THE LAST DAY.

Today is the last day for preparation for the Western Montana Apple show; the big tent on Pattee street is all ready for installation of exhibits, and much of the fruit for display has been received. There will be some tall hustling today on the part of President Dorman and his associates. They will have to work overtime to get the show ready for the opening Monday, but with success in sight, they will work cheerfully. The display will be the finest showing of farm and orchard products ever seen in western Montana. Four counties will be represented, at least, and perhaps more. There will be exhibits from Flathead, Ravalli, Sanders and Missoula counties, and the rivalry will be as friendly as it is interesting. The plan of the managers of the show has been to make it as thoroughly representative of the horticultural and agricultural resources of the state as possible. It is expected that the apple show this year will be the beginning of an autumn festival that will become a regular feature of western Montana's calendar, and will eventually attract many people to the city. Boost for the apple show.

ON THE BORDER.

The meeting, today, of the presidents of the United States and of Mexico will furnish the most spectacular incident in the tour of Mr. Taft around the circle of the west and south. The American city of El Paso and the Mexican town of Juarez will share the honor of the most picturesque event in the history of the two republics which they represent. There will be brilliant pageants on both sides of the international boundary, and the most friendly spirit will characterize the exchange of greetings between the two executives. The rivalry between the two cities in the matter of decorations and display has resulted in a splendor of festal ornamentation such as has seldom been seen on this continent. The first exchange of compliments will occur when President Diaz crosses the line to greet President Taft; attendant upon this ceremony there will be interesting exercises, which will be repeated with variations when, later in the day, Mr. Taft goes into Mexico to return the call. The whole program constitutes a noteworthy incident in the presidential tour.

BARRILL'S STORY.

If Ed Barrill thought he would set the world afire when he made the affidavit which was published yesterday, he has another guess coming. The man's course all through the preliminary discussion of the matter of Cook's ascent of Mount McKinley was such as to make any statement of his of doubtful value. There is not much doubt here, where Barrill is well known, that he would have made a different affidavit under different circumstances. The New York Globe, in which the affidavit was first published, is owned by one of the men who financed the Peary expedition. Coupled with the fact that Barrill was avowedly in the open market with his affidavit, this is a circumstance that makes his statement practically worthless. It may be that Cook did not scale Mount McKinley to the summit; it may be that he did. He says he did, and Barrill says he didn't. It is the word of one man against that of another, and the word of Dr. Cook is entitled to at least as much credence as that of Barrill. The affidavit does not settle the case.

OFF THE TRACK.

There continues the senseless tariff talk on the part of the Montana democratic newspapers and from those of

the near-democratic class—senseless because the discussion is based upon the wrong assumption that the tariff law has not accomplished a downward revision. There are some who criticize the tariff law because it increased the duty on wools and woollens, and there are some who find fault with it because it reduced this same duty. As a matter of fact the Payne bill, the Alarich bill and the conference bill, each and all, did not disturb the wool tariff in the least. This one instance is cited merely in illustration of the error that many of the critics make in not informing themselves as to the facts regarding the law before they find fault with it. The new tariff has reduced the duties upon practically all of the necessities of life; the increases that were made were, for the greater part, upon luxuries. The folks who import automobiles and fine silks and laces are the ones who bear the brunt of the increase, and they are the ones best prepared to do it.

The apple-show tent is filling up with fruit that's entered to win the cup; there are apples of every size and hue; the tent's display is a pleasing view. On Monday, the big-tent show begins and the best McIntosh ribbon wins; take your friends to see the show; they'll find what Bitter Root orchards grow.

For the moment, we forget the Peary-Cook affair in the overshadowing importance of the shorter range argument between Johnson and Ketchell.

When Barrill passed through Missoula, en route to New York, he had plenty of money and it was in hundred-dollar bills.

It may be hoping against odds but we hope Ketchell will be able to find the vulnerable point in the Johnson anatomy.

Mr. Crane will be surprised when he sees how well the administration gets along without his services.

The union label stands for square dealing and fair play. You'll find the label on The Missoulian.

Barrill's other affidavit would have been given had Dr. Cook been the highest bidder.

The baseball championship will beat out the north pole contest in getting a decision.

No Eskimo affidavit will be necessary to decide the Johnson-Ketchell controversy.

The delight of the October sunshine helps us to forget the size of the coal bill.

Grand-stand plays will not achieve success, either in boosting or reforming.

Visit the apple show next week and induce your friends to attend.

The cards show a large, dark man approaching Stanley Ketchell.

Every boost for the apple show is a boost for Missoula.

Dr. Cook, also, has an affidavit or two up his sleeve.

Mr. Crane got hold of the red-hot end.

COUP OF DEFENSE FALLS VERY FLAT

New York, Oct. 15.—District Attorney John H. Clark, of Kings county, rendered ineffective the plans of the men recently indicted on charges of violating the anti-betting law, when the argument on the demurrers to the indictments came up today. Mr. Clark announced that the Hart-Agnew bill had been rendered obsolete by section 886 of the penal law under which the defendants were indicted. This law was passed at the regular session of the legislature this year. Counsel had supposed that the race track men were indicted under the Hart-Agnew law and had prepared to attack the constitutionality of the law. An adjournment was asked for in order to file new demurrers.

EVIDENCE OF ASSAULT FOUND UPON THE BODY

Spokane, Oct. 15.—Evidence of a murderous assault was found by a local undertaker while embalming the body of John Christen, a farmer of Elgin, Iowa, who hanged himself in jail here Monday morning. Christen had been found wandering in the suburbs, badly dazed and was being held for examination as to his sanity when he killed himself. The undertaker found that the man's skull was fractured. Christen had come west to care for his sister's orphan children. It is believed that he was persuaded to leave the train here by robbers, who slugged him, took his money and left him crazed and helpless.

HARBOR IS OPENED.

Dover, Eng., Oct. 15.—The naval harbor, which has been in course of construction here for 11 years and has cost about \$28,000,000 was formally opened today by the Prince of Wales. The harbor comprises an area of nearly 700 acres, formerly covered by the open sea, but to which the biggest dreadnoughts may now have access at all tides.

GOES TO WASHINGTON.

Beverly, Mass., Oct. 15.—Mrs. W. H. Taft left here for Washington late this afternoon.

THREE PERSONS DIE IN STORM

HURRICANE-LIKE WIND IN ALABAMA AND TENNESSEE CAUSES MUCH DAMAGE.

Memphis, Tenn., Oct. 15.—Related dispatches reaching Memphis early today confirm previous reports as to loss of life and property damage resulting from the storm of wind, rain and hail, which swept through northern Alabama and middle and western Tennessee last night.

The casualties, so far as known, are three killed and approximately a score injured. An accurate estimate of property damage is as yet impossible because of the demoralized condition of telegraph wires.

At Whiteville a factory and church building were wrecked.

At Buford station, the Louisville & Nashville depot and freight houses were destroyed and several other structures were badly damaged. Near Mulberry the dwelling and farm houses on the plantation of Robert Tutlow were demolished.

At Dyersburg and Mercer minor damage was done.

The storm played havoc with plantation property, the wind tearing the frail frame buildings to pieces.

Following is a list of dead to which additions may come.

At Denmark: ALBERT BARNES and child. AT MULBERRY, TENN.: THOMAS HELM.

SEARCH FOR ANARCHIST.

San Antonio, Tex., Oct. 15.—Secret service men of Mexico and the United States are searching for Alexander Berkman, the noted anarchist, who is said to have been seen on the streets early in the day. Berkman was only recently released from the penitentiary for the shooting of Henry Frick, the steel magnate.

HEAVY LOSS CAUSED BY ATLANTA STORM

Atlanta, Ga., Oct. 15.—Unroofed houses and leveled trees and shrubbery mark the wake of the terrific wind and hailstorm which swept over Atlanta and surrounding country early last night. So far as known no lives were lost. The property loss is variously estimated at from \$80,000 to \$100,000.

At the height of the storm street car traffic was stopped throughout the city and live wires broken by the hail were stretched across many streets, rendering travel dangerous.

TWO PERSONS KILLED IN AUTO ACCIDENT

San Francisco, Oct. 15.—Mrs. H. C. Edwards, wife of an Oakland dentist, and C. Anargyros, an Oakland cigarette manufacturer were killed and seven others injured in an automobile accident in a suburb of Oakland last night.

All of the victims were in one automobile. They were going at a high speed when the car skidded on a curve and struck a hydrant, turning over. Mrs. Edwards was thrown on her head and killed instantly. Anargyros was blown on the way to the hospital. Mrs. Edwards was a bride of six weeks.

Consumption Can Be Cured.

MRS. NETTIE CARTER

Mrs. Nettie Carter of Elkton, Ky., after her physician had told her that she had consumption took Duffy's Pure Malt Whiskey, and has been completely restored to health. Appetite is good, she sleeps well, and enjoys life without pain or ache.

"I had acute indigestion for two years, which kept growing worse. I employed several physicians without any benefit. I came near starving, as I could eat very little. For several months I suffered frequent attacks of vomiting, which made me very weak. Finally my physician told me that I had consumption. This filled me with terror.

"In an advertisement in the Nashville 'Banner' I read that Duffy's Pure Malt Whiskey was recommended for Tuberculosis or Consumption. I began to take it in despondent doses four or five times a day, and a tablespoonful at bedtime. I am now strong and well. Cough, distress in my chest, and the indigestion are gone. My appetite is good; I sleep well. This is all due to Duffy's Pure Malt Whiskey, which I regard as an unfailing cure of consumption if taken in time."—Mrs. Nettie Carter, Elkton, Ky.

FIFTEEN PERSONS ARE KILLED IN STORM ON BATTLEFIELD OF SHILOH.

Memphis, Tenn., Oct. 15.—Death and destruction were left in the wake of the storm which passed over the National cemetery of the battlefield of Shiloh at Shiloh last night according to advices received here from Aton, Tenn., early today. Fifteen persons were killed and many more were seriously injured. The dead:

The report that some Frenchmen had been executed is untrue.

CONGER DISAPPEARS FROM LINE STEAMER

New York, Oct. 15.—Since Howard E. Conger, son of Colonel J. W. Conger, one of the wealthiest residents of Cleveland, Ohio, boarded a Metropolitan line steamer at Boston last Monday night, nothing has been seen of him. When the steamer reached here Tuesday he did not leave the boat and when the door of his stateroom was unlocked his suit case was found inside, but the berth had not been occupied.

Mr. Conger's family in Cleveland was notified and the police of New York and Boston were asked to help find the missing man.

Mr. Conger was 31 years of age and unmarried. He was engaged in the supply business here.

SNOW SHEDS BURN AT SUMMIT, NEVADA

San Francisco, Oct. 15.—Fire originating in the telegraphers' rooms of the Southern Pacific railroad at Summit destroyed the station and 2,000 feet of snow sheds in the vicinity, according to a report received at the railroad headquarters here today. Four fire trains fought the flames from midnight until 4 o'clock this morning before they were brought under control. Late reports indicate that the track and telegraph wires have been repaired sufficiently to permit the operations of trains.
