MONDAY, AUGUST 30, 1909.

AT SEATTLE.

The meeting of the Conservation congress at Seattle was another Pinchot triumph; it was right and proper that it should be. The very purpose of the session was the purpose of the Pinchot policy—the conservation of the natural resources of the country...

BOOST FOR IT.

In the Western Montana Apple show Missoula has a splendid opportunity to do some good work in the exploitation of the resources of the country that lies about her.

GIRLS WHO WIN.

In the current discussion of the way women are entering the field of occupation outside the home and of the record they are making, the instance of the girls who have recently been employed as ticket sellers for the rapid transit companies in New York is cited.

a hold-up. Mother asked me to. But the thing was always in the way of my money, so I quit bringing it along."

THEY'RE COMING.

Of those who registered for the Flathead reservation opening, there were probably seven-eighths who took occasion to make some sort of inspection of the country which they hoped to occupy in part.

The weather man achieved another victory in his forecast of the Saturday storm in the Gulf of Mexico.

Mr. Pinchot's tour of the northwest has been a triumphal march. There is no question as to the popularity of the man and of his policy.

You, who are searching for a better place than the Bitter Root, cease your useless quest. There is no better place.

The ranks of the conservationists contain some of the best fighters who ever enlisted for any campaign.

It is with pleasure that we renew the assertion that the bridge work is making good progress.

One week remains in which to prepare for the Labor day celebration. Make it a good one.

Moreover, it is in order to boost and boost all the time for the Western Montana apple show.

While Britannia's rule of the wave is questioned, there is no doubt of Columbia's rule of the air.

The man with the trigulation ditch keeps the man with the hoe very busy these days.

August comes into the stretch at the record-making gait she has maintained for 26 days.

The railways also contribute to our prosperity by their large share in our taxes.

The officers and crew of the Ohio proved worthy of the name of their boat.

Of Secretary Ballinger it may be said: "He doth protest too much."

And the haystack becomes again one of the signs of prosperity.

The way of the power trust looms rough and rocky ahead.

August has been mighty good to the northwest.

Watch the bridge grow.

Quit your knocking.

With his penalization Curtiss' time stood 25:49 2-5, and this gave him the race by almost a minute margin.

Other Results. The lap speed contest went to Blarist, who covered the 10 kilometers in 7 minutes, 47 4-5 seconds.

The derigible balloon, Colonel Renard, captured the Prix Des Aeronautes, a prize of 10,000 francs for the best time in five circles of the course, 50 kilometers.

BIG FIRE APPROACHES YOSEMITE'S BIG TREES

Yosemite, Cal., Aug. 29.—The forest fire that has been raging in the vicinity of the Merced grove for three days is within two miles of the big trees tonight.

NO GRABBING HERE ANTI-GAME SERMON IS PREACHED SAYS CARTER

MONTANA SENATOR STATES NO POWER SITES HAVE BEEN APPROPRIATED.

Seattle, Aug. 29.—The charges of water power grabbing in Montana seem to be without foundation in fact. While passing through the state with the committee I personally took occasion to inquire of land offices, county clerks and others who would be likely to have records and from the information received believe absolutely that no power site has been appropriated on the Missouri river or any of its tributaries within the last five years.

"Thus far the committee has not discovered any intimation of illegal action on the part of any reclamation service officer or employe excepting some charges made at Sunnyside, Wash., involving the alleged feeding of horses and a few cows with government forage.

"If the books show that the force was paid for we will have a clean sheet thus far."

The members of the committee spent the greater part of the day visiting the navy yard at Bremerton, with which they were all well pleased and expressed the belief that it was fast outgrowing its present accommodations.

ing so close to the earth that the spectators could see the faces of the occupants.

Kaiser Salutes.

The emperor, who had especially sent Professor Purgessell, government commissioner on airships, to invite Orville Wright and his sister to join the party, gave them a most hearty welcome.

The emperor then advanced and shook hands heartily. He presented Mr. Wright to the count, and the American aeronautist and Count Zeppelin exchanged congratulations.

Later the count seated at his right, his majesty proceeded to the castle where luncheon was served. The spectators all along the route shouted themselves hoarse and waved flags until the procession disappeared.

The airship started at 11:24 tonight on its return voyage to Friedrichshafen.

RETAILERS ARE SORE.

San Antonio, Tex., Aug. 29.—Western and southwestern Texas are up in arms against the mail order house. The retailers and some of the smaller merchants have decided to undertake a campaign of education, in which the many drawbacks alleged will be properly aired.

NAUGHTY TROOPERS ARE NOW FORGIVEN

Athens, Aug. 29.—The climax in political affairs, which reached its height in the mutiny of the local garrison and the formation of a new cabinet, has subsided. A decree was published today granting amnesty to the troops concerned in the mutiny.

Among the reforms demanded by the troops were that command of the army should be entrusted to three officers of the rank of general, acting under the supreme authority of a royal prince; the other members of the royal family serving in the army to be treated as ordinary officers.

THIEF IS ARRESTED.

Seattle, Aug. 29.—Isidore Greenbaum, 24 years old, wanted in Chicago on a charge of stealing \$3,000 worth of jewelry from a firm by which he was employed as a salesman, was arrested here today.

SCARED TO DEATH.

Portland, Ore., Aug. 29.—Frightened at the noise behind her of a swiftly approaching automobile, Mrs. Mary Wrightman, an aged woman, dropped dead in her tracks here today.

REV. L. G. MORRELL SPEAKS BEFORE MINNEAPOLIS-KANSAS CITY STRUGGLE.

Minneapolis, Aug. 29.—The innovation of religious services to Sunday baseball games was introduced here today, when Rev. L. G. Morrell delivered a short address before the Minneapolis-Kansas City game at Nicollet park.

"The west," said Mr. Morrell, "is never content to be behind the east in any progressive movement, and will not take a backseat when baseball religious services are considered. For myself, I do not usually attend Sunday, but I go every other day in the week, but there is no reason why others than myself should not enjoy the sport."

"I believe the only sin of Sunday ball is for the home team to lose, so I say to the Minneapolis boys, go in and climb a notch closer to the flag."

ARMY NOW FAVORS USE OF AEROPLANE

Washington, Aug. 29.—The events in the field of aeronautics within the next month will, it was said today, determine the course which the secretary of war and the army signal corps will follow with respect to the equipment of the army with aeroplanes and dirigible balloons.

The success of aviation week at Reims has been an important factor in determining the course of the signal corps. The army now has a Baldwin dirigible and one of the Wright aeroplanes, and in addition to a gas plant, a number of free balloons. It has been determined that a Zeppelin balloon would involve great expense.

DEED OF A CRAZED MOTHER.

St. Joseph, Mo., Aug. 29.—In a fit of insanity today Mrs. Carrie Sanders, aged 41, of the Fifteenth addition, gave five of her six children morphine. While trying to feed the poison to the sixth child she was detected by a neighbor. She then confessed.

CHOIR SINGS, AFTER ALL.

Seattle, Aug. 29.—That the Salt Lake tabernacle choir, which refused to participate in the Elstedford last night, owing to a dispute with the Welsh committee, is on the best of terms with the Alaska-Yukon-Pacific exposition was shown tonight when the choir sang to 20,000 people who crowded the natural amphitheater and stood outside whenever they could find room.

MIDDLE WEST GETS CONVENTION

Seattle, Aug. 29.—At a meeting of the executive committee of the National Conservation congress today it was decided to hold the next congress in the middle west, probably at Kansas City. Judge Thomas Burke of Seattle was chosen treasurer of the permanent organization, this office not being filled by the congress before it adjourned yesterday.

DRIVER GROSSE DIES.

New York, Aug. 29.—Laurent Grosse, driver of the Stearns car, who was injured in the 24-hour automobile race at the Brighton Beach motordrome Friday night, died today. Leonard Cole, his mechanic, was instantly killed in the accident. Grosse's back was broken. He was 26 years old and lived in New York.

A GUSHER.

Florence, Colo., Aug. 29.—While drilling for oil one and a half miles south of town, employees of the Union oil company this morning struck a gusher of sufficient power to throw mud to the top of a derrick 75 feet high. The well is now 2,400 feet deep and is flowing freely.

THAT BABY CASE.

Topeka, Kan., Aug. 29.—Edward McKeever, local attorney for Mrs. Stella Barelay, tonight announced that an arrangement had been made whereby the woman and J. N. Century, defendant in the "incubator baby" case, would voluntarily return to Topeka.

LISTENS TO STOCKMEN.

Ogden, Utah, Aug. 29.—Secretary of Agriculture James Wilson arrived in Ogden today. He will remain until Tuesday and then proceed to Escalante, Utah. At each stopping place he will listen to representations of stockmen on the forest reserve question.

CANNED.

Albany, N. Y., Aug. 29.—Finding him guilty of charges of misconduct in office and neglect of duty, Governor Hughes has ordered the removal from office of Louis F. Haffen, president of the Borough of the Bronx in New York.

From September 15 to October 15, Dental Surgeon John R. Ames, at Fort Snelling, Minn., will perform dental work on such soldiers at Fort Assiniboine as require it.

Private Elex Grossman, Company M, Second infantry, at Fort Assiniboine, has been transferred to the Fourth cavalry, with troop B, stationed at Fort Snelling, Minn.

Private Gay Gregg, of Company B, Sixth infantry, has been discharged from the army on account of disability.

John P. Carberry has been commissioned fourth-class postmaster at Blackfoot.

Stockmen grazing cattle on the national forests in the southwest, especially in Colorado and New Mexico, have reported to the forestry service serious losses during the present summer through the cattle eating oak leaves.

The season has been unusually dry and grass extremely scarce. To eke out the scanty forage supply, the scrub oak which covers large portions of the range, ordinarily the stock does not browse much on the oak and the little they do get taken with the other food, is not injurious, but when, as in the present season, the oak browse furnishes a large proportion of the daily food of the cattle, the results are serious.

The oak leaves and sprouts contain a large percentage of tannic acid. The action of this acid on the stomach is extremely injurious and the losses have been unusually severe. The symptoms of the disease are staring eyes, feverish and blistered lips and nose, the animal ceases to graze or seek for food, standing in one place for hours at a time. The coat becomes rough and the hair is all turned the wrong way, as in cases of loco poisoning. The animal does not chew its cud and in a comparatively short time it becomes too weak to remain on its feet and death rapidly follows.

So far as is known the only available remedy for this trouble is linseed

oil given as a drench in amounts from one to two quarts. The oil appears to overcome the injurious effects of the tannic acid and if the disease is not advanced too far and the animal can be furnished sufficient food so it will not be forced to eat the oak, it will generally recover. The best method, of course, in handling the trouble, is, if possible, to get the cattle away from the range where the oak is found and furnish them with plenty of green feed to build up again.

WIFE IS INSULTED AND SHOTS HUSBAND

San Francisco, Aug. 29.—Dr. Walton Lampe was shot in the head and fatally wounded today by his wife in their apartments at the Holland hotel. According to the statement made by Mrs. Lampe to the police after her arrest, her husband has habitually beaten her and charged her with improper relations with her former husband, Dr. P. C. Surney, from whom she was divorced two years ago.

The Lampes were married six months ago, and Mrs. Lampe declared that their whole married life has been marked by quarrels. For an hour Mrs. Lampe kept her husband in the room after she had wounded him. She says that she endeavored to get him to retract the charges he had made against her.
