JUST A FEW SMITHS PRESENT

MEMBERS OF THE EXTENSIVE FAMILY GATHER AT SEATTLE EXPOSITION.

Seattle, Sept. 2.—When Donald Smith, better known as Lord Strathcona, the richest Smith in the world, sent his regrets from Victoria to the world's fair Smith family day committee, saying that he could not attend because of illness, there was a feeling of discouragement. Later the committee was cheered by the news that Columbia the Labrador Eskimaux belle, queen of the Play Street and famous as the Chicago's world's fair baby christened by Mrs. Potter-Palmer, claimed the name of Columbia Smith.

When the fair gates opened this morning people began pouring in wearing a badge:

"I am a Smith, are you?" Headquarters were first established in the Washington building and here thousands of Smiths registered. When the time for the speaking in the auditorium arrived, 3,000 members of the great family—Indians, Eskimaux in furs, and white people—marched to the hall, where exercises were begun with an address by Rev. Edward Lincoln Smith, of the Pilgrim church of this city.

After the addresses, every one of which was wonderful of the achievements of the family, prizes were awarded to the shortest Smith, the handsomest and the plainest. Every state in the union was represented.

REFUSED TO LEAVE. HIS SAMPLE CASE

Seattle Sept. 2.—When the steamer Ohio sank in Carter bay, B. C., last week, one of the passengers was A. N. Anderson of Minneapolis, a traveler for an eastern jewelry firm, who carried a sample case whose contents were worth nearly \$10,000. When the rush for lifeboats began Anderson was obliged to leave his sample case in the social hall of the steamer. He refused to leave the scene of the wreck with other passengers, but obtaining blankets and food camped in a hut on the shore of Carter bay. When divers came to work on the wreck Anderson saw that they first found his precious bag, some or all of the contents of which they recovered before the dead were searched for.

GETS HABEAS CORPUS

Chicago, Sept. 2.—Wilbur Glenn Voiva, successor to the late John Alexander Dowie as head of the Christian Catholic church in Zion, and who is now in jail for failure to pay a judgment of \$10,000 obtained by a former member of the church on a charge of libel, obtained a writ of habeas corpus from Judge Scanlan here today. The writ is made returnable tomorrow.

INCREASE IN VALUE MARKET MOVEMENTS OF THE DAY

IMPORTS AND EXPORTS DURING THE MONTH OF JULY ARE MUCH HEAVIER.

Washington, Sept. 2.—There was an increase in the value of both the imports and exports of the United States during the month of July over that of last year, according to the monthly statement of the country's foreign commerce issued by the bureau of statistics of the department of commerce and labor. The value of the imports for July was \$12,488,354, an increase of \$26,652,862 over July a year ago, making the total imports for the seven months ending with July, \$829,485,546, which is an increase of \$221,588,538 over the same period for 1908.

The increase in exports for July was more than one-fourth that of the imports. The exports were \$109,337,952, an increase over the previous July of \$8,128,376; for the seven months ending with July the exports amounted to \$897,311,122, a decrease compared with the same period in 1908 of \$2,653,563.

The decrease in exports for the month were in foodstuffs, all other classes of exports showing an increase.

THIRD SONDERKLASSE IS WON BY GERMANS

Marblehead, Mass., Sept. 2.—In the third International Sonderklasse race the German challengers won. Captain Otto Protzen steered the Hevelia around a triangular course 7 1/2 miles today with the same excellent judgment that he displayed three years ago when he won a race here for the Roosevelt cup challengers, with the Wannsee.

The Margarethe was second, while the Zehndt III, the other German competitor finished fourth. The first of American yachts to finish was the Wolf, but she was beaten by the Hevelia and Margarethe and next came the Ellen and the Joyette. Returning to the harbor the victorious Hevelia was saluted from every side.

The first examination will be held on October 3 next. Few appointments from this examination will be made before January 1 and not many will be made until April, 1910. The maximum force will be drawn about August 1, next year.

ANOTHER TOWN DESTROYED. Mexico City, Sept. 2.—Word has reached here that the town of Rayones was destroyed in the recent flood that swept down the Monterey valley. Other river settlements have not yet been heard from. There is still a large area without telegraphic communication.

DIVIDEND ANNOUNCED. Boston, Sept. 2.—Announcement of a quarterly dividend of \$3 a share was made today by the directors of the Calumet & Hecla Mining company. Three months ago the quarterly dividend declared was \$6 and the dividend declared one year ago was \$5.

New York, Sept. 2.—The stock market today was narrow, with little speculative interest evidenced. The coming three-day closed interval from Friday evening to Tuesday morning—emphasized the tendency to quietude. News of the day had little influence in the trading. There was an abundance of testimony to the vital improvement in the iron and steel trade, indicated by the active demand for iron and for practically all grades of the finished product. These are the conditions foreseen by the confident buyers of United States Steel, while the general observer failed to detect the evidence of industrial revival and maintained a skeptical view of the professed faith of the buyers.

Not the current trade returns, but the prospects for the future are what must be sought in the price fluctuations of the securities and are what doubtless played their part in the price of United States steel with in a small fraction of its highest record. The increase in the dividend by the Calumet & Hecla Mining company was of more influence in copper shares than the news of trade condition. The statistical position of copper is regarded as unsatisfactory on the whole, the piling up of stocks abroad indicating that the rate of production of the metal is still ahead of the consumption, with small promise of early betterment of prices. The American Hide & Leather stocks responded to a highly favorable annual report. American Locomotive suffered no apparent harm from the showing of a year's earnings insufficient to pay the full dividend even on the preferred stock. The failure to hold the entire advance in prices up to the end of the day was considered as corroborative of the belief that the professional covering operations made up a large part of the buying. Bonds were firm. Total sales, (par value), \$2,270,000. United States bonds were unchanged on call.

Grain and Provisions.

Chicago, Sept. 2.—Momentary weakness was manifested in the wheat pit at the opening today, owing to a decline of 1 to 1 1/2d at Liverpool, but a strong tone soon developed, and during the remainder of the day sentiment continued bullish. At the high

point prices were from 1 1/4 to 1 1/2c above the low mark. Several recessions occurred during the day because of profit taking by local holders, but at the close prices were less than 1/2c below the highest point. Weather conditions in the northwest were the chief factor in the situation. December closed at 84 1/2c.

Oats market was firm all day and closed 1/4@1/2c higher. Provisions closed 5c higher to 7 1/2c lower.

The London market was 1/2 higher with spot quoted at 118 1/2 to 64 and futures at 119 1/2 to 64. The market for Standard copper was quiet, the only business reported on the local exchange being 200 tons of December at \$12.90. Closing quotations follow: Spot, \$12.40@12.70; September, \$12.40@12.70; October, \$12.45@12.75; November, \$12.50@12.85; and December, \$12.50@12.85.

Local dealers quoted lake copper at \$13.30@13.75; electrolytic at \$12.87@12.12 1/2; and casting at \$12.75@12.75. The London market closed steady, with spot quoted at 59 1/2 and futures at 60 to 64.

Lead was easy with spot quoted at \$4.30@4.37 1/2; New York, and at \$4.20 to \$4.30 East St. Louis delivery. The London market was higher at 112 1/2 to 90.

Spelter closed easy at \$5.65@5.75; New York, and at \$5.50@5.60 East St. Louis. The London market was higher at 62 to 64.
