

# Car Line Addition

The addition that it does not take a fortune to buy a lot in.

The addition where you can buy lots for \$5 cash and on payments of \$5 per month. Lots run in price from \$50 to \$130.

The addition with street car service guaranteed; city water, electric lights and telephone.

The addition of homes, where lots are absolutely sure to double in value in one year.

## Buy Now

These lots are selling rapidly and now is the time to get in, before the price is advanced. You know when the street car is running and there are a lot of new houses in the addition that the company will advance the price, and they would be warranted in doing so, for the reason that as the addition improves the price must naturally advance. This is why we say buy now and get the advantage of this increase, this profit.

**It Only Takes \$5 Down** to secure any lot in the addition, to tie it up and get the advantage of the raise that is sure to come, and come soon. Call in and see us. Call us up by phone 572 and we will show you there is money in these lots.

Dr. J. J. Flynn, city health officer, returned last evening from Bonner, where he went to inspect the condition of the village school, which had been quarantined for diphtheria. "There will be no epidemic," said Dr. Flynn last evening. "The child that is ill came to Bonner but recently and I am satisfied that the disease has had no opportunity to spread."

### TRIBUNAL OF SMALL IS MOVED

### IN THE CHOICEST RESIDENCE DISTRICT

After today, Police Judge Small will have to hide his light under a bushel, rather, what is even worse, under a three-story hotel building. For the property committee of the city council yesterday picked out the basement of the Missoula hotel as the temporary quarters for the tribunal over which Mr. Small presides. Monday night City Treasurer Hatheway and City Clerk Kemp petitioned the council that they be given an assistant during the month of October. At present the two city officials have their offices in the police court room and during about 22 hours of the day operations are suspended on account of the crowded condition of the court room. In view of this situation, the council decided that before the assistant could be hired, the police court would have to move and ordered the committee to find a new court room. The committee did this yesterday and today the court will be moved across the street to the basement of the hotel.

William H. Polleys of this city yesterday made final proof on the southeast quarter of section 3, township 18 north, range 31 west. The land is suitable for timber and stone only.

## GIRLEY FLYNN SENDS HORRIBLE STORY

### SOCIALIST LEADER RELATES THRILLING TALE TO SPOKANE NEWSPAPER.

Riding the rods and the blinds, occupying the available empty, members of the Industrial Workers of the World from Portland and Seattle are said to be making their way toward Missoula in large numbers for the purpose of going to jail.

According to reports from the Montana town this morning, eight of the labor propagandists were jailed there last night for street speaking. Among the number was the organizer, Girley Flynn, who has on different occasions given addresses in Spokane. "There are 100 men now en route from Seattle and about as many from Portland headed for Missoula to help Girley Flynn in her fight for free speech. It is the plan to fill the jails there," said C. L. Pilgino, secretary of the local I. W. W., today.

"About 25 members of the local I. W. W. left last night for Missoula and 30 more left this morning. Members are also coming in from the surrounding small towns and from the camps, prepared to make the trip at any time. "Some of the men who are going over are not even members of the organization. They are anxious to help in the fight for the freedom of speech."

"Make Loud Noise." A communication has been received by the local I. W. W. from Girley Flynn, who is now in jail, according to a late report. She vividly describes the conditions in the Missoula jail and tells of the assistance given her by an engineer of the forestry department, whose name she does not mention. The letter is, in part, as follows: "The charge against me is disturbing the peace and making loud noises. The judge, Small, ruled out, as irrelevant, evidence, showing that the Salvation Army made far more noise than we did. "The boys refused to pay the \$10 fine, which was the alternative of jail, and refused to put up bonds, so stayed in jail all night. It is a filthy, dirty hole under the firehouse stable, where all the filthy excrement of the place pours down upon the prisoners. "The man who stepped up last night was a civil engineer of the United States forestry service. He had heard us speak from his office and saw one arrest. He came down and inquired what was the trouble. "When he was told, he stepped right up and said: 'Ladies and gentlemen, I believe in free speech; I am a socialist; we fought for it in Seattle'—but he got no further, for he was nabbed. He stood absolutely pat today, refused to say he wouldn't speak again and went to jail like a man. He will probably lose his job."—Spokane Chronicle.

## Beautiful Hat Creations

Another consignment of fall hats, direct from the east, arrived yesterday, and to say the millinery display here far outshines anything ever seen in the state is but putting it mildly. Many new creations have been evolved since the first showing of fall styles, and they are all here—sent by express to us just as soon as they appear in the world's fashion centers. Also many new models of the celebrated Gage hats have but lately come to us, and the whole constitutes a magnificent showing.

You can spend a delightful half hour in our millinery section, whether you purchase or not.

And, lest you forget, our remodeling, retrimming and designing section is at your service—a style created for you by an expert designer if you wish.
