

TAMMANY IS AGAIN RAMPANT

(Continued from Page One.)

his political life will be found alike consistent.

Justice Gaylor, who is 58 years old, married and the father of eight children, first attained prominence in connection with a taxpayer's suit, which he caused to be brought against Hugo McLaughlin, one-time democratic boss of Brooklyn, in the course of which he saved the city \$1,000,000. In a similar suit against the Brooklyn Elevated railroad he collected another \$1,000,000 for the city in back taxes. In 1892 he was elected to the state supreme court and while a member of the court he broke the power of John Y. McKane, boss of Coney Island, and sent him to Sing Sing for election frauds. McKane's downfall was directly the result of his defiance of watchers at the polls, appointed by Justice Gaylor, coupled with his announcement: "Injunctions don't go here."

His Stand.

He supported Bryan in his first campaign and Hearst for governor in 1896. His pressing of the charges against Police Commissioner Bingham, growing out of the Duffy case, involving the right of the police to hold the picture of an unconvicted person in the rogues' gallery, led directly to the removal of General Bingham and brought Gaylor into public attention just before the fall campaign opened. In his speech of acceptance, Gaylor said:

"I shall not take a nomination to which is annexed any pledge, promise or condition whatsoever, other than to be mayor in fact."

A Quiet Election.

Although many arrests were made for violation of the election law, the greater part of these were found to be due to clerical errors or misunderstandings. The professional repeater and guerrilla were chiefly notable by their absence.

Credit for this satisfactory state of affairs was given largely to the new signature law, but into practice for the first time in a New York municipal election. Under this law, every voter, after receiving his ballot, is compelled to write his name and have it compared with the signature which he made at the time of registration.

Every polling place had its full quota of watchers, including nearly 2,000 college students from Columbia, Yale and Princeton and nearby institutions, who were distributed throughout the city. The entire police force of 10,100 was on duty before daylight, the majority of them at the polling places with squads of "plain clothes" scouts and detectives, ready for any emergency.

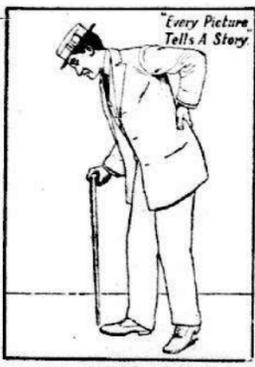

Young Taft Attends.

Robert A. Taft, the president's son, who was among the earliest college men to volunteer as a watcher, was stationed early in the day at a Third avenue polling place. His presence, however, proved such an attraction that the police were called upon to disperse the spectators, and young Taft was transferred to work as a republican "scout."

ONLY ONE WAY TO SHAKE IT OFF

BACKACHE WILL GET WORSE AND WORSE UNTIL THE KIDNEYS ARE CURED.

DOAN'S KIDNEY PILLS

Sold by all dealers. Price 50 cents. FOSTER-MILBURN Co., Buffalo, N. Y., Proprietors.

Unhappy is the man or woman with a bad back. No rest, no sleep, no peace at all. It begins in the morning, when you get up from bed so lame, sore and stiff that it is hard to bend over to put your shoes on.

All day there is a heavy, dull, throbbing pain in the small of the back, just over the kidneys. It hurts to bend over, to lift anything or even to get up from a chair. Any sudden, awkward movement sends a sharp, darting twinge through the sore spot.

When night comes the sufferer retires to fitful sleep, can't lie comfortable in any one position, or turn over without a painful effort.

Don't look at backache as merely a muscular pain that will pass away with rest. There is a deeper trouble. Nine times out of ten it is the kidneys that throbb and ache, and there can be no relief until the kidneys are given help.

The kidneys have a big work to do. All the blood in the body is coursing through the kidney filters constantly, to be freed of uric poisons. It is a heavy enough task when the kidneys are well, but a cold, chill, fever or some thoughtless exposure or over-indulgence in liquor, tea, beer or coffee is likely at any time to irritate, inflame and congest the kidneys and interrupt the purifying work.

Then the aching begins and is usually accompanied with some irregularity of the urine—too frequent passages, sediment in the urine, scanty, painful passages, or blood in the urine. Thousands testify to the wonderful merit of Doan's Kidney Pills, a remedy for the kidneys only, that acts quickly, cures the kidneys, regulates the urine and drives backache out for good.

It is true that there has been much crookedness, and I think we shall hear more of this later. Our watchers reported all day long that ballots had been found already marked with a cross in the democratic columns before being handed to the voter. There were other peculiar things going on, too; how generally, I cannot say at this time."

with the exception of John C. Belz for assessor.

Republican Mayor.

Ogden, Nov. 2.—William Glassman, republican, was elected mayor over A. L. Brewer, democrat, for re-election, by 150 plurality. A majority of the republican ticket has also been elected.

Republicans Win.

Trenton, N. J., Nov. 2.—Election returns late tonight indicated the republicans would retain control of both branches of the legislature. In Jersey City, Mayor Wittppm, democrat, has been re-elected by a large majority. The democrats have elected a mayor in Bayonne, for the first time in 13 years. The democrats carried Trenton by a large majority.

Still "Wet."

Sacramento, Cal., Nov. 2.—M. R. Beard, democrat, and former mayor, has been elected mayor over Chief of Police John E. Sullivan, republican, by about 700 majority. A democratic board of trustees is elected. The reform school ordinance, the only bitter feature of the campaign, was defeated.

Favor Bonds.

Pittsburg, Nov. 2.—In a 10,000 plurality verdict in favor of the \$7,000,000 bond issue, Greater Pittsburg forgot party lines today in favor of municipal improvements. Allegheny county gave the usual republican majority for state and county offices.

Stand by Hughes.

Albion, N. Y., Nov. 2.—Orleans county, which stood by Governor Hughes in the race-track fight, again demonstrated its regard for Hughes today. Colap P. Wright, direct primary nominee of the democrats, was elected to the assembly by 1,100 plurality over Frank J. Murphy, who voted against the direct primary bill in the last legislature.

Republicans in Indiana.

Indianapolis, Ind., Nov. 2.—In the municipal elections held in Indiana today the republicans scored several victories, the most vital of which was in Indianapolis. Samuel Lewis Shank, republican candidate for mayor, and the entire republican ticket were elected by majorities ranging from 1,000 to 1,500. The republicans also won at Evansville, where Charles F. Heilman was elected mayor.

Democrat Is Mayor.

Louisville, Ky., Nov. 2.—Indications late tonight were that W. J. Head, democratic majority candidate, has won over Mayor James F. Grinstead, republican candidate for re-election, by 2,000. Owen Taylor, citizens party candidate, received but about 1,000 and George D. Todd, independent republican, 25 votes. The election of the entire democratic ticket for councilmen, municipal and county officers is conceded by the republicans.

Mound City "Wet."

Mound City, Ill., Nov. 2.—This town voted "wet" in the local option election today by 179 majority. For two years it has been dry.

Republicans in Omaha.

Omaha, Nov. 2.—Republican success in Omaha and Lincoln counties was indicated by late returns tonight. In Douglas county several democratic county officials who stood for re-election were defeated.

Republican Mayor.

Birmingham, N. Y., Nov. 2.—Mayor Clarence M. Slauson, republican, was today defeated for re-election by John J. Irving, democrat, by about 700 plurality. All of the rest of the republican ticket was elected.

A Cinch.

Rome, N. Y., Nov. 2.—Albert R. Kessinger, republican and democratic nominee for mayor, was re-elected by 1,753 plurality.

In York State.

New York, Nov. 2.—The elections throughout the state for members of the assembly resulted in the choice of a lower branch of the legislature having a republican majority of about 35

as compared with a republican majority of 48 in the last assembly. City and town elections were held at many points, with varying results. Louis Fuhrmann, democrat, was elected mayor of Buffalo; James E. McEvan, republican, mayor of Albany; Hiram N. Edgerton, republican, re-elected mayor of Rochester; Edward Schoeneck, republican, mayor of Syracuse; Daniel Sheehan, democrat, mayor of Elmira, and Dr. Charles C. Dwyer, democrat, mayor of Schenectady.

In Philadelphia.

Philadelphia, Nov. 2.—Philadelphia today re-elected Samuel P. Rotan district attorney on the republican ticket by a large majority. His opponent was D. Clarence Gibbon, long a leader of the reform element and well known by his connection with the Law and Order society. Three years ago the same candidates opposed each other and Rotan was then victorious by 11,191 votes. Today Rotan's majority was more than 30,000.

The vote was the largest in the city's history and the interest was intense. On the state ticket the republicans elected J. A. Stuber, state treasurer; A. E. Sisson, auditor general, and Robert von Moschizker, judge of the supreme court. Against the latter C. LaRue Munson, democrat, made a spirited campaign and returns indicate that in many counties Mr. Munson ran ahead of his ticket.

Two years ago John C. Sheatz, republican, was elected state treasurer by 116,224 plurality. Today the republican majority was somewhat smaller than these figures, but will exceed 100,000.

McCredie Wins.

Tacoma, Nov. 2.—With W. W. McCredie of Vancouver, the republican nominee, leading by substantial majorities throughout the southern part of the second congressional district, indications at a late hour tonight were that he was elected over Ernest Lister of Tacoma, the democratic candidate, to fill the vacancy caused by the death of Francis W. Cushman. The contest was waged along sectional rather than party lines, the opposition to Judge McCredie appearing in the counties bordering on Puget sound where the democrats charge that Judge McCredie, who owns both baseball clubs at Portland, Ore., would be more friendly to the Columbia river country than to the northern part of the district.

Republicans in Bay State.

Boston, Nov. 2.—The republicans carried Massachusetts in a state election today by the narrowest margin in nearly a quarter of a century. The party ticket was re-elected, but Governor Draper's plurality of 60,000 last year was cut to 8,000.

Complete returns for governor followed: Draper, republican, 150,045; Vanhook, democrat, 181,663; republican plurality, 8,282.

The following state ticket was elected: Governor, Eben S. Draper of Hopkinton; lieutenant governor, Louis A. Frothingham of Boston; secretary of state, William M. Olin of Boston; treasurer and receiver general, Elmer A. Stevens of Somerville; auditor, Henry E. Turner of Malden; attorney general, Dana Malone of Greenfield.

The next legislature will show the customary republican majorities in both branches.

Crocker Hears Returns.

New York, Nov. 2.—Richard Crocker, Tammany's old chief, heard the returns tonight at the Democratic club. It was the first time he had been there on an election night since Seth Low defeated Vanwyck.

"What do you think about it?" he was asked.

"I'm not thinking," said Crocker with a smile. "I'm out of politics now, you know, I have not mixed up in it and I don't want to. I shall stay in New York five days more, but I will not advise with the leaders of Tammany hall. Then I am going to Florida. I intend to stay in the country about six months and I shall come back here every year."

"Dry" Again.

Jacksonville, Ill., Nov. 2.—In the local option election today Jacksonville went "dry" by a majority of 202. The "dry" majority two years ago was 774.

Republican Mayor.

Rochester, N. Y., Nov. 2.—Mayor Edgerton, republican, is re-elected by about 5,000 plurality.

Democrat in Buffalo.

Buffalo, Nov. 2.—Louis P. Ferman, democrat, was elected mayor today by 1,114 plurality. The remainder of the democratic city ticket was defeated,

JAPANESE WOMAN KILLS HERSELF IN WRONG WAY

Bellingham, Wash., Nov. 2.—Because his wife killed herself by hanging instead of committing harigari, Imekichi Mitsui, a wealthy Japanese, faced a murder charge yesterday, but was released today after a verdict of suicide had been rendered by the coroner's jury. Mitsui admitted that he had concealed the suicide to conceal the disgrace which would fall upon his sons in Japan, should it be learned that the mother had hanged herself. He asked the officials to report the death simply as a suicide, so that his relatives in Japan would take it for granted that the woman had disembowled herself, and thus gain honor thereby.

WOMAN JUROR LOSES HER CHANCE TO STAR

Los Angeles, Cal., Nov. 2.—Mrs. Johanna Engelman, the first woman juror in California, met her Waterloo when she appeared in the courtroom of Judge B. F. Bledsoe of San Bernardino today. Judge Bledsoe excused her from the panel and added she need not return. He ruled that neither the California statutes nor the common law provided for woman jurors.

Mrs. Engelman has appeared frequently in Judge Bledsoe's court since she was drawn on the regular panel, but never got farther than to be interrogated as a witness.

JESUITS ESTABLISH EARTHQUAKE STATIONS

Cleveland, Ohio, Nov. 2.—A chain of seismological stations operated under the direction of the Jesuit Fathers in America for the purpose of making observations and records has been established. The headquarters are located in Cleveland with Father Frederick Odenbach of St. Ignatius college in charge. Records of earth shocks will be kept and information exchanged. Scientific data will be prepared.

The Washington station at Georgetown university will be used by the students as a practical laboratory. The chain of stations reaches across the country.

GRAIN AND PROVISIONS.

Chicago, Nov. 2.—Lower cables, liberal primary receipts and a favorable new crop outlook, caused heaviness in wheat today. Closing prices were 5c to 1/2c below yesterday's prices. No activity was manifested in the market. December sold between \$1.07-9/16 and \$1.04-1/2. The market closed weak at almost the bottom with December at \$1.04-1/2.

Selling at the start was inspired by a 1/2 decline in Liverpool. Later the pressure was augmented by the domestic situation, including heavy receipts at all primary points, declines in cash prices and optimistic reports on the new crop in the United States.

Clear weather over the corn belt prompted persistent hammering of the corn market, causing a weak market nearly all day. Closing prices were 1/2c to 1/4c lower.

Weakness of wheat and corn had a depressing effect on the oats market. The close was easy with prices a shade to 1/2c lower.

Following considerable selling by packers, provisions closed a shade to the lower.

Chicago Livestock.

Chicago, Nov. 2.—Cattle—Receipts estimated at 16,000; market 1/2c lower; heaves, \$1.90-98; Texas steers, \$2.75-9.85; western steers, \$4.25-7.40; stockers and feeders, \$3.92; cows and heifers, \$2.95-4.52; calves, \$3.25-6.25.

Hogs—Receipts estimated at 18,000; market 1/2c lower; light, \$7.25-7.75;

In the course of an informal luncheon here \$4,000 was pledged.
