

# SOCIETY

Already the cooler weather has been taken advantage of, and the result is several charming functions with the promise of more to come. Visitors have been the delightful exception for a number of the affairs, and now that the usual fall weddings are almost done, doubtless the pretty affairs usually attendant upon them will soon begin, and from now until Christmas there will be a merry, busy social whirl.

### McDonald-Jackson Wedding.

One of the most charming weddings of the season was that of Miss Alice McDonald and Maurice Jackson, performed at the home of the bride's mother, Mrs. David McDonald, of West Pine street, on Wednesday at high noon. The Mendocino wedding march was played by Eugene McDonald, accompanied on the violin by Miss Lucille Stephens. The house was handsomely decorated for the occasion in purple and gold, the gorgeous color scheme being carried out in purple asters and golden glow. One end was used for tables, where those to whom dancing did not appeal could enjoy the fascinating of cards. Screened off with evergreens and golden glow one end was converted into a dainty dining room, where refreshments were served throughout the evening. The Missoula club orchestra furnished excellent music, the floor was in perfect condition and the occasion will linger in the memory of those fortunate enough to be present. About 100 couples were in attendance.

### TOLEDO'S CARNIVAL.

Marquis de Villalbar, newly arrived Spanish minister, and Senor Francisco Leon de la Barra, Mexican ambassador.

Toledo, Ohio, Aug. 28.—The Marquis de Villalbar, the newly arrived Spanish minister, made his first public appearance in America during King Wamba week in this city, Aug. 24 to 25. The city also had for its guest at the same time, Senor Francisco Leon de la Barra, the Mexican ambassador.

The festive colors with which Toledo has decked was a surprise to the diplomat. Certainly no American city north of the Rio Grande has before given the yellow and red of Spain equal prominence with the red, white and blue.

The marquis has the distinction of being the only man of title at present in the diplomatic corps at Washington, and it is entirely fitting that he should appear for his king, as he is personally very close to Alfonso. In fact, it was while the marquis was attached to the Spanish embassy at Washington that the matrimonial alliance with England took place and Villalbar is credited with having taken the preliminary steps which brought the match about.

The Marquis de Villalbar is 42 years of age and a bachelor. He is the grandson of the duke of Bivas, one of the most prominent men in Spain, and is lord chamberlain to the king. A list of the dignities and decorations that have been conferred upon him would be a long one. He was educated at the diplomatic service and 20 years ago was an attaché of the Spanish legation at Washington, to which he has just been sent as its new head.

Toledo has gone to add Toledo, Spain, for the central character of her carnival, and has found him in the person of Wamba, an early Spanish king, the memory of whose kindly and enlightened reign is revered in Spanish history. The personality of this year's King Wamba, as well as that of his consort, Queen Sancha, is a deep mystery, but it is known that persons prominent in the city's social life will impersonate the rulers and their escort.

The carnival began on August 24, with the entry of King Wamba and Queen Sancha, who, with their escort, will reach the city on a royal barge, leading a long procession on the Main river. The costumes worn were historically correct and the parade through the city to the park where the coronation took place was one of the most imposing pageants ever given in the country.

The Inter-Lake Yachting association held its annual Regatta on Maunee bay during the carnival, and in addition to the sailing craft, hundreds of power boats visited the city. A roadway, termed the Plaza was one great center of amusement, and what with illuminations and night and day parades, there were things doing at every moment, one of the most beautiful nights of the week was a Venetian affair in which occasion the Maunee was a spectacular stream of brilliantly lighted craft.

In short, Toledo planned a great show for her citizens and the city's visitors which outranked anything of the sort ever attempted by a northern city. The commission appointed by the chamber of commerce to carry out the details, consisted of leading business and professional men of the city, who spared neither time nor expense to make Toledo's first summer carnival a huge success.

Washington's Plague Spots. In the low, marshy bottoms of the Potomac, the breeding ground of malarial germs. These germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility and bring suffering or death to thousands yearly. But Electric Bitters never fail to destroy them and cure malaria troubles. "They are the best I ever used," writes R. H. James of London, S. C. "They cure stomach, liver, kidney and blood troubles and will prevent typhoid. The thing I guarantee is Missoula Drug Co."

# Have You Seen HAMMOND ADDITION?

If you have, you know that we are fully justified in our claim that it is by all odds the best residence district in Montana, and that it offers the most inviting proposition to the homeseeker as well as to the investor. There is good reason for our claim. As we say, if you have seen the addition, you know what that reason is. If you have not seen it, you can judge from what you know about Missoula that we are right when we say that Hammond Addition is not only the most attractive place for a home, but also the most inviting place for an investment that can be found anywhere in the west.

## Missoula We Stand Pat

Is making rapid strides in the development of her possibilities. The tributary country that surrounds her is coming into a higher state of productiveness all the time, and the population of the vast area which centers in Missoula is becoming greater every week. The produce of this great region is marketed through Missoula, and the supplies for the entire district are distributed through Missoula. Railway development is rapidly placing all parts of western Montana in close touch with this central city. The city's business is thriving and her business men are prosperous. Missoula's real estate is worth today twice what it was a year ago.

In our proposition to sell the building lots in Hammond Addition at the prices which prevailed a year ago. You are buying this year's improved prospects at last year's prices when you buy ground in Hammond Addition. Right at the outset you are adding to your investment; your lots are worth double what you pay for them the minute you get the deed. That is quick action and it sounds incredible, but you will find that it is the case if you investigate the conditions which prevail in Missoula and consider them in relation to this addition. Nowhere else will you find a proposition so inviting or returns so absolutely guaranteed by natural conditions.

## We Have the Best

Residence sites in the west. There is no location which you can find in the world that is more advantageous for the price than the lots in Hammond Addition offer. The location of this addition is ideal for a home site. The natural beauty of the place has been enhanced many fold by the improvements that have been made, and there are many more of the same in contemplation. The neighborhood is all that could be asked. The scenery is the finest in the world; the proximity to the business center of the city adds to the convenience of the location. The sanitary conditions are all that could be desired. The beautiful grounds of the state university adjoin the addition on the east and the Missoula county high school is on the western line of the addition. Within two or three blocks of the addition are the largest city schools. Within a short distance are churches and the electric railway line runs through the central part of the addition. What greater conveniences could there be and where could there be found a more delightful location?

## Improvements

That have already been made in this addition mark it as the finest residence district in Montana. In the west there are not more beautiful residence streets than Gettali avenue and University avenue. Ronald and Arthur avenues are to be parked and boulevarded as soon as the work can be done. There will be more of this work as the settlement of the addition progresses. Consider, too, the handsome residences that grace the sites in the older sections of this addition; consider the large number that has been added this year; consider those that are already in course of construction. You will soon satisfy yourself that the statement is not overdrawn that Hammond Addition is the best building site for homes anywhere in the west. There is beauty and inspiration everywhere; there could be no more elevating and enjoyable environment. Why do you not take advantage of this offer? You surely know that you can find nothing better anywhere else. And, remember, the financial advantages—last year's prices for this year's certainties. And the terms are easy.

### "Baby's Never Ill"—Remedy FREE

Summer after summer Dr. Caldwell is in receipt of hundreds of letters from mothers all over the country thanking him for keeping their children in good health these hot days. The way is simple for any mother. If the child breaks out with sores, if it scratches itself, if it has no appetite and doesn't sleep well, if its bowels are constipated or too loose, do not become alarmed, but try a dose of **DR. CALDWELL'S SYRUP PEP SIN**. There is no remedy so effective in the digestive ailments of children, and so well liked by them for its pleasant taste and non-gripping, than this very same **DR. CALDWELL'S SYRUP PEP SIN**. Ask the druggist who has your confidence and he will tell you that more mothers are buying this remedy today than any other. It is not to be compared to the ordinary laxative, because this contains tonic properties that help to build up the child; nor is it to be compared to salts and purgative waters, for they do but temporary good, nor to tablets or pills, which often gripe and are difficult to take. It is especially the right remedy for women and old folks because of its gentle action. Your druggist will sell you a bottle for 50 cents or \$1.00, according to size.
