

CLEVELAND COMPANY GETS CONTRACT

FIRE HOSE IS TO BE BOUGHT FROM AN OHIO CONCERN—COUNCIL BUSY.

By a vote of four to three, the city council last night awarded the contract for the furnishing of the fire department with 2,000 feet of hose to the Cleveland Rubber company on their bid of 80 cents a foot. The contract was awarded after a heated debate in which the whole council took part and after sundry motions to reconsider and readvertise had been voted down. The dispute arose over a protest which was filed by E. M. Gray against awarding the contract, on the grounds that he was not given a chance to speak to the committee in regard to his company's goods. The committee explained themselves by saying that they were unaware of the fact that any of the bidders had sent salesmen. Chairman Jensen stated that he did not sign the report of the committee and tendered a minority report asking for readvertisement. After a long discussion the matter was put to a vote on a motion to readvertise. The vote stood on roll call stood: Ayes—Patterson, Jensen and Moody. Noes—Kohn, Crawford, McCormick and Corbett.

The Plumbing Ordinance.

Another debate arose over the plumbing ordinance. A report was sent in on this long-suffering law recommending its passage. The report was signed by Alderman Moody and Jensen. Alderman Kohn, the chairman of the committee, said he had not been consulted regarding the report and Alderman Wilkinson, the other member, was also in ignorance as to its contents. After a few heated speeches, however, the matter was quieted down and the ordinance put off for a week with the provision that the council meet the plumbers at 8 o'clock Tuesday evening in H. T. Wilkison's office.

Logan Absent.

The council was called to order at 8:30 with all members save Mayor Logan present. Alderman Wilkinson, as president of the council, presided over the meeting.

The resolutions assessing a special levy on improvement district No. 1, improvement district No. 2 and sprinkling districts Nos. 1, 2, 3, 4 and 5 were read and, no objection to their passage having been raised, declared effective.

The petition of E. F. Ribberdy for permission to fence in part of Waverly street was reported unfavorably by the streets and alleys committee and was rejected by the council.

The streets and alleys committee reported favorably on the petition of the Chicago, Milwaukee & Puget Sound Railway company for permission to close up certain streets and alleys on the south side, and suggested that a time be set for the hearing of objections to the action. No further action was taken.

Down and Out.

The W. P. Smith plat, which has been the bone of contention for the last three months, was brought up for the last time and disposed of by the following vote on the motion that it be approved: Ayes—Crawford, Corbett and Jensen. Noes—Kohn, McCormick, Patterson and Moody.

A letter from Secretary Effert of the chamber of commerce was read, asking that the city grant the chamber permission to close the south end of Pattee street, as the site of the tent in which the apple show is to be staged next month. The letter was referred to the streets and alleys committee.

Routine.

The petition of J. E. Wood and others for an arc light at the corner of Beckwith and Brooks streets was reported upon favorably by the electric light committee and was granted by the council.

The petition of T. S. Tuttle for an electric light at the corner of North Third and Worden streets was reported favorably from committee and the council ordered that the light be placed.

The report of the contracts and estimates committees on the bids for the fuel supply for the fire stations gave the contract to the Western Montana Coal company. The report was accepted.

The contracts and estimates committee advised the council to award the contract for the cement work around the city hall to the Johnson & Beacom company. The report was accepted.

A verbal petition from four residents on Toole avenue for an extension of time on their cement sidewalks was referred to Alderman Moody for investigation.

Wants Maps.

A letter was read from Engineer Swearingen asking that the water company, the electric light company, the two telephone companies and the gas company be instructed to give him detailed maps of their underground work so that his work on the sewers might be made easy. The companies in question were ordered to furnish the maps.

City Attorney Woody advised the council to purchase a set of assessment books from the county, so that the task of finding the property owners, when the time for special tax collections comes, might be simplified. The question was referred to the city property committee.

The bond of H. C. Carnall as a cement contractor was read and referred to the city clerk and the city attorney for injunction.

The council adjourned until next Monday night at 7:30.

CAPACITY AUDIENCE HEARS SERMON

DR. H. O. BREEDEN SPEAKS ON "SHALL WE KNOW OUR FRIENDS IN HEAVEN?"

A capacity audience greeted Dr. Breeden at the Christian church last night. Interest in these meetings increases with each service, and as this will probably be the last week of the meetings, the public is eager to hear every sermon delivered by the evangelist. Dr. Breeden has refined and deepened the religious life of hundreds of Christian men and women in Missoula and quickened the minds of other hundreds to more serious and sane thought upon the sacred things of life than they had ever entertained before. One of the unique features of the meetings has been the large number of men and women who have been attracted to the services out of the curious impulse to be entertained and see "what was going on," and were surprised to hear a man who had none of the characteristics of the ordinary evangelist, and whose message took such deep hold upon their best thought and judgment that they came again and again, not now to hear a mere entertainer but to listen to a man whom they could trust. Dr. Breeden has commanded the attention of thinking men and women by the catholicity of his views, his breadth of learning, the simplicity of his message, his elegance of diction and simplicity of style. Last evening the doctor spoke upon the subject, "Shall We Know Our Friends in Heaven?" It was a message that lent new motives to the efforts for Christian attainment and brought comfort to the hearts of men and women who hung eagerly upon every word that fell from his lips. The speaker left no doubt as to his faith that the protection of life into the future involves the continuance of identity and memory. He quoted freely from the poets of Christ and buttressed these with apt and rare sentiments from the poets whom the doctor regards as the real interpreters of life. The impression of the sermon upon the audience was profound and satisfying.

Tonight the subject of the sermon will be "Excuse Me." This will be the last but one in this series of services. Let there be an earnest effort on the part of all to make the two remaining services count for all possible.

At the close of the service last night the beautiful and impressive ordinance of baptism was administered to a number who had made the confession of their faith in Christ.

Many people delude themselves by saying, "It will wear away," when they notice symptoms of kidney and bladder trouble. This is a mistake. Take Foley's Kidney Remedy and stop the drain on the vitality. It cures backache, rheumatism, kidney and bladder trouble and makes every trace of pain, weakness and urinary trouble disappear. INJUNCTION GRANTED.

Portland, Me., Sept. 27.—An injunction restraining the holding of the annual meeting of the Davis-Daly Mining company, of which F. Augustus Heinze is president, has been granted by the Maine courts on petition of Newman Erb and S. M. Jarvis.

The meeting probably will be held on October 15, as October 12 is the date set for the hearing on the injunction. The petitioners claimed the stockholders did not have sufficient notification of the meeting.

A Narrow Escape.

Edgar N. Bayler, a merchant of Robinsonville, Del., wrote: "About two years ago I was thin and sick and coughed all the time, and if I did not have consumption it was near to it. I commenced using Foley's Honey and Tar and it stopped my cough, and I am now entirely well, and have gained twenty-eight pounds, all due to the good results from taking Foley Honey and Tar." IMPOSING FUNERALS.

Versailles, France, Sept. 27.—The bodies of Captain Marschal, Lieutenant Parure and Sub-Lieutenants Vincent and Ruex, who were killed Saturday when the military balloon Republic was wrecked near Moulins, were today given imposing funeral ceremonies at Versailles.

The cross of the Legion of Honor was pinned on the bodies of the victims by order of Premier Briand.

A SURE WAY OUT QUICK RELIEF

It is a Positive Fact That in Not One Out of a Thousand of Supposed Kidney Cases Does the Trouble Really Lie with the Kidneys.

Practically all the so-called kidney trouble is really bladder trouble. Although sometimes intensely painful, and always annoying, it may be easily and quickly cured with GOLD MEDAL HAARLEM OIL CAPSULES.

There are other troubles arising in organs connected with the bladder which are also quickly relieved by the use of GOLD MEDAL HAARLEM OIL CAPSULES. Full information is given in the prospectus for each box.

The bladder is the reservoir for discharges from the kidneys. Under normal conditions the contents of the reservoir are promptly and without pain. Once inflammation sets in, however, the contents may be retained for an unusual length of time, thus producing much pain and discomfort, or may be expelled with abnormal frequency and be the cause of much inconvenience and trouble. All of this may be relieved and finally cured by the use of GOLD MEDAL HAARLEM OIL CAPSULES.

GOLD MEDAL HAARLEM OIL IS PUT UP in two forms, in CAPSULES and BOTTLES. Capsules 25c and 50c, per box. Bottles, 15c and 35c. At all drug stores. Be sure that you obtain the Gold Medal Tilly brand, otherwise you will get an imitation. Literature free.

MARKET MOVEMENTS OF THE DAY

New York, Sept. 27.—There seemed to be an accession of confidence today among speculative buyers and holders of stocks founded on the mere passing of the two holidays. The impressive buying was in United States Steel and was of the semblance of a miscellaneous demand from widespread public resources. The sympathetic effect on the general list of the movement submerged every other consideration. Better reports came from copper trade, where contracts are making for the delivery several months ahead. The railroad list got a lift from the excellent showing of earnings for August made by the Atchafalaya system. The resumption of influential buying in Reading and Union Pacific was a notable factor in shaping the day's market. Conditions were not changed in the money market, aside from a rise in New York exchange at Chicago, which suggested a relaxation of last week's demand on New York. The substantial reductions in the bank's cash which resulted partially from the demand went on today from the operations of the sub-treasury. That institution has made requisition on banks for \$1,625,000 ready since the bank statement was compiled. This compares with a contribution to banking cash for the same period last week of over \$500,000. A good effect was produced by an intimation that the United States treasury might find it unnecessary to enter the money market with an issue of treasury certificates, as was looked for at the early day. There was an unexplained weakness in the Erie and this, although ignored at first, was an influence in the sharp reaction of the last hour.

Grain and Provisions.

Chicago, Sept. 27.—Buck demand for cash wheat at all grain centers offset the effect of the record-breaking northwestern receipts and caused firmness in the market here today. The market was firm during the last half of the day. December sold between 98 1/2c and 99c. The close was firm at the top excepting for December, which closed at 98 1/2c.

A flurry in September oats which was due to covering by shorts, was the feature of oats trading. The market closed firm with prices 3/4 to 1 1/2c higher.

Provisions were unsettled. The close was firm with prices 1/2c lower to 2 1/2c higher.

STRIKE SETTLEMENT NOW NEAR AT HAND

Omaha, Sept. 27.—Negotiations for settling the street car strike here made little progress today. President Wattles at yesterday's conference with municipal officials of Omaha and adjacent cities through which the company's lines run, intimated on what basis he would re-employ the strikers, but this proposition was not laid before the union officials nor the men individually. President Wattles has declared he would have no dealings with the union and would deal with the men only as individuals.

C.S.S. PURIFIES BAD BLOOD

Bad blood is responsible for most of our ailments, and when from any cause it becomes infected with impurities, humors or poisons, trouble in some form is sure to follow. Muddy, slow complexions, eruptions, pimples, etc., show that the blood is infected with unhealthy humors which have changed it from a pure, fresh stream to a sour, acrid fluid, which forces out its impurities through the pores and glands of the skin. A very common evidence of bad blood is sores and ulcers, which break out on the flesh, often from a very insignificant bruise, or even scratch or abrasion. If the blood which is discharged would heal at once; but being infected with impurities, the fibres and tissues are broken, and the sore continues until the blood is purified of the cause. C.S.S. is Nature's blood-purifier and tonic, made entirely from roots, herbs and barks. It goes down into the circulation and removes every particle of impurity, humor or poison, restores lost vitality, and steadily tones up the entire system. C.S.S. neutralizes any excess of acid in the blood, making it pure, fresh and healthy, and permanently cures Eczema, Acne, Tetter, Salt Rheum, Boils, and all other skin eruptions or disease. Book on the blood and any medical advice free.
