It is off with that summer suit one of these days and it's time to select while stocks are full and complete in sizes.

Donohue's big clothing store has the most superb line of fall suits that was ever shown. Each year the clothing business has progressed just the same as every other industry, and each year finds larger selections and better clothing in our men's department. We claim the best make of clothes in America, the famous

ALFRED BENJAMIN NEW YORK MADE CLOTHES, and justly, for they have made good clothing for more than a quarter of a century, and have catered to men of refinement and taste, the real clothing critics, for they know qualities from experience, not theory. That their styles are correct must be admitted, for are they not made at the nation's fashion center? It is an advantage gained over all competition, and as far as quality goes, these past 30 years of continued success in business furnish the best proof of who makes the best clothing. We say this in defiance of all the bluff and display type of every other clothing concern. Prices are only moderate, giving you qualities such as could only be equalled by the best custom tailors. **\$22.50, \$25.00, \$27.50, \$30.00 up to \$37.50.**
