FINE MUSIC ASSURED TONIGHT

OPENING ENTERTAINMENT OF UNIVERSITY LECTURE COURSE AT HARNOIS.

Tonight "The Four Musical Artists" open the University lecture course at Harnois theater. The program will begin at 8:30, and from the beginning to the end the entertainment will afford to those present vocal and instrumental music of a high character, such as only masters can give.

From Tacoma comes the following: A splendid concert by The Four Musical Artists last night made an auspicious opening of the excellent lecture course offered the people of Tacoma. The beautiful and spacious auditorium of the new church with its perfect acoustic properties proved its fitness for affairs of this sort, every note of violin or piano and every inflection of the voice being quite audible even to the farthest corner. Mr. Carr possesses a voice of remarkable compass and great power and he has it under perfect control. His rendition of grand opera selections was thoroughly satisfactory, showing a consummate art and a masterly style. Mr. Pfouts plays with a power and grace that wins his auditors' sympathy at once. His tones are exquisitely pure and his technique is faultless. Mr. Shonert's selections were received with marked favor. He is a master of the piano, playing with ease and grace, and his execution is artistic and his phrasing fine. He was compelled to respond to an enthusiastic encore. Altogether the concert was a distinct treat to music lovers of the city, providing as it did the high-class entertainment that is none too frequent in these days of popular priced musical

melanges put on by pretty girls and Cohanecque dancers. It provided music of the real sort, worth of the name. The words from Spokane is: Herr Shonert, who had the first number on the program, received a most flattering reception in making his appearance, and well did he deserve it. The masterly rendering of the Liszt Rhapsodie showed the clean octave playing and florid work of the great pianist in a most favorable light. He had to respond to a vociferous encore, which he did by playing Wilson Smith's unique and original tarantelle, in A minor. He is an artist in every sense of the term. Seattle says: Mr. Edwin M. Shonert, the pianist, plays with a dexterity of execution and a refinement of sentiment that entitles him to be called an artist. His touch is perfect, and his phrasing elegant, and all his performances last night were received with enthusiasm. From Astoria comes the information that it was by far the best concert ever given in the city. Salt Lake says it was a delight. At Bucyans, O., the home of both Messrs. Shonert and Pfouts, the house rang with applause from the time of the raising of the curtain until the end of the program. Bradford, Ontario, says that once Mr. Shonert is seated at the piano the audience forgets its ethics of criticism and simply leans back and listens. And so it goes with the report of the press critics. The program will be an auspicious opening for the lecture course, to be followed in a week by Senator La Follette.

YOUR FALL SUIT will certainly give you better satisfaction if made to your order. No one will dispute this. When, at the same time, it will cost you no more than the other kind, would you not prefer the to-order-made? There is a splendid tailoring service behind me—at all times able to make good.

RARE VIOLIN MUSIC DR. DODD LOCATED FRIDAY NIGHT AT HOTEL SAVOY

MISS MARIE BISHOP WILL GIVE A CONCERT AT THE CHRISTIAN CHURCH.

The presence in Missoula of Miss Marie Bishop is giving her local friends a lot of pleasure. This was Miss Bishop's home for so long that Missoula feels that the young lady belongs to her. There has been so general a demand upon her time since she has reached here that Miss Bishop has had little time for anything except answering questions. She will devote the next few days to preparations for her concert which

MISS MARIE BISHOP.

will acquaint her old friends with her skill as a violinist. The concert will be given in the Christian church Friday evening; the program will be one that will reveal the artistic ability of the young violinist and will discover the fact that she has made remarkable progress since she left Missoula. There should be a large audience at the concert. Friday night Friendship for Miss Bishop should prompt this in the first place and then there is the assurance of a delightful evening of music.

MOTHER IS ILL.

C. H. Catching of this city received word yesterday from Portland that his mother, Mrs. A. E. Catching, is seriously ill at that place. Mrs. Catching is known in Missoula, where she has visited at various times. She is 88 years of age and went to Oregon in 1844, so she is very much of a pioneer in the western country. Mr. Catching will go to Portland this morning, if he is informed that she is no better.

Card Party.

Modern Brotherhood of America will give a card party at Odd Fellows hall, Monday evening, Oct. 11, after which refreshments will be served. Admission 25c. Everybody invited.

Apple Show Meeting.

There will be an important meeting of the apple show committee Monday, October 11, at 10 o'clock a. m. A full attendance is requested. C. F. DORMAN, President.

SAYS THE DEVELOPMENT OF A CHILD DEPENDS UPON CONDITION OF EYES.

The little one's backward, nervous child only requires proper glasses to transform him into a bright, healthy one is a fact which no intelligent man or woman can dispute today. The fitting of glasses should be entrusted to none but a competent specialist and this is especially so in children's cases. Any man or woman who has gone through the test type procedure knows how trying it is, but they may not at the time realize how crude and impracticable and utterly worthless it is in determining the true condition of one's eyes. Then how much less value it must be in determining the true condition of a child's eyes, one not educated in the anatomy of the eye or in physical optics can only gain a faint conception.

The active and capable eye muscles are so grave defects that it is indeed a very delicate matter to fit them so that all strain is removed and so their eyes as well as their mental and physical development may attain to the highest possible degree.

Dr. Dodd has had twenty years of experience and exceptional opportunities for studying eye troubles and their relation to nervous diseases, besides his work through Montana compels one who has occasion to investigate to acknowledge him the most successful man on eye and nervous troubles in the northwest. There are several people here who will tell you that, after trying all who pretend to fit glasses, they had decided they must go east and that Dr. Dodd's visit here saved them the necessity of going and the enormous expense necessary for such a trip.

One of the best known and proficient newspaper men in this state made the statement recently that Dr. Dodd did more for his child's eyes in three hours than either of two oculists had been able to do in six years' constant treatment.

Dr. Dodd will forfeit \$100 to anyone if he fails to furnish satisfactory evidence that this is a fact or that any testimonial among nearly 100 at his office is genuine.
