ZIMMERMAN AND EVERS.

When National league umpires don't have anything special on their minds they "can" Johnny Evers. Suspensions are numerous with Johnny, but they don't phase him. He bounds up again ready for another suspension. Taking Evers out, of course, weakens the Cubs, for Johnny is one of the best men in baseball today. Had he not thought to yell when Merkle failed to touch second base last spring the Cubs would not have won the pennant. Evers always has his eye open to catch and profit by the mistakes of opponents.

WELL-PLAYED GAME GOES TO SHUFELT

The feature game in the pool tournament now in progress at the Missoula Billiard Parlors was played Saturday night, when Carl Shufelt, (190) defeated Robert Manning (100) by one ball, 100 to 99. Interest in this tournament, a handicap affair, is increasing daily and the finishing games will undoubtedly attract large galleries.

The New York motorcycle representative was quickest away when the start was made and led the Harlem rider by 100 yards at the end of the first mile, which he covered in 1:19.3-5.

Manager Griffith of the Cincinnati club has purchased the outfielder McCabe of the New Britain team of the Connecticut league. They are willing to bet two to one in Pittsburgh that the Pirates will beat Detroit in case the two teams should meet for the world championship. "Stony" McGilinn, the Milwaukee pitcher, is the greatest animal trainer in baseball. He has trained a pet chameleon to crawl up the lapel of his coat.

No wonder Bill Ehnman has retired for the season. In a recent exhibition game with the Browns the Springfield Three-I league team rapped him for 19 singles and won the game 10 to 2. Ty Cobb is not as popular over the circuit as a number of other stars, but you have to hand it to him at that. The ball player never lived that. The ball player never lived that. JUSTIFIES CONDUCT IN MATTER

COMMANDER PEARY TELLS WHY HE REFUSED TO TAKE COOK'S INSTRUMENTS ABOARD.

Portland, Me., Sept. 26.—It was learned tonight from a source close to Commander Peary that the commander justifies his action in refusing to allow Dr. Cook's instruments or records on board the Roosevelt on the theory that he had been aware for some time of Dr. Cook's intention to claim the discovery of the north pole, and that Peary therefore would sanction nothing to aid this project. Peary's forthcoming statement concerning Cook, it was learned, will charge that Cook cannot produce shoes, sledges or other equipment which will show the wear and tear that comes from travel over the Arctic ice. This is the first intimation of any specific evidence that the commander will produce, although he has said he has evidence enough to discredit Dr. Cook. It seems evident that Peary wants to issue his statement in the near future, especially since the arrival of Harry Whitney at Indian Harbor. While he declared that Whitney has no part in the controversy, Commander Peary has received messages concerning Whitney's progress. The Roosevelt arrived unexpectedly today at Eagle Island, Commander Peary's home, to leave Peary's personal belongings and to receive supplementary orders. After unloading Peary's belongings, which filled four or five small boats, the Roosevelt had steam up tonight ready to sail for New York.

Conference. Commander Peary will go to Bar Harbor tomorrow for a conference with General Thomas H. Hubbard, president of the Peary Arctic club. He will remain there until Tuesday night, possibly later, and it is there that he will issue the formal statement attacking Dr. Cook. Although all hands on board the Roosevelt were instructed not to talk about the Cook controversy, Mat Henson, the negro cook who was with Peary in his dash north, said that he talked with every Eskimo who went up with Cook and knew every one of them, but was not at liberty to reveal what he had learned. Henson said, however, that Cook had practically no experience when he went north; that he knew nothing about building sledges and was absolutely inexperienced in driving Eskimo dogs. Captain Bartlett of the Roosevelt seems much perturbed over the reports that he entertained any ill feeling because Peary took Henson on the last dash and left Bartlett behind. "I had no idea of going to the pole," says Bartlett in a signed statement tonight. "I went there to help the commander in every way I could according to his orders, but it is an absolute lie to say that I felt bad about not going to the pole."

There is considerable doubt about the Roosevelt taking any part in any naval parade during the Hudson-Fulton celebration, even though she should arrive in New York in time. All that Captain Bartlett would say concerning this was: "If the Roosevelt is in the parade I will be on the bridge." The Roosevelt with favorable weather should arrive in New York Tuesday night or Wednesday.

MORE SUPPLIES NEEDED.

Washington, Sept. 26.—While supplies for the Mexican flood sufferers continue to reach Monterey, much more can be used to advantage by the relief organizations, according to a telegram received at the state department today from Consul General Hanna. Food, clothing and blankets are in demand. Particularly blankets for the women, babies and old people are needed, owing to the cold nights. Mr. Hanna says he is aiding the Mexican Red Cross with his own funds.

BREAKS THE RECORD.

Passaic, N. J., Sept. 26.—Jake De Rosier, the world's champion, broke the five-mile motorcycle record at the Clifton stadium today. His time was 5:7 2-5. Carl Baden, Robert Schultz and William Libby finished in the order named. Elmer Collins of Boston won the 25-mile motor-paced record, the race of a series to decide the middle distance championship of America, beating George Wiley and Peter Draback.

WORKING MAJORITY.

Bristol, Eng., Sept. 26.—James Keir Harlle, member of parliament for Merthyr-Tydvil, outlining the policy of the labor party in the general election, said today that he believed the liberals would emerge from the conflict with a working majority. The labor leaders, he said, were confident of increased strength in the next house of commons, from 50 members to between 65 and 70, although supporting the budget.

VULTURES OVER TOWNS.

New York, Sept. 26.—Today flocks of vultures hovered over the storm-devastated town of southern Louisiana, strewn with bodies of animals and of men. Almost a hundred human bodies have been burned or buried in the marshes where they were discovered. About 200 lives are known to have been lost and there are possibly more undiscovered bodies in the Louisiana marshes between this city and the Mississippi line.

CLUBWOMAN DIES.

Piqua, Ohio, Sept. 26.—Mrs. Frances Orr, wife of General W. P. Orr, and prominent among clubwomen of the United States, died tonight. Mrs. Orr was a sister-in-law of the late Senator Calvin S. Brice.

SOLDIER DELEGATES ARRIVING

MEETING OF NATIONAL GUARDSMEN WILL BE AN IMPORTANT AFFAIR.

Los Angeles, Sept. 26.—Important items for discussion before the national guard convention, which opens here tomorrow, will be the proposed congressional enactments providing regular pay for guardsmen of the various states, and making the naval militia a part of the national guards establishment. The hotel headquarters are filled tonight with delegates representing the regular army and many states. Pennsylvania, New York and Illinois have nearly a score of delegates each. The delegates are mostly generals, colonels and majors. There is but one non-commissioned man so far among them, a solitary corporal, who represents Oklahoma.

Senator Charles Dick, who will preside over the convention, arrived late tonight. Governor Elliott, who will welcome the delegates, is expected early tomorrow morning. A feature of the program will be a balloon ascension Tuesday, when Captain Slotterbeck of the California signal corps, with three men, will demonstrate aerial signals.

END OF THE WORLD FAILS TO ARRIVE

West Duxbury, Mass., Sept. 26.—The time set for the end of the world as revealed in visions to some of the Trium Immersionists who have been gathered at Ashdod for several days has passed. Dozens of the faithful have given up and returned to their homes, but others have arrived to take their places. The meeting in the chapel today was open to outsiders and was conducted much the same as prayer and testimonial meetings by other denominations. But near by in a room that serves as a kitchen there was another meeting to which only the faithful were allowed to gather. The room was crowded with Immersionists. All were standing with hands and faces upraised, apparently waiting for some revelation.

We beg to announce that we will occupy our new offices in the Masonic Temple building from and after Monday, Sept. 27th.
