

MEETING ARRANGED LOCAL SCHOLASTICS AT LAST

JEFFRIES AND JOHNSON AND THEIR MANAGERS TO HOLD CONFERENCE TODAY.

New York, Oct. 28.—The match for the heavyweight championship of the world between Jack Johnson, the negro champion and James J. Jeffries, the retired title-holder, will be arranged at a meeting of the principals and their managers at 2 o'clock tomorrow afternoon in this city. The arrangements were made by George Little, manager for Johnson and Sam Berger, who represented Jeffries, who held a conference a few hours after the arrival here of Johnson from Chicago today.

Johnson grinned from ear to ear as the crowd gathered around and shook him by the hand and asked him about the fight with Jeffries. "I hope to meet Jeffries at once, the sooner the better," said Johnson. "I never felt better, except that the ball on my neck bothers me some. I weigh about 265 pounds. How did I get that about? I guess I have been living too high."

Johnson Is Anxious.

Speaking of the match with Jeffries, Johnson displayed an evident desire to have the articles signed right away and the negotiations for the contest concluded.

"George Little, my manager, will see Sam Berger," said Johnson, "and arrange for a meeting. Of course, I shall be at the meeting with Jeffries and I can do more in five minutes to settle this matter than all the go-between can do in a day. I am ready to abide by the conditions that I entered into with Berger in Chicago, except that I shall ask for a winner's and loser's division of the purse."

Jeffries Is Delighted.

Jeffries was delighted when he heard that Johnson had reached the city and said he was ready at any time to arrange terms. The ex-barrackmaster put in some time this morning in gymnasium work.

Little went at once to the hotel where Jeffries and his manager, Sam Berger, are staying, but was informed that the former champion and Berger had gone out. Little expressed surprise that Jeffries should not have remained to meet him, knowing that himself and Johnson would arrive today. Little left a note for Berger saying that Johnson and he would remain at their hotel all day to make the match.

"As to the \$5,000 which was put up some time ago, that Johnson would fight," Little said, "I am willing to bet that sum even money that Johnson wins, and further I will wager \$20,000 more on the prevailing ring-side odds that Jeffries is defeated. You understand that Jeffries spoke contemptuously of the pictures of the Johnson-Ketchel fight and that he said it was a bout between a washerwoman and a boxer. If Jeffries thinks Ketchel fights like a washerwoman let him fight him. Ketchel has a terrific right hand."

Little then returned to the hotel where Johnson was stopping. Johnson said he thought the fight would be held in California.

Hard at Work.

Jim Jeffries said he was ready to meet Johnson and his manager tomorrow evening and fix up the match. The big fellow was found tossing a medicine ball in a local gymnasium and was told that Johnson had reached the city.

"Well, we will get together tomorrow evening," said Jeffries. "I don't want any newspaper men scooped on this match, and if we meet tomorrow they can all be there. The match can be fixed up quickly and Johnson can get away on a night train for the west. Berger has instructions to arrange the meeting tomorrow. I see by the papers that John L. Sullivan is quoted as saying that Johnson can lick me. Well, if I don't knock out that black man, I don't want any more show."

Some one then told Jeffries that it had been also reported that Sullivan had said he could beat Johnson.

"Well, that's more like it," said Jeffries. "Why, that picture show of Ketchel and Johnson shows Johnson up. The idea of the negro taking on a lightweight like that." Jeffries then returned to work at the medicine ball.

WILL DEFY THE POLICE.

Spokane, Oct. 28.—Industrial workers of the World have announced that November 2 will be "Free Speech day," here, when they purpose to hold street meetings in defiance to the city's police rules. They assert that 500 men have agreed to make speeches and be arrested.

Is there more than one kind of Ivory Soap?

No! But there are a hundred imitations. A dishonest grocer will offer one of these and say "This is Ivory"; or "This is just as good as Ivory."

Do not accept it unless it is stamped IVORY!

Ivory Soap 99 1/2 Per Cent. Pure.

LOCAL SCHOLASTICS HOPEFUL

THOUGH OUTWEIGHED, THEY HAVE THE FASTEST BUNCH IN THE STATE.

Tonight the local scholastic football team will go through its last practice preliminary to the coming game with Butte. Coach Dinmore is apparently satisfied with the work of his men and confident that the team will make a good showing against Butte. A month of nightly practice against the strong varsity team has put the locals into almost perfect condition. Their defense is unusually strong and their offense is almost as good. The game Saturday is going to be the most exciting that the season has shown on Montana field—there is no doubt of that. Eleven strong, well-trained and speedy boys, averaging 145, are going into the game Saturday with blood in their eyes and with the determination in their hearts to play the bunch of men, against whom they are going to match their skill, to a standstill.

Exciting Game Predicted.

The game is bound to be as full of strategy and new football as anything that has been seen here in a long while. The Missoula team is composed, for the most part, of a bunch of seasoned veterans. Captain Peterson has led the Missoula team for two seasons and has played three years, meeting Butte once before. Crosby, Minnerly, Day, Davis and Klebe are all old players, and they have all met the Smoky City lads on the gridiron before. To show well Missoula will have to play almost entirely without the old style game. In Peterson they have a punter of the first water, while Butte is said to be weak in that department. The locals have a backfield which is made up of sprinters, and in Day they have a fullback who has no equal in the state, so far as high schools are concerned. He carries the ball wonderfully well, is fast on his feet and can run interference like a demon. The whole team is expected to hit the tall places to get much the better of the home boys.

Rules Favor Light Team.

Games have not always been won by the heavier or the apparently stronger team. Last Saturday Lafayette university defeated Princeton in a hotly-contested game, although they were outweighed and, before the game, outclassed. On the same day a little high school in Colorado, Fort Collins, played Longmont, the only team which beat Butte last year, to a tie, although they were outweighed and seemingly a hopeless case.

The new game presents a broad field for the light, but fast and well-trained team, and Butte may yet be treated to a surprise when it plays here. The game will be played on Montana field tomorrow afternoon at 2 o'clock.

SHIFTING OF TROOPS ANNOUNCED

WHOLESALE CHANGE IN ARMY FORCES WILL BE ACCOMPLISHED SHORTLY.

Washington, Oct. 28.—A wholesale shifting of United States troops in the Philippines, Alaska and several stations in the country proper, was announced at the war department today. It was necessitated largely by the annual transfer of troops to and from the Philippines.

The following organizations are among those expected to embark for the Philippines in the next few weeks: The Sixth infantry, stationed at Fort William H. Harrison and Fort Missoula, both in Montana and Fort Lincoln, North Dakota, on January 5, 1910; the Nineteenth infantry, now at Fort Bliss and Fort McIntosh, Texas, and Fort Mackenzie, Mo., February 5; battery C, Second field artillery at Fort D. A. Russell, Wyo., June 5.

The organizations to be relieved from duty in the Philippines, and their assignment in the United States include: Fourteenth infantry will sail on February 15, the headquarters band and one battalion following to Fort William H. Harrison; one battalion to Fort Missoula and one battalion to Fort Lincoln; battery D, Second field artillery, July 15; to Vancouver barracks, Wash.; Sixth infantry ordered to embark from Seattle, Wash., in June for stations in Alaska.

It will relieve the Twenty-second infantry, which will be stationed on its return at Fort Sam Houston.

GREAT BATTLESHIP FORMALLY LAUNCHED

Quincy, Mass., Oct. 28.—The battleship North Dakota, America's second "super-Dreadnought," today "crept away from the docks of the Fore River Shipbuilding company and headed for Provincetown. The great war vessel's trip to the tip of Cape Cod was for the purpose of giving her "builder's trial" in the course of which her turbine engines, the first installed in any American battleship, will, it is hoped, send her through the water at a speed in excess of her contract requirement of 21 knots an hour.

HAMER VISITS WALLACE.

Special to The Daily Missoulian. Wallace, Oct. 28.—Colonel Thomas R. Hamer, Idaho's only congressman, arrived in Wallace today to spend several days. He is the guest of legal Republicans. Tonight he spoke briefly at an entertainment given by the Elks' club and was the guest of honor at a stag dinner, at which Harry McKinley was host. Tomorrow night he will hold a public reception.

THE STORE THAT "MAKES GOOD"

Missoula Mercantile Co.

THE STORE THAT "MAKES GOOD"

Fixtures for the New Apparel and Millinery Salons Are On the Way and Will Soon Be Here

End of the Alteration-Removal Sale in Sight

This is the first warning to women who have delayed attending this grand event that the time for taking advantage of the remarkable opportunities it presents is at hand. Of course, the sale is not to be brought to an immediate end, for even after the fixtures arrive it will require several days to put them in position, but that is no reason why any woman in need of a new fall outfit should wait. The reductions right now are as great as anyone might reasonably expect, and at the rate the suits, the coats, the skirts and other garments and the hats are going out, late comers will have greatly reduced assortments from which to make selections, besides half the charm in getting anything new is in having it among the first.

Prettiest Hats You'll See Anywhere and Every One

Reduced **25** Per Cent

To begin to enumerate the hundreds of hats with their variations of style would require this entire page. The foremost Parisian milliners are represented by beautiful model hats; the great Fifth avenue milliners contribute their most stylish productions; Gage hats, famous the world over, are shown in their cleverest forms, and besides all these are scores and scores of hats designed and made in our own work rooms—every hat brimming over with style and originality. Your choice of all these beautiful hats, from the modestly priced to the most costly, AT A DISCOUNT OF 25 PER CENT.

Special Collection of \$7.50 to \$10 Hats at \$5.50

Turbans, tricorns, French sailors, Ethel Barrymore sailors any many other fine shapes are shown in this assortment. Some trimmed with fancy aigrettes, some with wings, others trimmed with ribbons and velvet.

Special Collection of \$12 to \$15 Hats at \$8.00

No two alike and nearly a hundred of them, so you can imagine what the variety must be. Velvet hats, cut heavier hats and silk chenille braid hats, trimmed with ostrich feathers, birds, wings, quills and kid bands; not a stylish shape or color is missing.

Special Assortments at \$2.50 and \$3.95

These are hats that regularly sell at from \$4.50 to \$7, and are deserving of special notice. The shapes are strictly new and stylish, the trimmings are remarkable for their quality and the making and general effects are good.

THE COLLEGE WOMAN IS BETTER EQUIPPED

Cincinnati, Oct. 28.—The college woman is the better equipped to serve in the home and for the uplift of humanity, according to the consensus of opinion shown in the discussions in the annual convention of the Association of Collegiate Alumni in session here today. This organization is composed entirely of college women, from all parts of the country, who are graduates of 24 leading women's colleges.

Miss Mary Thomas, president of Bryn Mawr college, chairman of a committee that has taken statistics on college women in the United States, reports that when men and women are educated together there is no greater number of marriages than

when the sexes are educated separately; that 78 out of 1,000 college women enjoy excellent health; only eight college women out of 1,000 have ill health; that college women in general have better health than women who do not attend college; that college women marry stronger men and they choose more wisely, and those arranged with a little larger incomes, and that one-third of the husbands of college women have higher salaries on the average than the husbands of women who have never attended college.

As to bearing children, Miss Thomas declared college women had 3 1/2 children while non-college women had 2 1/2, so college women were in the lead slightly although they married later in life than women that never attended college.

SEE ARMOR PLATE.

Philadelphia, Oct. 28.—The Japanese commercial commissioners today saw

armor plate for battleships manufactured at the Bethlehem Steel company's plant. They showed great interest in the process. The commissioners arrived here tonight and attended a reception given them by the members of the American Academy of Political and Social Science.

CONNERS ARRESTED.

Oakland, Oct. 28.—William J. Connors, alias William Carson, a member of the Maybray gang of alleged prizefight fakirs and race track swindlers was arrested here today by Captain of Detectives Peterson at the request of the postal authorities. Connors, accompanied by R. E. Herriman, F. W. Brown and E. C. Moore, members of the gang, who were arrested a few weeks ago in San Jose, will be taken before United States Commissioner E. A. Heacock next Monday for preliminary examination.

RENDERS DECISION IN CASTELLANE CASE

Paris, Oct. 28.—The court which has had under advisement the case of Count Bond de Castellane against his former wife, the Princess de Sagen, growing out of the differences as to how their two eldest sons should be educated, returned its decision today. The court rebuked both the count and the princess for their disagreement in the matter and ordered the judgment of May 27, last, put into immediate effect. This earlier judgment provided that in the event of a disagreement in the matter between the parents the boys be sent as resident pupils to the Lycée of Janson, where the court said they would be certain to find proper medical attention. The count's petition that the defend-

ant be penalized \$100 daily for each child so long as she failed to obey the order, was rejected and the costs of the case were divided between the two parties. Following the judgment of last May the princess has deferred placing the children in school as directed on the ground that their health was such as to make that course impracticable. On last Friday the count instituted an action praying for an enforcement of the court's instructions.

UNAVOIDABLE ACCIDENT.

Special to The Daily Missoulian. Wallace, Oct. 28.—An unavoidable accident was the verdict returned by the coroner's jury in the case of John F. Carter and A. K. Kline, who were blown to death by a premature blast on the 1,200-foot level of the Standard mine at Mace. Both men were instantly killed and horribly mangled. A defective fuse is blamed for the accident.
