DON'T SUFFER FROM CHAPS

Many people suffer from chapped hands and face, a condition that grows to be quite distressing and disagreeable. If allowed to continue, it makes the skin thick, red and unsightly.

SOUTHLAND BENZOIN AND ALMOND LOTION

Is a positive antidote for such afflictions and we guarantee that if it is used according to directions it will not only relieve chaps and rough skin, but will keep your hands and face as soft and nice as velvet. We want you to try it under our positive guarantee. Large bottle, 50 cents.

CAUGHT ON THE RUN ABOUT TOWN

Ed Murphy came to town last night for the first time since Gannon & McLeod have been running the yellow bus to the Florence hotel. It is needless to say that Ed was wroth when he saw the new coach, for the yellow and the Murphy never did mix well. He roared at the station until it was thought that another bunch of socialists had been imported and the police started to interfere. He was coaxed into the bus but they had to blindfold him to get him inside and he didn't open his eyes till he was out of it, and then he ran into the hotel without looking back at the wagon. As soon as he had registered Ed had Billy Creighton send out for Mike Gleason; when Mike came there was some medicine made. Later the two went for Jack Gannon and, as Irishman to Irishman, they wanted to know what the—well, they asked some very pointed questions. They argued and they pleaded and they threatened and they cajoled. But they couldn't break down Jack's defense; he was loaded for them. He laughed at all their threats and he scoffed at their appeals. They labored with him until it was long past bedtime, and all they could get out of him was a promise that he would fly a green flag above the yellow on Patrick's day. With that they had to be content last night, but they promise to renew the contest today. And neither one of them ever saw Ireland; the whole thing goes to show what early training will do for a man.

The Missoula hotel is winning the reputation of being the local headquarters of Dan Cupid and Jim Walsh has a standing contract as a bottle-holder for the god of love. Sunday Judge Webster, assisted by Mr. Walsh, tied the knot which united for life the careers of T. G. Demers and Minnie Cole, who will live at the Demers ranch, near Canaan hot springs, on the Flathead reservation. The ceremony was impressive and the knot was tied firmly. That started the week very nicely. All parties were satisfied and the walking delegate for Cupid rested on his laurels. But yesterday there was more business. Judge Small was called to tie the knot for Gilbert F. Gault and Cora F. Campbell; his honor was willing to perform the ceremony but he wouldn't go ahead until he could have the assistance of the walking delegate. Mr. Walsh was therefore summoned and with his co-operation there was another wedding added to the list which makes up the record of the Missoula hotel. October starts off well and Mr. Walsh is arranging a campaign to break the record this month.

CUPID'S HEYDAY

The firm of Mapes & Mapes is a close corporation, but it comes to Missoula with the best recommendation that any firm could have, the cordial indorsement of the people who were the firm's neighbors in Oregon before the immigration to Missoula. Yesterday Mr. and Mrs. Mapes received from their old home in Oregon a letter that was 15 feet long; it contained an expression of regret from the people of the city in which they had lived for a long time because they were going to leave and compare with this was the hope that, wherever they went, they would be prosperous and happy. The letter itself was not so very long, but it was the signatures that stretched the epistle out to the measure of five yards; there were hundreds of names and every one was that of a friend. Missoula should cordially welcome people who come with that sort of recommendation.

FIVE YARDS

This is the night of the booster banquet. It will be held at the Savoy hotel, and everything is in readiness for the biggest and best union of boosters that was ever held in this city. There will be about 200 men at the banquet, and B. G. Morris, who is the originator of the affair, has been more than busy in the preparations for the event. There will be a good dinner as a starter; this will be followed by short speeches to express the sentiments of those present in the matter of boosting. In the list of speakers announced there are old boosters and new boosters, and each will have a word or two to say as to what he esteems the best and most effective method of boosting the town. Colonel Marshall has agreed to act as toastmaster, and there will be a lively session with him in the chair. There is much interest in the banquet and Mr. Morris wants folks to be on hand so that the dinner may be started at the appointed hour; there is so much to be done that the program will have to move rapidly and without delay.

TONIGHT WE DINE

Chairman Dorman of the apple show committee has called a special meeting of the managers to be held Wednesday morning at the rooms of the chamber of commerce. The hour is 10 o'clock, and the business is important. All members are urged to be present.

APPLE SHOW MEETING.

"Can be depended upon" is an expression we all like to hear, and when it is used in connection with Chamberlain's Colic, Cholera and Diarrhoea Remedy it means that it never fails to cure diarrhoea, dysentery or bowel complaints. It is pleasant to take and equally valuable for children and adults. Sold by all druggists.

On account of the length of the performance the curtain will rise for tonight's production of "The Shepherd King" at 8:15 instead of 8:30. The hour of the matinee today is 3:15.

MEN PLEAD GUILTY TO THEFT

FOUR PRISONERS, HELD IN THE COUNTY JAIL ALL SUMMER, TO BE RELEASED SOON.

Tommy Jackson, Charles Sharp, Edward Hill and C. B. Riley, who have been in the county jail for some time, were brought before Justice of the Peace Dyson yesterday and allowed to plead guilty to petit larceny. The first two were charged with having stolen some horseshoe calks from Andrew Logan's blacksmith shop, early in the summer, and have been held in jail to await trial in the district court, but County Attorney Maloney came to the conclusion that a serious charge, such as burglary, would not stick and permitted the men to plead to a minor offense. They were sentenced to four and one-half months in the county jail, respectively, and allowance was made for the time they have already served. Jackson will be released November 1 and Sharp on October 12.

Hill and Riley are alleged to have broken into a boxcar at St. Regis and to have stolen some shoes. They were being held on a charge of burglary, but were permitted to plead guilty to petit larceny. As they have both been in jail for over a month, they were given credit for the time already served and will be released today.

ELIZABETH HARTLEY IS LAID TO REST

In the presence of a large number of friends who had gathered to pay their last respects to the memory of a beloved neighbor, all that was mortal of Mrs. Elizabeth Hartley, who was so well known in Missoula, was laid to rest in Missoula cemetery. The services were held yesterday afternoon at the Methodist Episcopal church. Rev. J. W. Tait spoke to the large congregation of the character of the deceased, touching eloquently on her life and deeds of kindness. The casket was completely concealed by the wealth of floral offerings.

YOUNG FIREMAN DIES FROM TYPHOID FEVER

Elmer Yardborough, a fireman on the Northern Pacific, died at 2:30 yesterday morning at the Northern Pacific hospital, death being caused by typhoid fever. He was a resident of Laurel and was 21 years of age. He leaves a widow, who arrived in Missoula to see her husband before the end came. The body was taken last evening on No. 16 to his former home, accompanied by the widow and a brother, Baker Yardborough.

COUNTY ATTORNEY LEAVES.

County Attorney E. C. Maloney went to Helena on No. 6 early this morning to attend to some professional matters before the supreme court.

GEO. F. BROOKS PHONE 105 B. First National Bank Bldg.

PLUMBING MEASURE IS READ

CITY COUNCIL DISPOSES OF MUCH BUSINESS AT REGULAR OCTOBER MEETING.

After a year of waiting and discussion without results, the plumbing ordinance, presented by the plumbers a little more than 12 months ago, was reported by committee last evening and will be placed upon its final reading and passage at the next regular meeting of the city council. The ordinance, or a measure similar to it, is said to be badly needed by the city. Under present conditions the city and plumbers are absolutely without protection from outsiders. During the time in which the committee has held the ordinance considerable opposition has been made against its passage, and the lack of technical knowledge on the part of the aldermen and the repeated failure of all attempts at a general consideration of the measure made the postponement of action almost a custom. It is, however, a joint meeting was effected, and, after a consultation with the plumbers, the committee reported favorably on the ordinance, with a few minor amendments. The ordinance, or rather, the two ordinances, for the present measure is in two parts, will be brought up for discussion at the next meeting and will be finally adopted or rejected.

Officers Report. The meeting was opened with six aldermen present, Aldermen Patterson and Kohn being absent. The usual routine business of the monthly meeting was done away with and the reports of the officers were read.

City Treasurer Hatheway reported a balance of \$11,786.27 in the treasury. Police Magistrate Small reported having heard 187 complaints and having taken in \$1,047.25 in fines and forfeited bail.

Chief of Police Venley reported 187 arrests and \$1,136.90 in collections. A. H. Marsh reported that the monthly meeting of the board of health, at an aggregate expense of \$31. As health marshal he reported one quarantine, and as building inspector he reported having granted 23 building permits for buildings to be built at an aggregate cost of \$86,350.

The bids for city printing were opened and read. Two propositions were received. The Herald Publishing company and The Missoulian Publishing company having submitted bids. They were referred to the contracts and estimates committee for consideration.

October 25 was set as the date for hearing objections to the closing of certain streets on the south side, as requested by the Chicago, Milwaukee & Puget Sound railway. Mayor Logan stated in regard to the ordinance regarding the keeping of registers in hotels and lodging houses that he had received a copy of a similar bill recently passed in Billings and referred it to the ordinance committee.

For the Apple Show. The streets and alleys committee reported favorably on the petition of the chamber of commerce for permission to close part of Pattee street during the apple show and the request was granted by the council.

The present street improvement district took another forward step when the council adopted the streets and alleys committee's report recommending that the Higgins property in the district be purchased for the quoted price of \$300. The purchase of this property finishes the opening, with the exception of the bit of land owned by Arthur Graham, who has refused to sell his property for anything less than his quoted price of \$1,700. City Attorney Woody was instructed to commence condemnation proceedings against the property.

Petitions. The petition for a fire hydrant at the corner of Hilda and Eddy streets was referred to the fire and water committee.

Petitions were read from F. M. Taylor and Rev. R. H. McDunkin asking for an extension of time on their sidewalk improvements. The city engineer was instructed to see that work was started on both sidewalks before the end of the week.

Dr. Oettinger's check for \$500, the bond of contention for the last month, was ordered returned.

Against Short-Circuiting. A letter was read from the Missoula Light & Water company recommending that the city council pass an ordinance requiring new telephone companies and other concerns stringing wires on the streets to keep a regularity distance from wires already in position. The present installation of telephone wires makes their proximity to the light wires dangerous, the latter stated, and action was urged. The matter was referred to the ordinance committee, with instructions to confer with the companies in question.

A petition was read from the merchants on the east side of Higgins avenue asking for permission to put in a wooden crossing on the south side of Pine street. The petition was granted.

Petitions asking for cement sidewalks on Cleveland avenue, Rollins street, Cottonwood street and Urin avenue were read and granted.

More Help. A petition was read from the city treasurer and the city clerk asking that a Burroughs adding machine be purchased for their use. The petition was referred to the city property committee.

The treasurer and the clerk also petitioned the council that they be given an assistant during the month of October. The council was strongly in favor of the petition but, owing to the fact that the police court must be moved in case a new man is put to work, the matter was referred to the city property committee with full authority to rent a building, if available, for the use of the court. O. B. Orr appeared in the interests of the residents along the lower

Rattlesnake and complained that the piling being driven by the street railway company for its crossing of the creek are placed so that the current will tear out the recently-constructed cribbing there and will take all protection from the property along the stream. The city engineer was instructed to look into the matter and to stop work in case damage is being done.

That Bridge. Professor E. C. Helz presented \$10 which he had collected for the temporary bridge fund. The council then adjourned until Monday, October 25.

NEW CITIZENS.

Three aliens were made naturalized citizens of the United States in the district court yesterday. They were Charles August Anderson, a Swede; Thomas Foucher, a Canadian, and Nels Andersen, a Dane.

STATE UNDERTAKERS TO MEET IN HELENA

Charles H. Marsh left on No. 6 last night for Helena to attend the sessions of the Montana Funeral Directors' association, of which he is first vice-president. The association convened yesterday, but Mr. Marsh was unable to be present. However, he will attend the meetings of today and tomorrow. He went with the intention of doing all in his power to bring the next meeting of the association to Missoula and has strong hopes on that point.
