## Your Opportunity to Secure Lots In Daly's Addition

is rapidly vanishing.

We know that there are a great many people who have intended going out to look over these lots, but have postponed their going from time to time. It is to such that this word of advice is offered. Practically all who have investigated this proposition have bought, and the reasons are plain:

These lots are as level as the floor.

These lots have city water in front of each.

These lots have electric lights.

These lots are on the proposed street car line.

These lots can be bought on very reasonable terms.
