

JAPANESE GO DOWN IN MINES

TRADE ENVOYS FROM ORIENT SEE SIGHTS OF BUTTE AS GUESTS OF CITIZENS.

Butte, Sept. 14.—Japanese trade envoys today were accorded industrial sights much different from those seen by the Nipponese business men in the Pacific coast country. The keenest interest was manifested in the Mt. Copper mines here, and not a member of the commercial delegation missed the trip to the Diamond mine of the Amalgamated Copper company, where the surface plant was inspected, much time being devoted to an examination of the massive hoisting machinery. The Japanese were then taken to the Leonard mine of the Boston & Montana company, a subsidiary corporation of the Amalgamated, where the more venturesome of the Japanese descended to the lowest point in the mine, about 2,500 feet deep. The Leonard mine is one of the largest in Butte, and the extent of its ore bodies caused much comment on the part of the Japanese.

This evening the envoys of the mikado were banqueted at the Silver Bow club, where addresses teeming with expressions of good will between the United States and Japan were made by prominent citizens of Butte and the Japanese.

The Japanese throughout the sight-seeing today were the guests of the Business Men's and Merchants' associations of this city, a committee of the business men's wives looking after the comfort of the ladies of the delegation.

Early today the commercial commissioners visited the Washoe smelters at Anaconda, together with the state fish hatchery in that city.

COUNTER SUIT IS FILED.

Helena, Sept. 14.—Peter Binsfeld today instituted suit for \$5,000 damages against L. C. Fredericks for injury to reputation and false imprisonment. Binsfeld posed here as having inherited a fortune in the east and obtained credit at numerous stores, Fredericks' among them. He had Binsfeld arrested on the charge stated, but the prosecution was dropped, and now the counter suit follows. Binsfeld still professes to have the fortune.

BRYAN GIVES IDEA ON TARIFF

VIOLATOR OF PARTY PLEDGE IS EMBEZZLER OF POWER, SAYS COMMONER.

Dallas, Tex., Sept. 14.—Denouncing as an embezzler of power a man who would violate a party pledge ratified by the voters of his party, William J. Bryan today outlined his views of the tariff before a large audience in Bush temple.

Mr. Bryan came to Dallas at the solicitation of party leaders of the state to discuss political affairs. "Embezzlement," Mr. Bryan describes as despotism, and he suggested an amendment to the rules of the house of representatives to correct what he considered faults.

While not denying a candidate the right to repudiate a part of his platform, such repudiation, he asserted, should come before the election. Mr. Bryan's subject was "Democracy and the Tariff." He emphasized the necessity of senators and congressmen being bound by party platforms, saying he would later suggest a form for such a plan.

"If all of the democrats in the senate and the house had voted against every proposed increase in the tariff and against every proposed decrease, we might have made our flight next year upon the party's record, without making a specific declaration on items of schedules," said Mr. Bryan, "but, in view of the fact that democrats in both the senate and the house differed as to the interpretation of the democratic platform and as to the rates that should be imposed under the various schedules, I believe that it is necessary for our platform to be specific and emphatic.

"If we expect to secure control of congress, we must convince the public that we will, if entrusted with power, favor material reductions. Unless our candidates for congress can agree before the election, they are not likely to agree after election."

RACES POSTPONED.

Milwaukee, Sept. 14.—The great western races at the fairgrounds were postponed today on account of rain.

JAPAN WILL REDUCE TAXATION

FINANCIAL PLANS OF ISLAND EMPIRE WILL BE TOLD BY PREMIER KATSURA.

Tokio, Sept. 14.—In a speech to be delivered before the Bankers' club of this city tomorrow night, Premier Katsura will outline the financial policy of the government for the coming year, in anticipation of the annual budget, which will be adopted soon by the diet.

It is generally understood there will be no increase in the expenditures for the maintenance of the army and navy. In the adjustment of last year's budget the estimate of actual expenditures over receipts shows that the prediction that the income would be underestimated by 25,000,000 yen (\$10,000,000) was realized.

According to the belief prevailing here, it is proposed for the coming year to secure greater uniformity of taxation. No taxes will be abolished, but the income tax and those on the textile business will be reduced. The salaries for both the military and civil arms of the government will be raised. The pay of members of the diet will be increased to 2,500 yen (\$1,250). An annual saving of 5,000,000 yen (\$2,500,000) will be effected by a readjustment of the administrative departments, and any surplus which may accrue will be devoted to the redemption of bonds.

DAMAGES AWARDED.

Helena, Sept. 14.—E. G. Coldrey was given \$1,500 and his wife, Jennie, \$5,000 damages against the Yellowstone Park Transportation company by a jury in the district court here today as the result of injuries sustained by the latter in a coach accident in August, 1905, while traveling through the park.

BALLOON COMES DOWN.

Washington, Sept. 14.—After six hours in the air, the United States army balloon, which was sent up from West Washington yesterday forenoon, carrying Lieutenants Humphreys and Lahn, descended at 4 p. m. yesterday near Galther, Md., a distance of 25 miles due north from Washington.

TARIFF WILL CAUSE PROSPERITY

SENATOR CARTER GIVES OUT INTERVIEW AT HELENA—IS ENTHUSIASTIC.

Helena, Sept. 14.—Senator Thomas H. Carter of Montana, who arrived home late last night from Cheyenne, Wyo., where the senate committee on irrigation disbanded, was interviewed today on the tariff and on the work of the irrigation committee. He said: "The tariff bill is a republican legislative measure and the party will stand or fall on the tariff bill as a whole, and all intelligent men know that no bill covering so many items and requiring the concurrence of so many representatives and senators can be framed to the entire satisfaction of everybody. If the signs of the times are to be taken into account, the new tariff law will prove the most effective measure of its kind ever passed in the interest of American labor and American capital.

"If the old saying, 'By their fruits ye shall know them,' is to hold good in its application to the tariff law, the American people may well await with confidence the maturity of the fruit, for surely all present indications point to the most abundant national prosperity under the new tariff law."

Referring to the tour of the senate irrigation committee, Senator Carter said:

"The work of the irrigation committee of the senate, extending from North Dakota through Montana, Washington, Oregon, Idaho, Wyoming, Nebraska and South Dakota, terminated at Cheyenne on Saturday evening last. We traveled something over 3,000 miles by rail and in the neighborhood of 1,000 miles overland during the 32 days of the journey. We found no evidence of dishonesty or misappropriation of funds. The only difficulty seems to be that too many projects were undertaken at once, and that money is not at hand to complete them promptly—hence we have in many cases a large initial investment in the construction of dams and reservoirs which will be of little use until distributing systems shall have been constructed to convey the water to the land.

"The committee will resume its work October 31 at Denver, thereafter visiting the projects in Colorado, Utah, Nevada, California, Oregon, New Mexico, Arizona and western Kansas."

TAFT TELLS WHY HE WILL TAKE TRIP WEST

(Continued from Page One)

intimate knowledge of southern feelings and southern aspirations. I feel, therefore, as if I could speak with confidence in respect to the whole nation and, as president of the United States, may well lift up my voice to protest against any effort to arouse section against section and Americans against Americans. Not in the history of the country, since the war, has the feeling between the north and south been more cordial and friendly than today, and a political attempt to make cleavage between New England and the east on one side and the west on the other will be found so utterly hopeless as to confound those who propose it.

"And now, as I take my departure for the west, I feel that I carry from you to every citizen and inhabitant of the United States whom I shall meet the cordial greetings of New England and the east, your congratulations on the prospective prosperity in the whole country and an earnest wish that the national government shall be conducted in such a way as to insure peace with all the nations of the world and tranquility and prosperity at home, growing out of the conduct of business on lines of commercial integrity and within the law which forbids the organization and maintenance of monopolies and the systematic suppression of competition. Things are not perfect, but we have made progress. We have a right to be optimistic and believe further progress is likely; that conditions are improving and that we may continue to maintain for all sections of the country that equality of opportunity which it is the highest object of a well-conducted government to preserve."

The address marked the beginning of Mr. Taft's 13,000 mile tour, which will carry him through two-thirds of the states and will extend from Boston to Seattle, from St. Louis to New Orleans and El Paso, Texas, back to Washington.

THREATENS TO WRECK TRAIN.

Wallace, Idaho, Sept. 14.—Because he made threats to wreck the O. R. & N. passenger train in the Wallace yards, Simon Job, an Austrian, is in the county jail. He was telling acquaintances of a plan to wreck vengeance upon an engineer whom he dislikes. A tailor in a saloon overheard the threat and swore out a complaint. Before further proceedings are taken, Job will be examined as to his sanity, although he appears perfectly sane. He has been out of work the past month.

When Your Joints Are Stiff
and your muscles are sore from cold or rheumatism, when you slip or strain a joint, strain your side or bruise yourself, Pinkie will take out the soreness and fix you right in a jiffy. Always have it with you, and use it freely. The oldest, the cheapest and the best medicine for internal and external aches and pains in man is Perry-Davis' Pinkie, and for over 70 years it has been the great standby for emergencies in thousands of families all over the world. Don't go home without a 50c or one of the new size 25c bottles.
