PLATONIC RELATION ONLY

ARTIST AND FRIEND HAVE NO
THOUGHT OF MATRIMONY,
'TIS SAID.

New York, Sept. 1.—Followers here
of the school of philosophy advocated
by Ferdinand Pinney Earle and friends
of the Monroe (N. Y.) artist today de-
clare that the friendship between
Earle and Miss Gertrude Bull Dunn,
with whom he is reported to be trav-
eling in Europe, is absolutely of a
platonic nature. It is purely a "union
of souls," they say, with no thought
of marriage or relations approaching
marriage.

Ferdinand Pinney Earle obtained no-
tority in September, 1917, when he
announced that he and his first wife,
who was Miss E. M. Elshbaur, had
agreed that their souls were not in
time. Mrs. Earle obtained a divorce,
and the artist married Miss Julia Kut-
tner, a young settlement worker, who
had been living in his house in Monroe
before he and his wife separated. Mrs.
Kuttner-Earle is now suing him for
divorce on the ground that he was
never properly divorced from his first
wife.

Earle and Miss Dunn, it is said, met
first at a house party of the members
of their cult near Norfolk, Conn., last
spring. Since then their compani-
onship has been almost constant, and
a week ago, it is said, they sailed for
Europe.

Earle and Miss Dunn, it is said,
found their mutual interest in the
artist's proposition to turn his large
house at Monroe into an asylum for
foundlings. For the discussion of this
proposition, it is said, they spent two
weeks together at Monroe, Miss Dunn
being accompanied by a chaperon.

WILL BE EXAMINED AS TO HER SANITY

Chicago, Sept. 1.—In the unkempt,
dismal-looking woman whose fever-
ish lips answered to the name of
Alice Webb Duke in Judge Gimmell's
court here today, there was enough
to remind the spectators of the former
wife of Brodie L. Duke, the million-
aire tobacco manufacturer. Mrs. Duke
was arrested last night charged with
failing to pay a \$40 automobile bill.
In her cell last night she sang songs
from grand opera for hours. Judge
Gimmell, on a statement from a physi-
cian that the defendant is insane,
held her for examination in the county
court as to her mental state.

MARQUETTE STATUE FORMALLY UNVEILED

Mackinac Island, Mich., Sept. 1.—
Pere Marquette, the Jesuit missionary,
whose name is inseparably interwoven
with the early history of Michigan and
the great lakes, was honored here to-
day in the unveiling of a \$7,500 monu-
ment to his memory. The bronze
statue, 10 feet high and resting on a
sub-base 10 feet in height, represents
the missionary standing erect and
clothed in his priestly robes. Justice
William R. Day of the United States
supreme court and Rev. Father Cun-
ningham of Marquette college of Mil-
waukee delivered addresses.

A NINE-HOUR DAY.
Washington, Sept. 1.—Evidence of
returning prosperity is contained in an
order just issued by the Southern rail-
way restoring all employees in the var-
ious shops of the company through-
out the system to a nine-hour day in-
stead of an eight-hour working sched-
ule. Eight thousand men are affected
by the order.

Many people delude themselves by
saying, "It will wear away," when
they notice symptoms of kidney and
bladder trouble. This is a mistake.
Take Foley's Kidney Remedy, and stop
the drain on the vitality. It cures
backache, rheumatism, kidney and
bladder trouble, and makes every
trace of pain, weakness and urinary
trouble disappear. Garden City Drug

MARKET MOVEMENTS OF THE DAY

New York, Sept. 1.—A decline in
prices is the natural course of a mar-
ket so dull as that of today for stocks.
Even where there was no urgent
pressure of stockholders to sell, the
falling of the market was due to the
change in the prices of animal prod-
ucts of their own weight. The almost stag-
nant condition of the trading three
months over the turbulent sales of
the last two weeks and make it dif-
ficult to explain the sudden with-
drawal of the operators, whose con-
gested dealings in a few stocks were
responsible almost altogether for the
million share totals which succeeded
each other day after day. Conditions
bearing on values have undergone no
change to correspond with the sudden
cessation of the speculative activity.
The feverishness of the interest man-
ifested in the health of E. H. Harri-
man has abated, and this seems the
only explanation to offer of the
change in the complexion of the mar-
ket. The punishment given the bears
Monday served to admonish them
that the bull party was still able
to control the market. The renewed
abandonment from Boston through the
medium of the advertising columns
and the telegraph had its effect in
the latter part of the day and im-
parted some courage to the bear party,
but they rebought hastily. The less
favorable crop aspect was dwelt upon
to some extent to warrant the con-
tention for lower prices. Last year's
decline in exports of merchandise and
the very heavy imports threw the ex-
change situation out of normal. In
order to tide over the situation Ameri-
can borrowing in Europe, have been
very large, estimated by some authori-
ties at as high as \$500,000,000 now out-
standing as indebtedness against this
country.

London sent reports of a weak mar-
ket for copper. The unchanged divi-
dend or American Smelter seemed to
cause some disappointment.
Time money rates went on harden-
ing and the banks are losing cash by
withdrawal for the west, but call
loans were not affected.
Bonds were irregular. Total sales,
(par value), \$2,860,000. United States
bonds were unchanged on call.

Grain and Provisions.
Chicago, Sept. 1.—After ignoring a
report of the Hungarian government,
which established the wheat crop of
the world 254,240,000 bushels larger
than the previous year, wheat traders
today were aroused by the report of
a local crop expert, which placed the
winter crop of wheat of the United
States in the neighborhood of 425,000,
000. The trade sold freely late in the
session. As a result of this selling,
prices broke from 1/2 to 1c in the
final hour. The market was strong for
the early part of the day in 30c
parity with the corn market but the
heavy realizing sales caused the break.

A heavy buying movement in corn
caused sharp advances in all deliv-
eries. One leading short was credited
with purchases of more than 2,000,000
bushels.
May was the strongest option scor-
ing an advance of 1/2c at one time
during the session. There was some
profit taking at the top and prices
closed 1/2c below the high point of
the day.

Oats scored a substantial advance
owing to a report of a local crop ex-
pert, which estimated the crop of oats
in the United States to be nearly 1-
10,000,000 bushels less than the govern-
ment forecast. The market closed
with prices up 1/2c to 3/4c.
Provisions were firm. Treading,
however, was light. Prices closed 1/2
to 3/4c higher.
The Board of Trade will be closed
Monday, September 6.

Metal Market.

December, \$12.70 1/2. No sales were re-
ported on the New York exchange.
The London market was easy and
lower at £28 2s 6d for spot and £29 1s
for futures. Locally brokers quoted
lake at \$13 1/2; electrolytic, \$12 3/4;
6 1/2; casting, \$12 1/2.
Tin was weak with September and
spot closing at \$34 1/2; October,
\$32 1/2; December, \$31 1/2. No business was
reported on the decline.
The English tin market was weak
and lower also, with spot closing at
£137 7s 6d and futures at £138 7s 6d.
Lead was steady with spot quoted
at \$4.55 1/2; New York and at \$4.20 1/2
for East St. Louis delivery. The Lon-
don market was unchanged at £12
11s 3d.
Spelter was steady at \$5.65 1/2; New
York and at \$5.55 1/2; East St. Louis.
London was unchanged at £2 10s.

WILL INVESTIGATE BROTHER'S DEATH

Atlanta, Ga., Sept. 1.—Captain El-
bert P. Coulter, former mayor of
Gimard, Ala., today retained legal
counsel in Atlanta for the purpose of
investigating what he claims was the
unwarranted killing of his brother,
Edward W. Coulter, company D,
Seventeenth United States regiment,
at Fort McPherson, several weeks ago.
Coulter was shot and killed while
running away from a squad of soldiers
who had been sent to quell a dis-
turbance in a "near beer" saloon near
the fort. It was claimed that the
order was given by Lieutenant
Hazelhurst in command of the squad.

MOODY IS SUFFERING FROM RHEUMATISM

Haverhill, Mass., Sept. 1.—That
rheumatism and nothing else is the
malady from which Associate Justice
William H. Moody of the United
States supreme court, is suffering, is
the statement made to the Associated
Press today by the justice's secretary,
John A. Kratz, Jr.
Mr. Kratz today explained the
nervous which marked the coming of
Justice Moody yesterday by saying
that it was desired for the patient's
sake that his return to his home
should be accomplished quietly and
without attracting attention.

PRINCE IS ACCUSED OF ANOTHER ASSAULT

Belgrade, Servia, Sept. 1.—The new-
paper Servon, which first published the
story that Crown Prince George had
assaulted his valet, a statement that
resulted in the prince renouncing his
right to the throne, makes another
sensational announcement today re-
garding a French chauffeur employed
by the prince. It declares the chauff-
eur recently received serious injuries,
following which he was conveyed se-
cretly to a Belgrade hospital, where
he now lies in a dying condition.

ROOSEVELT TROPHIES IN FINE CONDITION

Washington, Sept. 1.—The scientists of the Smithsonian institution are now satisfying their everflowing curiosity as to what the first consign-ment of boxes, containing trophies of Colonel Roosevelt's African hunt, have within their sides. Upon opening the cases containing the skins they were found to be in good shape. The work of stuffing the skins will not be undertaken for some time and it will probably two years before the work is completed.
A beautiful collection of birds, said to be more valuable than the larger animals, is also in the collection.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herculicide.
This word of late has been in every-one's mouth, and many are wondering what the word signifies, though no one has yet been found who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means a destroyer or killer of "Herpes." Now, "Herpes" is the family name of a disease caused by various vegetable parasites. A sim-ilar microbe causes dandruff, itching scalp and falling hair; this is the mi-crobe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c in stamps for sample to The Herculicide Co., Detroit, Mich. Two sizes—50c and \$1. Missoula Drug Co., special agents.

The Electric Sign Is Indorsed by Visitors

THEY WILL GO BACK TO THEIR HOMES AND TALK ABOUT IT

LOTS OF IT.—They stood at the Florence corner one night and looked up the avenue along the lengthy line of illuminated signs. There were four of them and they were strangers in the city; they talked enthusiastically of some of the things they had seen here and were particularly interested in the electric signs. "I'll bet you," said one of them, "that there is more electric power represented in those signs on that one street than is used in our whole city at home." Wherever he came from, that young man is the sort of visitor that Missoula likes to have. He is representative of the people, as a whole, who are registering. And it is worth while to have this sort of fellows stop with us, if it is only for a day. They learn something about us and they like us and go away with good words on their tongues for Missoula and her people. There can be no mistake made in the proper treatment of the strangers who are with us this summer. It is to the lasting credit of the people of the city, especially of the hotel men, that visitors are going home well pleased.
