E., met at the hall in the Harmonis theater last night and initiated one candidate into the order. The report of the building committee was given and it showed very gratifying results of the soliciting among the members of the order. It appears that the "best people on earth" will soon have a home of their own in the Garden city, one that will amply meet the needs of the order and also provide a convenient meeting place for the members.

ARRESTED FOR GUN PLAY.

Officers Ekker and Carrigan arrested a man who gave his name as Max Kupsaon last night for pulling a gun on a man in the California Wine House. It is alleged that there was a quarrel, during which Kupsaon drew the weapon and threatened to shoot. He was taken to the city jail.

MARSHAL MERRIFIELD ARRIVES.

United States Marshal A. W. Merrifield arrived in the city last night and registered at the Florence hotel.

THEY CAN'T AGREE IN CHICAGO

STREET RAILWAY AND UNION OFFICIALS ARE AS FAR APART AS EVER.

Chicago, Aug. 24.—No immediate prospect of an agreement satisfactory to the street car companies and the employees was in sight today when negotiations were resumed between the companies' officials and W. D. Mahon, international president of the Street Railway Employees' union. The employees are opposed to a graded scale, which will, in their opinion, discriminate against new men. Neither the employees nor the street car executives have given up hope that the negotiations will be successful, and should they fall there is a chance that the state board of arbitration would be asked to prevent an open rupture.

Charging bad faith on the part of the union committees for not recommending to the men the adoption of the former peace proposition, the street railway companies presented President W. D. Mahon of the International Street Car Men's union with an elaboration of their plan for grading wages according to length of service. Men who have been in the service nine years will be advanced to 30 cents an hour. President Mahon held out for more wages for new men. The negotiations will continue tomorrow.

FORESTER PINCHOT FINDS WELCOME

(Continued From Page One)

conservation was the burden of the message borne by Lieutenant Governor W. H. Allen, who had only the warmest sort of praise for the forest service and its men and its head. After telling of his personal experiences in conducting lumbering operations on national forests under the direction of the service, Mr. Allen stated that out of the scores of employees with whom he had come in contact he had never known a one with the slightest propensity towards taking advantage of his position for personal gain. "There wasn't a grafter among them," is the way the lieutenant governor put it.

"Early Days and Present Ways" might have been the subject on which Judge Hiram Knowles spoke, had the venerable jurist been assigned a formal theme. He told of the forests as they were when he first came to Montana, of the days of reckless cutting and of the loss that the people come to feel for the trees of the mountains. "The people," said Judge Knowles, "will stand by the forest service."
