

# WINNING RUN SCORED ON A BALK

### REULBACH GETS RATTLED AND HANDS THIRD GAME OF THE SERIES TO WHITE SOX.

Chicago, Oct. 10.—The Chicago team of the American league won its first game of the series for the city championship here today from the Chicago Nationals, 2 to 1. The Nationals were the first to score. Pitcher Walsh walked the first two men, and the third man up sacrificed after Evers had stolen a base. Chance followed with a sharp hit and Evers was caught, but Sheppard scored. Walsh then held his opponents safe the remainder of the game.

#### Sox Tie It Up.

The American leaguers started the second with two singles and a base on balls, which filled the bases. Sullivan's long fly to left field scored Dougherty, but they did not score again until the ninth. Walsh retired the bases. Schulte caught Isbell's long fly and Cole followed with a single. Dougherty received a base on balls, filling the bases. Purtell was at bat and Reulbach was preparing to deliver the ball when Altizer started to steal home. Reulbach's attention was called to the man at third and he did not deliver the ball. Umpire O'Day called a balk and Altizer scored the run which won the game. Rain began to fall in the fourth inning and continued throughout the game.

#### Crowd is Loyal.

The crowd, which was one of the largest ever within the west side enclosure, remained throughout the contest. The paid attendance was given out as being 24,024; the gross receipts were \$16,163.75, of which the National commission receives \$1,616.37; the players, \$8,728.42 and each of the clubs receive \$2,909.48.

for office as never was before witnessed in American politics and which, if continued, must in the end debase and corrupt our politics and our system of government. But it may be that with all his money and numerous and powerful newspapers, the people of New York may not let him run over me so easily as he thinks."

#### Hearst Denies Charge.

Mr. Hearst gave out a statement answering Gaynor in which he said: "If Judge Gaynor has stated that I promised to support him under any and all circumstances and upon any and all tickets, he states what is positively untrue. I will try to assume that he is honestly mistaken, but it is difficult for me to do so, as the proposition is so unreasonable and false that it bears its reputation on its face."  
"Judge Gaynor is not a lifelong friend nor a deeply loved brother to whom blind devotion might be due. He has been to me merely a representative of certain ideas, an exponent of certain principles. While he was supporting those principles I supported him. When he deserted those principles I parted from him."

#### CALLED HOME.

Los Angeles, Oct. 10.—Minorza Azaraka, minister plenipotentiary and envoy extraordinary of Japan to the Mexican government, was in Los Angeles yesterday on his way to San Francisco, whence he will sail for his native land as soon as possible. He has been called home by the emperor.

#### CHILDREN CAUSE WRECK.

Vancouver, B. C., Oct. 10.—Playful children today loosened the brakes of a work train, which was on a siding near here, and the train ran away. After going down grade for four miles the train struck a Vancouver street car, injuring 12 persons.

The mills of India turned out 656,820,272 pounds of spun yarn during the year ending March 31.

# MULLIN AND ADAMS TO MEET AGAIN

### TODAY'S GAME IN WORLD'S SERIES MAY BE POSTPONED —INTEREST INTENSE.

Detroit, Oct. 10.—Unfavorable weather conditions may cause the postponement of the third game in the world's championship series between the Pittsburgh and Detroit teams. In this event, the two games scheduled for Monday and Tuesday in Detroit will be played Tuesday and Wednesday and the two teams will then return to Pittsburgh for the fifth contest. If there is a game tomorrow the Detroit choice of pitchers will probably lie between Mullin and Summers. Manager Clarke intimated that his choice of a pitcher tomorrow would probably lie between Adams and Maddox.

The return of the two teams, each with a victory to its credit, has aroused the interest here to a fever heat. Predictions are being made freely that the crowd at the first game here will beat all records for world's series in this city.

The national commission is scheduled to hold a meeting here tomorrow and it is expected some definite action will be taken on the Murphy-Pfeffer case.

# IRISH-AMERICANS MAKE RECORDS

### SIX NEW MARKS ARE SET AT ANNUAL FALL GAMES OF NEW YORK CLUB.

New York, Oct. 10.—Five new world's records and one American record were made at Celtic park today during the annual fall track and field games of the Irish-American Athletic club. Emilio Lunghi, the Italian champion, who ran unattached, made a new record in the two-thirds mile scratch race, which he won in 2:45.5. The old record was 2:48.1-5. In the discus throw Martin J. Sheridan sent the saucer skimming 142 feet, 10 1/2 inches, beating his former record of 140 feet, 5 inches. He also wiped out J. S. Mitchell's American figures of 26 feet, 8 1/2 inches by putting the 42-pound stone from a stand-with-follow, 27 feet, 9 inches.

John J. Flanagan, throwing the 16-pound hammer, with an unlimited run and follow, sent the missile 180 feet, 1 inch. The old figure was 154 feet, 1 1/2 inches.

The Irish-American Athletic club team composed of Collins, Riley, Bromfield and Kivala, won the four-mile relay handicap race from scratch in 18:08.4-5, clipping 1-1/5 seconds off the world's record held by the University of Michigan.

S. C. Northridge and C. S. P. Cassara, of the same club, won the three-legged scratch race at 220 yards in 25.2-5 seconds, easily beating Zast and Puffer's world's record of 33 seconds.

W. J. Hayes, a young Philadelphia runner, won the 440-yard run handicap from the five-yard mark, defeating Melvin W. Sheppard and W. C. Robbins, the scratch men.

# FIRST NIGHT GAME IS SEEN IN WEST

Los Angeles, Oct. 10.—Four thousand people saw the first night baseball game ever played in the west last night between the regular San Francisco and Los Angeles Pacific coast league teams. The result was a victory for the home team by the score of 17 to 11. The lighting of the ball park was a success and the big diamond and most of the outfield was brilliantly illuminated. Scores of arc lights were used and several big theater spot lights were employed to follow the course of the ball and the base runners.

The largest order for radium on record was recently placed in England. It called for about one-quarter of an avoirdupois ounce for the Radium Institute, at a cost of about \$150,000.

# INTEREST IS GREAT IN BIG FIGHT

### THE KETCHEL-JOHNSON BOUT OF NEXT SATURDAY ENGAGES ATTENTION OF FANS.

San Francisco, Oct. 10.—Even more interest than Stanley Ketchel, middle-weight champion of the world, will last 15 rounds; two to one that Jackson, the big negro heavyweight champion, will retain his title after October 16, when the two men will engage in a 20-round battle at Colma arena, were the prevailing odds among the fight fans today. Despite the fact that Ketchel is training for his fight contest in the heavyweight class, the Michigan pugilist has a large following in this city. There seems to be any amount of the 15-round money, and considerable is being wagered that Ketchel will get the decision.

#### On'y Eighteen Pounds.

In the presence of several newspaper men yesterday Ketchel tipped the scales at his training quarters at 174 pounds, the most he has ever weighed in training. According to his manager, Willis Britt, he will enter the ring at 3 o'clock weighing not less than 178. As Johnson plans to fight at 196, there will be a difference of 18 pounds between them when the gong sounds.

If Britt's prediction is verified Ketchel will be heavier than many men who have contended for heavyweight honors. Jim Corbett averaged 175 pounds in his battles and a few days before Fitzsimmons knocked out Corbett he tipped the beam at 156. Tom Sharkey averaged 175 to 176 for his battles and Joe Choynski never equaled the Michigan man's present weight.

Both contenders are training hard for the contest. The negro, having exhausted his supply of sparring timber, has announced that he will meet all comers until he stops training. Ketchel is doing much strenuous work on the road, punching the bag, wrestling the sandbag, going through his own system of callisthenics regularly, and keeping several sparring mates busy.

#### Public Interest.

Seldom has more interest been taken in a championship battle than the local sporting public is showing in the coming contest. Besides the championship, which Ketchel claims is the prize he cares most about and is determined to win, considerable money will go to the winner. A side bet of \$5,000 has been posted with the sporting editor of a local paper. Of the purse, 60 per cent of the gross gate receipts, the winner will take 65 per cent and the loser, 35 per cent. Jack Welch will referee the contest.

#### NO AUTHORITY.

Tokio, Oct. 10.—Special dispatches alleging that the United States is contemplating a protest against the recent Chinese-Japanese agreement are printed in leading newspapers today with lengthy editorial comments. Almost without exception the editors are of the opinion that the alleged protest will not materialize and that the special dispatches are without authoritative foundation.

#### LATONIA OPENS.

Cincinnati, Oct. 10.—With six races scheduled for the opening day, the fall meeting at Latonia will be inaugurated today with a program covering 24 days of racing. The old eastern system of betting with the little handclates will be followed as usual.

# NOTES OF WALLACE

Special to The Daily Missoulian.

Wallace, Oct. 10.—Supervisor W. G. Weigle, of the Coeur d'Alene national forest, has announced that the government will appeal the cases against the Grand Forks saloon men from the decision given by the United States commissioner adversely to the government in four cases. By this decision the saloon men are supported in their contention that they have the right to run saloons on a mining claim or homestead in the boundaries of a national forest.

The board of directors of the Missoula Copper company, owning property on Snowstorm hill, has determined to let a contract for the extension of the crosscut tunnel following the diamond drill hole, a distance of 700 feet, cutting the ledge at a distance of 2,700 feet from the portal. An assessment of one cent has been levied to carry on the work.

P. H. Wall, president of the Lane Lumber company, has been married in Coeur d'Alene city to Miss Ella May Kingsley of Seattle. The two were first acquainted in Colfax, Wash. Mr. Wall is well-known throughout the northern part of Idaho.

Louis Feltman, one of the pioneer mining men of Murray, has made his cleanup on his placer property and has shipped 162 ounces of gold to the government office at Helena, Mont. The gold assays \$18.75 to the ounce, making a total valuation of over \$3,000.

That the remains of S. W. Hayes have been found in Alaska, along the river where he is supposed to have lost his life by drowning, is the story which has been given circulation by news dispatches, and which is believed by the widow in Wallace, though she has received no confirmation of the rumor from the searching party now in Alaska. Hayes and a friend were going to a gold claim in central Alaska and are believed to have been drowned while crossing a rushing river, as the body of his partner, Paul Lane, was found in June.

A report was given circulation in Wallace and other parts of the Coeur d'Alenes this week that the Bunker

The officers of the Lucky Calumet company, whose conduct in the affairs of the company, has been seriously questioned and impugned by the action of Chicago stockholders in demanding an investigation, assert that they will welcome any investigation, though they believe the purpose behind the circular letters sent out from Chicago is malicious. About \$50,000 worth of development has been done on the property and mining men say that as far as work has gone the property has been developed more cheaply than any other property in the district.

The Holy Terror vein has been cut by an eighty-foot crosscut tunnel and entered six feet already, with no opposite wall in sight. Concentrating ore is exposed. The vein crosscut will be completed and a drift started on the pay streak. The Holy Terror lies east of Murray.

The jury in the suit of George Barber against W. H. Wilson, an action to recover \$5,000, was somewhat rattled when they decided on their verdict in the district court and signed two verdicts. H. S. Simons had intervened in the suit to obtain \$1,400 in a local bank for which Wilson had given him a certificate of deposit and the jury wanted to return a verdict for Simons. At least they so told the judge. They signed a verdict for Barber and Simons and also one for Barber and it was necessary for the jury to be sent back to the jury room before a proper decision was reached.
