In efficiency and thoroughness of organization, in purchasing power and volume of business transacted, THIS store is without equal in the Northwest; in fact, it is rated with the foremost and largest mercantile enterprises of the entire country.

**MOST BITTER FIGHT IS WAGED**

**TWO CANDIDATES FOR MAYOR OF NEW YORK ENGAGED IN A LIVELY CONTEST.**

New York, Oct. 11.—Two candidates for mayor of Greater New York, who have been engaged in bitter denunciation of each other during the past two days—William R. Hearst and William J. Gaynor, appeared before the public tonight for their first addresses of the campaign. Hearst spoke at Carnegie hall and formally accepted the nomination of the independents known as the "civic alliance." Gaynor appeared in Brooklyn as the regular democratic nominee.

Hearst refrained from attacking his rival, but Justice Gaynor in his speech aroused by what he declared to be Hearst's breach of faith in repudiating him, challenged the editor to meet him in joint debate on the issues of the campaign.

"I want fair play above all in this contest," said Gaynor. "The open enemy I honor, but I despise the enemy that sits back as an editor or otherwise pretending to be your friend when he is only smiling while he buries his dagger in your ribs. The yellow comes out of a man if it is in him. So I say let us have it out in the open, Mr. Hearst."

William J. Gaynor, a candidate for mayor four years ago, took an important part in the Hearst meeting. In fact, it was J. W. Ivins who made the bitterest attack upon Gaynor. He declared Gaynor had participated in a conference at a hotel in this city in which he advised Patrick H. McCarran, a man whom Ivins described as a "lobbyist," that the anti-race-track gambling law, as passed by the legislature in this state, was unconstitutional. Ivins said he was aware of the personal risk in making such a statement in that Justice Gaynor is still on the bench.

"William J. Gaynor," he continued, "has a judicial history of demagogism and political trickery. And as to the statement I have just made, he must either get off the bench or he will have his opportunity of having me disbarred. His whole life is a chapter in political hypocrisy and I shall take a large part of my time during the next two weeks in demonstrating it."

**Hearst Says.**  
Mr. Hearst in his speech said in part:  
"I accept your nomination in the satisfying confidence that with the plan decided upon we can positively defeat one of the most disgraceful Tammany tickets ever nominated in this city. I can see no danger to this city in the election of Mr. Barnard or of myself or even of Judge Gaynor. But I can distinctly see a serious danger to our citizens and humiliation to our city in the election of the individuals appointed by Mr. Murphy and Mr. McCarran to represent the democracy in this campaign."

Mr. Murphy says that in our asso-

**WRIGHT ESTABLISHES NEW WORLD RECORD**

**DELEGATES APPOINTED TO FARMING CONGRESS**

College Park, Md., Oct. 11.—In an experimental flight today Wilbur Wright established a new record for making a circle, making a complete turn in 17 3/5 seconds. It was estimated that this was at an average speed of 35 miles an hour. The diameter of the circle was approximately 250 feet.

While the Wrights have made sharp turns, this circle probably was the smallest ever made by a flying machine. Mr. Wright estimated that the best previous time for making a complete circle was one minute.

Nothing else is as safe and certain in results. Garden City Drug Co.

**REITERATES VIEWS ON SERVICE**

**SECRETARY OF THE INTERIOR R. A. BALLINGER GIVEN ANOTHER INTERVIEW.**

San Francisco, Oct. 11.—Secretary of the Interior Richard A. Ballinger, who left here yesterday to investigate the Sierra water supply, gave out a typewritten statement reiterating his views on the reclamation service. He said in part:

"The disposition of the phosphate lands of the Rocky Mountain states presents emergencies calling for legislation. All known areas of phosphate lands in the public domain are now under temporary reservation awaiting congressional action. Common prudence demands that this fertilizer be disposed of with such restrictions as will require its domestic use, so far as possible, in the reclamation of the fertility of the American farm rather than permit its exportation."

"Respecting coal lands since 1906 no coal land entries have been permitted to be made in Alaska, pending requests upon congress for legislation to prevent the monopolization of the vast fields of this valuable deposit lying in this territory and to secure authority for permanent reservation for naval purposes."

"Too much cannot be said in favor of legislation which will prevent the absorption of these valuable coal deposits by private interests with the design of monopolization."

**SEARCHING FOR BANDIT WHO ROBBED THE BANK**

**CHINAMEN ELECTROCUTED.**

Lawrence, Kan., Oct. 11.—Scores of armed citizens are searching tonight for Earl Bullock, and 18-year-old desperado who today robbed the state bank at Eudora and later, perhaps fatally wounded Policeman Wilson Pringle, who attempted to arrest him at his mother's home here. Bullock was arrested in Eudora by Deputy Sheriff Woods today on a charge of robbing a store here. Deering to talk with E. E. Wilson, cashier of the state bank in Eudora, the deputy took the boy to the bank with him.

While Woods and Wilson were talking Bullock drew two revolvers and ordered them to throw up their hands. Then he marched them into a vault and locked the door. Snatching \$1,000 he fled. Two hours later citizens released the two men from the small vault and a search for Bullock started. Policeman Pringle traced the boy to his mother's home and went there tonight to capture him. Bullock shot down the policeman and made a successful dash for liberty.

**BANK ORGANIZED.**  
Oklahoma City, Okla., Oct. 11.—The Central State bank, with a capital of \$200,000 was organized today in place of the Columbia Bank & Trust company. The latter institution's assets and liabilities remain in the hands of the state banking board, which took charge last week.

**CHINAMEN ELECTROCUTED.**  
Boston, Oct. 11.—Three Chinamen, Min Sing, Leong Gong and Hom Woon, were electrocuted at the state prison in Charlestown this morning for the murder of four of their countrymen in a "long" war in Chinatown August 2, 1907. The slaying of the unsuspecting Chinese merchants and laundrymen as they sat quietly smoking about their doorways, was one of the most coldblooded deeds ever accredited to the hatchet men of the Chinese race in this country.

**A SERIOUS TORNADO VISITS COAST**

**FIVE PERSONS WERE KILLED AND TWENTY-FIVE WERE INJURED IN BLOW.**

Havana, Oct. 11.—The most serious tornado since the big blow of October 17, 1906, struck Cuba early today, devastating the western portion of the island. In Havana many minor buildings were blown down or unroofed. Five persons were killed and about 25 were injured.

The greatest damage done was in the harbor, where 40 or 50 lighters, launches and small tugs were either sunk or blown ashore.

At Casablanca great anxiety was felt throughout the day for the safety of the Ward liner Morro Castle from New York, and the Plant line steamer Miami from Key West. These steamers, however, arrived safely at 5:30 this afternoon.

The total damage in Havana and vicinity is estimated at \$1,000,000. Communication with the interior has been interrupted except with parts of Havana and Pinar del Rio provinces, in which orange and other fruit crops suffered severely. There were heavy floods at Yucita, Adajo, the tobacco region, but the tobacco crop has not been seriously affected beyond the washing out of the seed beds which at this season of the year may be renewed.

The gale came from south-southwest. The vortex of the tornado was a short distance west of Havana. The wind subsided tonight.

At Arroyo Naranjo, the new tuberculosis hospital was blown down and many patients injured.

During the height of the storm a small Spanish brig struck the wreck of the old battleship Maine and remained fastened to it until pulled off by tugs.

**SCHOOL PROFESSOR SENTENCED TO DEATH**  
Madrid, Oct. 11.—Senor Ferrer, former director of the modern school at Barcelona, who has been on trial there on the charge of having been the principal instigator of the recent revolutionary movement, has been sentenced to death. He will be shot Wednesday night. The court martial was divided, some of the members absolutely opposing the death sentence. Ferrer was transferred to Montjuich under heavy escort and he is being kept in close confinement. His transfer to the fortress is said to have been due to fear on the part of the authorities that a rescue might be attempted.

Ferrer's recent arrest caused much agitation in Spain, France and Italy.
