

A FUND IS PLEDGED FOR DE LARA

PROMISE SECURED OF SUFFICIENT MONEY TO TAKE AUTHOR FROM JAIL.

Los Angeles, Oct. 20.—A fund sufficient to bail L. Gutierrez De Lara out of prison, where he is held on a charge of being an alien anarchist, was pledged here today, and the De Lara Defense League was organized to aid him in his effort to escape deportation to Mexico. A mass meeting in his behalf will be held Saturday night. Previous to that time meetings of several local labor unions will be held and resolutions will be presented declaring that unjust methods are being used to detain De Lara.

At the mass meeting on Saturday night John Kenneth Turner, companion of De Lara on his trip to Mexico, and author of magazine articles entitled "Barbarous Mexico," will speak. He has announced that he will tell on this occasion why, in his belief, the Mexican government may be seeking to have De Lara deported.

Charles Melly and A. R. Holston, attorneys for De Lara, stated today that their defense will be that De Lara is a socialist and not an anarchist and that his alleged objectionable utterances have been in behalf of better government and not against any established government. It was stated by the attorneys today that De Lara is preparing to make application for American naturalization papers. The prisoner has been permitted to have conferences with his attorneys today and is practically outlining his own defense, being an attorney himself.

Secret Service operative George W. Hazen said today that he was not taking any official action in the De Lara case, but was watching it carefully. Tonight a telegram was sent to Clarence Darrow of Chicago asking him to assist in the defense of De Lara.

EXTREMELY WELCOME ARE THE ASSURANCES

Paris, Oct. 20.—The exact assurances given by Senator Aldrich during his recent talks with government officials regarding Franco-American tariff relations and with particular reference to the interpretation of section two of the new American tariff law are revealed in a book out today. M. Cruppi, former minister of commerce, who favors active French commercial expansion, in the book interprets Senator Aldrich as saying that "undue discrimination" did not mean that France must necessarily grant all her minimums, but only that the treatment of American products "must be reciprocally just and reasonable," and that naturally it was expected that France would give the United States the same treatment as other active competitors in the matter of French trade.

CONSERVATION MEN TO HOLD CONFERENCE

Washington, Oct. 20.—Leaders in the conservation movement from all parts of the country will gather in New Orleans November 1, when the first steps toward putting the principles of conservation into effect will be made. The occasion will be a conference of the chairmen of state conservation commissions. The governors and the chairmen of conservation commissions of fourteen states of the south, Gifford Pinchot, national forester and chairman of the joint committee on conservation; J. B. White, chairman of the executive committee of the National Conservation congress, and others will participate.

UNIVERSITY INSISTS UPON FIRST CHANCE

Copenhagen, Oct. 20.—The University of Copenhagen has declined to forego its privilege to the first examination of the north pole records of Dr. Cook. The authorities of the university today cabled to the National Geographic society at Washington as follows: "Sorry, university not able to comply with your request."

HOPE ABANDONED.

Washington, Oct. 20.—Hope for the recovery of Midshipman Earl D. Wilson, quarterback of the navy football team, who was injured in the Villa Nova game last Saturday, was practically abandoned this afternoon.

NEW PENNIES AT A PREMIUM

The recent appearance of the new Lincoln pennies with the three initials of the designer on the bottom caused so much criticism that the government stopped coining them until a new die was made eliminating the initials. This caused a big demand for the first lot, and as a result they are now being held at premium prices. Mistakes are very easily made, and sometimes not so easily corrected. Therefore, be very careful in the selection of a medicine for such ills as poor appetite, flatulency, heartburn, sour stomach, indigestion, dyspepsia, constipation, biliousness, colds, grippe, and malaria, fever and ague. Choose Hostetter's Stomach Bitters first of all and be on the safe side. It has stood the test for over 56 years, and is in every way worthy of a fair trial. Try a bottle today and see for yourself, but insist on getting Hostetter's Bitters.

RIDES A COW PONY AT ROUNDUP TWO CONSISTORIES TO BE HELD

PRESIDENT TAFT HAS A REAL TASTE OF RANCH LIFE IN SOUTHERN TEXAS.

Gregory, Texas, Oct. 20.—President Taft had a touch of real ranch life this afternoon when he rode a cow pony to a small roundup of some 1,200 head of cattle of the Rincon section of his brother's ranch, saw wild steers cut out of the "bunch" and roped, witnessed the branding of some calves and saw half a hundred steers taking a spectacular dip in a disinfecting tank through which they had to swim for 30 feet or more.

The president began his day with a game of golf against Charles P. Taft. The roundup had the "biggest bunch" of cattle, as they say on the ranch, that the president had ever seen, and he looked admiringly at the cow-punchers in charge rode here and there, keeping the herd in perfect control. A small "bunch" was cut out to show the president how the ranch work is carried on and then two wild steers were started galloping over the plains with the cowboys in pursuit. First the animals were roped around the neck and then by the hind legs and finally thrown.

TRANSPORT SHERIDAN MAKES FINE RECORD

Washington, Oct. 20.—The United States army transport Sheridan made splendid records for wireless communication on her recent trip from San Francisco to the Philippine islands and return via Nagasaki. This ship, according to a report to the quartermaster general's department, received and transmitted wireless messages 3,500 miles from North Head, Wash., while she was between Guam and Honolulu on her return.

MRS. HUBBARD KILLED.

Washington, Oct. 20.—Mrs. Gardner G. Hubbard, 84 years old, was thrown out of her automobile this evening when it was struck by a street car, suffering injuries from which she died. Mrs. Hubbard was prominent in the older set of Washington, her daughter being married to C. J. Bell, son of General Alexander Graham Bell.

ALL OF THE SKINS IN FINE CONDITION

Washington, Oct. 20.—Every one of the skins in the collection of the Roosevelt trophies received here from Africa has been found to be in good condition by the taxidermists of the Smithsonian institution. The first lot that arrived here, two months ago, was in an excellent state of preservation and the second consignment, which came last week, is proving to have been just as thoroughly pickled. Some of the trophies are declared to be among the most magnificent specimens that have come into the possession of the institution.

CURIOUS PHENOMENA.

Washington, Oct. 20.—Reports of curious phenomena in a crater lake on Bogostov Island, Behring sea, were confirmed today in a report received by the treasury department from Captain V. E. Jacobs, commanding the Behring sea revenue cutter Fleet. Captain Jacobs reports the existence of belching steam jets in the lake while at only one place around the island could soundings be found. The observations tend to show that the lake is the crater of a submerged volcano.

WILLING TO CLIMB PEAK.

Lawrence, Kan., Oct. 20.—Dr. Frank V. Strong, chancellor of the University of Kansas, today sent a telegram to Dr. Frederick A. Cook, tendering, in the name of the university, the services of Professor L. L. Dyche on an expedition to scale Mt. McKinley to recover the records the explorer declares he left there in 1906.

ACCUSED OF PERJURY.

Townsend, Oct. 20.—W. B. Dolenty, a banker, has been arrested on a perjury charge in connection with taxation returns and bound over to the district court under bail, which was furnished.

SEVERAL CATHOLIC PRELATES WILL BE ELEVATED TO POSITION OF CARDINAL.

Rome, Oct. 20.—While the pope only recently determined not to have a consistory until 1910, it is now suddenly announced that one will be held about the middle of December and another next spring. It is added that the reason for holding two consistories is for the purpose of appointing as cardinals in the second consistory certain prelates who cannot be included in the first.

Strict secrecy is being maintained regarding the names of those whom it is intended to elevate, but it is known Mr. Mendes Beila, patriarch of Lisbon, will receive the red hat in December, and it is also considered certain that Mr. Bisleti, papal major domo, will be elevated in the spring.

Regarding the appointment of a new American cardinal, Archbishop Farley of New York, Archbishop Ireland of St. Paul, Minn., and Archbishop O'Connell of Boston are considered the most likely candidates, while it is reported that an American cardinal may be named as a member of the curia and therefore will live in Rome. Others likely to receive the red hat are the Most Rev. Francis Bourne, archbishop of Westminster; Mgr. Falconio, apostolic delegate at Washington; Mgr. Guastini, secretary of the congregation of bishops; Mgr. Della Chiusa, archbishop of Bologna; and the archbishops of Buenos Ayres and Florence.

WILL URGE THE USE OF SAFETY DEVICES

Washington, Oct. 20.—For the protection of workers who are required by their occupation to handle machinery, the installation of modern safety devices that will render accidents practically impossible, is one of the problems for the interest of the workingmen of the country now being worked out by President Gompers and his associates in the executive council of the American Federation of Labor. The council today agreed to study the question and it is likely the Toronto convention next month will be urged to take steps to this end.

DISSENSION CREEPS INTO THE MEETING

Houston, Tex., Oct. 20.—Dissension crept into the sessions of the United Daughters of the Confederacy today when the preliminary skirmish for prospective new general officers began. Mrs. L. W. Klino, chairman of the rules committee, submitted a rule providing for the election by ballot of all general officers where there is more than one candidate for the office. The advocates of the secret ballot were defeated. The general election will be held Friday.

CRISIS IS PASSED BY PATRICK M'CARREN

New York, Oct. 20.—State Senator Patrick H. McCarren, the democratic leader of Brooklyn, whose fight for life has supplied the principal element of human interest in the municipal campaign, failed to such an extent tonight that the crisis was past. Last night his death appeared imminent, but with the nourishment he took today came renewed strength to battle against the weakness that followed the operation for appendicitis a week ago today.

USEFUL DISCOVERIES.

Are Not Always Startling, Neither Do They Create the Most Talk.

It is not always the greatest, most startling discoveries of science that are most useful to the human race. Comparatively few people were directly interested in Herschel's finding of the new planet Uranus, but many thousands have been benefited by Professor Unna's experiments, which proved beyond a question that dandruff and baldness are the results of the inroads of a parasitic germ which invades the roots of the hair. The discovery of the true cause of baldness made Newbro's Herpicide possible. Herpicide effectually kills this germ. Destroy the cause you remove the effect.

MANY FORGED NOTES.

Framingham, Mass., Oct. 20.—The aggregate of forged notes of this town presented within the last three days is \$125,000, but the town officials say the total may reach or exceed \$225,000. A number of holders of notes communicated with the officials today, but in each case the note was pronounced genuine.

Hundreds of "Red Apple" Bargains in This Ninth Anniversary Sale

At Missoula's Big Modern Store

If big values counted for anything, the silver cup would be awarded us. This sale meets with the genuine approval of everyone. Fine fall merchandise of the very best quality, approved styles and in the greatest quantities ever shown, now reduced to prices that afford the biggest savings.

Women's Fine Suits \$25.00

D. J. DONOHUE COMPANY

BEATS A DEPOSITOR WITH ROLL OF BILLS

Washington, Oct. 20.—Using a roll of bills as a weapon, Charles C. Glover, president of the Riggs National bank, is charged with having attacked a depositor who called at the bank Monday. The depositor, Emilio Jasselli, today brought suit for damages against Mr. Glover, asking \$10,000 for the bodily and mental pain he suffered. The cause of the trouble has not been made public.

CONDITION IS GRAVE.

Annapolis, Md., Oct. 20.—So grave has become the condition of Midshipman Earl D. Wilson of Covington, Ky., the navy quarterback, who was injured in the Villa Nova game on Saturday, that the naval surgeons here today called Dr. Harvey Cushing of Baltimore here for a consultation as to the advisability of an operation.

Your cough annoys you. Keep on hacking and tearing the delicate membranes of your throat if you want to be annoyed. But if you want relief, want to be cured, take Chamberlain's Cough Remedy. Sold by all dealers.

A NEW AERO CLUB TO BE ORGANIZED

Cleveland, O., Oct. 20.—At a meeting of capitalists here today it was decided to organize the Cleveland Aero club. The organization was promoted by Glenn H. Curtiss, the aeroplaneist, who has been in the city several days.

It is proposed to purchase land and erect sheds. It is not proposed to manufacture flying machines, but only to experiment with the machines and promote the art of flying.

FIRST-DEGREE MURDER.

Tacoma, Oct. 21.—After being out only 30 minutes, the jury in the case of Charles F. Newcombe, self-confessed murderer of Marvin Kvalshaug, brought in a verdict of guilty of murder in the first degree.

Slightly Colder With Snow.

When you see that kind of a weather forecast you know that rheumatism weather is at hand. Get ready for it now by getting a bottle of Ballard's Snow Liniment. Finest thing made for rheumatism, chilblains, frost bite, sore and stiff joints and muscles, all aches and pains. 25c, 50c and \$1 a bottle. Sold by George Freishelmer, Drug Co.

A SEVERE TYPHOON DOES MUCH DAMAGE

Manila, Oct. 20.—A typhoon of unusual severity swept across northern and central Luzon on Sunday night. Wire communication with all points beyond Dagupan and Luzon was cut off and details are lacking.

One message brought to Dagupan from San Fabian says the loss of life was considerable, and the damage to property heavy. Torrential rains accompanied the storm, and an extensive area was flooded. The railroad bed was washed out at several points, and one railroad station was swept away.

It's a Top Notch Doer.

Great deeds compel regard. The world crowns its doers. That's why the American people have crowned Dr. King's New Discovery the King of Throat and Lung Remedies. Every atom is a health force. It kills germs, and colds and la grippe vanish. It heals cough-racked membranes and coughing stops. Sore, inflamed bronchial tubes and lungs are cured and hemorrhages cease. Dr. George More, Black Jack, N. C., writes: "It cured me of lung trouble, pronounced hopeless by all doctors." 50c, \$1. Trial bottle free. Guaranteed by Missoula Drug Co.

Savoy Cafe

The Most Popular Dining Place

Is where good fare and moderate prices prevail. The public know that there is no better food furnished than at the Savoy cafe, on West Cedar street, and that very moderate prices are charged. In addition, perfect cleanliness, rules, and our service is prompt and efficient and our cuisine irreproachable. Merchants' lunch 35c.

MISSOULIAN CLASS ADS BRING QUICK RESULTS.
