AS TO LICENSES.

We believe that, a year or two from now, the aldermen who last night voted against the increase of the retail liquor license fee in the city will, when they look back, realize that they made a serious mistake.

WATER POWER.

The Butte Miner, commenting yesterday morning upon The Missoulian's expression of satisfaction over the action of Secretary Ballinger's ordering the withdrawal of lands in Montana for power sites, said that "The Missoulian has reasons for supporting Mr. Pinchot."

Discussing further the action of the secretary of the interior, the Miner quotes the Kallispell Inter Lake to show that the position of The Missoulian is wrong.

The Garfield course—and Secretary Ballinger interprets it this way—was to make sure that no water power sites should fall into the hands of a monopoly.

Upon this policy there should be no disagreement; it is not the purpose of the conservationist to interfere with the proper development of any water power; but it is their purpose to have this development along lines which will benefit the people and not a trust or a monopoly.

The Butte Miner or any other western newspaper to subscribe to that doctrine. Mr. Pinchot has never sought to retard the development of the west or of any part of it.

For its own part, The Missoulian has endeavored at all times to aid to the fullest extent of its power the development enterprises in its district, and has given what assistance it could along that line.

JEALOUSY CAUSES DEATH OF TWO MEN

MEYERS FINED.

Trenton, N. J., Nov. 15.—Edward M. Meyers of Red Bank, N. J., was fined \$100 today by Judge Criss in the United States court for sending defamatory postal cards to the members of a Kansas City jury which convicted a socialist editor.

POLICE PROTECT THE CRIMINALS IN PORTLAND

SCATHING ARRAIGNMENT OF PUBLIC OFFICIALS BY JUDGE IN OPEN COURT.

Portland, Ore., Nov. 15.—Declaring from the bench in open court that he had irrefutable evidence that an organized gang of criminals, embracing everything from sneak thieves to bunco men, was operating in Portland under the protection of "certain persons" who, he intimated, were members of the police detective bureau, and announcing his intention of laying the matter before the grand jury for immediate investigation, Judge Frank S. Bennett created a sensation in the municipal court today.

Owing to the alleged action of Watson's confederates in abducting Burton out of the state, the city decided to prosecute a vagrancy charge filed upon which Warriner was indicted for arrest, as an indictment for felony could hardly be obtained without the testimony of the complaining witness.

WARRINER INDICTED BY JURY

BIG FOUR RAILROAD TREASURER CHARGED WITH THE LARCENY OF \$5,000.

Cincinnati, Nov. 15.—Charles L. Warriner, former local treasurer of the Big Four railroad, was indicted today by the grand jury on charges of grand larceny and embezzlement in the amount of \$5,000 on each of two counts.

The comparatively small amount upon which Warriner was indicted represents the latest known theft. It has been placed at that figure so that if conviction fails the railroad authorities may proceed on any other of the numerous thefts. This means that the prosecution may be maintained indefinitely.

Amazing figures were presented today showing the thefts for the last few years. The aggregate is estimated as follows: 1905, \$53,000; 1906, \$39,000; 1907, \$60,000; 1908, \$52,000; 1909, \$82,000. Total for five years, \$232,000.

Of this sum Warriner claims to have paid \$400 a month to each of two persons in the form of blackmail. The rest he alleges he lost in speculation. By far the most interesting person to appear before the grand today was Mrs. Jeanette Stewart-Ford, the woman whose connection with the case is still a mystery.

After the grand jury had adjourned for the day Prosecutor Hunt announced that Warriner would be summoned as a witness to give evidence against those he accuses of blackmail.

Mrs. Jeanette Stewart-Ford, who was mentioned as one of those to whom he claimed to have paid blackmail, has subsequently denied that she ever received any money from Warriner and said she would appear before the grand jury on behalf of herself. She has hinted at sensational disclosures, intimating that she could give damaging evidence which would involve a prominent man of Chicago, formerly in the employ of the Big Four railroad.

Answer This Question

When a remedy has lived for over thirty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their very lives to it, is it not reasonable to believe that it is an article of great merit?

We challenge the world to show any other one remedy for a special class of disease which has attained such an enormous demand and maintained it for so many years as has Lydia E. Pinkham's Vegetable Compound, the famous woman's remedy for woman's ills.

Melbourne, Iowa:—"I suffered for many years with female troubles, inflammation, and bearing-down pains, so that I was unable to do my work."

When a woman like Mrs. Watermann is generous enough to write such a letter as the above for publication, she should at least be given credit for a sincere desire to help other suffering women.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine.

ingen at Mr. Swearingin's suggestion was not acted upon, owing to the fact that he wished to make a few changes. The matter was laid over until the next meeting.

The council ordered that a warrant be drawn for \$2,922.50, the amount needed to pay off the interest on the city's outstanding bonds.

The council also instructed the city property committee to look up suitable land for the city use as changes in the Higgins estate will necessitate the removal of some of the city buildings adjoining the city hall.

The council then adjourned until next Monday evening at 8 o'clock.

ASSASSINATION FEAR OF BARON SHIBUSAWA

Denver, Nov. 15.—Baron Shibusawa and other leading members of the Japanese commercial commissioners who are visiting Denver, are said to be in fear of assassination, as the result of the mysterious Koreans frequently lurking in the crowds that follow the visitors.

The fact that Baron Shibusawa has been frequently spoken of as the successor of Prince Ito, who recently met death at the hands of a Korean, has led to the belief among some of the Japanese visitors that an attempt might be made in this country against the life of the baron.

Shipp as saying: "But the people would not submit to this, and I do not wonder at it."

Chief Justice Fuller in pronouncing Shipp guilty said that this reference to "people" was significant, "for he was a candidate for re-election and had been told that his saving the prisoner from the first attempt to mob him would cost him his place, and he had answered that he wished the mob had got him before it did."
