

Garden City Commercial College

Fall Opening September 7

The nicest located, the finest equipped, the most beautiful grounds of any other business training school in America.

BRIGHT BUSINESS WOMEN

are achieving the highest success in the wide field of commerce. There was a time when the door of opportunity was closed to the gentler sex. Without a practical training and with no means of acquiring it, women had no way of fitting themselves for a business career.

But today the situation is vastly different. Any ambitious girl who can write shorthand rapidly, typewrite accurately, and keep accounts as they should be kept, finds it easy to obtain a pleasant and profitable position with good business houses.

No young woman, however, should make the mistake of believing that a mere superficial training in these branches will answer. Incompetent business workers—helpers who cannot really help—are a drug in the market, and the wages paid to these are extremely small. It is the worker who can work to advantage from the start, whose labor is productive and who seldom or never makes mistakes who gains the best positions and keeps them.

Our school gives more than a theoretical knowledge of commercial branches. It trains each student individually in the practical method of real business. It prepares one for the emergencies of life. It enables one to use existing circumstances as stepping stones to higher success.

If you want a pleasant paying position let us prepare you for it in the most modern and magnificently equipped commercial school in the west. Here we have every appliance used in the down-to-date business office, and so can familiarize each student with the details of the work he will be expected to do in actual life. Ask for our late Fall Announcement, giving full details regarding our courses, and what our successful graduates are now accomplishing. It will interest you. Write today. Address

SOUTH MISSOULA, MONTANA

SUIT IS COMMENCED BY HEIRS

SPRECKELS BOYS WOULD OUST UNION TRUST COMPANY AS TRUSTEE.

San Francisco, Sept. 4.—Suit was brought today by Rudolph Spreckels and Claus A. Spreckels, Jr., as executors of the estate of the late Claus Spreckels, to have the Union Trust company of this city removed from the trusteeship of the estate. The complaint alleges that the trust company is dominated by John D. Spreckels, who has caused it to refuse to foreclose upon the Oceanic Steamship company, which is a debtor to the estate. It is alleged that the Oceanic Steamship company, the majority of the stock of which is owned by John D. Spreckels, has failed to pay the semi-annual interest on 600 of its bonds, of the par value of \$1,000 each, belonging to the estate; that the trust company has made no effort to collect the amount due and has refused to foreclose, as is stipulated in the deed of trust given when the bonds were issued.

The court is asked to appoint a trustee not named or influenced by the Oceanic Steamship company or John D. Spreckels. The latter is contesting the will of his father, Claus Spreckels, who left his entire estate valued at over \$3,000,000 to the widow and two sons, Rudolph and Claus A. Spreckels.

SPRINGS SENSATION UPON CONGREGATION

Spokane, Sept. 4.—Declaring the law of heredity to be one of the unimpeachable truths of science and expressing firm belief in the theory that "our lives are shaped generations before we are born," Rev. Dr. Henry Irving Rasmus, pastor of First Methodist church of Spokane, created a stir when he gave voice to the following in the course of a sermon upon "A Magnificent Future," citing as a type:

"Some of our ministers and holders of chairs in our universities regard the marriage law as being more of a civil than a spiritual contract. To these I would say that, had I my way, I would sentence them to be taken some dark night and dumped on a lonely volcanic isle with 50 of the meanest women on earth and there compel them to live 40 years with no one but these women as companions."

Indications are that Dr. Rasmus has started something which will make the Pinchot-Ballinger squabble appear tame in comparison.

PRIZES AND FIELDS PROMISED BY SPOKANE

Spokane, Sept. 4.—One hundred thousand dollars in cash prizes and adequate fields for trials are guaranteed by the Spokane Chamber of Commerce to the Aero Club of America to have the international aviation meet of 1916 near Spokane or in any part of the inland Empire, provided the Wrights, Curtiss, Bleriot, Pauthan and birdman of equal note are entered in the contests.

L. G. Monroe, secretary of the commercial organization, who has just submitted a proposition, embracing the foregoing, to the board of directors of the Aero club, said:

"The fact that New York does not appear to have a 'clinch' on the coming meet leads us to believe that Spokane's proposition will receive careful consideration. Many of our 500 members are willing to subscribe to the \$100,000 fund, and we have assurances from others, so there will not be the least difficulty in raising the amount in a short time. Spokane is ready to make good."

AGREEMENT SIGNED BY BOTH NATIONS

Peking, Sept. 4.—The final draft of the agreement between China and Japan, in settlement of the various Manchurian questions that have been in dispute for some time, was signed at 4 o'clock this afternoon. It will be published officially September 8.

China will open the towns of Lun-ching-hsin, Chitzsuan, Piesokou and Chientao as soon as possible. She will also open the Chientao district to settlement. Japan recognizes the Tumen river as the boundary line between Korea and Manchuria and withdraws all her officials from the Chientao district, completing the evacuation in two months' time. She will, furthermore, appoint consuls in Chientao. The opening of the Kirin railroad extension is to be decided mutually, and officials are to be appointed to determine the boundaries of the Fushun and Yentao mining districts.

The Japanese are pleased with it, but the Chinese declared themselves as being in the position of a man coerced by successive blows.

A big special Labor-day program will be on at the new Bijou theater Monday afternoon and evening. As a feature, the great film, "The Heart of a Race Track Tout," will be shown. This film was taken in California and shows a great hand-picked race on one of the big tracks there. It also shows the sucker who followed the "tout's" tip and won \$5,000 in cold cash. Other good subjects will be shown. Also a new song by Mr. Lavoisier, and plenty of good music by Miss Schroeder's ladies' orchestra. A matinee will be given beginning at 2 p. m.

JAPANESE CELEBRATE AT SEATTLE

THOUSANDS OF THE LITTLE BROWN MEN GATHER AT THE EXPOSITION GROUNDS.

Seattle, Sept. 4.—Never, outside of Asia, have so many Japanese been assembled as were gathered at the Alaska-Yukon-Pacific exposition grounds today to celebrate Japanese day. Seven thousand Japanese live in and near Seattle and nearly all of them visited the fair at some time during the day.

In the two parades that passed through the city streets and the national pavilion through the fair grounds, the mixing of old and new Japanese was somewhat incongruous, but everything was picturesque. The city parade was led by a mounted Samurai warrior in a suit of mail and with a white lance about his head. He looked like a picture from the middle ages. Close upon his heels came dozens of Japanese, wearing frock coats and high hats. The young women in automobiles were dressed and acted like American girls. The Japanese are as fond of making and listening to speeches as are the Americans, and the commercial commissioners spent nearly half of the afternoon in the exposition auditorium exchanging expressions of good will with their American hosts. Every speech, English or Japanese, was translated. Baron Shibasaki was the principal speaker for the Japanese today.

At 5 o'clock there was a spectacular display of daylight fireworks. Later the commissioners were entertained at dinner at the New York building by citizens of Seattle. Afterward they were the guests of honor at a reception in the Washington building and at 10 o'clock an elaborate fireworks display began.

The commissioners are anxious to get on their special train. Some of them complain of too much entertainment and of too little sleep.

NARROW ESCAPE

Springfield, Mo., Sept. 4.—W. J. Bryan narrowly escaped injury here last night when a motor car in which he was being taken to Doling park to make an address, got beyond control going down a steep hill in the park. The brake broke, but the car was stopped just on the edge of an embankment.

MAYOR ARRESTED.

Athletic City, N. J., Sept. 4.—Mayor Franklin P. Stoy of this city was arrested late this afternoon on a warrant charging him with ignoring an order of State Attorney General Wilson which notified the mayor to enforce the law against Sunday sale of liquor. Mayor Stoy gave a bond of \$5,000.

A Burglar in Town

his name is "bad tough." He doesn't care for gold or silver, but he will steal your health away. If he appears in your house arrest him at once with Farrant's Horehound Syrup. It may mean consumption if you don't. A cure for all coughs, colds and chest troubles. Prices 25c, 50c and \$1 per bottle. Sold by Geo. Freisheimer.

IN FULL WAR PAINT VESSELS SAIL

FIRST SQUADRON OF THE PACIFIC FLEET STARTS ON A LONG CRUISE.

San Francisco, Sept. 4.—Stripped of every vestige of coastwise comfort and attired in full war paint, dull gray, the first squadron of the Pacific fleet, comprising eight of the fastest fighting ships in the American navy will steam through the Golden Gate at 10 a. m. tomorrow on the first leg of a six months' cruise to the far east. Each of the octette is an armored cruiser and with two exceptions each is equipped with 18 guns and is of 13,680 tons burden. The Tennessee and the Washington of the first division have 20 guns each and are of 14,500 tons burden. Every ship has 23,000 horse power. The object of the voyage is to test the efficiency of the vessels in the work for which they were constructed—to make cruises of any length at the highest possible speed while maintaining a maximum of fighting strength.

According to Rear Admiral Uriel Sebree, who will command the squadron, the cruisers will steam to Honolulu at 18 knots an hour. After remaining at the islands for three weeks they will proceed to the Admiralty islands, at 12½ knots, take on 12,600 tons of coal, and resume the 18 knot speed to Manila. They are due in the Philippines November 1, when they will begin a month's battle practice. The third squadron of five protected cruisers and seven gunboats, in command of Rear Admiral Harbor, will join them there.

December 1 the first squadron will be separated into four parts. The Tennessee, (Sebree's flagship), and the Washington will go to Shanghai, Yok-

ORCHESTRA TO GIVE A SPECIAL PROGRAM

SETS RYAN TRIAL.

Beginning at 6 o'clock tonight the McDermott orchestra will render the following special concert program at the Savoy cafe: March, "The Great Divide" Maurice Waltz, "L'Estu Diamantina" Waldteufel Overture, "Foot and Parasol" Szigade Capriccio, "Bohemia" Regd. Mills Selection, "Burgomaster" —Luders Romance, "Voice of Love" Shumann Waltz, "Symposia" —Theo. Benoit Selection, "Paul Jones" —Pianissimo Serenade.

Los Angeles, Sept. 4.—Judge Davis today set the date of the trial of Albert Ryan, deputy organizer of the Western Federation of Miners, for December 6, next. Ryan is in the county jail, charged with killing Otto Miller and Henry Snyder in a hotel in this city on July 15.

Chamberlain's Colic, Cholera and Diarrhoea Remedy is today the best known medicine in use for the relief and cure of bowel complaints. It cures griping, diarrhoea, dysentery, and should be taken at the first unnatural looseness of the bowels. It is equally valuable for children and adults. It always cures. Sold by all dealers.

Schlossberg's Special Announcement

We wish to announce to the public of Missoula that our store will be closed all day Monday, it being Labor day and a custom to close on that day. On Tuesday we will be open again and we cordially invite all persons in Missoula to come in and inspect our new fall goods, which are daily arriving for every department. Our fall stocks are bigger and better than ever before. See us before buying elsewhere.

Our motto: "No trouble to show goods."

It Is the Duty of School Teachers

to look to the care of their pupils' eyes. Many children seem dull, do not like to study, and are called "numb-skulls."

They Are Unfortunate

in most cases for having some eye defect. For some of them show no other sign of eye trouble and grow to

Manhood and Womanhood

dull and stupid, never knowing that their eyes alone made them averse to study and activity.

Individuality--- Means---

oneness, distinctiveness; certain good qualities in common with the crowd, perhaps; positively certain other qualities that the crowd has not," says a prominent writer.

There is a great variety of individuality, but none that we can fail to satisfy completely in the making of clothes to meet its particular requirements.

Try us once and find out. Suits and Overcoats, \$20 to \$40.
