CAUGHT ON THE RUN ABOUT TOWN

"I see by The Missoulian's correspondence from Thompson and Plains that the people down there are getting busy in regard to the train service," said a Missoula man yesterday, who had been down in the west end for a visit. "I think they have a kick coming. I have never tried to run a railway and I don't think I ever will, but I believe I could make an arrangement, if I were running the Idaho division of the Northern Pacific, that would please the public and would be just as efficient from the operating standpoint. I found at Plains that they have no train to Butte without coming to Missoula and waiting here for one; at Thompson they have no train for Helena without coming here to wait. Of course, this is a good thing for Missoula and we are always glad to see visitors from the west end, but we don't want them here under compulsion; they won't care to come if they are forced."

GRIEF IN SANDERS

Many Missoula people met last summer John G. Twining, who came here and sold at auction some lots that he had bought 26 years ago. Mr. Twining made an extensive tour of the northwest while he was out here and now he is back in his home, Waterbury, Conn. A recent issue of the Republican of that city contains an account of Mr. Twining's trip, in which he gives Missoula a sendoff; he made a good sale of his lots which made him feel particularly good, but he has in his chat with the newspaper man in Connecticut other pleasant things to say about this city. He predicts a good future for Missoula and makes pleasant reference to its location and its resources. It is such men as he who are giving Missoula the best advertising it has ever had.

ANOTHER BOOSTER

Jack Hayes, the automobile expert, is another friend of the late Henry Albertson who adds his word of testimony to the expressions of appreciation of the death of the man whose death occurred last week. "I drove an automobile for Mr. Albertson for two years," said Jack last night, "and I learned to know him pretty well. My first experience with him was in Denver and I drove him to Butte from there in an automobile over some of the roughest roads that anybody ever saw. While I was in Butte I lived at his house and was with him a great deal. He was one of the kindest men I ever knew and one of the best. He was not all there all the time and there was not a crooked thing about him. A good man died when he went."

REILLY IS BUSY

President Reilly of the Booster club is busy on his job these days. The activity of his organization keeps him on the jump and he is there as usual when he is needed in the booster game. "We are getting along in good shape," said the president last night. "The club is out for business and there will be something doing all the time." Mr. Reilly has named O. B. Orr, B. G. Morris and P. J. Conroy to investigate and recommend regarding the coal briquetting plan. The committee to select a list of committees to carry on the club's work is composed of John M. Evans, M. I. Elrod and John M. Price. The delegation to represent the club when the excursion runs to Cedar creek to see the big dredge was selected last night as follows: Senator J. M. Dixon, State Senator Ed Donlan, Mayor Logan, Frank Woody, T. C. Marshall, J. H. T. Ryman, B. G. Morris, M. J. Elrod, John Bonner, M. J. Coen, H. J. Ross, D. T. Curran, P. M. Reilly, C. H. McLeod, A. L. Stone, J. M. Lucey, J. M. Keith, F. S. Lusk, D. G. Kinney, Dan Arms.

SENATOR ALDRICH COMES FROM CHICAGO AND WILL DELIVER AN ADDRESS TONIGHT.

St. Louis, Nov. 7.—Coming through today from Chicago, Senator Aldrich arrived at St. Louis tonight. He is scheduled for a speech at a dinner to be given him tomorrow night by the Commercial club of this city. Mr. Aldrich's speech here as in Chicago, will be devoted to an exposition of the work and purposes of the monetary commission. When asked whether he would not deviate from his course sufficiently to reply to Senator Cummins' criticisms, Mr. Aldrich merely shook his head. He also declined to say anything of a general nature on the tariff question.

RHODE ISLAND SOLON IN ST. LOUIS

Des Moines where Senator Aldrich speaks Thursday night, is the home of Senator Cummins, but it is doubtful whether the Rhode Island senator will make reference to his differences with the Iowa senator there.

GOLD IS ARRESTED IN TEXAS

MUCH-WANTED MISSOULA MAN NABBED BY POLICE IN THE LONE STAR STATE.

Harry Gold, up to a few weeks ago proprietor of the office bar on West Front street in the restricted district, is under arrest in El Paso, Texas, according to a telegram received yesterday morning by Sheriff Graham, and will be brought here to answer to a number of criminal charges.

Gold, who was one of the notorious men of the "redlight" district, sold his saloon a few weeks ago. He sold everything in the place, including the stock, amounting to \$700, and the purchaser has since discovered, it is alleged, that Gold did not own the stock and therefore had no right to dispose of it. Gold left the city for parts unknown, and it is claimed, left behind several unpaid bills. Complaint was made to the sheriff's office, and efforts have since been made to discover the man's whereabouts. By means of friends, it was found that he had gone to Texas, and then came yesterday's telegram telling that he had been arrested Saturday evening by the police of that city.

Sheriff Graham will today apply to Governor Norris for extradition papers and if they are granted will leave for Texas to bring back the prisoner.

ROBBERS WOUNDS BRAKEMAN.

Chicago, Nov. 7.—In a daring attempt to loot the Chicago butter and egg train on the Chicago, Milwaukee & St. Paul railroad today, robbers shot and dangerously wounded A. L. Jackson, a brakeman on the train at Round Lake, Wis. The train lay on a siding at Round Lake. The robbers drove up in two automobile trucks and cut off the last five cars. Jackson ran toward them and they immediately opened fire, Jackson falling with a bullet in his head. The robbers then fled.

TRY TO WRECK TRAIN.

Mobile, Ala., Nov. 7.—Two attempts were made this afternoon to wreck passenger trains on the Louisville & Nashville railroad near Bay Minette, Ala. An obstruction, a bunch of cross ties, was hidden by a sharp curve. The engineer on train No. 1 reversed his engine, but not before he had run into the obstruction, causing slight damage to the engine. Passenger train No. 3 was given the same reception three hours before.

KING ON VACATION.

Lisbon, Nov. 7.—King Manuel left here today for Madrid en route for France and England. The Duke of Oporto will act as regent during the king's absence.

Notice to Public.

All barber shops under the jurisdiction of this union, No. 582 of Missoula, will close on and after November 6 each Saturday night at 10 o'clock, as per change in constitution.

PRISONERS ATTEMPT JAILBREAK

MEN IN COUNTY BASTILE DIG OUT BRICKS IN WALL AND NEARLY ESCAPE.

But for the accidental discovery of B. E. Donohue, who is serving a sentence of 90 days in the county jail, there might now be a story of a successful jailbreak for the public, but, as it is, no men got their liberty from prison by that means last night. The attempt was made late yesterday afternoon, but was not detected until about 9 o'clock last night.

In accordance with the routine of the jail, the prisoners were allowed in the corridors about 3 o'clock yesterday afternoon so that they could go to their last meal of the day. At the conclusion of the meal, they were permitted to remain in the corridor to listen to the Salvation army. They were in the corridor, altogether, about an hour and three-quarters and during this time the attempt to break jail was made.

Donohue, who is a trusty, had been outside last night and attend to some chores and when Sheriff Graham let him into the prison for the night, the man noticed that an excavation had been made in the east wall of the bathroom, which is in the southeast corner of the building. He called the attention of the sheriff, who made an investigation, and found that some body had supposed to be taking a bath, had by means of a shovel cut away two of the three thicknesses of bricks, leaving only one layer of brick between himself and liberty. And between the bricks of this thickness, the wind was creating a very perceptible draught. The fact was just before a window had been concealed by a sweater, which had been hung there for the ostensible purpose of drying, and the falling of the sweater revealed the opening to the trusty.

About a half-hour after the discovery of the attempt, Phil Longpre, who is awaiting trial in the district court for robbery, called the sheriff and admitted that he had made the attempt and had done the work. James Howard, a young companion of Longpre's, who is awaiting trial on the same charge, stated that he kept watch while his partner dug out the bricks.

Sheriff Graham stated last night that the men had been allowed to remain longer than usual in the corridor in the afternoon, for the reasons stated above, but that hereafter they will not be allowed in the corridor at any time.

KILLS HIS RIVAL.

Peoria, Nov. 7.—Insane with jealousy when he found his sweetheart, Delta Sands, in a room with John Reising early this morning, John Hudson, an ex-city employe, pounced upon the latter, and in the melee received two bullet wounds. He died this afternoon.

AUTO THROUGH BRIDGE.

Chicago, Nov. 7.—An automobile believed to contain four persons, plunged into the Chicago river tonight at Jackson boulevard. The bridge was open at the time to permit a steamer to pass. A witness to the accident saw a man and a woman rise to the surface of the river and sink immediately.

MIDSHIPMAN WILSON, INJURED IN FOOTBALL GAME, SOMEWHAT IMPROVED.

Annapolis, Md., Nov. 7.—After lying in an almost totally paralyzed condition since the injury to his spine in the Villa Nova navy football game three weeks ago, Midshipman Earl D. Wilson, quarterback of the naval academy football team, was operated on this afternoon in an effort to save his life.

SURGICAL OPERATION MAY SAVE LIFE

The operation was successful in every way," said the surgeons of the navy, who performed the operation. "Parts of the laminae of the fifth, sixth, fourth and third cervical vertebrae were removed, and the pressure from some fragments was relieved. The casing of the spinal cord was opened and careful inspection was made. It was found that the cord had been dangerously compressed beneath the fourth vertebrae, due to the dislocation of that vertebrae. The patient left the table in excellent condition, with his chances improved. The outcome depends on the extent of the original damage to the spinal cord."

ALL-NATIONALS LOSE.

San Francisco, Nov. 7.—Scores: First game—R. H. E. San Francisco, 12 9 2 All-Nationals, 8 12 2 Batteries—Eastly, Griffin and Williams; Curtis, Konechey and Bliss. Second game—R. H. E. All-Nationals, 7 14 3 San Francisco, 9 4 1 Batteries—Johnson and Shodgrass; Henley, Browning and Berry.

TURKS HAVE DESIRE FOR BIG NAVY

MINISTRY WILL URGE OTTOMAN PARLIAMENT TO SPEND BIG SUM FOR SHIPS.

Washington, Nov. 7.—The Turkish ministry will urge upon the Ottoman parliament soon after it reconvenes November 15, the adoption of a naval program, providing for the expenditure within the next seven years of \$100,000,000. According to this program seven battleships of the North Dakota type would be constructed, together with a number of torpedo boat destroyers and one hospital ship. For the next fiscal year an appropriation of \$12,000,000 to begin the construction of two of the proposed warships will be asked. In order to carry out this program, it would probably be necessary to negotiate further loans in addition to the one closed this fall.

Diamonds

"The Best Gift of All." We believe that everyone would be glad to have a diamond—they are constantly increasing in value, having more than doubled in price in the last eight years. We believe the advance will continue, for the supply is decreasing. Our reasons are that we buy in large enough quantities to deal directly with the cutters, thus eliminating entirely the wholesaler's profit. You can exchange any diamond bought of us for its full value as part payment on a larger stone. Every diamond we sell must be right in quality, color, cutting and price. Solitaire diamond rings from \$40 up.
