Cremo, sack **\$1.25**
Both brands made from wheat grown in Washington.
Peach Blossom good for bread and biscuits.
Cremo fills the bill for pastry purposes.

CAUGHT ON THE RUN ABOUT TOWN

J. S. Harker, who has been in the shoe business in Missoula for so long that he has come to be regarded as a fixture, yesterday afternoon disposed of his business to a new firm, and last night Mapes & Mapes entered the local mercantile field as the owners of the Harker establishment. Speaking last night of the change, Mr. Harker said to a Missoulian man: "Yes, I am out of business. It is so new a sensation that I scarcely realize it; it only happened this noon and I have not had time to get used to it. But there is one thing that I want to say, and I want to say it just as emphatically as I know how. I want to say to the people of Missoula that I thoroughly appreciate their kindness to me during the nine years that I have sold them shoes. They have been kind to me; kind is not a strong enough word; they have never ceased to manifest the friendly feeling that has made my business life here so pleasant. I thank them all from the bottom of my heart, and I hope they will continue their favor to the establishment, the new owners are good men, in every way entitled to the confidence of Missoula people. I can recommend them to all of my friends; they are just the right sort. I don't know what my future movements will be; I hope to be able to arrange things so that I can stay in Missoula; this is home to me and here are most of my friends; it is the pleasantest place for a home that I know of, and it is going to be a big and prosperous city. In ten years there will be more than 60,000 people here; you mark that down. Nine years ago when I entered business here there were 4,200 people here; we went into business where Pat Reilly had moved out, and the town was so slow then that for a year people used to come in and want to buy oatmeal. But the town has waked up; it is a bustling, bustling city, and it is not going to stop. I am absolutely confident of Missoula's future; if it had not been for the necessity for getting out of the store I would not have sold my business. But I am out of it now, and all I ask is that Missoula be as good to the new firm as it has been to me."

"I knew it; I knew it; you couldn't fool me," said Jim Walsh as he welcomed his brother Pat yesterday morning as the latter, with his bride, entered the Missoula hotel and wrote upon the register. "P. H. Walsh and wife, Republic Hotel." It was about a month ago, while Jim was entertaining his brother Mike and the new Mrs. Mike, that Pat went east with all the symptoms. Jim had seen so many cases of the sort that he recognized the situation at once, and merely asked Pat when he was coming back. Receiving the information, Jim placed the bridal chamber on the reserved list for the date which was yesterday, and everything was ready for Mr. and Mrs. P. H. Walsh when they arrived from Minneapolis by way of Yellowstone park. "I knew it," said Jim again, "but I couldn't believe it. I never thought Pat would do the likes of that." After a visit here Mr. and Mrs. Walsh will go to the coast and then will return to Republic, which will be their home. "There's only one more," said Jim last night. "That's Tom, and I don't believe he will ever do it. But you can't tell. There's Pat now."

The bridal chamber at the Missoula hotel promises to be in demand this fall. Word was received here yesterday that indicates that Beauty Delantey will want it when he comes back from the coast. It was hard to believe, but his Missoula friends can place no other interpretation upon the messages which Sunshine sends back from Seattle; they are happy and good natured, of course; they couldn't be anything else, coming from Delantey; but they are so exuberantly happy that his friends are certain that he has either won a rubber at cribbage or has taken a wife, and they are inclined to the belief that it is not cribbage that makes Billy so unusually happy. There is no mistaking the language of the honeymoon, and Bill lapses into it whenever he writes to one of the boys, and there will be such a reception when he comes home. First, there will be a cordial welcome that will be something to remember, and then there will be an Irishman's yelling for more, for the boys will take it out of Bill's hide for not letting them in on the news; they feel deeply injured that Delantey should have been so reticent.

H. L. Lyons left last night for eastern Montana, where he will push the sale of Car Line addition lots in the state-wide campaign that he has inaugurated. He will be absent several weeks this time. "The sale is moving along well," said Mr. Lyons to a Missoulian man last night before he left. "We have sold something every day, and the daily average is surprisingly large. It has been a good local sale, better than we expected; there is not a day that we do not get some inquiries, and there has not been a blank day in the sale. Since we have been able to guarantee that the electric line and the water mains will be extended through our addition the selling of lots has been easy. The people are getting acquainted with the proposition and the lots are selling themselves."

BUYERS BACK HOME.
Miss Eichert, manager of the woman's apparel department of the Missoula Mercantile company, Mrs. Henderson,

GUESTS ARE TOLD OF ENGAGEMENT

MISS THULA TOOLE WILL MARRY GEORGE WEISAL IN NOVEMBER—SOCIETY.

Mrs. John R. Toole entertained at a progressive luncheon yesterday afternoon at 2 o'clock in honor of her daughter, Thula, whose engagement to George Weisal of Henderson, Mont., was announced. The manner of the announcement was unique. The apparently unadorned place cards, on being turned over, were discovered to be artistically finished kodak pictures—caught by a happy chance—of Miss Toole and Mr. Weisal, bearing the inscription "November, 1909."

This announcement came as a delightful surprise and both of the principals in what will be one of the important events of the fall in Missoula society are being showered with congratulations. Miss Toole is a leader in the activities of the younger set and has been prominent in university society. She is a member of the local chapter of the Kappa Kappa Gamma sorority. Mr. Weisal is manager of the Mann Lumber company at Henderson and is well known in this city.

The luncheon itself was an elaborate affair. The dining room was made to look like a boxcar of beauty with its prodigious decking of exquisite flowers. Covers were laid for 25.

Teacup Shower.
Miss Isabel Lombard was the guest of honor at a party given last evening by Miss Lucy Whitaker at her home in South Missoula. The teacup shower with which Miss Lombard was surprised proved a pleasant and novel feature of the evening. At a late hour a dainty chafing dish supper was served. About 18 guests were present.

Ladies' Guild.
The Ladies' guild of the Episcopal church met yesterday afternoon at the home of Mrs. Frank H. Woody on West Pine street. The afternoon was spent discussing the work of the summer and making plans for the future.

In Minneapolis.
Mrs. A. H. Wilkins and daughter, Maude, of Missoula, Mont., are the guests of Mrs. J. J. Gerber at her home, 210 Lyndale avenue S. Mrs. Wilkins is an accomplished musician and was graduated from the Wolf conservatory. Her mother and Mrs. Gerber were schoolmates in Iowa.—Minneapolis Journal.

FOR SALE

A brand new 10-room modern tenement houses on South 5th street west. This is one of the best renters in the city; has a south front, a dandy lawn and a very pleasant neighborhood. It certainly is a good buy at

\$5,800

ALSO

5-room modern cottage, on North Second street; just the thing for a railroad man. It's a snap at **\$2,500**

GEO. F. BROOKS

PHONE 105 B.
First National Bank Bldg.

FOR SALE

A young fellow by the name of U. J. Brooks, said by the police to be a "bad actor," was arrested last night on West Front street by Officer Carver. The young fellow is alleged to have obtained a small sum of money from various people by signing over some time which he claimed to have coming from the railroad, and it was later discovered that he had nothing coming as pay. A warrant was issued and given to the sheriff's officers to be served. The police were notified, with the result that Brooks is now in the county jail.

PEARY-COOK CONTEST IS OUTCLASSED

Editor of The Missoulian—I do not intend to go into any controversy with Dr. Oettinger, as I can employ my time to better advantage in my business, but in justice to myself and to the citizens of Missoula who have complained against the doctor time and again, I will with your permission answer to some of his misstatements. I notice in your paper of Thursday, the 9th, that the doctor is trying to prove an alibi about his machine being in the repair shop. Of course this is an old trick of his to deny his misdeeds but he will have a hard time to convince the people of Missoula of his last freak. For Mr. Chevigny, who was with me at that time in the buggy and who has still got a bruised knee will corroborate my statements and dates. I would recall an incident of about three years ago when the doctor was arrested for running his old machine above the speed limit; he brought some of his friends as witnesses and they swore that his machine cannot make more than eight miles an hour and he had no trouble to convince a jury composed of his friends that he was innocent. The next day I happened to meet him in a store of one of his friends and we commented about his trial; he laughed and boasted that he cannot be convicted at any time. So I will leave it to the people of Missoula to draw their own conclusion as to how much the doctor's statement is worth and how much reliance one can have on his witnesses. There is one thing in his statement that is correct; he swears he did not know that he frightened my horse; this is true for the doctor never knows what he is doing; for if he did realize what he was doing, he would not do what he is doing. In conclusion, I will say that this matter is in the hands of the mayor and the city council and they can do as they like and I will not answer any more of the doctor's misstatements. Yours truly,
M. SOLOMON.
Missoula, Sept. 9, 1909.

I would recall an incident of about three years ago when the doctor was arrested for running his old machine above the speed limit; he brought some of his friends as witnesses and they swore that his machine cannot make more than eight miles an hour and he had no trouble to convince a jury composed of his friends that he was innocent. The next day I happened to meet him in a store of one of his friends and we commented about his trial; he laughed and boasted that he cannot be convicted at any time. So I will leave it to the people of Missoula to draw their own conclusion as to how much the doctor's statement is worth and how much reliance one can have on his witnesses. There is one thing in his statement that is correct; he swears he did not know that he frightened my horse; this is true for the doctor never knows what he is doing; for if he did realize what he was doing, he would not do what he is doing. In conclusion, I will say that this matter is in the hands of the mayor and the city council and they can do as they like and I will not answer any more of the doctor's misstatements. Yours truly,
M. SOLOMON.
Missoula, Sept. 9, 1909.

PEARY-COOK CONTEST IS OUTCLASSED

Editor of The Missoulian—I do not intend to go into any controversy with Dr. Oettinger, as I can employ my time to better advantage in my business, but in justice to myself and to the citizens of Missoula who have complained against the doctor time and again, I will with your permission answer to some of his misstatements. I notice in your paper of Thursday, the 9th, that the doctor is trying to prove an alibi about his machine being in the repair shop. Of course this is an old trick of his to deny his misdeeds but he will have a hard time to convince the people of Missoula of his last freak. For Mr. Chevigny, who was with me at that time in the buggy and who has still got a bruised knee will corroborate my statements and dates. I would recall an incident of about three years ago when the doctor was arrested for running his old machine above the speed limit; he brought some of his friends as witnesses and they swore that his machine cannot make more than eight miles an hour and he had no trouble to convince a jury composed of his friends that he was innocent. CHURCH SOCIETIES IN MEETING

FEDERATED AID HAS MEETING IN PRESBYTERIAN CHURCH—THE PROGRAM.

There was an interesting meeting of the Woman's Federated Aid societies yesterday afternoon, the members of the Presbyterian society being the hostesses. Mrs. McAllister presided and the meeting was opened with a prayer by Mrs. Seecombe. Mrs. Maclean read the Nineteenth Psalm. Then followed the business meeting of the federated societies. An investigating committee was appointed, to consist of one member from each church society, for the purpose of inquiring into cases which call for the charitable action of the federation. A program committee was also selected, to consist of one member from each society and the missionary societies will be included in this list. The selection of officers was postponed until a constitution is adopted; the constitution is to be prepared by the
