

# THE BOOSTERS WILL BOOST TOGETHER

FIFTY THOUSAND CLUB OF MISSOULA AND UNIVERSITY ORGANIZATIONS AFFILIATE

## ORGANIZATIONS AFFILIATE

Student Society of State School is Gladly Accepted by Members of Garden City Association and All Agree to Work Together—Important Business is Transacted.

The Booster club of Missoula for the university and the Booster club of the university for Missoula, and both working hand-in-hand for the garden spot of western Montana. This is the lineup that was formed last night to make Missoula the best city in Montana and the University of Montana one of the best educational institutions in the west. At the meeting of the 50,000 Boosters' club last night a request was received from the "1,000 Boosters' Club" of the university that it be received as an affiliated organization with the business men's club. The request was not only granted, but a motion was carried granting each member of the university organization all privileges of the 50,000 club with the exception of the right of ballot.

In addition to this important work the 50,000 club took steps to organize its work upon a business basis that its work and aims may be accomplished in a systematic and effective manner. Committees are to be appointed to take care of each different sort of work that may come before the club and a committee was named to make a personal canvass of the city to urge upon business men the necessity and advantages of becoming a member of the organization and of being in attendance upon each meeting.

There was a good attendance and much enthusiasm was manifested on the part of those present. When President Reilly called the meeting to order he announced that the club of Missoula was not only attracting attention at home, but abroad, and in support of his statements had read to the members some newspaper clippings from eastern publications, in which Missoula receives some most flattering notices.

### Buttons Distributed.

Before the regular business of the organization was taken up the new booster buttons of the club were distributed and later during the meeting a resolution was passed authorizing each of the members to take ten of the buttons for sale to those who desire to wear them.

Secretary Morris announced that on one day next week a special train would come through Missoula bearing a party of easterners to see a monster dredge installed at the Kansas City Commercial company's mine on Cedar creek and that an invitation had been given to the Boosters' club to send a delegation along. On motion of Judge Evans it was decided that the chair should select a committee to accompany the party. This committee and the date of the trip will be announced later.

### Students Come.

At this point a delegation from the University of Montana, headed by Robert C. Line, was introduced. Mr. Line announced that a club known as the "1,000 Boosters' Club" of the university had been organized for the purpose of increasing the attendance at the university to the one thousand point and, calling attention to the fact that the university could work to the interests of the city as well as the city could work for the interests of the school, asked that the organization be accepted as an affiliated club with the Missoula organization. Dr. Morton J. Elrod and Dr. C. A. Dunaway of the university spoke of the aims and work of the school organization and urged that the club grant the request of the visiting delegation. Dr. Dunaway announced that a proposition was on foot to establish a system of letters from university students to various state papers, and called attention to the fact that not only the university, but Missoula and western Montana could reap the benefits of good advertising in this manner. A motion was not and carried providing for the affiliation of the two organizations and for the granting of the rights and privileges of the Boosters' club to the university organization. A committee composed of Judge Evans, Mr. Line and Hersh Furber was named to draft and present the proper resolutions covering the matter.

### Grading Problems.

Rev. Dwight S. Bayley called the attention of the club to the fact that some deep cuts are being made by the street car company on West Fifth street and on East Pine street and said he understood that the city was unable to regrade the streets to correspond to the grade of the car line. He thought that the club might take some action toward seeing that such a state of affairs might be avoided. Judge Evans explained that the car company was bidding to the grade established by the city engineer and

# WHITEWASH IN STETSON CASE

SO SAYS VIRGIL C. STRICKLER IN STATEMENT MADE PUBLIC YESTERDAY.

## PROCEEDINGS UNDIVULGED

Chairman of Committee on Publication Announces Action of Mother Church in Matter Cannot Be Stated at Present Time—Deposed Woman Not to Be Allowed to Preach Again.

Boston, Nov. 5.—While future action of the mother church regarding the action of the First Church of Christ, Scientist, New York, in accepting the report of the committee that inquired into the teachings and practices of Mrs. Augusta F. Stetson, is not known here, two of the leaders in this city believe the action in New York yesterday will produce good results. Alfred Farlow, chairman of the committee on publication, said today: "The vote," says Mr. Strickler, "was taken at a late hour, when fully one-third of the congregation had gone. Mrs. Stetson's adherents were determined that a detailed statement of what went on in the secret practitioners' meeting should not be disclosed. Their efforts in this behalf were disgraced. A rising vote was taken, an actual count showing 426 voting in her favor. The vote on the other side was not taken."

"The vote," says Mr. Strickler, "was taken at a late hour, when fully one-third of the congregation had gone. Mrs. Stetson's adherents were determined that a detailed statement of what went on in the secret practitioners' meeting should not be disclosed. Their efforts in this behalf were disgraced. A rising vote was taken, an actual count showing 426 voting in her favor. The vote on the other side was not taken."

### \$15,000 ALLOTTED IN WHITLA CASE

Harrisburg, Pa., Nov. 5.—In an official statement issued from the executive department tonight Attorney General Todd makes these allotments of the reward of \$15,000 offered by the state for the apprehension and conviction of the party or parties who abducted Willie Whita: Patrick O'Reilly, Cleveland, O., \$5,000; William H. Hunley, Cleveland, O., \$2,000; T. C. Cockrane, Mercer, Pa., \$500; Q. A. Gordon, Mercer, Pa., \$500; Martin Grain, Sharps, Pa., \$200; Pension fund Cleveland police department, \$4,999. Total, \$15,000.

### WAS PROMINENT MAN.

Special to The Daily Missoulian. Helena, Nov. 5.—H. E. Brunell, a resident of Helena for about 20 years and for several years manager of the A. P. Curdia establishment in this city, died today, the result of a stroke of paralysis suffered some months ago. He was one of the best known and most popular business men in Helena. At one time he was the proprietor of a dry goods establishment here, and was also in business in Great Falls. He was 77 years of age and leaves a wife and two children.

### LIVED LONG IN AGONY.

Special to The Daily Missoulian. Butte, Nov. 5.—Frank Wahlgren, inventor in mining with Cliff Bergstrom in the Gold Creek section of western Montana, died this evening as the result of a blow in the jaw received last May. Wahlgren was standing with his back against the bar in a well-known saloon, when a stranger approached and hit him without provocation. He lingered in agony until tonight.

### GREELEY ASSOCIATE DEAD.

Utica, N. Y., Nov. 5.—Dewitt C. Finch, an associate of Horace Greeley on the New York Tribune in 1860 and later editor of the Lewis County Democrat for many years, died tonight at his home in Lowville. He was 82 years old.

### RECEPTION FOR HEINZE.

Special to The Daily Missoulian. Butte, Nov. 5.—The return of F. Augustus Heinze to Butte has been delayed until Sunday night, when he will be met by a brass band and a committee of 100.

# A REAL HOOKWORM

## JUDGE SCORES MILES CITY REFORM SCHOOL

JURIST CLEMENTS SAYS GIRL KEPT IN HOLE THIRTEEN DAYS BECAME DEMENTED.

Special to The Daily Missoulian. Helena, Nov. 5.—Some severe strictures were passed on the state reform school at Miles City today by Judge J. M. Clements when he sentenced a boy to the institution. He said it was not a school but a prison, and he did not like to send anyone there. Referring to the criticisms directed against him by officers of the Human Society because he would not send children there, he said his attention had been called to the case of a girl who had been kept in a dark hole at the school for 13 days and whose mind became so weakened that a hearing as to her mental condition was now pending before Judge Sumner. He criticized the Miles City papers because he said they did not print the facts about the case. He said other atrocities were committed at the institution and the people were in ignorance of them, because the papers of Miles City would not give them publication.

### WOMAN ASPHYXIATED.

Chicago, Nov. 5.—After buying mourning for her elder daughter, Mrs. Mary Cels killed another daughter, Erma, one year old, and then committed suicide by asphyxiation here today. Mrs. Cels told her elder daughter, Edna, aged 10 years, not to return home from school for luncheon in order that she might be free from interruption.

### CONGRESS TO APPROVE.

Honolulu, Nov. 5.—The legislature, in special session today, by unanimous vote of both houses, passed a measure recommended by Governor Freat, submitting to the United States congress for approval a number of proposed amendments to the organic act of Hawaii. They relate chiefly to changes in the present land laws.

### NEBULAR HYPOTHESIS DENIED.

Des Moines, Ia., Nov. 5.—Professor R. D. Salisbury, geologist of the University of Chicago, said today in an address before the Iowa State Teachers' association that nebular hypothesis of the origin of the solar system was absurd. The earth had its origin, he said, in certain meteoric conditions.

## BELLE GUNNESS ESTATE RECEIVES INSURANCE MONEY

La Porte, Ind., Nov. 5.—A fire insurance company of Connecticut today paid into the circuit court of this county \$1,000 to be turned over to the heirs to Mrs. Belle Guinness, who with her children was burned to death in the house on her farm April 28, 1908. The heirs to profit are two brothers of Mrs. Guinness in Norway and a sister in Chicago. A Norwegian children's home in Chicago to which Mrs. Guinness bequeathed her property refused to accept it. On the Guinness farm several men were robbed, murdered and buried.

On the Guinness farm several men were robbed, murdered and buried.

## TAFT STARTS ON HIS JOURNEY NORTH

DECLARES HE STANDS AS CHIEF MAGISTRATE OF ALL PEOPLE IN THE NATION.

Savannah, Ga., Nov. 5.—President Taft slept late today and delayed the start of the program of sightseeing arranged for his last day in Savannah by nearly an hour. The president left at 2:30 p. m. for Charleston, S. C. It was well after dark when President Taft reached the city last night to participate in a parade illuminated by torches and a searchlight placed on one of the tall buildings. After breakfast at the Gordon residence the president boarded the revenue cutter Yamacraw for a sail on the river. During this trip he was saluted with the "Washington" guns of Savannah's famous military organization, the Chatham artillery. The guns are revolutionary relics and were presented to the artillery at the time of General Washington's visit to the city. Mr. Taft made a happy speech at the banquet given in his honor. He was the last on the long program. At one time during his speech there were cries of "Second term," and the old Cleveland yell of "Four years more." The president said he had the same friendly expressions from one audience in the District of Columbia. He said amid laughter: "I accept such a demonstration as an evidence of profound good-fellowship and welcome and appreciate it, and I pass over the matter of judgment and power. "Your city of Savannah," said the president, "has a history and traditions of which you may well be proud. I don't wonder that every smile I see in Georgia is broader than when I was here in January. With 15 cent cotton you can be enthusiastic to the point of exuberance and people will understand why. "I cannot help feeling (perhaps my head is a little bit swelled and I am so prone to that sort of thing) that there is something personal in the reception I have received in Georgia and in this city, and that it grows out of my expressing a wish to do what little I can as the chief magistrate of this nation to show to Georgia and her sister southern states that in the administration of government at Washington she is as much a part as the state of Ohio."

### AT CHARLESTON.

Charleston, S. C., Nov. 5.—President Taft headed a procession of automobiles through the principal business streets tonight soon after his arrival. He was cheered by immense crowds while on his way to the home of Mayor Huzzett where he passed the night. The president was guest of honor at a banquet tendered to him by the city of Charleston. It was arranged with special regard to the president's comfort and the only set speeches were the introduction of the president by Mayor Rhett and the response by Mr. Taft. The president leaves tomorrow morning at 8 o'clock for Columbia, S. C.

### STATE PIONEER DEAD.

Special to The Daily Missoulian. Butte, Nov. 5.—Word was received in Butte today of the death of Richard Nason at Hanford, Cal., Wednesday. Nason had been a resident of Montana for 45 years, a gold digger in Alder gulch and a farmer in the Ruby valley later. The body is being brought back to Montana and will be buried in Laurin, Madison county.

### MILWAUKEE ROAD SUED.

Butte, Nov. 5.—The Milwaukee road has been made the defendant in a suit for \$61,000 brought by D. W. Tilton as guardian for Lester Tilton. Tilton was Montana's first editor. A few months ago his son, Lester, while riding into town, collided with an unguarded barbed wire stretched by the Milwaukee people across a road, incurring injuries by the fall which since rendered him insane.

## SUICIDES TO STRAINS OF "WHEN LOVE DIES"

Paris, Nov. 5.—A man believed to have been either an American or an Englishman dramatically committed suicide in a Monte Martre cafe tonight. He had asked the orchestra seven times to play the waltz "When Love Dies," and as the last strains floated through the room he placed a pistol to his head and shot himself.

# ALDRICH ON HIS WESTERN TRIP

RHODE ISLAND SENATOR SAYS HE KNOWS NOTHING ABOUT AN ENEMY'S COUNTRY.

## IS FEELING PUBLIC PULSE

Republican Leader States Whole Nation is Interested in Question of Monetary Legislation and Should Co-operate with Congress in Framing Statutes—Declines Invitations.

Philadelphia, Nov. 5.—"The enemy's country?" said Senator Aldrich, repeating an inquiry addressed to him as he passed through this city this morning on his way to the middle west, where he is to deliver a series of addresses on monetary legislation. "I don't know that there is an enemy's country. I am going west to find out. We are beginning a great undertaking in connection with our financial system and all of our 90,000,000 people are interested. "I want to ascertain the sentiment of the people in the west as well as in the east. I go to learn rather than to teach; or rather, I should say, to cultivate a friendly relationship. "I want the people generally to know what our aims are, to be intelligent about our work and to be prepared to co-operate with us. I hope and believe that I will not find an enemy's country."

Accompanying the senator was Charles D. Norton, assistant secretary of the treasury; Professor A. Piatt Andrew, the special assistant of the commission, and Arthur B. Sisson, secretary of the commission and personal representative of Senator Aldrich. The party left New York at 8 o'clock and is due to arrive in Chicago at 7:30 tomorrow. The first stop will be made there. The journey will last about two weeks and the itinerary includes stops at a number of important cities of the middle west. The senator has found it necessary to decline invitations from some political organizations. Several have been received, including one from the Hamilton club of Chicago. He takes the position that as the tour is one of purely business and official nature, he should not permit it to deviate in any way from that character.

## MANY MILLIONS GO IN CHARITABLE BEQUESTS

New York, Nov. 5.—John Stewart Kennedy, one of America's little-known rich men, who died of whooping cough in his New York residence on Sunday last, made bequests of more than \$25,000,000 to religious, charitable and educational institutions in his will, filed for probate here today. The gift is the largest single contribution of its kind ever made and the beneficiaries include educational and church institutions north, south, east and west in this country and one abroad—60 in all. Nearly half of the \$25,000,000 goes to institutions connected with the Presbyterian church, of which Mr. Kennedy had been an active member for many years. Other large beneficiaries include the Metropolitan Museum of Art, the New York public library, the United Charities of New York, Columbia university and Robert College, Constantinople. Aside from these gifts, Mr. Kennedy left approximately \$25,000,000 to his wife, his relatives and a great number of friends and employees. All his employees received gifts of from \$500 to \$2,000 each.

The charitable, religious and educational institutions which receive the largest bequests are to share the residue of the estate left after definite gifts of approximately \$12,000,000 have been paid. Mr. Kennedy, whose death on Sunday occurred with only brief comment by the press, gave quietly, lived unostentatiously and made his princely fortune with little blare of trumpets. Besides being a banker he was one of the country's chief builders of railroads, a patron of art and education, and in his own quiet way, one of New York's foremost advocates of scientifically organized charity.

As banker and investor he always showed great interest in the development of the northwest. He was identified with J. P. Morgan and James J. Hill in the Northern Pacific and Great Northern Railway company for many years and was a director in many railroads, life insurance companies and banking institutions. Born near Glasgow in 1830, Mr. Kennedy came to America in 1850 as an agent for an English iron and metal concern. In 1857 he joined the New York banking firm of Morris K. Jessup & Co. and about 11 years later established the house of Kennedy & Co. He retired from active participation in the business in 1882.

# ROOSEVELT IS REPORTED DEAD

ABSURD RUMOR THAT FORMER PRESIDENT HAD BEEN KILLED STARTED YESTERDAY.

## TALE CAUSES UNEASINESS

Finally Laid at Rest by Douglas Robinson, Brother-in-Law of Supposed Victim of Fierce Beasts—Mrs. Roosevelt Has No Word of Any Accident and Gives Reception.

New York, Nov. 5.—Another of those apparently absurd rumors that bob up nearly every time a public man gets out of direct touch with the world circulated over the country today concerning former President Roosevelt. The will-o'-the-wisp had it that Mr. Roosevelt had been killed in Africa, and because of the dangers of African hunting freshly imprinted on the public mind by Mr. Roosevelt's magazine articles, there was uneasiness until Douglas Robinson, Mr. Roosevelt's brother-in-law, declared emphatically that he took no stock in such reports. Mr. Robinson branded the first vague reports of the day as false and when informed tonight that later rumors from the shadow land of newspaperdom had it that he (Mr. Robinson) had been advised by cable of Mr. Roosevelt's death, he authorized another vigorous denial. If anything had happened to his brother-in-law Mr. Robinson was sure he would hear of it immediately and accordingly he placed no credence in the reports of today. Magazine editors and others in New York took this same view. It was pointed out also that the colonial office in London would be promptly advised of any mishap to Mr. Roosevelt, and as nothing had been heard there this was taken as an additional indication that the rumor was merely a news spirit from the field of the sixth sense.

According to these latest cabled dispatches Mr. Roosevelt is hunting on the Guas Inghis plateau and will return to London in about five weeks. Mrs. Roosevelt entertains. Rome, Nov. 5.—Mrs. Roosevelt entertained a score of friends at the Hotel Beausite this afternoon. The rumor in circulation in the United States that an accident had befallen former President Roosevelt in Africa was cabled to Rome, but was generally discredited. Mrs. Roosevelt had heard nothing concerning the reported incident.

### CAR SITUATION FIGURES.

Chicago, Nov. 5.—The forthrightly statement of the American Railway association on the car situation today says: There has been an increase of 56 per cent in the shortage report, which now totals 26,636 cars. Of this number 23,238 are box and 3,398 are gondola cars. The surplus, however, shows a decrease of only 5,881 cars, leaving 3,496, of which about one-half are box cars. This surplus is principally in the northwest, while the more severe shortages are in the east, the middle west and the southeast.

### NOT DREAMING NOW.

Vienna, Nov. 5.—Just because Bishop Nikoderc of Nish, Serbia, could not control his dreams, he is facing a trial for high treason. It was announced today, and will have a lot of explaining to do before he can square things with the government. The good bishop made the mistake of not having an ordinary dream. In his vision he saw a revolution in Belgrade, the deposition of King Peter and the proclaiming as king of former Crown Prince George. The dream was so unusual that he made the additional error of talking about it.

### WILSON BOOSTS SOUTH.

Durham, N. C., Nov. 5.—"The place for the farmer now is in the south, where the soil is friendly to nearly every product of the country," declared Secretary Wilson of the department of agriculture today in an address before the National Farmers' congress. Secretary Wilson said he had nothing against education in schools and colleges, but that the tendency of these institutions has been to educate away from the farms instead of toward them.

### FORBES PROMOTED.

Washington, Nov. 5.—W. Cameron Forbes, vice-governor general of the Philippines, has been named by President Taft as governor general to succeed the present governor general, James Smith, whose resignation has been accepted, to take effect November 11, at the expiration of his leave of absence.

### HISTORIC MANSION BURNED.

Poughkeepsie, N. Y., Nov. 5.—The historic Livingston mansion, owned by John Henry Livingston and located near Tivoli, on the banks of the Hudson river, was destroyed by fire tonight.
