

## MEXICO CELEBRATES INDEPENDENCE

### ANNUAL MESSAGE IS READ BY PRESIDENT DIAZ—RUMOR OF A RIOT.

Mexico City, Sept. 16.—The 39th anniversary of the independence of Mexico was celebrated throughout the republic today with much enthusiasm. Congress assembled tonight. President Diaz read his annual message, which was a review of the last year's happenings.

Foreign relations, said the president, never were better. Referring to the recent political riots, the president said:

"During recent months there has been a political movement preparatory to the election of federal officials, which is to take place next year. It is certainly praiseworthy that Mexican people show, each time, a greater interest in the exercise of their electoral rights.

**Energetic Measures.**  
"Unfortunately, not all the manifestations of the electorate propaganda have kept within the peaceful limits of the law, and, inflamed by agitators prompted by their own personal interests, certain disorders have occurred. The government, whose principal duty it is to preserve public order, will not permit that this be disturbed, even though to accomplish the object it may be necessary to employ energetic measures.

**Consulate Attacked.**  
Monterrey, Mex., Sept. 16.—It was reported here tonight that the Austrian consulate at Saltillo had been attacked by a mob and that other political disturbances occurred in connection with the independence-day celebration today.

### HAMILTON THEATERS

Hamilton, Sept. 16.—The management of the Family theater has announced an unusually good program beginning tomorrow evening, and the patrons of the popular amusement house will be given a chance to see some of the best vaudeville talent on the road. The headliner is the Princess Tarpelia in her escape act. Oliver and Remfrey will give a

comedy sketch, which is reported by the advance notices as being exceptionally entertaining. The program will be rounded out with the usual good moving pictures and the illustrated song by Miss Grace Wellman, which will be "Take Your Girl to the Ball Game."

**At the Lyric.**  
The program at the Lyric for the week's of the usual class. The very latest moving pictures on the circuit are being presented here by the management, and this week's showing is no exception. The bill for the week will be led by "The Pay Car," a dramatic picture which is unusually good. The rest of the bill will be "Cartouche," "Making Law" and "Good Birthday Presents." Miss Duhan will sing the illustrated song, which is to be "A Dashed of Kisses."

### EAGLES ELECT.

Omaha, Sept. 16.—The Fraternal Order of Eagles, in convention here, had its election today, but the results will not be given out until tomorrow. It was stated, however, that H. J. Lee of Seattle, Theodore A. Bell of Napa, Cal.; William E. Garland of Boston, and Owen Kane of Cleveland had a clear lead and will probably be elected as trustees. Louisville likely will be selected for the next convention.

**A Pleasant Way to Cure Catarrh.**  
Poor deluded victims!  
Continually sprinkling and spraying and stomach dosing.  
What are you doing for it?  
Trying to kill the catarrh germs?  
Might just as well try to kill a cat with fresh milk.  
Sticking a piece of chewing gum in the upper left hand corner of the right ear would slaughter just as many germs.  
You can't kill the germs that cause catarrh unless you get where they are.  
You can get where the germs are by breathing Hyomei, the powerful yet soothing antiseptic, which is prepared especially to kill catarrh germs.  
Just breathe it in, that's all. It gives joyful relief in five minutes. It is guaranteed by Geo. Freisheimer to cure catarrh or money back.  
It is sold by leading druggists everywhere. A complete outfit, including inhaler, costs \$1.00. Extra bottles, 50c. Cures sore throat, coughs and colds.  
I take especial pride in recommending Hyomei to asthmatic sufferers, as I know by experience that it is a remedy that cures. I have not since using Hyomei had any recurrence of asthma.—Mrs. Wm. Burton, Owosso, Mich., June 22, 1909.

## DEATH OF SERGEANT TWO BUTTE DEPUTIES IS MYSTERY ARE DISMISSED

### WILLIAM MONROE FOUND WITH BULLET IN HEART AND DIES IN FIVE MINUTES.

Special to The Daily Missoulian.  
Helena, Sept. 16.—William Monroe, color sergeant of the Sixth United States Infantry, stationed at Fort Harrison, 32 years old, a native of Brooklyn, N. Y., is dead as the result of a bullet wound, received at 9:55 o'clock last night at the post.

First sergeant Arthur Whaling of Company A, Sixth Infantry, is held at the post guard house in connection with the affair, but whether Monroe came to his death as the result of murder, suicide or accident the military authorities have as yet been unable to ascertain. About 10 o'clock the report of a gun was heard a short distance from the headquarters building, and the sentinels, when they arrived at the spot, found Monroe lying on the lawn at the side of the residence in which Whaling resided. The regimental surgeon was hastily summoned, but the wounded man died less than five minutes after the shot had been fired. The ball entered the right side of the breast and, taking a diagonal course, penetrated the heart and left lung. Whaling, who had not left his house, was immediately taken into custody. It is said that Whaling and Monroe were the best of friends, and soldiers at the fort who were intimate with both are reluctant to believe that the deed was the outcome of a quarrel or that the act was committed by Whaling.

It is the opinion of some that Monroe committed suicide, but they are at a loss to know what would prompt him to take this action. When found, a holster was strapped to Monroe's waist and his revolver was lying by his side, with one chamber exploded.

### BANKER ON TRIAL.

Los Angeles, Sept. 16.—William H. Carlson, former president of the Consolidated bank of this city, which failed a year ago, was placed on trial in the superior court today in connection with the wrecking of his institution. Several charges are pending against him, but the one on which he now faces trial alleges the embezzlement of \$127.65 of the bank's money, with which he paid a grocery bill.

## IRELAND RECALLED TO STAND

### ON CHARGE MADE BY STATE HU MAINE OFFICER, FRIEL AND PAGE ARE OUSTED.

Butte, Sept. 16.—There was a shake-up in the office of Sheriff John K. O'Rourke today. Deputies Friel and Page having been asked for their resignations, which were promptly forthcoming. Their places were filled this afternoon. Charges were preferred against the two men by J. M. Kennedy, state humane officer. There is an air of secrecy about the matter in the sheriff's office and Mr. O'Rourke declined to discuss the reason of the demand for the resignations or the charges made by Kennedy. From other sources it is learned that the charges date back nearly a month ago, when the two deputies were sent to Dillon to bring back two girls who had "beat their way" out of Butte in a boxcar. The actions of the men and the girls on the passenger coach coming home were such that they attracted the attention of United States Marshal Merrifield, who was on the train, and he protested, subsiding when he learned that the men were officers. However, the matter did not end there. Passengers on the same train, on their way to Butte from Dillon to attend a ball game, asserted to The Missoulian correspondent that the deputies bought beer for the girls at McRose and gave them liquor until the indignant protests of the passengers forced them to desist. The charges of the humane officer were the sensation of the day about the court house.

### TRIAL OF COAL LANDS CASE CONTINUES IN NEW YORK BEFORE HITCHCOCK.

New York, Sept. 16.—Rufus J. Ireland of Amityville, L. I., jointly indicted with Wilberforce Sully and George W. Wells of this city and Frank T. Wells of Amityville on charges of conspiracy to defraud the government of coal lands in Big Horn county, Wyoming, was recalled as a witness today at the extradition proceedings before United States Commissioner Hitchcock. It is alleged that the defense has admitted that the cost of the coal lands was not paid for by the estate of Amityville entrymen, but by persons prominently identified with the Owl Creek Coal company, which subsequently acquired them. The witness is president of the company. He told of a meeting of the board of directors in 1907, when he was voted an annual salary of \$2,500 and Samuel Hitchcock and Frank T. Wells, also counsel, \$2,500 per annum each. About the time the officers of the company were voting the salaries, it appears from Ireland's testimony that the Union Trust company of Chicago was demanding payment on a note for \$50,000 of the Owl Creek Coal company which it held. In order to protect her interests, Mrs. Mary Myton, a relative of Sully, took up the note and now holds all but four of the 90 issued of \$50,000 bonds of the coal company.

## The Bitter Root Valley

A Pacific Slope Land Famed for Its Perfect Fruit and Its Great Profits

### The Valley of Opportunity

A single acre of land in this valley has been known to produce a net profit of over \$1,800 in one year; \$500 annual net profit from an acre of land is a common event.

Crops never fail, fruit pests are unheard of and fatal diseases among stock, hogs and poultry are unknown.

Water for irrigating purposes in accessible and inexhaustible quantities.

The beautiful mountain scenery, an abundance of pure water, healthful mountain air, unrivaled climate, good means of transportation, convenience to markets, good schools, close proximity to state university, and the lowest cost of living all combine to make this locality the most ideal place for a home in the great northwest.

Write for free illustrated booklet.

### IS HELD FOR MURDER

DR. GEORGE A. FRITCH.

Detroit, Sept. 15.—The missing portion of the body of Marjelle Millman of Ann Arbor, which had been cut up, packed in a gunny sack and thrown into Ecorse creek, following the young woman's death after a surgical operation, was found recently near Grosse Isle, where it had been washed ashore.

The gruesome find was brought to Detroit and examined by coroner's physicians, who announced that the girl had undoubtedly met her death on an operating table. There was every indication that means to produce artificial respiration had been resorted to and the flesh was covered with blisters, mute evidence of a surgeon's attempt to keep the young woman alive under an anaesthetic.

The missing part of the body was discovered by John Teifer, who lives near Grosse Isle. He immediately notified agents of Sheriff Gaston, who had been dragging the creek for several days, and Deputy Sheriff Stein brought the missing parts to Detroit. Sheriff Gaston, who has just returned from Ann Arbor, awaited the result of the coroner's physicians' examination, and then declared that the theory upon which the authorities had been working to solve the mystery of Miss Millman's untimely death had been verified.

Dr. George A. Fritch for the third time comes under suspicion of having caused the death of a young woman through a criminal operation. The second case is one of the foremost in the minds of the people of Michigan—that of Miss Edith Pressley, state senate proof reader and intimate friend of Representative Charles E. Ward of Hancock, now of Chicago. Miss Pressley died in Hope sanitarium, 1146 Third avenue, April 21, 1907, according to the statement of the proprietor of the place, where an operation had been performed upon her, and she died the following day. Her body was removed by order of Dr. Fritch, it was alleged, to a west end undertaking establishment, where the fact of a criminal operation was learned. Dr. Fritch's defense was that he had been called only after the operation had been performed by some one else. Representative Ward was tried for manslaughter for procuring the operation, but was released by Judge Connolly because the prosecution failed to disprove his statement and prove the operation to have been a criminal one. It was after Ward's release that the prosecutor noble pressed the case against Fritch. The first case of the kind overshadowing Dr. Fritch was that of Miss Mollie Hoover of 156 Eighteenth street. Another doctor was arrested at the time, but both were released because of lack of evidence.

The dripping of brine from refrigerator cars is said to cost one railroad \$300 per mile per year in damage to steel track and bridge equipment.
