THURSDAY, OCTOBER 14, 1909.

IT WILL BE GOOD.

There is no doubt about the complete success of the Western Montana Apple show as an exposition of the horticultural and agricultural resources of the region which it is designed to promote.

EVERYWHERE.

The remarkable growth of western Montana is not localized anywhere. Missoula's activity is but typical of what is going on in other towns of this end of the state.

PER CONTRA.

In the suffragist discussion there is no more interesting phase than the attitude of the women who are opposed to the agitation and who do not want the ballot.

mination to copy the English methods that it would seem to be about time for the more sane of the American suffrage leaders to reflect upon the probable consequences of such demonstrations.

AT DARTMOUTH.

Among the colleges of this country there is not one which holds higher place than Dartmouth, the New Hampshire college which gave Daniel Webster to the country.

The new president of Dartmouth belongs to the most useful class of broad-minded scholars whose interests are not confined by the boundaries of any one field of thought or activity.

In 1892 he was appointed to the chair of physics and astronomy in Colgate university. Dr. Nichols was at Colgate six years, but two and one-half years of the time were spent on leave of absence.

In 1898 Dr. Nichols was called to the professorship of physics in Dartmouth, and continued to occupy that position for five years.

Pumpkins big and squashes grand; The finest spuds in all the land; Beets and turnips, carrots, too; Will show what Bitter Root farmers do.

The Poary statement does not add to the weight of the case against Cook. The Danish geographers will pass authentically upon the doctor's records.

Apples red and apples yellow; Apples green and apples mellow; Bring them in for the apple show; Let people see the fruit we grow.

The proofs of the success of the Roosevelt expedition come in without the necessity for the affidavit of an Eskimo.

The yellow cars will make a new line across the map this week, and the indications are that it will be well drawn.

There is a discrepancy, which he cannot explain, between Bryan's Seattle audience and his Seattle vote.

New York doesn't care so much about the pole controversy as she does about the majority contest.

There's a good deal more to the minister business than Crane realized when he entered it.

Yesterday's work made the bridge look more like a bridge than ever—a good bridge, too.

Senator La Follette will have a chance to see what western Montana farms produce.

Moreover, the experience of Crane making diplomatic life seem less alluring.

Howdy, Mr. Pittsburg. You're looking mighty fine this morning.

To Inquirer—No, neither Robert Fulton nor Henry Hudson is a candidate

for mayor of New York. The recent demonstration in their honor was not a political matter.

Peary has talked some more but has said nothing new.

High-school football should be high-school football.

Bring your friends to the apple show.

We still insist that Peary must show us.

Crane made it "red hot," all right.

MAY KEEP SECRET OF OWNERSHIP

COURT HOLDS THAT RAILROAD MAY NOT DISCLOSE ITS OWNERSHIP TO OTHERS.

Spokane, Wash., Oct. 13.—Judges of the supreme court of Washington held, in a lengthy decision, that the North Coast Railway company, of which Robert E. Strahorn of Spokane is president, may keep the secret as to its ownership as long as it pleases.

The litigation, in which the state supreme court made the ruling, went on appeal from the superior court of Spokane county, when the company condemned property belonging to William A. Mary O. Torney, who petitioned the upper court to set aside the condemnation because the company had failed to prove that a majority of its stock was not owned by aliens.

The supreme court ruled that the point was not well taken as it is upon defendants to prove that the road is owned by aliens, not upon the company to prove it is not.

The property condemned is part of the site of the terminal and station in Spokane. The company offered a fair market price, which was declined by the owners.

SUIT IN MANDAMUS FINALLY DISMISSED

San Francisco, Oct. 13.—The suit in mandamus entered by former Supervisor Michael V. Coffey, convicted recently of having accepted a bribe to grant an overhead trolley franchise to the United Railroads during the administration of Mayor Schmitz, was dismissed today by the first district court of appeals.

The mandamus proceedings were instituted to compel Judge Frank H. Dunne, before whom Coffey was tried, to file verification of his charge to the jury which set in this case. It was shown by District Attorney W. H. Cook that Judge Dunne had complied with the order of the court of appeals to verify his charge to the jury.

The way is now clear for an appeal to the state supreme court.

GETS A DIVORCE.

London, Oct. 12.—James M. Barrie, the novelist and playwright, was today granted a divorce from his wife, on the grounds of the latter's misconduct with Gilbert Cannan, a young actor. The suit was not defended. Mrs. Barrie was formerly Mary Ansell, an actress.

WORTH MOUNTAINS OF GOLD

During Change of Life, says Mrs. Chas. Barclay

Graniteville, Vt.—"I was passing through the Change of Life and suffered from nervousness, dizziness, and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter."—Mrs. CHAS. BARCLAY, R.F.D., Graniteville, Vt.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing female complaints such as inflammation, ulceration, local weaknesses, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and as Mrs. Barclay says, it is "worth mountains of gold" to suffering women.

DR. DODD, SPECIALIST EYE AND NERVOUS DISEASES

May Be Consulted Free at Hotel Savoy, Missoula—Note What Great Falls People Say About Him.

a nervous wreck. Dr. Dodd fitted me with glasses that afforded me immediate relief, and now, after only 10 days' wearing them, I am well and feel better than I have for years.

"My eyes had caused me much uneasiness. They pained so I could hardly hold them open in the light. I suffered with terrible headaches and they were always inflamed.

The above pictures are of a child 10 years old. His eyes crossed at the age of 1 year. Glasses straightened them in three days.

Many are trying to imitate him, but they fail because they do not know the cause of eyes turning, hence cannot know what will turn them back straight.

The usual test type (guess method) employed generally by oculists and opticians cannot possibly locate the cause of eyes turning or their true defects.

MR. J. J. BARTH, SEC'Y SMELTERMEN'S UNION, GREAT FALLS. Says his eyes water and he went to an oculist, who proceeded to operate and probe his tear ducts; that he stood the torture for a year and was worse than when he began treatment.

MRS. ANTHONY MORTON, SAND COULEE, MONT. Writes that she has no pain in eyes or head since she began wearing Dr. Dodd's glasses.

Dozens of such letters may be seen at Dr. Dodd's office, Hotel Savoy, from every town in Montana. Letters from bankers and influential citizens, from Butte, Helena, Great Falls, Missoula and other towns, prove conclusively that Dr. Dodd does all he claims to do. Ask to see letters.

MISS HELMA HANSON, FOURTH AVENUE, S. W. SUFFERED FROM HEADACHE FOR YEARS—WAS ALMOST NERVOUS WRECK.

"Although I had glasses and was wearing them, I never was free from headache for a day. I had tried all kinds of medicine, until I was almost

Washington, and the associate judges, in addition to Professor Green, are: A. P. Bateham of Astoria, Ore.; H. M. Dunlap of Savoy, Ill.; and George J. Kellogg of Lake Mills, Wis.

MUSIC IS ENGAGED FOR FAIR

BANDS OF WELL-KNOWN ABILITY ARE EMPLOYED TO FURNISH MUSIC FOR THE SHOW.

Spokane, Oct. 13.—Fifty-two competent bandsmen will furnish the musical program at the second National Apple show in Spokane, November 15 to 20, also heading two parades daily during the week.

"Probably this is the largest combined band that has ever been heard in this part of the northwest," said Ron H. Rice, secretary-manager of the show, "and we expect this will be a big feature during the week Professor Reimer is now at work on a new march, which will be dedicated to the National Apple show (Inc.), while W. Van Hinkle of the Pythians' band is arranging for a composition in honor of King Apple.

"We also have completed our board of judges by the engagement of W. J. Green of Woodley, chief of the department of horticulture at the Ohio experiment station. He has been actively engaged for 25 years in promoting the interests of fruit culture, and is in hearty sympathy with the interests of the apple show.

Fall colds are quickly cured by Foley's Honey and Tar, the great throat and lung remedy. The genuine contains no harmful drugs. Garden City Drug Co.
