David Davis—who is known to the Northern Pacific boys as "Shorty"—has received deserved recognition in the service of the Milwaukee at Deer Lodge. When he left Missoula there was general regret; it was felt that Missoula couldn't afford to lose so good a man, and there was ordered a period of 30 days' mourning at the Northern Pacific shops. But Davis has made good in the big shops at Deer Lodge; word has come to Missoula that he is now general foreman of the plant with full authority. Those who knew Shorty best are not surprised at the promotion; they know that it is merited; but they are surprised that the Milwaukee folks have the reputation of knowing a good thing when they see it, and this is in keeping with that reputation. The Missoula friends of Mr. Davis will be delighted to learn of his advancement, all the more because they are confident of his ability to make good. And when the yellow cars stop at Deer Lodge the Missoula passengers will always have a greater interest in the place; they have always felt that they had a proprietary concern in the town ever since Coyote Hill went there to board, but with Davis as general foreman on the other side of the river there will be added significance in the mention of the name of the pretty city up the stream.

Charlie Seales has broken into the Tony Pastor class by the purchase of the interest of Larry SHOWMAN Stephens in the Grand SEARLES theater "Thee" becomes a theatrical manager, and he will now take tickets at the door instead of walking through a train for them. The man with the ticket will now have to see Seales; the chase through the train will be a thing of the past. Charlie was on the job last night after the first he was all right. At the beginning he tried to punch the tickets as they were handed to him, but Simons told him that was not necessary; he had also to be instructed in the matter of rebate checks; he thought he had to issue one of the much-punched strips for every cash fare. This, however, lasted quick and Charlie was gathering in the pastboards with all the experience of a veteran before the night was half over. He will make good, he always does.

To the Missoulian yesterday came an interesting letter from Joseph Boos, who is now visiting in Germany. He and Mrs. GERMANY Boos had a safe and pleasant trip to the old country, and now they are enjoying their stay in the fatherland. "It was a long journey for old people," writes Mr. Boos, "but we had no unpleasant experiences aside from a slight sickness of my wife in New York, where the exertion of climbing the stairs to the elevated trains gave her an attack of asthma. Our voyage across the ocean was made in the North German Lloyd steamer George Washington, a new boat—its first voyage was made in June—and we made the trip to Cherbourg in seven days and six hours. The journey from Cherbourg to Paris we made in the night in the special steamer train. In Paris it was cold and rainy and in two days we started to Strassburg. There I got my first impression of German militarism, and all I have to say is 'Hats off.' From Strassburg we went to Meurburg in the grand duchy of Baden, where we are visiting a nephew, who is director of a teachers' seminary with 200 students. The school is in an old castle, a great, ancient building that is very interesting. This city lies on the shores of the Badensee (Lake Constant) and is only 14 miles from Friedrichshafen, where Count Zeppelin has his airship works. I shall take that in soon. The people of this country are not as slow as they are represented; progress is visible everywhere; the people are happy and contented; labor is fairly well paid and there are no idle or dissolute people; I have not seen a drunkard or a vagrant; the police magistrates will have to learn a new trade. We get the Missoulian all right; the last one that came told of the three holdups in one night, in one of which my son-in-law had a taste of it. Please give my best regards to the good people of Missoula and accept the same for yourself."

Other foreign mail yesterday was an illuminated postal card from Paris, bearing the combined signatures of Carl Greenhood and Donald Ward. Carl writes that he and Mrs. Greenhood reached Paris safely and are having a pleasant visit. Their first evening out was spent at a theater and they were surprised to find that one of the performers was Donald Ward, who went from Missoula to join a midge company. He is doing well in Paris and likes the new work. He appended his signature to the card as evidence of good faith.

PRESIDENT APPOINTS COMMITTEE

FIVE MEN ARE CHOSEN TO MAKE READY FOR A PERMANENT BOOSTER ORGANIZATION.

President Reilly of the Booster club yesterday announced his appointments for membership on the special committee to prepare a constitution and to arrange for the permanent organization of the club. This committee is made up of John M. Evans, chairman; John W. Hicklin, B. G. Morris, F. M. McHaffie and James M. Rhoades. This committee will meet at the earliest date possible, probably at the call of the chairman. The meeting of the club to receive the report of the committee and to consider the recommendations for permanent work will be held at the rooms of the chamber of commerce, Wednesday, October 20. It is expected that the club will start an active campaign at once. The lines along which the organization will operate will be determined at the meeting next week.

Booster buttons have been ordered and will be here in a short time. It will be required of every man who is connected with the movement to push the sale of these buttons and to get the booster movement generalized as much as possible. "We are enlisted for 50,000," said President Reilly last night. "When we have reached that mark, we will disband, set a new figure and reorganize. But it is now for 50,000 and the sooner the better. Everybody is expected to drill."

ACTING FORESTER RETURNS DELIGHTFULLY

MR. SILCOX TELLS OF CONDITIONS IN EASTERN PART OF STATE.

Acting District Forester F. A. Silcox has returned from a seven-weeks' trip over the various national forests of the state. In his travels he visited the Jefferson, Lewis and Clark, Flathead and Blackfoot national forests, and states that the boundary work in nearly completed. It will be entirely finished by November, and then the maps of the forests in the state will be completed. When congress meets at its next session, it will be called on to take action in regard to eliminating various grazing lands, which at present are included in national forests. The maps of some of the forests have been examined in detail and found to check accurately in the field. Mr. Silcox states that the conditions of the forests is excellent. Those in the eastern part of the state have had few or no fires, in fact they have had so much rain as to help the dry farmers. In the Judith basin, where rain has been plentiful, there will be splendid crops of wheat. Many fields will show from 30 to 40 bushels of grain to the acre. At one place, Mr. Silcox says, he was shown a patch of wheat standing about 300 feet above the creek-bed, which, it is claimed, will go 57 bushels to the acre.

MISS BISHOP PLAYS DELIGHTFULLY

HER VIOLIN RECITAL ON FRIDAY NIGHT WILL BE RARE TREAT FOR MISSOULIANS.

Seats are on sale at the Orvis music store for the violin recital by Miss Marie Bishop, which will be given Friday night at the Christian church. Those who remember Miss Bishop's remarkable proficiency on the violin will readily accept the statement of her instructor, that she has developed into an artist of rare ability. Her performance on her favorite instrument is said to be artistic and sympathetic; her genius is recognized wherever she has appeared in coast cities. Ever since she left Missoula, Miss Bishop has been pursuing her studies on the violin; for the last two years she has been studying under the direction of Herr Rosen, who ranks as one of the greatest teachers in this country; she has undertaken her present tour with Herr Rosen's complete approval and with his enthusiastic indorsement of her marked ability. Missoula will enjoy a rare musical treat in hearing Miss Bishop and there will be added to the enjoyment the complete satisfaction of knowing that the young artist is a Missoula girl who has made good.

TRUANT OFFICER LIKES ISSUES 'ULTIMATUM'

Truant officer Likes is enlisted for the war. He is determined to get every boy and girl of school age enrolled in the city schools or he will know the reason why. The indifference of a good many of the parents of the city is causing unnecessary difficulty in this campaign and it is against these parents that Mr. Likes is making his fight at present.

The state law makes these indifferent parents liable to severe punishment. The first offense is punishable by a fine of from \$5 to \$20. Persistent refusal to co-operate in securing the attendance of children at school will land the offending parent in the pen.

"I may say for me," said Mr. Likes yesterday, "that there will be no mercy shown to these parents who will not help get their children into school. We are going after them and we expect to get them if they do not get in and drill. The children cannot be expected to be interested in school if the parents are so careless."
