

FOR FIFTY THOUSAND IN MISSOULA

BOOSTER CLUB STARTS BUSINESS AND WILL NOT STOP TILL IT WINS.

"Be it resolved by the 50,000 Booster club of Missoula that the Western Montana Apple show is a success and worthy of perpetuation and that we pledge our cordial support to an annual repetition of the same."

The official records of the 50,000 Booster club will show that the unanimous adoption of the above resolution was the first business transacted by the club after its formal organization had been completed.

There was a fair attendance at the meeting last night, though not as large as it should have been. President Reilly presided and in the absence of Secretary Rossi, B. G. Morris kept the records.

The purpose and object for which this club is formed is to promote the business, educational and moral welfare of western Montana and especially the city of Missoula.

The club disavows any intention or desire to in any manner, encroach upon the functions of the Chamber of Commerce of Missoula, but asks to be permitted to co-operate and assist in any worthy project undertaken by that body.

The dues to the Boosters' club shall be \$6.00 per year, payable quarterly.

The officers of the club shall be: President, first vice-president, second vice-president, secretary and treasurer who shall be elected annually by the club, and a board of directors, consisting of nine members, shall be appointed by the president and shall serve for one year.

The club shall meet in regular session monthly and at any other time upon the call of the president.

Seven members shall constitute a quorum of this club. These rules and regulations may be amended at any regular meeting upon a two-thirds vote of the members present.

Following the adoption of the rules and regulations, the list of officers was completed, by election, as follows: President, P. M. Reilly, first vice-president, John M. Evans; second vice-president, A. L. Stone; secretary, Herman J. Rossi; treasurer, J. C. Orr. The nine directors will be named later and the place and time of meeting will be selected by them.

Then the matter of the apple show was brought up. The plans of the management of the show were explained and some of the difficulties which have been encountered this year were set forth. The suggestion being made that the apple show should be made permanent, Mr. Evans offered the resolution already quoted.

Mr. Fernald brought up the matter of representation at the dry-farm congress at Billings next week and a committee was named to interview the mayor and the county commissioners to secure, if possible, the appointment of delegates who will attend the congress. President Reilly was authorized to appoint two delegates from the 50,000 club.

Another resolution was adopted, presenting to the city council the need for a sidewalk from the Van Buren street bridge to the university and expressing the opinion of the club that such a walk should be constructed at once. A committee consisting of President Reilly, Dr. Elrod and J. M. Evans, was named to present this resolution to the council at its next meeting.

Booster addresses were made by Professor Aber, Professor Elrod, Judge Evans, Albert Resancon, Frank C. Ives and others; some of those talks were practical and all of them were inspiring. The rules and regulations will be printed in pamphlet form for each member and the treasurer will proceed to gather in a fund at once.

The club is to have a lot of booster buttons, one to go to each member when he pays his dues and the rest to be sold for 50 cents each to help out the club's fund. Publicity is the motto and 50,000 is the aim of the club. Last night's meeting was all right except for its size and there must be more at the next meeting.

WAGMAN IS GUILTY AND GETS THIRTY DAYS

Max Wagman, alleged to be a vagrant of the "secretary" class, was tried yesterday before a jury and Justice of the Peace Small. The man claims to be a tailor and has been running a cleaning shop in the city. The jury brought in a verdict of guilty and fixed his punishment at 30 days in the county jail. Wagman is one of several men who were arrested a couple of weeks ago by the sheriff and his deputies.

Both Boys Saved. Louis Boon, a leading merchant of Norway, Mich., writes: "Three bottles of Foley's Honey and Tar absolutely cured my boy of a severe cough, and a neighbor's boy, who was so ill with a cold that the doctors gave him up, was cured by taking Foley's Honey and Tar." Nothing else is as safe and certain in results. Garden City Drug Co.

GOVERNOR INSPECTS UNIVERSITY

STATE SCHOOL IS VISITED BY EXECUTIVE—FOOTBALL TEAM TO BOZEMAN.

Governor E. L. Norris, Attorney General A. J. Gaen and Secretary of State A. N. Yoder, who comprise the state board of examiners, made a visit to the state university yesterday forenoon. The visit was entirely official, their presence at the various state institutions at certain periods being required by law. While at the university the state officials inspected the grounds and buildings, paying particular attention to late improvements at the institution. They also discussed with President Dunway incidental university matters.

Off to Bozeman. The state university football team, with four substitutes, and accompanied by Coach White and Physical Director Rhodes, will leave for Bozeman on No. 4 this morning. The contest with the Agricultural college team will be pulled off Friday afternoon. The game will be a hotly-contested one, since the two teams are strongly in the race for the state championship.

The following is the lineup of the varsity for the Bozeman game, as given out last night by Coach White: Bishop, quarterback (captain); Stoddard, center; Bennett and Beard, guards; Maclay and Ryan, tackles; Vealey and Kennett, ends; Winstanley and Johnson, halves; Itner, fullback. The substitutes are: Simpson, Thleme, Gleason and Beardon.

Dramatic Club Meets. An opening meeting of the Dramatic club of the university was held last night in Assembly hall. Professor G. F. Reynolds of the English department, gave a very interesting talk on the dramatist Sheridan, illustrating his talk with short readings. An extract from "The House of Scandal" was recited by Miss Mabel Rockwell Smith, instructor of elocution and oratory. The reading of Miss Smith was her first appearance before a university audience and the ability with which she portrayed her characters was exceptional.

M'CARREN TO LOSE HIS LEADERSHIP NOW

New York, Oct. 20.—Patrick H. McCarren, lying ill in St. Catherine's hospital, is deposed from the democratic leadership of that borough, according to reports tonight. Insurgents of anti-McCarren borough tickets were withdrawn from the Brooklyn field today with the understanding, according to rumor, that they were to cease their fight against McCarren on consideration of his being ousted. The instructions, it is reported, came directly from Charles F. Murphy. Reports are that the insurgents called on the board of elections and requested that the names be left out of the field in Brooklyn and while the move on one hand is said to have been the result of sympathy for Senator McCarren in his illness, one of McCarren's own lieutenants said tonight that the concessions made by the insurgents were the direct result of a deal to supplant him as leader.

SHACKLETON SPEAKS.

Brussels, Oct. 20.—Lieutenant E. H. Shackleton, the antarctic explorer, lectured here tonight before the Geographical society. The audience included Prince Albert and many noted persons. At the conclusion of the lecture Lieutenant Shackleton was presented with the society's gold medal. He announced that after his lecture tour in the United States he will start on an exploring expedition in the eastern part of the antarctic circle beyond Naresland.

GENERAL OTIS DIES.

Rochester, N. Y., Oct. 20.—Major General Elwell Stephen Otis died here tonight. His ailment was debility combined with a severe cold.

RARE NAVAJO WORK BABY SHOW PRIZES FRUIT AWARDS THE IS SHOWN ARE ANNOUNCED FEATURE

MRS. COONEY OF GREAT FALLS HAS A SPLENDID COLLECTION AT THE SAVOY.

In room 292 at the Savoy hotel, Mrs. E. H. Cooney has an exhibition a collection of rare Navajo blankets, rugs and automobile robes. The real Navajo blanket is becoming scarce; its is seldom that a genuine piece of the handwork of these skilled weavers is found. Mrs. Cooney has been able to collect so fine a lot through the medium of a brother who is an agent in the Navajo country and in consequence the people of Missoula have an opportunity to obtain these goods under specially favorable conditions. The selection was made by Mrs. Cooney personally and she is able to vouch for the genuineness of every article that she has in the collection.

"The best specimens of the Navajo weaving," said Mrs. Cooney yesterday, "are the product of the older weavers. The younger generation has not the patience to carry them through with the intricate detailed work which is necessary to secure the wonderful blending of colors and the rare designs which are characteristic of the better class of the work of these Indians. There are many articles offered which are not up to standard; they are the work of the younger weavers. I selected these pieces which I have here from the very best types of the genuine Navajo weavers. They are interesting as being specimens of weaving that soon will not be obtainable. They are valuable on account of their beauty and their durability."

Mrs. Cooney will remain at the Savoy for a few days and will be glad to meet the women of Missoula who are interested in her rugs. Doubtless there are many who will be glad of the opportunity. It is one which will not be likely to occur again.

"BISCUITS" MAKES GOOD.

Kansas City, Oct. 20.—In two straight falls, Zybisko, champion wrestler of Europe, won a match from Karl Alberg, the French champion, here tonight. It was announced he thereby earned the right to meet Frank Gutch, champion of the world. Zybisko won the first fall with a headlock in 11 minutes and the second with a barlock and crotch hold in five minutes and 10 seconds. Both bouts were fast and rough, but the winner clearly outpointed his opponent.

JOHN LACASSE GETS HIGHEST NUMBER OF VOTES--IN THE THEATERS.

John Lacasse, aged 2 years, yesterday won the first prize in the Bijou theater's baby contest. Glen Lindstrom, won second and Betsy Garthing third. Mildred Kroone, the little daughter of the county assessor, won fourth prize. Fifth prize went to another baby of the feminine persuasion, Miss Gynne Wiggle.

At the show last night, however, all interest in the baby exhibit was eliminated by the classy pictures on the bill. Three audiences of 200 each were transported for the moment to Forbes Field, Pittsburg, where they watched the Pirates and the Tigers battle for the baseball championship of the world. It is safe to say that never have pictures of such interest been shown, and so clear and faithful were the representations that one could almost hear the sharp crack of the bat and the roar of the great 20,000 crowd.

The other pictures, "The Fisherman" and "He Tried on Handcuffs," filled out the program very successfully and made the show as good a one as has been shown at the Bijou in a long while.

The Isis.

The Isis theater presented another of its classy bills last night before a packed house. The usual run of good pictures was given and the big crowd showed its appreciation by frequent applause. "With Her Card" heads the bill. The picture is extremely dramatic.

"Elastic Transformation" is a comic picture of the usual Pathe class. It is one of the beautiful confessor pictures which the great French firm has made so famous, and which are always certain of a warm reception.

"Two Lovers and a Coquette" is a comedy which is out of the ordinary. It is well staged and admirably presented and was the cause of a lot of merriment in the audience which saw it yesterday.
