A FAIR LAND.

The determination of the directors of the Chicago, Milwaukee & St. Paul Railway company to see for themselves the region which is tributary to Missoula is a fortunate thing for this city.

A VOTE AGAINST.

Upon the editorial desk of The Missoulian there lies a letter written in defense of the man who sends to mail-order houses in the east for his goods.

THE RATE CASE.

The scene of the inland freight rate case shifts again to Spokane, where Mr. Prouty of the interstate commerce commission will today resume the hearing.

In February last the interstate commerce commission rendered a decision, which was to become operative, except as modified, in May, and which made the class rates from St. Paul to Spokane equal to five-sixths of the existing rate from St. Paul to Seattle.

The decision of the commission was fairly satisfactory as far as it went. But Spokane has about one thousand five hundred other commodities on which it wants reductions.

New England and other sections of the east will be discriminated against. In other words, freight rates from Chicago and St. Paul to the west are to be lowered, without any proportionate reduction in the east.

MISSOULA COUNTY'S SHOW.

There is reason for congratulation in the display that is made at the state fair, representative of Missoula county's agricultural and horticultural products.

The man who is shot in the midst of a charivari receives severe punishment, but there are many who feel that the penalty is not too severe.

The exploration of the Blackfoot country will be less hazardous and more beneficial than the discovery of the north pole.

Anaconda rejoices in having had Mr. Taft's "good morning" and Missoula is proud of having received his "good night."

As between the Great Northern and the Milwaukee, Missoula hopes the yellow cars will carry the overland mail.

Butte's prompt adjustment of the seemingly needless labor quarrel is hailed with delight by the whole state.

The best way to learn about a country is to see it, and the Milwaukee directors have adopted the right plan.

If Montana lives up to the high standard set in this week's speeches, she will be some state.

The booster banquet should kindle new enthusiasm and result in real boosting.

The league championship will be settled before the Peary-Cook contest is decided.

More railways mean more territory, and that means a bigger, better town.

But the real thing in displays will be at the Western Montana Apple show.

Home industry should receive home patronage if the city is to prosper.

A visit to the state fair makes you prouder than ever of Montana.

Boost for the apple show. It is worthy of your earnest support.

OFFICIAL ADMITS EMBEZZLING FUNDS

Tacoma, Sept. 28.—M. P. McCoy, examiner and supervisor of government surveys, employed in the land office at Seattle, pleaded guilty in the federal court today to the embezzlement of \$5,718 since last March.

HAS MONEY COMING.

New York, Sept. 28.—Floretta Whaley, who two years ago eloped with Rev. Jere K. Cook, will eventually receive \$5,000 from the estate of her uncle, the late Anthony Whaley, whose will was filed today at Minola, L. I.

DISASTER IS REPORTED.

Rangoon, Burmah, Sept. 28.—The British steamer Clan Mackintosh, belonging to the Madras Steam Navigation company, is reported to have blown up at sea.

BUTTE JUDGE FAVORS MONTANA MAN DIES IN WRECK WHIPPING POST

CORPORAL PUNISHMENT IS ADVOCATED AS ONLY SORT FIT FOR SOME.

Special to The Daily Missoulian.

Butte, Sept. 28.—Judge Jordan, who has been trying the criminal cases of Butte for the past five years, came out strongly in favor of the whipping post for certain offenses this morning when he said, "The whipping post is the proper thing for Butte."

This statement was evoked when Joseph Twohey was before Judge Jordan. The Twohey boy is accused of burglary and he shielded the father, asserting that he had to work and could not afford to lose the time necessary to be in court to help his offspring.

The man who is shot in the midst of a charivari receives severe punishment, but there are many who feel that the penalty is not too severe.

FRENCH EPISCOPATE WARNS CATHOLICS

Paris, Sept. 28.—The French Episcopate has issued a pastoral letter warning Catholic parents in France that the teaching in the public schools jeopardizes the faith of their children.

IN THE THEATERS

Lyceum work gathers together many distinguished musicians only for the salaries that are paid, but it enables them to grow and become greater in their work than the opera or the concert.

It is doubtful if another such quartet as the Four Great Musical Artists exists in the lyceum today. All leaders in their lines gathered together, in presenting a program of the world's best music, at popular prices, is surely a decided novelty.

ARE WELCOMED.

Paris, Sept. 28.—Senator Nelson W. Aldrich and Professor A. P. Andrew, who are in Paris gathering information for the report of the American monetary commission, are the recipients of much attention.

RENOMINATED.

Salt Lake, Sept. 28.—John D. Bransford, the present mayor of Salt Lake City, was renominated by the American party convention today.

MEN RETURN.

Omaha, Sept. 28.—Some additional striking street car men returned to work today and more cars were run. The cars were more liberally patronized.

W. J. STEVENSON OF LIVINGSTON IS KILLED IN STOCK TRAIN IN CHICAGO.

Chicago, Sept. 28.—Six men were killed and a dozen seriously injured early today, when an outbound Panhandle passenger train collided with the rear end of a Chicago, Milwaukee & St. Paul stock train at Twelfth and Rockwell streets.

The victims were stockmen, many of whom were sleeping in the caboose of the stock train, and members of the stock train crew. No persons on the passenger train were injured.

The identified dead are: W. J. STEVENSON, Livingston, Mont.

H. POTTER, Dion Lake, N. D. DON SCHLANGER, Fayette, N. D. JACOB MOTTS, Kulu, N. D. FRED KOCH, Dickinson, N. D. JOHN POSTLE, Winona, S. D.

The passenger train had just left the Union station bound for Cincinnati. It was moving rapidly and had just rounded a sharp curve near a street intersection, when the engineer sighted the stock train only a few yards in front.

After applying the emergency brakes, the engineer and fireman of the passenger train leaped from the cab and escaped injury. No opportunity for escape was given the sleeping stockmen in the caboose and the sound of the warning whistle was drowned in the crash as the heavy locomotive plowed through the caboose and three other cars.

At the Monroe street hospital the following list of injured was obtained: F. G. Buckley, Fallon, Mont., stockman, lacerations; E. H. Egger, Fallon, Mont., stockman, lacerations; M. McDonald, brakeman, general contusions; Peter Johnson, North Dakota, fracture of arm, scalp cut; Harmon Wirth, Hankinson, N. D., foot crushed, severe burns; D. M. Hamilton, Livingston, Mont., stockman, back injured, serious; Henry B. Bond was injured, and not killed, as reported last night.

JAPS ARE SURPRISED WHILE KILLING SEALS

Valdez, Alaska, Sept. 28.—The United States revenue cutter Perry, which arrived in port today, reports that several boat crews of Japanese from an unidentified schooner were surprised while killing seals on Walrus island by Agent Proctor of the North American Commercial company, who is stationed on St. Paul island.

The prisoners were tried before Commissioner Brown at Unalaska and sentenced to be imprisoned three months and to pay \$200 costs each. They will arrive here on the revenue cutter Rush on October 9, and, after serving their jail sentences, be deported to Japan.

"Can be depended upon" is an expression we all like to hear, and when it is used in connection with Chamberlain's Colic, Cholera and Diarrhoea Remedy it means that it never fails to cure diarrhoea, dysentery or bowel complaints. It is pleasant to take and equally valuable for children and adults. Sold by all dealers.

The Retort Oak. is a magazine heater for soft coal. It burns soft coal in much the same way a base burner burns hard coal. IS CLEAN because it does not puff, gas or smoke the room—it cannot. STEADY, EVEN FIRE, because it is self-feeding. You fill the magazine in the morning and you have fire all day. SAVES MONEY because it burns the slack in your coal bin and is so constructed that it burns the gases in the coal.
